Mandatory Conditions (National)

The Secretary of State publishes this condition in exercise of his powers under [clause 5(6)] of the Business and Planning Act 2020:

Condition relating to clear routes of access:

1. It is a condition that clear routes of access along the highway must be maintained, taking into account the needs of disabled people, and the recommended minimum footway widths and distances required for access by mobility impaired and visually impaired people as set out in Section 3.1 of [Inclusive Mobility](#).

Guidance on the effect of this condition

To the extent that conditions imposed or deemed to be imposed on a pavement licence do not require the licence holder to require clear routes of access to be maintained, taking into account the needs of disabled people and the recommended minimum footway widths and distances required for access by mobility impaired and visually impaired people as set out in Section 3.1 of [Inclusive Mobility](#), the licence is granted subject to those requirements.

To the extent that a licence is granted subject to a condition which imposes requirements to maintain clear routes of access that are inconsistent with the requirements set out in this condition this condition is not imposed on the licence.

2. Smoke free seating – Where placement of furniture is provided for the purpose of the consumption of food or drink, the licence holder must make reasonable provision for seating where smoking is not permitted.

Guidance on the effect of this condition

The local authority will have regard to any current guidance issued by the Secretary of State in determining whether or not this condition has been met.

Part 1 Business and Planning Act 2020

1. If it appears to a local authority that a person to whom they have granted or deemed to be granted permission under Section s.3 (3)(a) of Part1 Business and Planning Act 2020 has committed any breach of any condition of the licence they may revoke the licence, or serve a notice requiring them to take such steps to remedy the breach as are specified in the notice within such time as it is so specified.
2. If a person on whom a notice is served under subsection 6(1)(b) above fails to comply with the notice, the council may revoke the licence or take the steps themselves and in doing so may recover any costs from the licence holder.
3. A local authority may also revoke a pavement licence if it considers that (a) some or all of the part of the relevant highway has become unsuitable for any purpose in relation to which the licence was granted and (b) as a result there is a risk to public safety, anti-social behaviour or public nuisance is being caused or the highway is being obstructed (other than that permitted in pursuant of the licence) or (c) it is later found that the applicant was misleading or gave false information in their application or (d) the licence holder failed to comply with the duty in s. 2(5) in respect of failure to properly display the public notice.

Effect

1. The effect of granting this licence negates the need to apply for any planning permission or street trading consent, in connection with only the purposes for which this licence has been issued.
