

**‘Policy-off’ SLAA Assessment for Discounted Sites**

<b>Council Reference</b>	<b>CFS2</b>	<b>Site Name</b>	The Lordship Stud Writtle College Back Road Writtle Chelmsford
<b>SLAA Reference</b>	<b>1</b>	<b>Observations</b>	Site in use as residential, small businesses at home, communal housing of elderly and disabled people
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>39</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Writtle College is in the process of decanting from this site to another part of the College as part of its Estate Strategy of pursuing efficiency and r	
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 9 - medium, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS5</b>	<b>Site Name</b>	Land adjacent to: 1 Oak Cottages, Chalk Street, Rettendon Common, Near Chelmsford Essex
<b>SLAA Reference</b>	<b>2</b>	<b>Observations</b>	Site is adjacent to RAMSAR, SPA & SAC - Crouch & Roach Estuaries (Mid-Essex Coast Phase 3)
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>0</b>		
<b>Density: (per ha)</b>	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS9</b>	<b>Site Name</b>	Land South East of The Lion Inn Main Road Boreham Chelmsford Essex
<b>SLAA Reference</b>	<b>5</b>	<b>Observations</b>	FP 29BOR runs through the site and FP 30BOR runs along boundary of the site.
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>400</b>		
<b>Density: (per ha)</b>	<b>35</b>		

Site faces some suitability constraints  
Site performs well against availability criteria  
Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary
Other Suitability Considerations	Grade 2 listed Boreham House within view of site and it's gardens of special historic interest
	Site is potentially suitable but faces some constraints

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Developer has option to purchase site from the owner	
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS13</b>	<b>Site Name</b>	Land South East of Tyrells Cottages Main Road Boreham Chelmsford Essex
<b>SLAA Reference</b>	<b>8</b>	<b>Observations</b>	Public footpath FP 29BOR runs through the site. 2 electricity pylons present on site - site area has been discounted to reflect this.
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>151</b>		
<b>Density: (per ha)</b>	<b>35</b>		

Site faces some suitability constraints  
 Site performs well against availability criteria  
 Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature Reserve Essex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	Site in view of grade II listed Boreham House and gardens of special historic interest
	Site is potentially suitable but faces some constraints

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS14</b>	<b>Site Name</b>	Sutch and Searle Warehouse Highwood Road Writtle Chelmsford
<b>SLAA Reference</b>	<b>9</b>	<b>Observations</b>	Level site. Footpath FP 68WRT runs to the south of the site. Site falls within buffer zone of SSSI - Newney Green Pit and sites falls wholly within gas pipeline buffer zone
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>0</b>		
<b>Density: (per ha)</b>	<b>35</b>		

Site performs well against suitability criteria  
Site faces some availability constraints  
Site face some achievability constraints

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature Reserve Essex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	2: Established single uses
Business within existing warehouse needs to be relocated	
Other Availability Considerations	

## Achievability

Achievability Details	2: Moderate achievability (cannot be used in first five years)
-----------------------	--

Site most closely reflects Typology 9 - medium, greenfield, Key Rural Villages (Residential). Constraints present on site have lowered score to 'moderate'.

<b>Council Reference</b>	<b>CFS17</b>	<b>Site Name</b>	Argents Nursery Highwood Road Edney Common Chelmsford Essex
<b>SLAA Reference</b>	<b>12</b>	<b>Observations</b>	Site falls within buffer zone of SSSI - Newney Green Pit. Also adjacent to Grade II listed Green Man Public House 11/986
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>8</b>		
<b>Density: (per ha)</b>	<b>30</b>		

Site faces some suitability constraints  
Site performs well against availability criteria  
Site face some achievability constraints

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	0: Treatment expected to be required on the majority of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary
Other Suitability Considerations	Adjacent to Grade II listed Green Man Public House 11/986
	Site is potentially suitable but faces some constraints

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Other Availability Considerations	

## Achievability

Achievability Details	2: Moderate achievability (cannot be used in first five years)
-----------------------	--

Site most closely reflects Typology 11 for density and Typology 9 for size and gross to net ratio. However, moderate achievability given in this case due to the fact that 90% of the site is within a hazardous substance zone.

<b>Council Reference</b>	<b>CFS20</b>	<b>Site Name</b>	Land East of Barn Mead Galleywood Chelmsford Essex
<b>SLAA Reference</b>	<b>15</b>	<b>Observations</b>	Public footpath FP 28GAL runs along northern boundary. Site is in view of grade II listed Seabrights Barn
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>17</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
----------------------	--

Other Availability Considerations

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 8 - small, greenfield, Key Rural Villages (Residential)	

**Council Reference** CFS22 **Site Name** Longcroft Maldon Road Margaretting Ingatestone Essex

**Observations**

**SLAA Reference** 17

**Category:** 2

**Yield:** 10

**Density:** 30  
(per ha)

Site faces some suitability constraints  
Site performs well against availability criteria  
Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	2: 10% - 25% of site area is within Flood Zone 3a
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

**Availability Details** 5: Held by developer / willing owner / public sector

Other Availability Considerations

## Achievability

**Achievability Details** 3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)

Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Typology 9 - medium, greenfield, Key Rural Villages (Residential) for gross to net ratio.

<b>Council Reference</b>	<b>CFS23</b>	<b>Site Name</b>	Land South of Petton Stock Road Stock Ingatestone Essex
<b>SLAA Reference</b>	<b>18</b>	<b>Observations</b>	TPO/2012/006 runs adjacent to the site
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>72</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Multiple landowners, however seem to be in agreement to bring forward the site	
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 9 - medium, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS24</b>	<b>Site Name</b>	Kings Farm Main Road Ford End Chelmsford Essex
<b>SLAA Reference</b>	<b>19</b>	<b>Observations</b>	Site promoted for a mix of uses. Site falls within buffer zone of an SPA.
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>209</b>		
<b>Density: (per ha)</b>	<b>30</b>		

Site faces some suitability constraints  
Site performs well against availability criteria  
Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	0: Site is wholly or partially within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	Opposite the site is Grade II listed Wall Farmhouse Main Road Great Waltham.
	Site is potentially suitable but faces some constraints

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential) for gross to net ratio and density.	

<b>Council Reference</b>	<b>CFS25</b>	<b>Site Name</b>	Land South West of 21 Seven Ash Green Chelmsford
<b>SLAA Reference</b>	<b>20</b>	<b>Observations</b>	Former mineral extraction pit, with banks to its perimeter and the base of which is flat and sits considerably lower in the landscape than surrounding land.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>19</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	3: Site has bad neighbours with potential for mitigation
Ground Condition Constraints	0: Treatment expected to be required on the majority of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	3: Site is adjacent to Chelmsford or South Woodham Ferrers Urban Area or Chelmsford Town Centre Area Action Plan
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 8 - small, greenfield, Key Rural Villages (Residential) as it falls within the outer fringe of Chelmsford in the green gap where surbanban housing is present.	

<b>Council Reference</b>	<b>CFS30</b>	<b>Site Name</b>	Land South East of Cherry Tree Cottages Stock Road Stock Ingatestone Essex
<b>SLAA Reference</b>	<b>25</b>	<b>Observations</b>	ite is close to Grade II listed Greenwoods Estate on the opposite side of the road. Part of the site is within as well as adjacent to the Stock conservation area.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>123</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
----------------------	--

Other Availability Considerations

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 9 - medium, greenfield, Key Rural Villages (Residential)	

**Council Reference** CFS31 **Site Name** Land West of Hands Farm Radley Green Road Highwood Ingatestone Essex

## Observations

**SLAA Reference** 26

**Category:** 2

**Yield:** 12

**Density:** 30  
(per ha)

Site faces some suitability constraints  
Site faces some availability constraints  
Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	Site is adjacent to Grade II listed Hand Farmhouse
	Site is potentially suitable but faces some constraints

## Availability Criteria

Availability Details	1: Established multiple uses
Current light industrial/storage to be relocated to owners other premises at Radley Green Farm (approximately ½ mile distance).	
Other Availability Considerations	Existing occupiers need relocating
	Site is potentially available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS33</b>	<b>Site Name</b>	Land North West of 71 School Road Downham Billericay Essex
<b>SLAA Reference</b>	<b>27</b>	<b>Observations</b>	Site currently in existing employment uses. Key constraints: flood risk and Grade II listed building. Site falls within buffer zone of SSSI - Hanningfield Reservoir. Site is in view of Grade II listed The Cottages Allens Farm 128 Downham Road
<b>Category:</b>	<b>3</b>		
<b>Yield:</b>	<b>20</b>		
<b>Density: (per ha)</b>	<b>30</b>		

Site faces significant suitability constraints  
Site faces some availability constraints  
Site faces some achievability constraints

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	0: Over 50% of site area is within Flood Zone 3a
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	1: Established multiple uses
Existing use needs to vacate the site.	
Other Availability Considerations	Owner has indicated that they are able to offer alternative site to existing occupiers
	Site is potentially available

## Achievability

Achievability Details	2: Moderate achievability (cannot be used in first five years)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS34</b>	<b>Site Name</b>	Land Rear of Rettendon Lodge Hayes Chase Battlesbridge Wickford Essex
<b>SLAA Reference</b>	<b>28</b>	<b>Observations</b>	Site falls within buffer zone of: SSSI - Crouch & Roach Estuaries. RAMSAR, SPA & SAC - Crouch & Roach Estuaries (Mid-Essex Coast Phase 3)
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>88</b>		
<b>Density: (per ha)</b>	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	3: Some minor constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Typology 9 - medium, greenfield, Key Rural Villages (Residential) for gross to net ratio.	

<b>Council Reference</b>	<b>CFS35</b>	<b>Site Name</b>	Land South West of Hillcroft Marigold Lane Stock Ingatestone Essex
<b>SLAA Reference</b>	<b>29</b>	<b>Observations</b>	Footpaths FP 26STK runs alongside and inside boundary on north east side of site. FP33STK and FP32STK end opposite the site on west boundary. Site falls within buffer zone of SSSI - Hanningfield Reservoir, SSSI - Norsey Wood
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>159</b>		
<b>Density: (per ha)</b>	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology	10 - large, greenfield, Key Rural Villages (Residential)

<b>Council Reference</b>	<b>CFS38</b>	<b>Site Name</b>	Land at Thrift Farm Moulsham Thrift Chelmsford Essex
<b>SLAA Reference</b>	<b>32</b>	<b>Observations</b>	Footpath FP 34CFD runs across part of the south west section of the site
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>489</b>		
<b>Density:</b> (per ha)	<b>40</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	3: Site partially within an area of Ancient Woodland, Local Wildlife site, Local Nature Reserve, Essex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	2: 10% - 25% of site area is within Flood Zone 3a
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	3: Site is adjacent to Chelmsford or South Woodham Ferrers Urban Area or Chelmsford Town Centre Area Action Plan
Other Suitability Considerations	Only a small proportion of site in Flood Zones 2 and 3
	Site is highly suitable

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 6 - large, greenfield site, Chelmsford Outer Fringe (Mixed use including residential)	

<b>Council Reference</b>	<b>CFS40</b>	<b>Site Name</b>	Street Record Windsor Road Downham Billericay Essex
<b>SLAA Reference</b>	<b>34</b>	<b>Observations</b>	Bridleway BW 57SHF runs adjacent to the eastern boundary. Site falls within buffer zone of SSSI - Hanningfield Reservoir
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>0</b>		
<b>Density: (per ha)</b>	<b>35</b>		

Site performs well against suitability criteria  
Site performs well against availability criteria  
Site face some achievability constraints

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	3: Site has bad neighbours with potential for mitigation
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Subject to relocation of existing uses	
Other Availability Considerations	

## Achievability

Achievability Details	2: Moderate achievability (cannot be used in first five years)
-----------------------	--

Site most closely reflects Typology 11-small, greenfield, Other Rural Villages (Residential) for location and Typology 9-medium, greenfield, Key Rural Villages (Residential) for gross to net ratio. However moderate achievability given remediation likely.

<b>Council Reference</b>	<b>CFS41</b>	<b>Site Name</b>	Land North of Chickdene Farm Windsor Road Downham Billericay Essex
<b>SLAA Reference</b>	<b>35</b>	<b>Observations</b>	
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>26</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
----------------------	--

Other Availability Considerations

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
-----------------------	---

Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Typology 9 - medium, greenfield, Key Rural Villages (Residential) for gross to net ratio.

**Council Reference** CFS42 **Site Name** New Barnes Farm Ingatestone Road Highwood Chelmsford Essex

**Observations** Site has a number of low intensity storage buildings equating to 1688 sq m

**SLAA Reference** 36

**Category:** 1

**Yield:** 8

**Density:** 30  
(per ha)

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

**Availability Details** 5: Held by developer / willing owner / public sector

Other Availability Considerations

## Achievability

**Achievability Details** 3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)

Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential)

<b>Council Reference</b>	<b>CFS45</b>	<b>Site Name</b>	Larmar Engineering CO Ltd Main Road Margaretting Ingatestone Essex
<b>SLAA Reference</b>	<b>39</b>	<b>Observations</b>	Site is an undeveloped field next to owners business and bordering Margaretting Village envelope boundary. Footpath FP 19MAR adjacent to site and FP 18MAR on land opposite the site. Tree preservation orders within and adjacent to site - 6 oak and ash trees. Opposite grade II listed building ref 12/385 and adjacent to conservation area.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>33</b>		
<b>Density: (per ha)</b>	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature Reserve Essex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
----------------------	--

Other Availability Considerations

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
-----------------------	---

Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Typology 9 - medium, greenfield, Key Rural Villages (Residential) for gross to net ratio.

<b>Council Reference</b>	<b>CFS49</b>	<b>Site Name</b>	Land South East of The Lion Inn Main Road Boreham Chelmsford Essex
<b>SLAA Reference</b>	<b>43</b>	<b>Observations</b>	Gently sloping site. Footpath FP 29BOR runs through the site and FP 30BOR runs along site boundary. Grade 1 listed Boreham House within view of site and it's gardens of special historic interest
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>353</b>		
<b>Density: (per ha)</b>	<b>35</b>		

Site faces some suitability constraints  
Site performs well against availability criteria  
Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary
Other Suitability Considerations	Grade 1 listed Boreham House within view of site and it's gardens of special historic interest
	Site is potentially suitable but faces some constraints

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology	10 - large, greenfield, Key Rural Villages (Residential)

<b>Council Reference</b>	<b>CFS50</b>	<b>Site Name</b>	Land East of Premier Lodge Hotel Main Road Boreham Chelmsford Essex
<b>SLAA Reference</b>	<b>44</b>	<b>Observations</b>	Bridleway BW 45BOR runs through part of the north to east section of the site and footpath FP 31BOR ends opposite the site. CW 9 terminates on the adjacent roundabout. Tree preservation order TPO/2014/001 across section of the southern part of the site.
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>0</b>		
<b>Density: (per ha)</b>	<b>35</b>		

Site faces some suitability constraints  
Site performs well against availability criteria  
Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	3: Site has bad neighbours with potential for mitigation
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	Site contains Grade II listed Generals building and is opposite to Grade I listed Boreham House and it's gardens of special historic interest  Site is potentially suitable but faces some constraints

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 9 - medium, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS51</b>	<b>Site Name</b>	Field OS Ref 4730, The Chase, Boreham, Chelmsford, Essex
<b>SLAA Reference</b>	<b>45</b>	<b>Observations</b>	Footpath (The Chase) FP 32BOR runs adjacent to entire west side of site. Boreham conservation area is located some 100m to the north-east of the site beyond the development at Brookfield. Site adjoining to the west is identified as an area of open space as set out in the Site Allocations Development Plan Document (2012)
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>33</b>		
<b>Density: (per ha)</b>	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	4: Site is wholly or partially within Flood Zone 2
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
----------------------	--

Other Availability Considerations

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 9 - medium, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS53</b>	<b>Site Name</b>	Land east of Main Road, Broomfield, Chelmsford, Essex
<b>SLAA Reference</b>	<b>47</b>	<b>Observations</b>	Footpath FP 42LTW runs adjacent to Northern boundary of site. Numerous trees; large protected area adjacent to the East of site, TPO number: TPO/2006/017. Eastern edge of site falls within buffer zone of Local Wildlife Site: CH76. Essex Wildlife Trust Nature Reserve OBJE
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>247</b>		
<b>Density: (per ha)</b>	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	3: Site partially within an area of Ancient Woodland, Local Wildlife site, Local Nature Reserve, Essex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	4: Site is wholly or partially within Flood Zone 2
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary
Other Suitability Considerations	Whilst part of the site falls within flood zones 2 and 3, a significant part of the developable area is within flood zone 1.  Site is highly suitable

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS54</b>	<b>Site Name</b>	Land at Boreham Interchange, Colchester Road, Boreham, Chelmsford, Essex
<b>SLAA Reference</b>	<b>48</b>	<b>Observations</b>	Site proposed for employment uses. Footpath (towing path) runs along the southern boundary to the site, north of the River Chelmer. FP 17SPR cuts through Southern portion of site. FP 18SPR runs adjacent to Southern boundary of site. FP 37BOR runs adjacent to South East corner of site. FP 19SPR cuts through South East corner of site. FP 42BOR cuts through South East corner of site
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>0</b>		
<b>Density: (per ha)</b>	<b>40</b>		

Site faces some suitability constraints  
Site performs well against availability criteria  
Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	0: Site is wholly or partially within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	1: 25% - 50% of site area is within Flood Zone 3a
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	248 and CBC/00244. Boreham House Park or Garden adjacent to East of site. Southern area of site covered by Chelmer and Blackwater Navigation Conservation Area: G021  Site is potentially suitable but faces some constraints

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Willing owner	
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 17 - medium, greenfield, District Wide (B8 - Storage or Distribution only) and Typology 16 - medium, greenfield, District Wide (B2 - General Industry only)	

<b>Council Reference</b>	<b>CFS59</b>	<b>Site Name</b>	Field Adjacent Lionfield Cottages, Main Road, Boreham, Chelmsford, Essex
<b>SLAA Reference</b>	<b>53</b>	<b>Observations</b>	Generally level site. Public footpaths FP 25BOR runs through centre of the site and FP 29BOR run to the edge of the site.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>165</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	4: Site is wholly or partially within Flood Zone 2
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
----------------------	--

Other Availability Considerations

Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
-----------------------	---

Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential)

<b>Council Reference</b>	<b>CFS62</b>	<b>Site Name</b>	Land North of Cricketers Close, Broomfield, Chelmsford
<b>SLAA Reference</b>	<b>56</b>	<b>Observations</b>	Footpath FP 42LTW runs adjacent to Northern boundary of site. Large protected tree area adjacent to the East of site, TPO number: TPO/2006/017. Eastern edge of site adjacent to Local Wildlife Site: CH76. Archaeological Site ARCSIT/1880 within site. Grade II listed property adjacent to the site: CBC/00281. Broomfield Conservation Area opposite Western edge of site.
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>221</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site faces some suitability constraints  
Site performs well against availability criteria  
Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	0: Site wholly within an area of Ancient Woodland, Local Wildlife site, Local Nature Reserve, Essex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary
Other Suitability Considerations	Due to heritage, archaeological and local wildlife constraints.  Site is potentially suitable but faces some constraints

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS63</b>	<b>Site Name</b>	Land East and West of Beehive Lane, Great Baddow, Chelmsford, Essex
<b>SLAA Reference</b>	<b>57</b>	<b>Observations</b>	Relatively flat site. Public footpath is located approximately 50m south of the site along the northern boundary of Chelmer Park. Along Northern boundary of Eastern site: TPO/1987/019 and TPO/2004/007. The existing Lathcoats Farmhouse located to the west
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>454</b>		
<b>Density: (per ha)</b>	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	3: Site is adjacent to Chelmsford or South Woodham Ferrers Urban Area or Chelmsford Town Centre Area Action Plan
Other Suitability Considerations	Whilst the Grade II listed existing Lathcoats Farmhouse is present on the site, it would be incorporated into any potential scheme.  Site is highly suitable

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Willing owner with option with promoter	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 7 - large, greenfield, Key Rural Villages Strategic Sites (Mixed use including residential). However density reduced to 35dph to reflect other rural village location	

<b>Council Reference</b>	<b>CFS64</b>	<b>Site Name</b>	Field at Junction of Main Road and Hoe Lane, Rettendon, Chelmsford, Essex
<b>SLAA Reference</b>	<b>58</b>	<b>Observations</b>	Generally level site. Footpath FP 16RET runs to Eastern boundary of site. Tree preservation order TPO/2006/080 adjacent to Southern border of site. Site is also within buffer zone of RAMSAR, SPA & SAC - Crouch & Roach Estuaries (Mid-Essex Coast Phase 3).
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>280</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability criteria  
Site faces some availability constraints  
Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	3: Site partially within an area of Ancient Woodland, Local Wildlife site, Local Nature Reserve, Essex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	0: In complex/multiple ownership or subject to ransom strip
Neotiations taking place on acquiring all freeholds on the site	
Other Availability Considerations	
	Site is potentially available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential) for gross to net ratio and density.	

<b>Council Reference</b>	<b>CFS66</b>	<b>Site Name</b>	Land At Runwell House, Runwell Road, Runwell, Wickford, Essex
<b>SLAA Reference</b>	<b>60</b>	<b>Observations</b>	TPO/2002/031 and TPO/1982/009 opposite site. In buffer zone of RAMSAR, SPA & SAC - Crouch & Roach Estuaries (Mid-Essex Coast Phase 3). Grade II listed building CBC/00809 opposite site. Archaeological Site ARCSIT/2000 adjacent to site.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>10</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Assumed willing landowner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 8 - small, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS67</b>	<b>Site Name</b>	Allotment Gardens, Runwell Road, Runwell, Wickford, Essex
<b>SLAA Reference</b>	<b>61</b>	<b>Observations</b>	Tree Preservation Orders TPO/2002/031 and TPO/1982/009 adjacent to site. Site contains Open Space OBJECTID: 90. Within buffer zone of RAMSAR, SPA & SAC - Crouch & Roach Estuaries (Mid-Essex Coast Phase 3). Footpath FP 7RUN terminates opposite the site. Grade II listed properties CBC/00809 and CBC/00801 and Grade I listed property CBC/00808 adjacent to site.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>169</b>		
<b>Density: (per ha)</b>	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	3: Site partially within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS69</b>	<b>Site Name</b>	Bromley Lodge, Tileworks Lane, Rettendon Common, Chelmsford, Essex
<b>SLAA Reference</b>	<b>63</b>	<b>Observations</b>	Level site. Site falls within buffer zone of SSSI - Hanningfield Reservoir. RAMSAR, SPA & SAC - Crouch & Roach Estuaries (Mid-Essex Coast Phase 3)
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>22</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS70</b>	<b>Site Name</b>	Land At Green Lane, Roxwell, Chelmsford, Essex
<b>SLAA Reference</b>	<b>64</b>	<b>Observations</b>	Level site. Footpath FP 69ROX runs along Western boundary of the site. Tree Preservation Orders TPO/2007/009, TPO/2007/008, TPO/2007/005, TPO/2007/006, TPO/1961/015 within and adjacent to site. Within buffer zone of SSSI - Newney Green Pit.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>23</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	3: Site partially within an area of Ancient Woodland, Local Wildlife site, Local Nature Reserve, Essex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Typology 9 - medium, greenfield, Key Rural Villages (Residential) for gross to net ratio.	

<b>Council Reference</b>	<b>CFS71</b>	<b>Site Name</b>	Land East of Rignals Lane, Galleywood, Chelmsford, Essex
<b>SLAA Reference</b>	<b>65</b>	<b>Observations</b>	Footpath FP 35GAL runs along Southern boundary of the site.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>385</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS72</b>	<b>Site Name</b>	Land North of the Weir and West of Brook Hill, Little Waltham, Chelmsford
<b>SLAA Reference</b>	<b>66</b>	<b>Observations</b>	Public footpath running SE-NW across the site, as well as along southeastern and northwestern borders. FP 23LTW and 24LTW running through site. FP 59LTW running along Southern boundary. Site is wholly within Chelmsford Green Wedge and adjacent to a Local Wildlife Site situated to the West of the site. Local Wildlife Site CH67 covers Western portion of the site. Tree Preservation Orders TPO/1989/019 and TPO/2006/057 adjacent to site. Site is within the Little Waltham Conservation Area
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>23</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site faces some suitability constraints  
Site performs well against availability criteria  
Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	0: Site wholly within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	3: Site partially within an area of Ancient Woodland, Local Wildlife site, Local Nature Reserve, Essex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	4: Site is wholly or partially within Flood Zone 2
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Typology 9 - medium, greenfield, Key Rural Villages (Residential) for gross to net ratio.	

<b>Council Reference</b>	<b>CFS74</b>	<b>Site Name</b>	Land South East of 42 Church Hill, Little Waltham, Chelmsford, Essex
<b>SLAA Reference</b>	<b>68</b>	<b>Observations</b>	Site within Chelmsford Green Wedge. Site adjacent to Local Wildlife Site: CH71 adjacent to site. Open Space OBJECTID: 71 within site. Grade II listed buildings CBC/00679, CBC/00677 and CBC/00680 adjacent to site. Part of site within Little Waltham Conservation Area.
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>34</b>		
<b>Density: (per ha)</b>	<b>30</b>		

Site faces some suitability constraints  
 Site faces some availability constraints  
 Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	3: Some minor constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	3: Site partially within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	3: Site partially within an area of Ancient Woodland, Local Wildlife site, Local Nature Reserve, Essex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary
Other Suitability Considerations	Grade II listed buildings CBC/00679, CBC/00677 and CBC/00680 adjacent to site. Part of site within Little Waltham Conservation Area.  Site is potentially suitable but faces some constraints

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Other Availability Considerations	Two parties own site - and agreement will need to be reached in bringing it forward.  Site is potentially available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Typology 9 - medium, greenfield, Key Rural Villages (Residential) for gross to net ratio.	

<b>Council Reference</b>	<b>CFS77</b>	<b>Site Name</b>	Land East of Premier Lodge Hotel, Main Road, Boreham, Chelmsford, Essex
<b>SLAA Reference</b>	<b>71</b>	<b>Observations</b>	PROW 213_45 From the B1137, by the Police House, in a north-westerly direction to the A12 PROW 213_31 From the main A12 road, north-east of generals, in a south-easterly direction to FP30. Bridleway 45BOR runs through the site. Tree Preservation Order TPO/2014/001 covers group of trees within the site to the south. Grade II listed building CBC/00248 within site. Registered parks and gardens: 1000354 to the South of site. Within buffer zone for 'final stage sand and gravel'
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>0</b>		
<b>Density: (per ha)</b>	<b>35</b>		

Site faces some suitability constraints  
Site performs well against availability criteria  
Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	3: Site has bad neighbours with potential for mitigation
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	Relationship with designated heritage assets.
	Site is potentially suitable but faces some constraints

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 9 - medium, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS84</b>	<b>Site Name</b>	Land East of Two Wishes, Lynfords Drive, Runwell, Wickford, Essex
<b>SLAA Reference</b>	<b>78</b>	<b>Observations</b>	Level site. Adjacent to site: TPO/2006/072, TPO/2002/092, TPO/1997/014, TPO/03/027. Also falls within buffer zone for RAMSAR, SPA & SAC - Crouch & Roach Estuaries (Mid-Essex Coast Phase 3).
<b>Category:</b>	<b>3</b>		
<b>Yield:</b>	<b>0</b>		
<b>Density: (per ha)</b>	<b>35</b>		

Site faces significant suitability constraints  
Site performs well against availability criteria  
Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	Site falls wholly within gas pipeline buffer zone.  Site faces significant suitability constraints

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 8 - small, greenfield, Key Rural Villages (Residential).	

<b>Council Reference</b>	<b>CFS85</b>	<b>Site Name</b>	Land North of Green Acres, Runwell Chase, Runwell, Wickford, Essex
<b>SLAA Reference</b>	<b>79</b>	<b>Observations</b>	Level site. 0.16ha falls within as pipeline buffer zone.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>15</b>		
<b>Density: (per ha)</b>	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 8 - small, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS86</b>	<b>Site Name</b>	Land At Green Acres, Runwell Chase, Runwell, Wickford, Essex
<b>SLAA Reference</b>	<b>80</b>	<b>Observations</b>	Level site.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>9</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	0: Site within 200m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Willing owner - existing dwellinghouse will be vacated prior to any redevelopment	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 8 - small, greenfield, Key Rural Villages (Residential)	

**Council Reference** CFS87 **Site Name** The Anchorage, Runwell Chase, Runwell, Wickford, Essex

**Observations** Level site.

**SLAA Reference** 81

**Category:** 1

**Yield:** 18

**Density:** 35  
(per ha)

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 8 - small, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS89</b>	<b>Site Name</b>	Land North West of Greenacres, Runwell Chase, Runwell, Wickford, Essex
<b>SLAA Reference</b>	<b>83</b>	<b>Observations</b>	Level site.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>40</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 9 - medium, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS92</b>	<b>Site Name</b>	Land South of 4 Glenside Parsonage Lane, Margaretting, Ingatestone, Essex
<b>SLAA Reference</b>	<b>86</b>	<b>Observations</b>	Generally flat site. Site adjacent to Margaretting Conservation Area, on eastern border.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>70</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	3: Some minor constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Typology 9 - medium, greenfield, Key Rural Villages (Residential) for gross to net ratio.	

<b>Council Reference</b>	<b>CFS95</b>	<b>Site Name</b>	Wood Farm, Stock Road, Galleywood, Chelmsford, Essex
<b>SLAA Reference</b>	<b>89</b>	<b>Observations</b>	PROW 299_79: From Stock Road leading south-westwards along the access track for Wood Farm, past FP81. Then north-westwards across the Common, past BR80 and FP47 to London Hill. Width is 3mt. PROW 299_80: From Margaretting Road leading north-eastwards across the strip of Common to meet FP46. Then passing into the field and continuing north-eastwards and then south-eastwards around the northern side of the field. PROW 299_81: From BR79 leading southwards across Galleywood Common to the A12, west of the Stock interchange. PROW 215_55: From Margaretting Road leading south-eastwards beside the northern boundary of the A12, width unspecified. FP 55CFD, 46GAL run along Western edge of site. Bridleway 80GAL runs along Western and Northern boundaries of site. FP 81GAL runs alongside Eastern boundary of site. Local wildlife: Priority Habitat Inventory - Deciduous Woodland (England). Local Wildlife Site: CH61 adjacent to Eastern and Northern boundaries of site; CH60 adjacent to South of site. Galleywood Common Local Nature Reserve adjacent to East, North and West of site.
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>700</b>		
<b>Density: (per ha)</b>	<b>40</b>		

Site faces some suitability constraints  
 Site performs well against availability criteria  
 Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	3: Site partially within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	3: Site partially within an area of Ancient Woodland, Local Wildlife site, Local Nature Reserve, Essex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 7 - large, greenfield, Key Rural Villages Strategic Sites (Mixed use including residential).	

<b>Council Reference</b>	<b>CFS96</b>	<b>Site Name</b>	Land South East of Glebe Farm, Stock Road, Galleywood, Chelmsford, Essex
<b>SLAA Reference</b>	<b>90</b>	<b>Observations</b>	Generally level site. Footpaths: PROW 299_50: From the road on Galleywood Common west of Glebe Farm in an easterly, north-easterly and south-easterly direction to the parish boundary near Five Trees. FP 50GAL runs along Eastern boundary of site. FP 54GAL runs to Eastern boundary of site. Local Wildlife Site: CH61 adjacent to West of site. Galleywood Common Local Nature Reserve adjacent to West of site.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>440</b>		
<b>Density: (per ha)</b>	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	3: Site has bad neighbours with potential for mitigation
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	3: Site partially within an area of Ancient Woodland, Local Wildlife site, Local Nature Reserve, Essex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	Majority of site not subject to the constraints / or they can be satisfactorily mitigated given the size of the site.  Site is highly suitable

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS97</b>	<b>Site Name</b>	Land South of A12 and East of Stock Road, Galleywood, Chelmsford, Essex
<b>SLAA Reference</b>	<b>91</b>	<b>Observations</b>	Level site. Tree Preservation Order TPO/2006/022 adjacent to Western boundary of site. Local Wildlife Site CH65 and CH60 within 100m of site. Galleywood Common Local Nature Reserve Adjacent to Western boundary of site.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>131</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	3: Site has bad neighbours with potential for mitigation
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	3: Site partially within an area of Ancient Woodland, Local Wildlife site, Local Nature Reserve, Essex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential).	

<b>Council Reference</b>	<b>CFS101</b>	<b>Site Name</b>	Land North West of Park and Ride Terminus Woodhill Road Sandon Chelmsford Essex
<b>SLAA Reference</b>	<b>95</b>	<b>Observations</b>	Public Footpath 4SAN crosses the site north/south. Some archaeology present - Site ARCSIT/1430
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>227</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	0: Site is wholly or partially within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	3: Site partially within an area of Ancient Woodland, Local Wildlife site, Local Nature Reserve, Essex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	4: Site is wholly or partially within Flood Zone 2
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	5: Site is in Chelmsford or South Woodham Ferrers Urban Area, or Chelmsford Town Centre Area Action Plan
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential) for gross to net ratio and density.	

<b>Council Reference</b>	<b>CFS108</b>	<b>Site Name</b>	Land West of the Green Man and North of Highwood Road, Edney Common, Chelmsford, Essex
<b>SLAA Reference</b>	<b>102</b>	<b>Observations</b>	Site falls within buffer zone of SSSI - Newney Green Pit. Properties adjacent to the site are listed. Montagues Farmhouse. Grade II listed property. ID number: 1122068 The Old Vicarage. Grade II listed property. ID number: 1172156 Green Man Public House. Grade II listed property. ID number: 1264308. Grade II listed properties CBC/00632 and CBC/00631 adjacent to site.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>53</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential) for gross to net ratio and density.	

<b>Council Reference</b>	<b>CFS109</b>	<b>Site Name</b>	Land East of Four Gables and South of Ongar Road, Highwood, Chelmsford Essex
<b>SLAA Reference</b>	<b>103</b>	<b>Observations</b>	Site falls within buffer zone of SSSI - Newney Green Pit.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>47</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Typology 9 - medium, greenfield, Key Rural Villages (Residential) for gross to net ratio.	

<b>Council Reference</b>	<b>CFS110</b>	<b>Site Name</b>	Land West of Red House, Cooksmill Green, Highwood, Chelmsford, Essex
<b>SLAA Reference</b>	<b>104</b>	<b>Observations</b>	Site falls within buffer zone of SSSI - Newney Green Pit. Grade II listed building CBC/000803 adjacent to East of site.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>111</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential) for gross to net ratio and density.	

<b>Council Reference</b>	<b>CFS111</b>	<b>Site Name</b>	Land North of Hawkin Smiths Farmhouse, Wyse Road, Highwood, Chelmsford, Essex
<b>SLAA Reference</b>	<b>105</b>	<b>Observations</b>	Footpath FP 4HGW runs along Northern boundary of site.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>14</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS112</b>	<b>Site Name</b>	Land North West of Mapletree Works, Brook Lane, Galleywood, Chelmsford
<b>SLAA Reference</b>	<b>106</b>	<b>Observations</b>	Level site. Footpaths include: PROW 299_29: From the road south of Little Seabrights in a south-westerly direction to the road west of Willow Cottage. Bridleway 39GAL runs along Western edge of site.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>120</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS113</b>	<b>Site Name</b>	Land North East of Skeggs Farm, Chelmsford Road, Writtle, Chelmsford, Essex
<b>SLAA Reference</b>	<b>107</b>	<b>Observations</b>	Writtle footpath 30 enters the site from the farm access road east of Writtle Bridge and continues in a north-easterly direction. Approximately 150m into the site, the footpath connects with Writtle footpath 31 which continues east for 200m, before turning north for 130m, and then east again for 320m to join Hatfield Grove on the eastern edge of the built up area of Chelmsford. From where it connects with footpath 31, footpath 30 continues across the site in a north-easterly direction to the parish boundary where it continues in the Borough of Chelmsford as footpath 43. FP 30WRT runs along Northern boundary of site. FP 31WRT cuts through the Southern section of the site. Tree Preservation Order TPO/2008/054 within Southern section of site. Site completely within River Can/Wid Green Wedge. Site falls within 'final stage sand and gravel' buffer zone.
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>404</b>		
<b>Density: (per ha)</b>	<b>35</b>		

Site performs well against suitability criteria  
 Site faces some availability constraints  
 Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	0: Achieving a suitable access is likely to be subject to major constraints
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	3: Site partially within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	4: Site is wholly or partially within Flood Zone 2
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	3: Site is adjacent to Chelmsford or South Woodham Ferrers Urban Area or Chelmsford Town Centre Area Action Plan
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Additional land required to achieve an access to the site.
	Site is potentially available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential).	

<b>Council Reference</b>	<b>CFS118</b>	<b>Site Name</b>	Land West of BAE Systems, West Hanningfield Road, Great Baddow
<b>SLAA Reference</b>	<b>112</b>	<b>Observations</b>	The site is located within the Metropolitan Green Belt. However, it abuts: the designated Urban Area, including residential units off Heycroft Way and The Westerings to the north; and, an allocated Employment Area, comprising the BAE Systems Advanced Technology Centre site (the BAE site) to the east.
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>35</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability criteria  
Site faces some availability constraints  
Site face some achievability constraints

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	3: Site has bad neighbours with potential for mitigation
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	3: Site is adjacent to Chelmsford or South Woodham Ferrers Urban Area or Chelmsford Town Centre Area Action Plan
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Existing uses relocated or site phasing required to bring forward development.
	Site is potentially available

## Achievability

Achievability Details	2: Moderate achievability (cannot be used in first five years)
-----------------------	--

Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Typology 9 - medium, greenfield, Key Rural Villages (Residential) for gross to net ratio. However noise nuisance impacts achievability.

<b>Council Reference</b>	<b>CFS122</b>	<b>Site Name</b>	Land Northwest of Wheelers Hill Roundabout Wheelers Hill Little Waltham Chelmsford Essex
<b>SLAA Reference</b>	<b>116</b>	<b>Observations</b>	Public Bridleway 55LTW adjoining site on southern boundary on Wheelers Hill. Group of Frade II listed buildings around church within Conservation Area to south west of site. Site falls within a 'final stage sand and gravel' buffer zone.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>194</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	3: Site has bad neighbours with potential for mitigation
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential) for gross to net ratio and density.	

<b>Council Reference</b>	<b>CFS123</b>	<b>Site Name</b>	Land South East of Little Belsteads Back Lane Little Waltham Chelmsford Essex
<b>SLAA Reference</b>	<b>117</b>	<b>Observations</b>	Site proposed for Open Space/ Sports Provision. Public Footpath 39LTW Short section of public footpath along southern boundary of site. Site falls within permitted active sand and gravel aea - though this area has been discounted and is not included in the net developable area.
<b>Category:</b>	<b>3</b>		
<b>Yield:</b>	<b>0</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site faces significant suitability constraints  
Site performs well against availability criteria  
Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	3: Site has bad neighbours with potential for mitigation
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	Site is area of open space and is proposed for recreational uses
	Site faces significant suitability constraints

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Typology 9 - medium, greenfield, Key Rural Villages (Residential) for gross to net ratio.	

<b>Council Reference</b>	<b>CFS124</b>	<b>Site Name</b>	Land Opposite Mid Essex Gravel Pits Ltd Essex Regiment Way Little Waltham Chelmsford Essex
<b>SLAA Reference</b>	<b>118</b>	<b>Observations</b>	Site proposed for Open Space/ Sports Provision. Public Footpath 37BRF through site and along western boundary. Adjacent to Essex Wildlife Trust Nature Reserve, Newland Grove, and the site is a wildlife site. Also situated within the Green Wedge. Group TPO/2006/017 covers the site.
<b>Category:</b>	<b>3</b>		
<b>Yield:</b>	<b>0</b>		
<b>Density: (per ha)</b>	<b>35</b>		

Site faces significant suitability constraints  
Site performs well against availability criteria  
Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	3: Site has bad neighbours with potential for mitigation
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	3: Site partially within an area of Ancient Woodland, Local Wildlife site, Local Nature Reserve, Essex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	2: 10% - 25% of site area is within Flood Zone 3a
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	Group TPO covers all the site.
	Site faces significant suitability constraints

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential).	

**Council Reference** CFS126 **Site Name** Brookmans Farm Back Lane Stock Ingatestone

**Observations** Level site. Public Footpath 35STK to south of site.

**SLAA Reference** 120

**Category:** 1

**Yield:** 13

**Density:** 35  
(per ha)

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	0: Site is wholly or partially within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 8 - small, greenfield, Key Rural Villages (Residential)	

**Council Reference** CFS127 **Site Name** Land South of Brookmans Farm Back Lane Stock Ingatestone

**Observations** Level site. Public footpaths 35STK and 37STK along southern and western border.

**SLAA Reference** 121

**Category:** 1

**Yield:** 47

**Density:** 35  
(per ha)

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

**Availability Details** 5: Held by developer / willing owner / public sector

Site identified through submission process - therefore assume willing owner

**Other Availability Considerations**

Site is available

## Achievability

**Achievability Details** 3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)

Site most closely reflects Typology 9 - medium, greenfield, Key Rural Villages (Residential)

<b>Council Reference</b>	<b>CFS129</b>	<b>Site Name</b>	Land South of Writtle and North of the A141 Writtle Chelmsford Essex
<b>SLAA Reference</b>	<b>123</b>	<b>Observations</b>	Public Footpath 70WRT runs north-south across Area A from Lodge Road to A414. Local Wildlife Site: Hylands Park LoW opposite SE corner of area B. East half of B and all of C in Green Wedge. Site falls within buffer zone of SSSI - Newney Green Pit. Area B lies in close proximity to an access drive to Hylands Park (Grade II*)
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>1122</b>		
<b>Density:</b> (per ha)	<b>40</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	0: Site is wholly or partially within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	4: Site is wholly or partially within Flood Zone 2
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary
Other Suitability Considerations	Only small area within Food Zone 2 - developable area proposed is within Floosd Zone 1.
	Site is highly suitable

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 7 - large, greenfield, Key Rural Villages Strategic Sites (Mixed use including residential)	

**Council Reference** CFS133 **Site Name** Land South of 720 Galleywood Road, Chelmsford  
**Observations** Level site.

**SLAA Reference** 127

**Category:** 1

**Yield:** 3

**Density:** 35  
(per ha)

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	3: Site is adjacent to Chelmsford or South Woodham Ferrers Urban Area or Chelmsford Town Centre Area Action Plan
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 8 - small, greenfield, Key Rural Villages (Residential) as it falls within the outer fringe of Chelmsford in the green gap where suburban housing is present.	

<b>Council Reference</b>	<b>CFS134</b>	<b>Site Name</b>	Land South West of Silverwood South Hanningfield Road Rettendon Chelmsford
<b>SLAA Reference</b>	<b>128</b>	<b>Observations</b>	Bridleway 40RET running on eastern boundary. Public Footpath 6RET to north of site. Site falls within buffer zone of SSSI - Hanningfield Reservoir, RAMSAR, SPA & SAC - Crouch & Roach Estuaries (Mid-Essex Coast Phase 3).
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>6</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS135</b>	<b>Site Name</b>	Land north of The Old Coal Yard Little Waltham Chelmsford Essex
<b>SLAA Reference</b>	<b>129</b>	<b>Observations</b>	Site promoted for B1 use. Bridleway 18 BRF close to south of site. Bridleway 38BRF adjacent to west. Opposite Mill House Cottages Grade II Listed. Falls within 'final stage sand and gravel' buffer zone.
<b>Category:</b>	<b>3</b>		
<b>Yield:</b>	<b>0</b>		
<b>Density: (per ha)</b>	<b>35</b>		

Site performs well against suitability criteria  
Site performs well against availability criteria  
Site face significant achievability constraints

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	1: Poor achievability (cannot be used in first ten years)
Site most closely reflects Typology 15 - small, greenfield, District Wide (Managed workspace only)	

<b>Council Reference</b>	<b>CFS136</b>	<b>Site Name</b>	Land south of Cob Cottage Church Road West Hanningfield Chelmsford Essex
<b>SLAA Reference</b>	<b>130</b>	<b>Observations</b>	Public footpath 35WHF along western border of the site. Public footpath 24WHF to north of site. Site falls within buffer zone of SSSI- Hanningfield Reservoir. Site opposite Grade II Listed Church House.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>36</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	3: Some minor constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Typology 9 - medium, greenfield, Key Rural Villages (Residential) for gross to net ratio.	

<b>Council Reference</b>	<b>CFS138</b>	<b>Site Name</b>	Land East of Hallfield House Back Lane Little Waltham Chelmsford
<b>SLAA Reference</b>	<b>132</b>	<b>Observations</b>	Level site. Public footpath 34LTW crosses south west corner of site. Northwestern corner of the site adjoins Little Waltham conservation area. This corner is also the other side of Back Lane to Grade II Listed Little Wallham Hall.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>45</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	3: Some minor constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Typology 9 - medium, greenfield, Key Rural Villages (Residential) for gross to net ratio.	

<b>Council Reference</b>	<b>CFS140</b>	<b>Site Name</b>	Land South East of Merefields Main Road Little Waltham Chelmsford Essex
<b>SLAA Reference</b>	<b>134</b>	<b>Observations</b>	Public Footpath 25LTW along northern boundary and 28LTW running north/south across the site. Tree preservation order TPO/2005/018 adjacent to north east corner of site. Group of Listed Buildings to south of site on Blasford Hill. Site falls within the 'final stage sand and gravel' buffer zone.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>245</b>		
<b>Density: (per ha)</b>	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	4: Site is wholly or partially within Flood Zone 2
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential) for gross to net ratio and density.	

<b>Council Reference</b>	<b>CFS142</b>	<b>Site Name</b>	Land North of Lammas Cottage, High Street, Stock
<b>SLAA Reference</b>	<b>136</b>	<b>Observations</b>	The site lies within the Metropolitan Green Belt. TPO/2001/068 protects trees on south western boundary.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>30</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 9 - medium, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS143</b>	<b>Site Name</b>	Land to the West of Seven Ash Green, Chelmsford
<b>SLAA Reference</b>	<b>137</b>	<b>Observations</b>	Protected trees TPO/1983/035 TPO/2012/003 on north west boundary. Adjoins Essex Wildlife Trust Wildlife Site. Falls within Seven Ash Green Conservation Area. Within buffer zone of RAMSAR / SPA zone.
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>176</b>		
<b>Density: (per ha)</b>	<b>35</b>		

Site faces some suitability constraints  
 Site performs well against availability criteria  
 Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	3: Site partially within an area of Ancient Woodland, Local Wildlife site, Local Nature Reserve, Essex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	4: Site is wholly or partially within Flood Zone 2
AQMA Constraints	0: Site within 200m of an AQMA
Suitability of Location Constraints	3: Site is adjacent to Chelmsford or South Woodham Ferrers Urban Area or Chelmsford Town Centre Area Action Plan
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential) as it falls within the outer fringe of Chelmsford where suburban housing is present.	

<b>Council Reference</b>	<b>CFS144</b>	<b>Site Name</b>	Land East of St Marys Church Church Road Little Baddow Chelmsford Essex
<b>SLAA Reference</b>	<b>138</b>	<b>Observations</b>	Within buffer zone of SSSI - Blake's Wood & Lingwood Common. Church Road is a Protected Lane. Adjacent to St Mary's Churchyard open space. Grade II Listed Little Baddow Hall across the road and Grade I Listed Church adjacent to the site.
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>9</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site faces some suitability constraints  
Site performs well against availability criteria  
Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	3: Site partially within an area of Ancient Woodland, Local Wildlife site, Local Nature Reserve, Essex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	4: Site is wholly or partially within Flood Zone 2
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	Designated heritage assets
	Site is potentially suitable but faces some constraints

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS146</b>	<b>Site Name</b>	Land East of Bowen House Wheelers Hill Little Watham Chelmsford Essex
<b>SLAA Reference</b>	<b>140</b>	<b>Observations</b>	Level site. Public Footpath 55LTWadjacent ot northern boundary. Site falls within 'final stage sand and gravel' buffer zone.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>23</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	3: Site has bad neighbours with potential for mitigation
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	Constraints only affect a small proportion of the site and are therefore likely to be able to be mitigated.
	Site is highly suitable

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Typology 9 - medium, greenfield, Key Rural Villages (Residential) for gross to net ratio.	

<b>Council Reference</b>	<b>CFS147</b>	<b>Site Name</b>	Land at and West of 71 School Road Downham Billericay Essex
<b>SLAA Reference</b>	<b>141</b>	<b>Observations</b>	Protected trees on northern boundary TPO/2005/030 . Grade II Listed cottages adjacent to north east corner of site.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>151</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	3: Site partially within an area of Ancient Woodland, Local Wildlife site, Local Nature Reserve, Essex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	Constraints only affect a relatively small proportion of the overall site area
	Site is highly suitable

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential) for gross to net ratio and density.	

<b>Council Reference</b>	<b>CFS149</b>	<b>Site Name</b>	Land North East of Mole Cottage London Road Chelmsford Essex
<b>SLAA Reference</b>	<b>143</b>	<b>Observations</b>	Site proposed for B1 employment use. Level site. Hylands House and Park is opposite the site although this is across the dual carriageway.
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>0</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability criteria  
Site performs well against availability criteria  
Site face some achievability constraints

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	3: Site partially within an area of Ancient Woodland, Local Wildlife site, Local Nature Reserve, Essex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	2: Moderate achievability (cannot be used in first five years)
-----------------------	--

Site most closely reflects Typology 14 - small, brownfield, Central Chelmsford (B1 Office use only) and Typology 15 - small, greenfield, District Wide (Managed workspace only)

<b>Council Reference</b>	<b>CFS150</b>	<b>Site Name</b>	Land North East of Berwyn Maldon Road Margetting Ingatestone Essex
<b>SLAA Reference</b>	<b>144</b>	<b>Observations</b>	Public Footpath 20MAR runs along southern boundary. Protected trees in north west portion of site TPO/2004/043. Adjacent protected trees TPO/2004/044. Grade II listed The Limes opposite the site.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>79</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Typology 9 - medium, greenfield, Key Rural Villages (Residential) for gross to net ratio.	

<b>Council Reference</b>	<b>CFS153</b>	<b>Site Name</b>	206 and 208 Main Road Broomfield Chelmsford Essex
<b>SLAA Reference</b>	<b>147</b>	<b>Observations</b>	Site proposed for employment uses. Protected trees TPO/2001/055 on site. Grade II Listed Brooklands adjacent to site to south. Local listing to east.
<b>Category:</b>	<b>3</b>		
<b>Yield:</b>	<b>0</b>		
<b>Density: (per ha)</b>	<b>35</b>		

Site faces some suitability constraints  
Site performs well against availability criteria  
Site faces significant achievability constraints

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	3: Site partially within an area of Ancient Woodland, Local Wildlife site, Local Nature Reserve, Essex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	1: Poor achievability (cannot be used in first ten years)
Site most closely reflects Typology 15 - small, greenfield, District Wide (Managed workspace only)	

<b>Council Reference</b>	<b>CFS154</b>	<b>Site Name</b>	Land East of Broomfield Library 180 Main Road Broomfield Chelmsford Essex
<b>SLAA Reference</b>	<b>148</b>	<b>Observations</b>	Level site. Public Footpath 17BRF along southern boundary. Protected trees TPO/2001/055 on site. Grade II Listed Brooklands to north
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>12</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 8 - small, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS162</b>	<b>Site Name</b>	Land Adjacent Sandpit Cottage, Holybread Lane, Little Baddow, Chelmsford
<b>SLAA Reference</b>	<b>156</b>	<b>Observations</b>	Site falls within buffer zone of SSSI - Woodham Walter Common, SSSI - Blake's Wood & Lingwood Common. TPO/2006/078 within site. TPO/1980/012 adjacent to site (western boundary) TPO/2006/032 adjacent to site (northern boundary). Hollybread Wood (Essex local wildlife site) and Ancient and semi-natural woodland adjacent to site on western boundary).
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>8</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	3: Site partially within an area of Ancient Woodland, Local Wildlife site, Local Nature Reserve, Essex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Typology 9 - medium, greenfield, Key Rural Villages (Residential) for gross to net ratio.	

<b>Council Reference</b>	<b>CFS166</b>	<b>Site Name</b>	Land West of Hanbury Road, Chelmsford
<b>SLAA Reference</b>	<b>160</b>	<b>Observations</b>	Site proposed for employment uses given its position adjacent to an existing industrial estate.
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>0</b>		
<b>Density: (per ha)</b>	<b>35</b>		

Site faces some suitability constraints  
Site performs well against availability criteria  
Site faces some achievability constraints

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	3: Site has bad neighbours with potential for mitigation
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	4: Site is wholly or partially within Flood Zone 2
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	3: Site is adjacent to Chelmsford or South Woodham Ferrers Urban Area or Chelmsford Town Centre Area Action Plan
Other Suitability Considerations	Bad neighbour for residential development
	Site is potentially suitable but faces some constraints

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	2: Moderate achievability (cannot be used in first five years)
-----------------------	--

Site most closely reflects Typology 15 - small, greenfield, District Wide (Managed workspace only), 16 medium, greenfield, District Wide (B2 - General Industry only) and 17 medium, greenfield, District Wide (B8 - Storage or Distribution only)

<b>Council Reference</b>	<b>CFS172</b>	<b>Site Name</b>	Land South East Of Southlands Cottages, Runwell Road, Runwell, Wickford, Essex
<b>SLAA Reference</b>	<b>164</b>	<b>Observations</b>	(Also falls within Runswell parish) Footpath 23 RET runs through the site from east to west. Site falls within the buffer zone for SSSI - Crouch & Roach Estuaries, RAMSAR, SPA & SAC - Crouch & Roach Estuaries (Mid-Essex Coast Phase 3). One small type 4 area of potential contamination at the western edge of the site.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>525</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	3: Site has bad neighbours with potential for mitigation
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	0: Site is wholly or partially within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 7 - large, greenfield, Key Rural Villages Strategic Sites (Mixed use including residential). However density reduced to 35dph to reflect other rural village location.	

**Council Reference** CFS174 **Site Name** Land West Of Byfield House, Stock Road, Stock, Ingatestone, Essex

**Observations** TPO 2015/003 adjacent to site.

**SLAA Reference** 166

**Category:** 1

**Yield:** 44

**Density:** 35  
(per ha)

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	
Site is highly suitable	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
Site is available	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 9 - medium, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS175</b>	<b>Site Name</b>	Driving Range And Golf Academy, Crondon Park Golf Club, Stock Road, Stock, Ingatestone, Essex
<b>SLAA Reference</b>	<b>167</b>	<b>Observations</b>	
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>147</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	0: Site wholly within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential).	

**Council Reference** CFS176 **Site Name** Crondon Park Golf Club Barn, Stock Road, Stock, Ingatestone, Essex

**Observations** Listed barn CBC00865 within site, listed house to south CBC 00866.

**SLAA Reference** 168

**Category:** 2

**Yield:** 102

**Density:** 35  
(per ha)

Site faces some suitability constraints  
Site performs well against availability criteria  
Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	0: Site has bad neighbours with no potential for mitigation
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	0: Site wholly within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	3: Site partially within an area of Ancient Woodland, Local Wildlife site, Local Nature Reserve, Essex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	Consideration of heritage assets.
Site is potentially suitable but faces some constraints	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 9 - medium, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS177</b>	<b>Site Name</b>	Land South And North West Of Lynfords Drive, Runwell, Wickford, Essex
<b>SLAA Reference</b>	<b>169</b>	<b>Observations</b>	Site falls completely within gas pipeline area and buffer zone. Extensive TPO 2006/072 to north, Falls within buffer zone of RAMSAR, SPA & SAC - Crouch & Roach Estuaries (Mid-Essex Coast Phase 3).
<b>Category:</b>	<b>3</b>		
<b>Yield:</b>	<b>0</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site faces significant suitability constraints  
Site performs well against availability criteria  
Site face some achievability constraints

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	Gas pipeline and buffer zone
	Site faces significant suitability constraints

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	2: Moderate achievability (cannot be used in first five years)
-----------------------	--

Site most closely reflects Typology 9 - medium, greenfield, Key Rural Villages (Residential). However moderate achievability due to presence of gas pipeline through site.

<b>Council Reference</b>	<b>CFS179</b>	<b>Site Name</b>	Land South Of Hunters Moon, Whites Hill, Stock, Ingatestone, Essex
<b>SLAA Reference</b>	<b>171</b>	<b>Observations</b>	Footpath 235TK on southern boundary and STK on opposite side of road. Site falls within buffer zone for SSSI - Hanningfield Reservoir. CBC/00917 Grade II building to south west of the site.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>8</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 8 - small, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS180</b>	<b>Site Name</b>	Land Adjacent Newells Slades Lane, Galleywood, Chelmsford, Essex
		<b>Observations</b>	Level site. No obvious constraints.
<b>SLAA Reference</b>	<b>172</b>		
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>10</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt

Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 8 - small, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS184</b>	<b>Site Name</b>	Land North West Of Sundayville, Lynfords Drive, Runwell, Wickford, Essex
<b>SLAA Reference</b>	<b>176</b>	<b>Observations</b>	Generally level site. Footpath 10 is present on the edge of the site running from north to south.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>314</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS187</b>	<b>Site Name</b>	Land North South East and West of Pontlands Park Hotel, West Hanningfield Road, Great Baddow, Chelmsford
<b>SLAA Reference</b>	<b>179</b>	<b>Observations</b>	Footpath FP 64GBD crosses the western section of the site. TPO/2012/016 on eastern boundary adjacent to the site and various trees under TPO/2005/026 on adjacent boundary to Pontlands. Site is in view of Grade II listed Pitt Place, Church Street. Potential archaeology as site identified close to the boundary at Pontlands Park. Site falls within gas pipeline and buffer zone. Also falls within 'permitted active sand and gravel' buffer zone.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>448</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	3: Site has bad neighbours with potential for mitigation
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	0: Site is wholly or partially within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	4: Site is wholly or partially within Flood Zone 2
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	3: Site is adjacent to Chelmsford or South Woodham Ferrers Urban Area or Chelmsford Town Centre Area Action Plan
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 7 - large, greenfield, Key Rural Villages Strategic Sites (Mixed use including residential). However density reduced to 35dph to reflect other rural village location	

<b>Council Reference</b>	<b>CFS191</b>	<b>Site Name</b>	Land West of 129 Watchouse Road, Galleywood
<b>SLAA Reference</b>	<b>183</b>	<b>Observations</b>	Footpath 33GAL runs across the site from Beehive Lane to the north to Watchouse Road to the south. Footpath 28GAL runs across the fields to the east of the site and stops at the Watchouse. A protected tree adjacent to the site potentially affected by development is a cedar tree in the front garden of 171 Watchouse Road, TPO/2001/095. New Found Out is a Grade II listed cottage on Watchouse Road to the south east of the site (CBC/00523) and Pipers Cottage and Galleyend on Piper Tye on the other side of Watchouse
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>338</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS192</b>	<b>Site Name</b>	Land on the west side of North Hill, Little Baddow, Chelmsford
<b>SLAA Reference</b>	<b>184</b>	<b>Observations</b>	Footpath 5LBD runs in a west easterly direction just north of the site until it joins North Hill. Footpath 8LBC starts at North Hill and runs to the south of the site and then joins up with Footpath 5LBD to the west of the site at Chelmer Cottage. Site falls within buffer zone of SSSI - Woodham Walter Common, SSSI - Blake's Wood & Lingwood Common. The site is wholly covered by a woodland TPO, TPO/2007/129, that also stretches further north. There are also individual 13 individually protected trees, mainly oak trees but some other varieties as well. They are covered by TPO/2007/129, 2007/092 and TPO/2007/160. Three Grade II listed buildings are located near the site, Coleraines CBC/00646 is located just across North Hill to the east, Poleighs CBC/00065 is located across the road to the north east of the site and Chelmer Cottage CBC/00635 to the north west of the site, 235 m away.
<b>Category:</b>	<b>3</b>		
<b>Yield:</b>	<b>0</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site faces significant suitability constraints  
Site performs well against availability criteria  
Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary
Other Suitability Considerations	Widespread TPO coverage of site.  Site faces significant suitability constraints

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS193</b>	<b>Site Name</b>	1 Wantz Cottage Ship Road West Hanningfield Chelmsford
<b>SLAA Reference</b>	<b>185</b>	<b>Observations</b>	Site falls within buffer zone of SSSI - Hanningfield Reservoir. Little Barns CBC/00922 is a Grade II listed building located immediately to the west of 1 Wantz Cottage.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>1</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

<b>Density:</b> (per ha)	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	4: Site is wholly or partially within Flood Zone 2
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS205</b>	<b>Site Name</b>	Runwell Hall Farm Hoe Lane Rettendon Chelmsford
<b>SLAA Reference</b>	<b>197</b>	<b>Observations</b>	Public footpath, 10RUN, along western site border. Site falls within buffer zone of SSSI - Hanningfield Reservoir. RAMSAR, SPA & SAC - Crouch & Roach Estuaries (Mid-Essex Coast Phase 3). Various TPOs on or adjacent to the site: Woodland TPO/2010/025 on western boundary, Woodland TPO/2010/037 in the south-eastern corner of the site. Also various received and not proceeded with TPOs to the east and south of the site - these are due to the site being former crown land. Essex Local Wildlife Site: Pitfield Shaw and also Ancient Woodland in the western part of the site. Essex Local Wildlife Site: Gorse Wood in the south eastern part of the site. Ancient Woodland Rettendon Shaw on the other side of the A130 accessible from the site over a foot bridge. Grade II Listed Chapel at adjacent Runwell Hospital site, CBC00/984. Also Mill Hill Farmhouse, two Grade II listed buildings to the north of the site, CBC/00971.
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>1270</b>		
<b>Density: (per ha)</b>	<b>40</b>		

Site faces some suitability constraints  
Site performs well against availability criteria  
Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	3: Site has bad neighbours with potential for mitigation
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	3: Site partially within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	3: Site partially within an area of Ancient Woodland, Local Wildlife site, Local Nature Reserve, Essex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 7 - large, greenfield, Key Rural Villages Strategic Sites (Mixed use including residential).	

<b>Council Reference</b>	<b>CFS211</b>	<b>Site Name</b>	Campion Farm, Gutters Lanes, Broomfield, Chelmsford, Essex
<b>SLAA Reference</b>	<b>203</b>	<b>Observations</b>	Limited constraints on this site. Site falls within 'final stage sand and gravel' buffer zone.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>65</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	3: Site is adjacent to Chelmsford or South Woodham Ferrers Urban Area or Chelmsford Town Centre Area Action Plan
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 9 - medium, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS212</b>	<b>Site Name</b>	Land adjacent to Campion Farm Saxon Way Broomfield Chelmsford Essex
<b>SLAA Reference</b>	<b>204</b>	<b>Observations</b>	Site is close to registered park and garden. Some archaeology present from site ARCSIT/1400. Site falls within 'final stage sand and gravel' buffer zone.
<b>Category:</b>	<b>3</b>		
<b>Yield:</b>	<b>189</b>		
<b>Density: (per ha)</b>	<b>50</b>		

Site performs well against suitability criteria  
Site faces significant availability constraints  
Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	3: Site is adjacent to Chelmsford or South Woodham Ferrers Urban Area or Chelmsford Town Centre Area Action Plan
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	In Green Wedge
	Site is unlikely to become available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS213</b>	<b>Site Name</b>	Land North of the A12 East of Southend Road Great Baddow Chelmsford Essex
<b>SLAA Reference</b>	<b>205</b>	<b>Observations</b>	Footpath No's 18WRT, 15WRT, 86WRT, 66WRT and 84WRT all run in close proximity to the surrounding road network north and south of the site. Site falls within buffer zone for SSSI - Newney Green Pit. Bulimers Farmhouse is adjoining the proposed site to the SE. Grade II listed building CBC/00169.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>250</b>		
<b>Density: (per ha)</b>	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS214</b>	<b>Site Name</b>	Land South of Ongar Road and West of Highwood Road, Writtle, Chelmsford
<b>SLAA Reference</b>	<b>206</b>	<b>Observations</b>	Footpath No 84WRT runs N/S through the site. This joins onto the wider footpath network to the south of the site. Site falls within buffer zone of SSSI - Newney Green Pit.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>77</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature Reserve Essex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 9 - medium, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS215</b>	<b>Site Name</b>	Land North East of Spread Eagle, Church Lane, Great Waltham, Chelmsford
<b>SLAA Reference</b>	<b>207</b>	<b>Observations</b>	Footpath GTW98: From the Spread Eagle (PH) in a northerly direction to bridleway 49GTW to the North. Footpath GTW86: From its junction with bridleway GTW south-east and south-west crossing footpath 30, to the road east of Poulter's Farm. Footpath GTW30: From its junction with bridleway 49GTW in a south-easterly direction to the road south of Hartford Road. Heritage assets: Little Owls, Church Lane to the West of the site. Grade 11 listed CBC/00570 listing ref 1/209.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>415</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 7 - large, greenfield, Key Rural Villages Strategic Sites (Mixed use including residential). However density reduced to 35dph to reflect other rural village location	

<b>Council Reference</b>	<b>CFS217</b>	<b>Site Name</b>	Land East of Home Pastures, Main Road, Ford End, Chelmsford
<b>SLAA Reference</b>	<b>209</b>	<b>Observations</b>	Bridleway 107GTW runs through the site E/W. Bridleway 49GTW runs along the East boundary and joins up with Bridleway 107GTW in the SE corner of the site.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>92</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential) for gross to net ratio and density.	

**Council Reference** CFS218 **Site Name** Land North of Hilltop, Southend Road, Howe Green, Chelmsford

**Observations** TPO/2014/013 on land to the SW corner of the site.

**SLAA Reference** 210

**Category:** 3

**Yield:** 0

**Density:** 30  
(per ha)

Site faces significant suitability constraints  
Site performs well against availability criteria  
Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary
Other Suitability Considerations	TPO covers the site.
	Site faces significant suitability constraints

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential).	

<b>Council Reference</b>	<b>CFS219</b>	<b>Site Name</b>	Land North of Cricketers Close, Broomfield, Chelmsford
<b>SLAA Reference</b>	<b>211</b>	<b>Observations</b>	Level site. TPO Polygons TPO/2001/037, TPO/2000/036 & TPO/2001/129. Group TPOs TPO/2000/006, TPO/2011/15, TPO/2011/16 & TPO/2001/037 all in the SW corner of the site or immediately adjacent to site boundary. Butlers, 286 Main Road, Broomfield is Grade II Listed Building CBC/00281 Listing Ref 25/42. Archaeology site ARCSIT/1880 to the northern boundary of the site.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>202</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	4: Site is wholly or partially within Flood Zone 2
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Developer interest
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential)	

**Council Reference** CFS220 **Site Name** Land North East of Hands Farm Cottages, Radley Green Road, Highwood

**Observations** Footpaths 4HGW & 5HGW run in close proximity to the North and South boundaries of the site.

**SLAA Reference** 212

**Category:** 2

**Yield:** 9

**Density:** 30  
(per ha)

Site performs well against suitability criteria

Site faces some availability constraints

Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site acquired by the parish Council for the purpose of use as allotments. May require SoS approval for disposal of the land. Site is potentially available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential).	

**Council Reference** CFS221 **Site Name** Land West of Greenfield, Highwood Road, Edney Common, Chelmsford

**Observations** Level site

**SLAA Reference** 213

**Category:** 2

**Yield:** 5

**Density:** 30  
(per ha)

Site performs well against suitability criteria  
Site faces some availability constraints  
Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site acquired by the parish Council for the purpose of use as allotments. May require SoS approval for disposal of the land. Site is potentially available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential)	

<b>Council Reference</b>	<b>CFS224</b>	<b>Site Name</b>	Chenwill, Links Drive, Chelmsford
<b>SLAA Reference</b>	<b>216</b>	<b>Observations</b>	Group TPO/2006/0006 on Northern boundary. Very small part of site within Urban Area Boundary, the rest within Green Belt.
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>3</b>		
<b>Density: (per ha)</b>	<b>65</b>		

Site performs well against suitability criteria  
 Site performs well against availability criteria  
 Site faces some achievability constraints

## Suitability Criteria

Access Infrastructure Constraints	3: Some minor constraints to achieving a suitable access
Bad Neighbour Constraints	3: Site has bad neighbours with potential for mitigation
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	3: Site is adjacent to Chelmsford or South Woodham Ferrers Urban Area or Chelmsford Town Centre Area Action Plan
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	2: Moderate achievability (cannot be used in first five years)
Site most closely reflects Typology 5 - Small, greenfield site,Urban Area (Residential)	

<b>Council Reference</b>	<b>CFS226</b>	<b>Site Name</b>	Field Rear of Telephone Exchange, Church Street, Great Baddow, Chelmsford
<b>SLAA Reference</b>	<b>218</b>	<b>Observations</b>	Group TPO 2007/081 covers a large amount of trees on site. Pitt Place Church, Grade II Listed on the the opposite side of the Church Street to the South of site CBC/00555 Listing Ref 32/144.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>97</b>		
<b>Density: (per ha)</b>	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	3: Site has bad neighbours with potential for mitigation
Ground Condition Constraints	0: Treatment expected to be required on the majority of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	3: Site is adjacent to Chelmsford or South Woodham Ferrers Urban Area or Chelmsford Town Centre Area Action Plan
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential) for gross to net ratio and density.	

<b>Council Reference</b>	<b>CFS227</b>	<b>Site Name</b>	Land South West of Rettendon Place Farm, Main Road, Rettendon
<b>SLAA Reference</b>	<b>219</b>	<b>Observations</b>	Public right of way 21RET runs along the eastern boundary. Falls within buffer zone for SSSI - Crouch & Roach Estuaries, RAMSAR, SPA & SAC - Crouch & Roach Estuaries (Mid-Essex Coast Phase 3). Group TPO/2002/92 and TPO/97/014 adjacent to north west most corner boundary. Granary, Rettendon Place, Main Road Grade 2 Listed Building to north east of site CBC/00764, Listing reference 19/10003. All Saint's Church, Church Chase, Grade 2 Listed to north east of site, Listing reference 19/429.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>146</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	3: Site has bad neighbours with potential for mitigation
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential) for gross to net ratio and density.	

<b>Council Reference</b>	<b>CFS228</b>	<b>Site Name</b>	Land North West of Rettendon Turnpike, Rettendon, Chelmsford
<b>SLAA Reference</b>	<b>220</b>	<b>Observations</b>	Public right of way 21RET runs along the eastern boundary. Site falls within gas pipeline buffer zone.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>68</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Typology 9 - medium, greenfield, Key Rural Villages (Residential) for gross to net ratio.	

<b>Council Reference</b>	<b>CFS229</b>	<b>Site Name</b>	Land East of A130 and North West of Runwell Road, Rettendon
<b>SLAA Reference</b>	<b>221</b>	<b>Observations</b>	Public right of way 21RET runs along the eastern boundary. Site falls within buffer zone for SSSI - Crouch & Roach Estuaries, RAMSAR, SPA & SAC - Crouch & Roach Estuaries (Mid-Essex Coast Phase 3).
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>7</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	3: Site has bad neighbours with potential for mitigation
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Typology 9 - medium, greenfield, Key Rural Villages (Residential) for gross to net ratio.	

<b>Council Reference</b>	<b>CFS230</b>	<b>Site Name</b>	Land North West of Hillminster, Hawk Hill, Rettendon, Wickford
<b>SLAA Reference</b>	<b>222</b>	<b>Observations</b>	TPO/2001/078 covers the whole site.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>0</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	3: Site has bad neighbours with potential for mitigation
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Typology 9 - medium, greenfield, Key Rural Villages (Residential) for gross to net ratio.	

<b>Council Reference</b>	<b>CFS231</b>	<b>Site Name</b>	Land South of Burnham Road, Battlesbridge, Wickford
<b>SLAA Reference</b>	<b>223</b>	<b>Observations</b>	Public rights of way 26RET and 24RET run North/South and 26RET runs along Southern boundary. Site falls within buffer zones of SSSI - Crouch & Roach Estuaries, RAMSAR, SPA & SAC - Crouch & Roach Estuaries (Mid-Essex Coast Phase 3). Group TPO/2001/078 along west boundary. Coastal Protection Belt adjoins southern boundary.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>108</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	3: Site has bad neighbours with potential for mitigation
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential) for gross to net ratio and density.	

<b>Council Reference</b>	<b>CFS233</b>	<b>Site Name</b>	Land South East of Rettendon Place, Main Road, Rettendon, Chelmsford
<b>SLAA Reference</b>	<b>225</b>	<b>Observations</b>	Footpath 19RET runs along the northern boundary. Footpath 42RET runs along the East boundary, these both meet Footpath 21RET in the North East corner boundary. Site falls within buffer zone for SSSI - Crouch & Roach Estuaries, RAMSAR, SPA & SAC - Crouch & Roach Estuaries (Mid-Essex Coast Phase 3). TPO/58/010 along south east boundary. TPO/19/064 to southern boundary, TPO/1976/031 touches southern boundary.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>554</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 7 - large, greenfield, Key Rural Villages Strategic Sites (Mixed use including residential). However density reduced to 35dph to reflect other rural village location.	

<b>Council Reference</b>	<b>CFS234</b>	<b>Site Name</b>	Land North East of Rettendon Turnpike, Rettendon, Chelmsford
<b>SLAA Reference</b>	<b>226</b>	<b>Observations</b>	Footpath 22RET runs diagonally across the site SE to NW. Site falls within SSSI - Crouch & Roach Estuaries, RAMSAR, SPA & SAC - Crouch & Roach Estuaries (Mid-Essex Coast Phase 3).
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>197</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential) for gross to net ratio and density.	

<b>Council Reference</b>	<b>CFS235</b>	<b>Site Name</b>	Rembrandt House Blasford Hill Little Waltham Chelmsford Essex
<b>SLAA Reference</b>	<b>227</b>	<b>Observations</b>	Group TPO/2011/006 to the west boundary. Site falls within 'final stage sand and gravel' buffer zone.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>7</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential).	

<b>Council Reference</b>	<b>CFS236</b>	<b>Site Name</b>	Land North West of Sundayville, Lynfords Drive, Runwell, Wickford
<b>SLAA Reference</b>	<b>228</b>	<b>Observations</b>	Footpath 10RUN runs the length of the site North/South. Site falls within buffer zone of RAMSAR, SPA & SAC - Crouch & Roach Estuaries (Mid-Essex Coast Phase 3). TPO/2006/072, TPO/2008/064, TPO/2002/092, TPO/1997/014, TPO/03/027 and TPO/2008/110 all on land adjacent to the northern boundary.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>319</b>		
<b>Density: (per ha)</b>	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential).	

**Council Reference** CFS237 **Site Name** Meapswood, Park Lane, Ramsden Heath, Billericay, Essex

**Observations** Site falls within buffer zone of SSSI - Norsey Wood.

**SLAA Reference** 229

**Category:** 1

**Yield:** 12

**Density:** 30  
(per ha)

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
Site is available	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential).	

<b>Council Reference</b>	<b>CFS238</b>	<b>Site Name</b>	Parklands West Hanningfield Road, Great Baddow, Chelmsford, Essex
<b>SLAA Reference</b>	<b>230</b>	<b>Observations</b>	Level site.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>4</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	3: Site is adjacent to Chelmsford or South Woodham Ferrers Urban Area or Chelmsford Town Centre Area Action Plan
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential).	

<b>Council Reference</b>	<b>CFS240</b>	<b>Site Name</b>	Land between Windsor Road and Oak Road, Downham Road, Ramsden Heath, Billericay
<b>SLAA Reference</b>	<b>232</b>	<b>Observations</b>	Bridleway 57SHF runs adjacent to the eastern boundary. Site falls within buffer zone for SSSI - Hanningfield Reservoir.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>9</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential).	

<b>Council Reference</b>	<b>CFS261</b>	<b>Site Name</b>	Sandford Mill Water Works, Sandford Mill, Springfield, Chelmsford
<b>SLAA Reference</b>	<b>243</b>	<b>Observations</b>	Footpath 2GBD is positioned just outside the western boundary. Footpath 18SPR is close to the northern boundary of the site. Within Chelmer and Blackwater Navigation conservation area.
<b>Category:</b>	<b>3</b>		
<b>Yield:</b>	<b>0</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site faces significant suitability constraints  
 Site faces some availability constraints  
 Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	0: Site is wholly or partially within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	3: Site partially within an area of Ancient Woodland, Local Wildlife site, Local Nature Reserve, Essex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	0: Over 50% of site area is within Flood Zone 3a
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Subject to relocation of Museum Residential dwelling (service tenancy)
	Site is potentially available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential) for gross to net ratio and density.	

<b>Council Reference</b>	<b>CFS265</b>	<b>Site Name</b>	Galleywood Hall, 279 Beehive Lane, Great Baddow
<b>SLAA Reference</b>	<b>247</b>	<b>Observations</b>	Footpath 16GBD runs through northern boundary. TPO/2004/007 on site.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>23</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	3: Site is adjacent to Chelmsford or South Woodham Ferrers Urban Area or Chelmsford Town Centre Area Action Plan
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Typology 9 - medium, greenfield, Key Rural Villages (Residential) for gross to net ratio.	

<b>Council Reference</b>	<b>CFS268</b>	<b>Site Name</b>	Land on the South side of Woodham Road, Battlesbridge, Wickford
<b>SLAA Reference</b>	<b>250</b>	<b>Observations</b>	Footpath 25RET runs through western side of site. Site falls within buffer zone for SSSI - Crouch & Roach Estuaries, RAMSAR, SPA & SAC - Crouch & Roach Estuaries (Mid-Essex Coast Phase 3). Adjacent to the site is High House Farm - Grade II listed.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>46</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Typology 9 - medium, greenfield, Key Rural Villages (Residential) for gross to net ratio.	

<b>Council Reference</b>	<b>CFS269</b>	<b>Site Name</b>	Land between Highview and High House Farm, Woodham Road, Battlesbridge
<b>SLAA Reference</b>	<b>251</b>	<b>Observations</b>	Footpath 25RET runs through western side of site. High House Farm (Grade II listed) is adjacent to the site.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>71</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Typology 9 - medium, greenfield, Key Rural Villages (Residential) for gross to net ratio.	

<b>Council Reference</b>	<b>CFS270</b>	<b>Site Name</b>	Land South East of High House Farm, Woodham Road, Battlesbridge
<b>SLAA Reference</b>	<b>252</b>	<b>Observations</b>	Footpath 26RET rund through western side of site. Falls within buffer zone for SSSI - Crouch & Roach Estuaries, RAMSAR, SPA & SAC - Crouch & Roach Estuaries (Mid-Essex Coast Phase 3). High House Farm (Grade II listed) is adjacent to the site.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>145</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Site most closely reflects Typology 10 - large, greenfield, Key Rural Villages (Residential) for gross to net ratio and density.	

<b>Council Reference</b>	<b>CFS271</b>	<b>Site Name</b>	Land between Highview and High House Farm, Woodham Road, Battlesbridge
<b>SLAA Reference</b>	<b>253</b>	<b>Observations</b>	Footpath 26RET rund through western side of site. Falls within buffer zone for SSSI - Crouch & Roach Estuaries, RAMSAR, SPA & SAC - Crouch & Roach Estuaries (Mid-Essex Coast Phase 3). High House Farm (Grade II listed) is adjacent to the site.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>24</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Typology 9 - medium, greenfield, Key Rural Villages (Residential) for gross to net ratio.	

<b>Council Reference</b>	<b>CFS272</b>	<b>Site Name</b>	Land North East of 148 The Street, Little Waltham
<b>SLAA Reference</b>	<b>254</b>	<b>Observations</b>	Western boundary of site adjacent to Little Waltham Conservation Area.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>28</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential) for location and Typology 9 - medium, greenfield, Key Rural Villages (Residential) for gross to net ratio.	

<b>Council Reference</b>	<b>CFS283</b>	<b>Site Name</b>	Land south of Sheepcotes Roundabout, Little Waltham, Chelmsford
<b>SLAA Reference</b>	<b>265</b>	<b>Observations</b>	Level site.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>417</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	3: Site has bad neighbours with potential for mitigation
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	0: Site is wholly or partially within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	
	Site is available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 7 - large, greenfield, Key Rural Villages Strategic Sites (Mixed use including residential). However density reduced to 35dph to reflect other rural village location	

<b>Council Reference</b>	<b>15SLAA 4</b>	<b>Site Name</b>	Land At Margaretting Service Station, Main Road, Margaretting, Ingatestone, Essex
<b>SLAA Reference</b>	<b>318</b>	<b>Observations</b>	TPO/2004/044 two points within the site.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>17</b>		
<b>Density:</b> (per ha)	<b>40</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 8 - small, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>15SLAA 12</b>	<b>Site Name</b>	Land East Of The Green Man, Main Road, Howe Street, Chelmsford
<b>SLAA Reference</b>	<b>326</b>	<b>Observations</b>	Grade 2 Listed Green Man Pub adjacent to west of site.
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>18</b>		
<b>Density: (per ha)</b>	<b>35</b>		

Site faces some suitability constraints  
Site performs well against availability criteria  
Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	2: 10% - 25% of site area is within Flood Zone 3a
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary
Other Suitability Considerations	Grade 2 Listed building CBC/00211, Green Man Pub adjacent to west of site
	Site is potentially suitable but faces some constraints

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential)	

<b>Council Reference</b>	<b>15SLAA 27</b>	<b>Site Name</b>	Land North Of Avondale, Castledon Road, Downham, Billericay, Essex
<b>SLAA Reference</b>	<b>338</b>	<b>Observations</b>	
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>3</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential)	

<b>Council Reference</b>	<b>15SLAA 35</b>	<b>Site Name</b>	Hillview, Meadow Lane, Runwell, Wickford, Essex
<b>SLAA Reference</b>	<b>346</b>	<b>Observations</b>	FP 7RUN runs along western boundary of site. Site falls within buffer zone of SSSI, RAMSAR Site and Special Protection Area - Crouch and Roach Estuaries.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>15</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 9 - medium, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>15SLAA 37</b>	<b>Site Name</b>	Land Adjacent, 112 Brook Lane, Galleywood, Chelmsford
<b>SLAA Reference</b>	<b>348</b>	<b>Observations</b>	
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>18</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 9 - medium, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>15SLAA 38</b>	<b>Site Name</b>	Land South East Of 148 Mill Road, Stock, Ingatestone
<b>SLAA Reference</b>	<b>349</b>	<b>Observations</b>	TPO/2015/025 within site. Site falls within SSSI buffer zone - Hanningfield Reservoir.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>10</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 9 - medium, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>15SLAA 39</b>	<b>Site Name</b>	Dowsett Farm, Dowsett Lane, Ramsden Heath, Billericay, Essex
<b>SLAA Reference</b>	<b>350</b>	<b>Observations</b>	FP 4SHF runs along northern boundary of site. Site falls within buffer zone of SSSIs - Hanningfield Reservoir and Norsey Wood. Grade 2 listed The Cottage adjacent to east of site.
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>123</b>		
<b>Density:</b> (per ha)	<b>35</b>		

Site faces some suitability constraints  
Site performs well against availability criteria  
Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	Grade 2 listed The Cottage CBC/00840 adjacent to east of site.
	Site is potentially suitable but faces some constraints

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential)	

<b>Council Reference</b>	<b>15SLAA 44</b>	<b>Site Name</b>	Land Rear Of 22 Downham Road, Ramsden Heath, Billericay, Essex
<b>SLAA Reference</b>	<b>355</b>	<b>Observations</b>	FP 14SHF runs through centre of site from Church Road heading eastward, then south eastward. Site falls within buffer zone of SSSI - Hanningfield Reservoir.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>221</b>		
<b>Density: (per ha)</b>	<b>35</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Site identified through submission process - therefore assume willing owner	
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential)	

<b>Council Reference</b>	17SLAA 5	<b>Site Name</b>	Field At Crondon Park Lane, Stock, Ingatestone, Essex
<b>SLAA Reference</b>	365	<b>Observations</b>	PROW 235_7 runs through the site. PROW 235_46 runs to the north west corner of the site. TPO/2009/042 adjacent to west of site. Swan Wood LoWs and Ancient Woodland adjacent to west of site. Grade 2 Listed Greenwoods Estate adjacent to south of site. Stock Conservation Area adjacent to south of site.
<b>Category:</b>	2		
<b>Yield:</b>	225		
<b>Density: (per ha)</b>	35		

Site faces some suitability constraints  
Site performs well against availability criteria  
Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	Grade 2 Listed Greenwoods Estate adjacent to south of site. Stock Conservation Area adjacent to south of site.  Site is potentially suitable but faces some constraints

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology	10 - large, greenfield, Key Rural Villages (Residential)

<b>Council Reference</b>	<b>17SLAA 6</b>	<b>Site Name</b>	Land South Of Mill View, Blasford Hill, Chelmsford, Essex
<b>SLAA Reference</b>	<b>366</b>	<b>Observations</b>	
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>2</b>		
<b>Density:</b> (per ha)	<b>40</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	0: Site is wholly or partially within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary

Other Suitability Considerations

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
----------------------	--

Other Availability Considerations

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 8 - small, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>17SLAA 9</b>	<b>Site Name</b>	Rembrandt House, Blasford Hill, Little Waltham, Chelmsford, Essex
<b>SLAA Reference</b>	<b>368</b>	<b>Observations</b>	TPO/2011/006 within site. TPO/2010/027 adjacent to southern boundary of site.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>15</b>		
<b>Density:</b> (per ha)	<b>40</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 8 - small, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>17SLAA 13</b>	<b>Site Name</b>	Land North East Of Skeggs Farm, Chelmsford Road, Writtle, Chelmsford, Essex
<b>SLAA Reference</b>	<b>372</b>	<b>Observations</b>	PROWs across land to the south of Lodge Road and land to the east of Beeches Road, footpath numbers: 238_30, 238_31 238_70. PROW 215_43 runs to north east corner of site. TPO/2008/051, TPO/2008/031 within site. TPO/2008/054 adjacent to east of site. Writtle Bridge Meadows LoWs within and adjacent to site. Writtle Conservation Area adjacent to western boundary of the site.
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>1264</b>		
<b>Density:</b> (per ha)	<b>40</b>		

Site faces some suitability constraints  
Site performs well against availability criteria  
Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	3: Site partially within an area of Ancient Woodland, Local Wildlife site, Local Nature Reserve, Essex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	2: 10% - 25% of site area is within Flood Zone 3a
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	3: Site is adjacent to Chelmsford or South Woodham Ferrers Urban Area or Chelmsford Town Centre Area Action Plan
Other Suitability Considerations	Writtle Conservation Area adjacent to western boundary of the site.
	Site is potentially suitable but faces some constraints

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 6 - large, greenfield site, Chelmsford Outer Fringe (Mixed use including residential)	

<b>Council Reference</b>	<b>17SLAA 15</b>	<b>Site Name</b>	Land North West Of Eagle Villas, Main Road, Ford End, Chelmsford, Essex
<b>SLAA Reference</b>	<b>374</b>	<b>Observations</b>	Entire site designated as Open Space. Grade 2 Listed St Johns Church opposite north of site. Grade 2 Listed Little Owls opposite north east of site.
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>30</b>		
<b>Density: (per ha)</b>	<b>30</b>		

Site faces some suitability constraints  
 Site faces some availability constraints  
 Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	0: Site wholly within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary
Other Suitability Considerations	Grade 2 Listed St Johns Church opposite north of site. Grade 2 Listed Little Owls opposite north east of site.  Site is potentially suitable but faces some constraints

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Other Availability Considerations	Existing car park is leased - to be relocated or preserved in any application.  Site is potentially available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential)	

<b>Council Reference</b>	<b>17SLAA 16</b>	<b>Site Name</b>	Land North West Of The Spread Eagle, Main Road, Margaretting, Ingatestone, Essex
<b>SLAA Reference</b>	<b>375</b>	<b>Observations</b>	PROW 226_18 runs through site. TPO/2004/042 multiple points adjacent to western boundary of site. LoWs Oak Stables Meadow adjacent to west of site. Site is adjacent to Margaretting Conservation Area.
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>109</b>		
<b>Density:</b> (per ha)	<b>30</b>		

Site faces some suitability constraints  
Site performs well against availability criteria  
Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	2: Site is adjacent to a Defined Settlement Boundary
Other Suitability Considerations	Site is adjacent to Margaretting Conservation Area.  Site is potentially suitable but faces some constraints

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential)	

<b>Council Reference</b>	17SLAA 17	<b>Site Name</b>	Field 2284 South Of Maltings Road, Battlesbridge, Wickford, Essex
<b>SLAA Reference</b>	376	<b>Observations</b>	Site falls within buffer zone of SSSI, Special Protection Area and RAMSAR Site - Crouch and Roach Estuaries. Site falls within Coastal Protection Belt. Battlesbridge Conservation Area partly within site and adjacent to western boundary.
<b>Category:</b>	3		
<b>Yield:</b>	0		
<b>Density: (per ha)</b>	30		

Site faces significant suitability constraints  
 Site faces some availability constraints  
 Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	0: Over 50% of site area is within Flood Zone 3a
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	Battlesbridge Conservation Area partly within site and adjacent to western boundary.

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Other Availability Considerations	Entire site not within promoter's control. Existing uses need to vacate the site. Site is potentially available

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 11 - small, greenfield, Other Rural Villages (Residential)	

<b>Council Reference</b>	<b>17SLAA 18</b>	<b>Site Name</b>	Lathcoats Farm Shop, Beehive Lane, Great Baddow, Chelmsford
<b>SLAA Reference</b>	<b>377</b>	<b>Observations</b>	Grade 2 Listed Lathcoats adjacent to site.
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>479</b>		
<b>Density: (per ha)</b>	<b>60</b>		

Site faces some suitability constraints  
Site performs well against availability criteria  
Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	3: Site is adjacent to Chelmsford or South Woodham Ferrers Urban Area or Chelmsford Town Centre Area Action Plan
Other Suitability Considerations	Grade 2 Listed Lathcoats adjacent to site.
	Site is potentially suitable but faces some constraints

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 7 - large, greenfield, Key Rural Villages Strategic Sites (Mixed use including residential)	

<b>Council Reference</b>	<b>17SLAA 19</b>	<b>Site Name</b>	Land East Of Broomfield Library, 180 Main Road, Broomfield, Chelmsford
<b>SLAA Reference</b>	<b>378</b>	<b>Observations</b>	PROW 214_17 runs adjacent to the southern site boundary. TPO/2001/055 within and adjacent to site. Grade 2 Listed Brooklands house is situated to the north of the site.
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>17</b>		
<b>Density:</b> (per ha)	<b>40</b>		

Site faces some suitability constraints  
Site performs well against availability criteria  
Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	5: Site is within flood zone 1
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	Grade 2 Listed Brooklands house is situated to the north of the site.
	Site is potentially suitable but faces some constraints

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 8 - small, greenfield, Key Rural Villages (Residential)	

<b>Council Reference</b>	<b>17SLAA 28</b>	<b>Site Name</b>	Land East Of Runwell Chase, Runwell, Wickford
<b>SLAA Reference</b>	<b>387</b>	<b>Observations</b>	TPO/2009/036, TPO/2014/006, TPO/2007/163, TPO/2009/38 within site. TPO/2007/164 within and adjacent to site. Site falls within buffer zone of SSSI, Special Protection Area and RAMSAR Site - Crouch and Roach Estuaries. High pressure gas pipeline and buffer zone within site.
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>703</b>		
<b>Density: (per ha)</b>	<b>60</b>		

Site faces some suitability constraints  
 Site performs well against availability criteria  
 Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	3: Site has bad neighbours with potential for mitigation
Ground Condition Constraints	3: Treatment expected to be required on part of the site
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	4: Site is wholly or partially within Flood Zone 2
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	0: Site is outside of any Defined Settlement Boundary or Town/ City/ Urban area in the countryside
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 7 - large, greenfield, Key Rural Villages Strategic Sites (Mixed use including residential)	

<b>Council Reference</b>	<b>18SLAA 1</b>	<b>Site Name</b>	Land North East Of Pemberton Lodge, 61 Brook End Road North Springfield, Chelmsford, Essex
<b>SLAA Reference</b>	<b>392</b>	<b>Observations</b>	High pressure gas pipeline and buffer within site.
<b>Category:</b>	<b>1</b>		
<b>Yield:</b>	<b>16</b>		
<b>Density:</b> (per ha)	<b>65</b>		

Site performs well against suitability, availability and achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	0: Site is wholly or partially within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
Impact on Locally Protected Natural Features	5: Site not within an area of Ancient Woodland, Local Wildlife site, Local Nature ReserveEssex Wildlife Site or Coastal Protection Belt
Flood Risk Constraints	4: Site is wholly or partially within Flood Zone 2
AQMA Constraints	5: Site not within 800m of an AQMA
Suitability of Location Constraints	5: Site is in Chelmsford or South Woodham Ferrers Urban Area, or Chelmsford Town Centre Area Action Plan
Other Suitability Considerations	

## Availability Criteria

Availability Details	5: Held by developer / willing owner / public sector
Other Availability Considerations	

## Achievability

Achievability Details	3: Good achievability (could be used in five year supply but site is in the Green Belt/Green Wedge/Green Corridor so is currently a discounted site - see Appendix 5)
Site most closely reflects Typology 5 - Small, greenfield site, Urban Area (Residential)	

<b>Council Reference</b>	<b>18SLAA 5</b>	<b>Site Name</b>	Gay Bowers Farm, Bakers Lane, West Hanningfield, Chelmsford, Essex
<b>SLAA Reference</b>	<b>396</b>	<b>Observations</b>	Footpaths 59GAL, 53GAL, 4WHF and 2WHF run through site. Footpath 57GAL runs along northern boundary of site. Footpath 50GAL runs to northern boundary of site. TPO/2006/044 adjacent to south of site. TPO/1985/017 opposite north of site. Temple Grove LOWS and Ancient Woodland adjacent to south of site.
<b>Category:</b>	<b>2</b>		
<b>Yield:</b>	<b>139</b>		
<b>Density: (per ha)</b>	<b>30</b>		

Site performs well against suitability criteria  
Site faces some availability constraints  
Site performs well against achievability criteria

## Suitability Criteria

Access Infrastructure Constraints	5: No known constraints to achieving a suitable access
Bad Neighbour Constraints	5: Site has no bad neighbours
Ground Condition Constraints	5: Treatment not expected to be required
Mineral Constraints	5: Site does not fall within an identified Mineral Safeguarding Area
Impact on Areas of Defined Open Space	5: Site not within an area defined as Public Open Space or 'Other' Green Space
