PUBLIC QUESTIONS AND STATEMENTS

Question

Can the Council confirm that every reported breach of the Temporary Stop Notice and the High Court Injunction is being actively investigated at pace and, where supported by the evidence, that all available enforcement powers will be used without unnecessary delay?

Second: Without disclosing confidential legal strategy, can the Cabinet Member for Planning and Place-Shaping confirm that the Council's objective is to remove the unauthorised caravans and associated development, restore the land to its lawful Green Belt condition, and pursue that outcome at pace?
