

## **Equality Duty – Employment Monitoring**

As a public authority the Council has specific duties under the Equality Act 2010 to publish information annually to demonstrate our compliance with the general equality duty.

All employees are aware that the information they provide is sensitive personal data covered by the Data Protection Act and will be treated in strictest confidence in accordance with the principles within the Act. Managers are not able to access the sensitive information entered by employees. The information is utilised for monitoring, reporting and providing support on the profile of the workforce and for the purpose of meeting our legal obligations to publish relevant workforce equalities information. The information will not be presented or reported on in a way that will allow the identification of any individual employee.

Having this data will help us make things better for our employees, it will tell us where to direct our limited resources, and we want to cater properly for our employees and get it right for them. This data allows us to improve our reporting on the impact of workforce policies, procedures and practices where these are not comprehensively monitored as yet.

General notes in regards to below data:

- Data is taken from the Council integrated HR Payroll system where employees are able to update / amend their data.
- Employees have the option of not stated / prefer not to say on all sensitive information.
