Section A – Policy

1. Introduction

Children and adults have the right to participate and be safe in the services provided for them regardless of age, race, disability, culture or gender or any other protected characteristic. This includes a right to protection from abuse, neglect and any form of exploitation.

Chelmsford City Council carries out its safeguarding responsibilities by ensuring that the needs and interests of children and adults are considered by all members of staff, including Council employees, elected Members, contractors, agency staff, volunteers, suppliers or consultants of Chelmsford City Council and when making decisions in relation to service provision.

This document is supported by a staff Induction booklet, Councillor’s Briefing, eLearning module and face to face training sessions. This policy runs in conjunction with the Council’s Whistleblowing Policy and Procedure and Safer Recruitment Procedure.

This Policy and all related documents are available in hard copy and alternative formats upon request.

Policy statement

Chelmsford City Council provides a wide range of services and facilities. This policy aims to ensure that an overarching approach to safeguarding covers all services. Chelmsford City Council will promote the welfare and protection of children and adults within all services by:

- Respecting the rights, wishes, feelings and privacy of children and adults.
- Raising awareness among Council employees, elected Members, contractors, agency staff, volunteers, suppliers, consultants etc. of their safeguarding duty
- Taking seriously and responding appropriately and promptly to all concerns, incidents and allegations.
- Providing training appropriate to the level of involvement with children and adults to ensure that everyone understands the different forms abuse as well as their roles and responsibilities under the Council’s Codes of Conduct and the Safeguarding Policy.
- Ensuring that everyone knows how to record and report safeguarding concerns, incidents or allegations.
- Requiring organisations that the Council contracts to provide the Council with services, to have appropriate safeguarding procedures and training in place and adopt this policy.
- Ensuring that unsuitable people are prevented from working with children and adults through the Council’s Safer Recruitment Procedure.
- Not tolerating harassment of any Council employees, elected Members, contractors, agency staff, volunteers, suppliers, consultants or children/adults who raise concerns of abuse.
- Preventing abuse by promoting good practice, creating a safe and healthy environment and avoiding situations where abuse or allegations of abuse occur.
- In order to stay at the forefront of safeguarding, Chelmsford City Council is committed to reviewing its safeguarding policies and procedures at least on an annual basis.

Scope

This policy applies to all services within the scope of Chelmsford City Council. In addition to employees and elected Members, it also applies to organisations delivering services on behalf of the Council, including contractors, agency staff, volunteers, suppliers, consultants, and grant funded organisations.

Definitions

Child

The term 'child' refers to anyone under 18 years of age (i.e. not yet reached their 18th birthday)

Young Person

The term 'young person' refers to any child aged 16 or 17 years of age

Adult

The term 'adult' refers to any person aged 18 years or over. According to the Care Act (2014), Local Authority safeguarding duties apply to any adult who:

- Has needs for care and support (whether or not the local authority is meeting any of those needs) and;
- Is experiencing, or at risk of, abuse or neglect; and;
- As a result of those care and support needs is unable to protect themselves from either the risk of, or the experience of abuse or neglect.

This applies even if the adult may be receiving what may be thought of as a "children" or "young people's" service.

Councils will have a duty to make enquiries about allegations of abuse against adults at risk of abuse where they meet the above criteria. The term 'adult at risk' is interchangeable with the term 'adult with care and support needs' throughout this document.

Abuse

Abuse is a violation of an individual's human and civil rights by any other person or persons. Abuse may consist of a single act or repeated acts. It may be physical, verbal or psychological, it may be an act of neglect or omission, or it may occur when a vulnerable person is persuaded to enter into a financial or sexual transaction to which he or she has not consented or cannot consent. Abuse can occur in any relationship and may result in significant harm to, or exploitation of, the person subjected to it. (No Secrets DH 2000)

Harm

The Children Act 1989 defines 'harm' as 'ill-treatment or the impairment of health or development, including for example impairment suffered from seeing or hearing the ill-treatment of another;

Parents

This term is used in its broadest sense to include parents, carers and guardians.

Safeguarding Adults

"Adult safeguarding" is working with adults with care and support needs to keep them safe from abuse or neglect. It is an important part of what many public services do, and a key responsibility of local authorities.

Safeguarding is aimed at people with care and support needs who may be in vulnerable circumstances and at risk of abuse or neglect. In these cases, local services must work together to spot those at risk and take steps to protect them.

Safeguarding Children

Safeguarding is defined in Working Together to Safeguard Children (2018) as:

- protecting children from maltreatment
- preventing impairment of children's health and development
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
- taking action to enable all children to have the best outcomes

For children who need additional help, everyday matters. Academic research is consistent in underlining the damage to children from delaying intervention. The actions taken by professionals to meet the needs of these children as early as possible can be critical to their future.

Children are best protected when professional are clear about what is required of them individually and how they need to work together.

2. Safeguarding responsibilities

In Essex safeguarding children and adults is an inter-agency responsibility involving the city/borough/district councils, Essex County Council, the Essex Safeguarding Children Board and the Essex Safeguarding Adults Board.

Essex County Council

Essex County Council has responsibilities as the Children's Services Authority and the Social Services Authority for Essex. As part of Chelmsford City Council's procedures, the Safeguarding Lead, Deputy Lead, or a Designated Safeguarding Reporting Officer will report safeguarding concerns, incidents and allegations to Essex Social Services. The relevant officers at Essex County Council will then be responsible for coordinating any investigation.

Essex Safeguarding Boards

The **Essex Safeguarding Children Board (ESCB)** is a statutory body which acts as a mechanism for agreeing how relevant organisations in Essex co-operate to safeguard and promote the welfare of children and young people. There are seven organisations in Essex who are jointly responsible by law for the partnership arrangements for keeping children safe. These are Essex County Council, Essex Police and five of the seven Clinical Commissioning Groups covering the County of Essex, known as the Statutory Partners, who also work alongside representatives from Education services, Probation, City, Borough and District Councils, NHS Trusts and Providers and the Voluntary and Faith Groups sector. They also work closely with the Southend and Thurrock Safeguarding Children Boards who maintain their own independent multi-agency safeguarding arrangements.

Please see the website at: www.escb.co.uk

The **Essex Safeguarding Adults Board (ESAB)** is a statutory organisation that is committed to protecting an adult's right to live in safety, free from abuse and neglect. It is committed to ensuring that it has access to the views of adults with care and support needs as well as those that work with them. It collaborates with wider strategic partnerships in Essex to ensure that where safeguarding responsibilities spread across the organisations, there is a clear understanding of where responsibility lies or a robust joined-up approach.

Please see the website at: www.essexsab.org.uk

As part of the Council's commitment to robust safeguarding provision, Chelmsford City Council through its Safeguarding Lead has a board member on both the ESCB and the ESAB.

Chelmsford City Council

It is the responsibility of all employees and elected members to adhere to best practice, participate in relevant training and report any concerns, incidents or allegations to a designated person in accordance with the reporting procedure set out in this policy.

In addition to their responsibilities for reporting safeguarding issues, all employees and elected Members should work to prevent safeguarding concerns arising by following the 'Safe Working Practices' guidelines

found in Appendix 6. All external organisations and contractors providing services to the Council are required to comply with Chelmsford City Council’s Safeguarding Children, Young People and Adults Policy and, where relevant, have their own policy, procedures and training in place.

Whilst safeguarding is everyone’s responsibility, there are several specific safeguarding roles within Chelmsford City Council. The following briefly sets out the responsibilities of different safeguarding roles within the Council (see Appendix 1 for the safeguarding structure chart and relevant officer contact details).

They need to ensure that it is understood by staff working within their areas and that the reporting procedures are followed.</p> <p>When recruiting a new staff member, Managers and supervisors need to indicate the correct safeguarding level on the ‘Authorisation to Fill’ form and subsequently apply the correct safeguarding induction process, including checking that the appropriate training</p>

	<p>has been booked. Internal Corporate Safeguarding Group

The Internal Corporate Safeguarding Group (ICSG) consists of representatives with safeguarding responsibilities from Chelmsford City Council. The ICSG meets biannually and is responsible for implementing and progressing any safeguarding action plans. A yearly report will be presented to management team as well as any significant issues as they occur. The Group is overseen by the Safeguarding Lead.

District, Borough & City Council Safeguarding Leads Meeting

The District, Borough & City Council Safeguarding Leads meet on a quarterly basis to share county-wide safeguarding information, updates and good practice. The Partnerships and Safeguarding Officer represents Chelmsford City Council at these meetings.

Mid-Essex Stay Safe Group

The Mid-Essex Stay Safe Group consists of representatives from a range of agencies including NHS, Essex Social Services, Police, Probation, Education, Voluntary Sector and District Councils. This group is responsible for developing an action plan to improve safeguarding practice across the Mid-Essex area and for considering actions to address emerging issues. The Partnerships and Safeguarding Officer represents Chelmsford City Council at these meetings.

3. Types of Abuse

Although some Council employees, elected Members, contractors, agency staff, volunteers, suppliers or consultants of Chelmsford City Council may have limited direct contact with children and adults, it is important they are aware of the potential indicators of abuse and what to do if they have concerns. Responsibilities under this policy are limited to reporting any concerns, incidents or allegations, it is not the responsibility of those representing the Council to investigate or judge allegations.

There are four categories of abuse relating to children and ten for adults, as defined within the Children's Act 1989 and Care Act 2014:

Types of abuse - Children (Source: SET Procedures 2019)	Types of abuse - Adults (Source: Care Act 2014)
<ol style="list-style-type: none">1. Physical Abuse2. Emotional Abuse3. Sexual Abuse4. Neglect	<ol style="list-style-type: none">1. Physical Abuse2. Domestic Abuse incl. Honour Based Abuse3. Sexual Abuse4. Psychological Abuse5. Financial Abuse6. Modern Slavery/Human Trafficking7. Discriminatory Abuse8. Organisational Abuse9. Neglect and acts of Omission10. Self-Neglect

Abuse will usually fall into one or more categories. Details of the physical and behavioural indicators for each category can be found in a table in Appendix 4.

4. Safeguarding requirements for specific circumstances

Grant applicants

Safeguarding policies and procedures are required from all grant funded organisations and satisfactory DBS checks for relevant employees and volunteers are also required of any organisations working with children and adults who seek funding from Chelmsford City Council. This information will be requested at the application stage and applications will not be processed without the relevant documentation.

As a minimum, any organisation receiving funding from the Council will be expected to have a statement of policy and procedure regarding safeguarding, in place and understood by employees and volunteers, and available to service users. This applies to all organisations the Council awards grants to, irrespective of whether the grant has been awarded through the official grant application process.

Commissioned/contracted or grant funded organisations with minimal contact with children or adults may wish to adopt the Council's policy and procedures if deemed suitable.

Hirers of Council Facilities

It is the responsibility of any independent sports clubs, theatre groups and other organisations which hire out and use facilities operated by or on behalf of Chelmsford City Council, to have their own safeguarding policy and procedures in place. All activities that involve participation of children, young people and/or adults with

care and support needs are approved on the understanding that the Hirer is aware of their responsibility and confirm they have appropriate safeguarding procedures in place.

Use of contractors and suppliers

Chelmsford City Council will take reasonable steps to ensure that contractors and suppliers doing work on behalf of the Council are monitored appropriately. Chelmsford City Council has a specific safeguarding page for Contractors/Suppliers to refer to for more information.

Chelmsford City Council is required to ensure that contractors and suppliers are aware of and use the Council's Combined Safeguarding Policy for Children, Young People and Adults.

Certain suppliers, whilst undertaking a council contract, may come into contact with or be in the vicinity of children, young people and adults with care and support needs. Therefore, they must be aware of and comply with the reporting procedures and safe working practices contained in the Council's Safeguarding Policy. They must also ensure that their staff are DBS checked and trained appropriately, where relevant.

Chelmsford City Council must inform contractors of their obligations under the policy, these apply to all purchase orders placed by the Council.

Health and safety

Chelmsford City Council enforces health and safety in some workplaces including shops, restaurants warehouses, and premises providing consumer services or leisure facilities. Employers in these premises are obliged to carry out risk assessments, including for the employment of young people. Whilst undertaking their duties, officers of the Council may examine such risk assessments with a view to determining their suitability. If evidence is gained that young people are working without relevant permits in place, or in 'unsuitable workplaces', Chelmsford City Council will report this activity to Essex Social Care Direct.

Licensing

Chelmsford City Council is responsible for a wide range of licensing functions. Protecting children from harm is a licensing objective that the Council is legally obliged to consider, in particular when licensing premises under the Licensing Act 2003 or the Gambling Act 2005. For more information, please refer to the Chelmsford City Council's Licensing Act 2003 - Statement of Licensing Policy, Guidelines Relating to the Relevance of Convictions, and Gambling Act 2005 Policy, available online at <http://www.chelmsford.gov.uk/licensing>

Photography

It is an unfortunate fact that some people have used children and young people's events as opportunities to take inappropriate photographs or footage of children and young people. Councillors, employees, volunteers and contracted service providers should always be vigilant to ensure that misuse of photography does not occur.

All photography by Council employees or on behalf of the Council must be made in accordance with the Council's Photographic Policy. Written consent must be obtained before anyone working for or on behalf of the Council takes a photograph of or films a child, young person or adult. Usually this will be in the form of the Council's Image Consent Form.

When commissioning professional photographers, or inviting the press to cover Council services, events and activities you must ensure that you make your expectations clear in relation to child protection. The following steps should be taken when professional photographers or the press are invited to events:

1. Check the credentials of any photographers and organisations used,
2. Ensure identification is always worn,
3. Do not allow unsupervised access to children or adults
4. Do not allow photographic sessions outside of the activities or services,
5. Ensure that the names of children or adults are not used in photographs or footage, unless the express permission of the parent/carer of the child, young person or adult has been given.

The Marketing Engagement and Events Team have a list of preferred professional photographers and can organise one on your behalf. For more information, contact them on 01245 606900.

Internet and social media

The open nature of the internet including the numerous social media sites provides an easy method for people to commit abuse online. The following reporting processes are in place for reporting online abuse:

1. For staff experiencing abuse from another member of staff this will be reported to HR via your services Business Partner and the perpetrator will be subject to the disciplinary procedure.
2. If a member of staff is experiencing abuse from a member of the public then this will be reported via the normal safeguarding route and an online form completed and dealt with by the safeguarding team.
3. If a member of the public is experiencing abuse, then this will be reported via the normal safeguarding route and the most appropriate course of action would be identified – this could include reporting to the police as a hate crime for example.

Social networking sites can leave Council staff vulnerable to allegations if they fail to observe a few simple precautions. The below guidelines are intended as general advice on how to avoid social media putting you in a position where your actions may be misconstrued or give rise to a safeguarding concern. Guidance on using social media for business uses can be found on the social media pages of the staff intranet.

Please be aware that children and adults or their parents and carers may be able to view your social media profile and could, if they find any posts offensive, complain to the Council. It is important therefore that your privacy settings and the way that you conduct yourself on social media are appropriate.

Conduct on social networking sites

- You should not accept friend requests from (or send friend requests to) a child, young person, adult (or their parent/carer) who you are in contact with as a result of your council employment.
- All social media engagement on behalf of the Council should take place via an approved site and not via personal accounts. You should not, outside of formal channels, engage in online discussion with any child, young person or adult (or their parent/carer) who you are in contact with as a result of your council employment.
- Do not post any comments about, or pictures of, children or adults (or their parents/carers) who you are in contact with as a result of your Council employment.
- Be aware that other users could tag you in an inappropriate post or photograph. If you find inappropriate references to yourself on social media you should de-tag yourself and contact the user to ask for it to be removed.

Privacy and security

- To ensure that social media does not compromise your professional position please ensure that your privacy settings are set correctly. At a minimum, it is recommended that security levels are set to 'friends only' for Facebook (and the equivalent settings for other social media websites).
- You should proactively update your privacy settings whenever a social media provider changes its settings.

Online conduct should not differ from offline conduct in terms of respect for others. When using personal social networking sites always remember that everything you say is a matter of public record and could be viewed more widely than you intend. Any content found to breach existing policies may result in disciplinary action.

Work experience

Chelmsford City Council offers work experience to many young people each year. Managers should ensure that employees are aware of the Safe Working Practice Guidelines (Appendix 6).

5. Safeguarding training

Employee training

Whenever Chelmsford City Council recruits' employees it will ensure that they are well informed, trained, supervised and supported so that they understand safeguarding and their responsibilities; recognise the various types and indicators of abuse and have knowledge of internal reporting procedures.

Training will happen by the following process:

Training Levels	Training	Who requires this training
Group 1	Safeguarding Children, Young People and Adults Induction Booklet. To be completed prior to starting, then refreshed every 3 years.	All Chelmsford City Council staff.
Group 2	As above, plus: Safeguarding Children, Young People and Adults eLearning module To be completed within one month of starting, then refreshed every 3 years.	Chelmsford City Council staff who are in regular contact or have periods of intense but irregular contact, with children and adults.
Group 3	As above, plus: Safeguarding Children, Young People and Adults face-to-face training (2.5hrs) . To be completed within 6 months of starting, then refreshed every 3 years. Staff members under the age of 16 years are not required to complete Group 3 Training.	Chelmsford City Council staff who work predominantly with children, adults and/or their parents/carers.
Group 4	Role of the Designated Lead for Safeguarding Children and Adults	Safeguarding Lead, Deputy Leads and Designated Safeguarding Reporting Officers

Induction

All new starters are expected to familiarise themselves with the safeguarding induction booklet. A copy of this booklet is included as a Key Document within the Pre-Starter reading on the 'New Starter Information' internet page and new starters sign a Key Document Form to confirm that they have read and understood the document.

Ongoing training needs

Line managers and Human Resources will be primarily responsible for assessing what safeguarding training individual officers require and monitored by the Internal Corporate Safeguarding Group.

The training interventions are cumulative, and some employees are required to complete all of them. If staff have any doubts about what safeguarding training they require, they can ask their line manager or contact HR.

Training for Casual Staff

All staff members have access to the safeguarding induction booklet at the facility in which they work. Those without a Council login can access a hard copy via their line manager.

The Council's e-learning module can be accessed online (by staff with a Council login) and a hard copy or a PDF version is provided to casuals. Should a member of staff leave and return within a 3 year period, they will not be required to undertake the training again unless major changes to the Council's safeguarding policies and procedures have been made.

If staff, such as sports coaches, can demonstrate that they have already undertaken the requisite level of safeguarding training, they may be exempt from attending the group 3 training. In this instance, proof of training, evidence of the course provider, and learning objectives will be required by the Partnerships and Safeguarding Officer. They will, however, still be required to complete the eLearning module, so that they are aware of the Council's reporting procedures.

Training administration

Safeguarding training for staff will be monitored by HR using iTrent. They will be responsible for notifying staff and managers of staff that have outstanding training; including any refresher training that is required every 3 years.

Individual Council-run departments with casual staff, including the four Leisure Centres, are responsible for ensuring their staff attend relevant safeguarding training in a timely manner. HR will provide information on any outstanding training to both the staff and their manager.

6. Safer recruitment

Chelmsford City Council is not a Children's Services Authority and therefore scope for working directly with children or with adults is limited. However, it is important that the Council takes all reasonable steps to prevent unsuitable people working with vulnerable groups. For all new employees, confirmation of employment will be dependent on satisfactory checks.

Managers and Human Resources are responsible for risk assessing all job descriptions to identify which are likely to involve regular and/or substantial unsupervised contact with children and adults.

The Disclosure and Barring Service (DBS) formed from 1st December 2012 when The Criminal Records Bureau (CRB) and the Independent Safeguarding Authority (ISA), was amalgamated to form one department, as a result of the Protection of Freedoms Act (2012). This service allows the Council to check whether there have been any updates since the date of an existing DBS check, as a DBS check has no official expiry date. Such a process should only be used in those few instances where employees and volunteers have substantial or regular and unsupervised contact with children and adults and in accordance with the Council's procedure for rechecks. Referrals of concern must still be made to the Independent Safeguarding Authority (ISA).

For more information on the Council's safe recruitment practices, please refer to the following pages and documents:

- [Safer Recruitment Procedure](#)
- [Policy and Procedure for Obtaining Disclosures and Barring Checks](#)

In addition, all job application packs will expressly state Chelmsford City Council's commitment to safer recruitment and safeguarding generally.

7. Audit, quality assurance and review

Review mechanism

Responsibility for updating this policy lies primarily with the Partnerships and Safeguarding Officer in conjunction with the Internal Corporate Safeguarding Group. The policy will be reviewed annually and between annual reviews, making any necessary changes required by legislation or policy they are made aware of.

Compliance

As part of the policy review it is important that an assessment is made of its effectiveness. Therefore, to inform the annual policy review, a submission should be included in Late Opening to assess staff awareness and adherence to the safeguarding policies and procedures.

Quality assurance and improvement

Although this policy only requires an annual review, service improvement is a continuous process. Designated Safeguarding Reporting Officers should liaise with the Safeguarding Lead to provide feedback to any officer who has made a safeguarding report. Officers who attend external safeguarding meetings or training should report any recommendations or best practice to other safeguarding officers at the Internal Corporate Safeguarding Group meetings.

Safeguarding Board Audits

'Working Together to Safeguard Children 2018' states that Local Multi-Agency Safeguarding Partnerships/Boards have a statutory duty to assess how well, and to what level, its partners are fulfilling their obligations to safeguard and promote the welfare of children under Section 11 of the Children Act 2004. This requirement is carried out through a regular cycle of auditing of partners' safeguarding effectiveness.

As part of the Essex Safeguarding Adult Board's remit in ensuring that there are effective safeguarding arrangements in Essex it is important that it can audit and monitor how robust the arrangements are that local agencies, organisations, and service providers have in place.

Chelmsford City Council partakes in both the ESCB and ESAB audits to assess our current compliance and use it to develop an improvement plan.

8. Other relevant policies

Chelmsford City Council has other separate policies that sit alongside its Safeguarding Policy. These are available on the intranet.

Whistleblowing Procedure

This procedure is intended to supplement, rather than to replace, the existing procedures whereby employees of the Council and other persons may raise complaints or matters of concern with the Council. It may also be

followed where reports are made of safeguarding allegations against staff, of suspected wrongdoing or malpractice that they reasonably believe is in the public interest - [Whistleblowing Procedure](#)

Domestic Abuse Workplace Policy

This policy sets out what the Council hopes to achieve in relation to domestic abuse as a local employer. The aim is to support those employees who are experiencing domestic abuse, raise awareness of its implications and its effect within the work place and set out what we may be able to do if employees are perpetrators of domestic abuse - [Domestic Abuse Workplace Policy](#)

Section B – Reporting Procedures

The SET (Southend, Essex, and Thurrock) safeguarding guidelines outline the basic safeguarding procedures which should be followed by all local authorities in Essex. For reference, the guidelines for safeguarding children can be viewed at: [SET Safeguarding and Children Protection Procedures](#) and the equivalents for safeguarding adults are available at: [SET Safeguarding Adult Guidelines](#). The Council has used these guidelines to form our own procedures for handling safeguarding issues internally.

The following procedure outlines the steps that all staff, councillors, volunteers, casuals and contractors should take when they become aware of a safeguarding concern, incident or allegation.

In addition to the procedures below, the Strategic Housing Service may need to make a referral to Essex Social Care in relation to:

- Homeless 16 - 17 year olds; and
- Homeless households with children or a pregnant woman who are in receipt of a negative decision under homelessness legislation

9. Internal Safeguarding Reporting Procedure for all staff, councillors, contractors, casuals and volunteers

Stage 1

- 1.1 An employee, councillors, contractor, casual or volunteer notices a possible safeguarding concern, witnesses an incident or is made aware of an allegation.
- 1.2 If the above occurs, stay calm and try to obtain another witness to your conversation with the child, young person or adult involved in the event, if it does not compromise the situation.
- 1.3 Whilst talking to the child, young person or adult, or as soon as possible after, complete a **Concern/Incident/Allegation (CIA) Form** to capture as much detail as possible regarding the occurrence. This form is available on the intranet.
- 1.4 Listen carefully to what is said and allow the child, young person or adult to talk at their own pace. Only ask questions for clarification and do not ask leading questions.
- 1.5 Find an appropriate opportunity to explain that it is likely that the information will need to be shared with other responsible people – do NOT promise to keep secrets.
- 1.6 Submit the CIA form online. Casual members of staff are advised to contact their duty or line manager first to discuss the concerns and contractors should contact their contract manager who may complete the CIA form on their behalf.
- 1.7 Designated Safeguarding Reporting Officers (DSROs) will be notified by email that the case has been submitted and you will also receive a confirmation email. If you need any help in completing the form, please contact one of the DSROs.

Stage 2

2.1 One of the DSROs accepts the new case and completes the second stage of the process online **within one working day** of the incident being reported. The DSRO will discuss the case with the Safeguarding Lead or a Deputy Lead to decide the best course of action, i.e. whether to:

- refer the case to either Essex Social Care Direct, Essex Police or other support service
- keep the case open and investigate further
- decide not to refer the case

Stage 3

Referral

3.1 The Designated Safeguarding Reporting Officer will either make the referral by phone to Essex Social Care Direct, Essex Police or other support service and/or submit a SETSAF Form (for adults) or a Request for Support Form (for children).

3.2 The online Safeguarding Dynamics Platform is updated by the Designated Safeguarding Reporting Officer to show the case has been referred.

Child Exploitation

Child Sexual Exploitation (CSE)

Child Sexual Exploitation is a form of sexual abuse whereby young people under the age of 18 years old receive 'something' (food accommodation, drugs, alcohol, cigarettes, affection, gifts, money) in exchange for performing, and/or others performing on them, sexual activities.

It can happen to any young person from any background and affects boys and young men as well as girls and young women. It can occur without physical contact and without their immediate recognition, for example the persuasion to post sexual images on the internet/mobile phones.

There are 3 important and recognisable elements of child sexual exploitation:

- Children are 'groomed' and there is power, and control held by the perpetrator/s
- An 'exchange' (such as gift, food, money, drugs etc.) is present, this could be to a third party and not always to the child themselves
- Sexual acts or the exchange of sexual images

Child Criminal Exploitation (CCE)

There is no statutory definition for Child Criminal Exploitation. CCE is common in county lines and occurs where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate to deceive a child or young person under the age of 18 years old.

Young people may receive something such as food, gifts or money for completing a criminal task for others. It often occurs without the child's immediate recognition, with them believing they are in control of the situation. The victim may have been criminally exploited even if the activity appears consensual. CCE does not always involve physical contact; it can also occur through the use of technology.

Modern Slavery (including Human Trafficking)

Modern Slavery comprises slavery, servitude, forced and compulsory labour and human trafficking. The common factors are that a victim is, or is intended to be, used or exploited for someone else's (usually financial) gain, without respect for their human rights.

Under the Modern Slavery Act 2015 Chelmsford City Council as a first responder and local authority has the following duties:

- Duty of enquiry - identification and referral of victims
- Duty to safeguard – support victims through housing/homelessness services where possible
- Duty to notify the Home Office of any individual who we believe is a suspected victim of modern slavery or human trafficking (*MS1 form for non-consenting adults who do not want to go through the NRM process*)

- Make appropriate referrals to the National Referral Mechanism (NRM) for all children and consenting adults
- Ensure the supply chains we procure are free from modern slavery and publish a Modern Slavery transparency statement
- Community safety and disruption activities

Honour Based Abuse (including FGM and FM)

Honour Based Abuse (HBA) is an international term used by many cultures for justification of abuse and violence. It is a crime or incident committed in order to protect or defend the family or community 'honour'. HBA occurs when perpetrators believe a relative or other individual has shamed or damaged a family's or community's honour or reputation and that the only way to redeem the damaged honour is to punish and/or kill the individual.

Honour based abuse often goes hand in hand with forced marriage, although this is not always case. Honour crimes and forced marriages are already covered by the law and can involve a range of criminal offences. HBA is often the collective term used to include Female Genital Mutilation and Forced Marriage.

Prevent (counter-terrorism)

The Prevent strategy, published by the Government in 2011, is part of the overall counter-terrorism strategy, CONTEST. The aim of the Prevent strategy is to reduce the threat to the UK from terrorism by stopping people becoming terrorists or supporting terrorism.

Aims of Prevent:

- responds to the ideological challenge we face from terrorism and aspects of extremism, and the threat we face from those who promote these views.
- provides practical help to prevent people from being drawn into terrorism and ensure they are given appropriate advice and support
- works with a wide range of sectors (including education, criminal justice, faith, charities, online and health) where there are risks of radicalisation that we need to deal with

Appendix 5: Information Sharing and Retention

In the course of carrying out its various functions and activities the Council collects and generates a wide range of data/information which is recorded in different forms of document (for example; letters, invoices, emails, photographs, voice recordings, plans/drawings, registers, contracts/deeds, financial records, application forms, video).

The Council has developed a policy with which refers to the retention and disposal needs for both paper and electronically stored documents/records, including digital 'media'. The purpose of this policy is to ensure that the Council handles its data appropriately by enabling its staff and Members with the necessary information to manage their information in line with Council policies and relevant legislations.

Chelmsford City Council's Retention and Disposal Policy includes the following sections that are applicable to Safeguarding:

- Safeguarding SA1.1.1 states that records of welfare concerns that are referred to Social Care or the Police should be kept for 40 years after the last contact with the service user.
- Safeguarding SA1.1.2 states that records of welfare concerns that Community Services decide, after consultation, do not necessitate a referral to Social Care or the Police, should be kept for 40 years after the child/adult concerned ceases to use the service, unless the child or adult are continuing to use the services in the area that the referral initiated from.
- Safeguarding SA2.1 states that records of documents relating to the Independent Inquiry into Child Sexual Abuse (IICSA), led by Hon. Lowell Goddard (as detailed to Management Team) should be kept for 40 years to support the enquiry.

Concern/Incident/Allegation Forms completed online and progress notes regarding each case are retained on a secure database called the Safeguarding Report Dashboard. This database is accessible on a permissions basis by members of the Internal Corporate Safeguarding Group.

Chelmsford City Council adopts the Safeguarding Information Sharing Protocol in conjunction with the SET (Southend, Essex, Thurrock) safeguarding guidelines. The Protocol sets out the details of sharing information in accordance with the principles defined in the Whole Essex Information Sharing Framework (WEISF).

Guidelines for conduct when working/having contact with Children, Young People and Adults

In addition to the Employee and Member Codes of Conduct/ Protocols, the following guidelines should be followed by Members, employees, volunteers and contracted service providers who have contact with children, young people or adults with care and support needs.

You should:

- Always ensure you can be seen and observed publicly when working with children, young people and adults with care and support needs and avoid situations where you would be alone with them.
- Children, young people and adults have a right to privacy, respect and dignity. Respect the child, young person or adults, provide a safe and positive environment and treat them equally in the context of any activity.
- You must put the wellbeing and safety of the child, young person or adult before what you are trying to achieve with them such as the development of their performance. In other words, you may have to cease the planned activity if carrying on would undermine their well-being or safety.
- If a child, young person or adult with care and support needs is accidentally injured as the result of your actions or failure to act or arrives at an activity or service showing signs or symptoms that give you cause for concern, you must act appropriately following the procedures outlined in the policy and always report such incidents as soon as possible to your line manager and the Designated Safeguarding Reporting Officer and make a written report.
- Ensure that recognised agencies such as schools, youth clubs or sports clubs are used to communicate and engage with children.
- Make sure that when undertaking visits to these places you agree in advance with the agency that an employee will remain in the room with you at all times.

You should not:

- Spend unreasonable amounts of time alone with children, young people and adults with care and support needs, in particular when taking children, young people or adults on car journeys, no matter how short.
- Take children, young people and adults with care and support needs to your home or any other place away from Council or agency premises where they will be alone with you. However, if it is necessary for young people to go on site visits as part of their work experience, the officer in charge must write to parents in advance to ask for their permission and explain why it is necessary.
- Add or accept young people you work with or come into contact with, on social networking sites (e.g. Facebook and Twitter, etc.)
- Arrange to meet or approach children, young people or adults with care and support needs outside an organised activity or service.

You should never:

- Leave children, young people or adults with care and support needs unattended.
- Engage in rough physical games including horseplay.
- Engage in sexually provocative games or allow, encourage or engage in inappropriate touching of any form.
- Make sexually suggestive comments about or to a child, young person or adult.
- Allow children, young people and adults with care and support needs to use language inappropriate to the circumstances, unchallenged, or use it yourself.
- Ignore or fail to record an allegation a child, young person or adult makes about you or others.
- Do things of a personal nature for children, young people and adults with care and support needs that they can do for themselves e.g. assist with changing. It may sometimes be necessary to assist them, particularly if they are very young or are disabled. In such a situation, these tasks should only be carried out with the full understanding and consent of parents/carers. In an emergency situation that requires this type of help, you should try to have someone else present and inform the parents/carers as soon as is reasonably possible.
- Share a changing room with a child, young person or adult with care and support needs.
- Enter areas designated only for the opposite sex. The only exception is where you are providing cleaning services and then you should wait until the room is vacant.
- Use the internet or any other electronic or telephone device to access child pornography sites.

Warning

Chelmsford City Council takes its responsibility very seriously. Employees who breach the guidelines above will face investigation and may face disciplinary action where appropriate, which could lead to a dismissal and the possibility of a criminal investigation where there is evidence of illegal activity.

Volunteers and contracted service providers in breach of the above the guidelines will have their services terminated with immediate effect. Where there is evidence of illegal activity, they will be reported to the relevant authorities and may face criminal investigation.

If a safeguarding issue occurs in which Member is alleged to have acted inappropriately, the Designated Safeguarding Reporting Officer informed of the breach should contact the HR Manager who will immediately contact the Safeguarding Lead and the Monitoring Officer. Where there is evidence of illegal activity, the Member will be reported to the relevant authorities and may face criminal investigation. In addition to these legal sanctions there may be grounds for a complaint to be made under the Code of Conduct for Councillors.

Mental Capacity Act 2005	Provides a statutory framework to empower and protect those (aged 16 and over) who may lack mental capacity to make decisions for themselves; and establishes a framework for making decisions on their behalf. It puts arrangements in place for advocacy support and best-interest decision-making.

Any sexual intercourse with a child under 13 will be treated as rape.</p> <p>Creates a new offence of meeting a child following sexual grooming. This made it a crime to befriend a child on the internet or by other means and meet or intend to meet the child with the intention of abusing them.</p> <p>Outlines 'abuse of a position of trust' and protects vulnerable 16 and 17 year olds by prohibiting sexual contact between adults and children under 18 in schools, colleges and residential care.</p>
