1. Introduction

- 1.1 This report sets out the summary of the financial position for the South Essex Parking Partnership for the period covering 1st April 2025 to 9th June 2025.

2. Financial summary

- 2.1 Appendix 1 provides details of the actual costs incurred and income received, and is currently showing a surplus of £127,750 for SEPP and a deficit of £77,757 for the TRO account, on a cash basis for the financial year to the 9th June 2025 before taking into account items funded from the Reserve. This results in an overall surplus position for the Partnership including the TRO account of £49,993.

Looking at a comparison between this year and last year (April to May), and PCN income in particular, the Partnership received a total of £254,298 in 25/26, whereas in 24/25 the Partnership over the same period (April to May) received £249,342. At this early point in the year, it is difficult to say where PCN levels will be for year end, but early indications are that income could be at broadly the same level as achieved in 24/25.

- 2.2 There has not been any spend from reserves to date for 25/26

Whilst most costs reflect actual spend, where this is not specifically identifiable against an individual authority, the figures have been allocated based on the previously agreed method of allocation within the Annual Business Plan, and show the position for each Partner over the 1st April 2025 to 9th June 2025 period. For example, central support is not allocated across the Partnership until the end of the financial year, and so a pro-rata up to the date mentioned above has been included.
