

Cabinet – 14 March 2023

## PUBLIC QUESTIONS AND STATEMENTS

1) Mr D

I'm here to speak in support of the Great Leighs masterplan on behalf of the consortium of landowners and developers. The masterplan is the culmination of a great deal of detailed design and technical work which has been undertaken over the past 12 months. The final proposals have been developed working closely with both council and county level officers. There has also been extensive engagement more widely, involving key local stakeholders and members of the public. Therefore, we are very pleased that officers and the Policy Board endorse the masterplan and we hope the Cabinet will also approve its content, thereby enabling us to move forward to planning application stage, and bring forward the delivery of new homes, community facilities and infrastructure improvements for Great Leighs and beyond.
