

Extraordinary Council Meeting Agenda

Wednesday, 22 September 2021 at 7pm

Hylands Pavilion, Hylands House,
Chelmsford CM2 8WQ

MEMBERSHIP

The Mayor – Councillor Jude Deakin
The Deputy Mayor – Councillor Linda Mascot

and Councillors

R H Ambor, L Ashley, H Ayres, K Bentley, M W Bracken,
N B Chambers, D J R Clark, P H Clark, W A Daden,
A E Davidson, C K Davidson, S M Dobson,
N A Dudley, J A Frasca, I D Fuller, J Galley, R J E Gisby,
M C Goldman, S M Goldman, I S Grundy, N Gulliver,
P V Hughes, R J J Hyland, A M John, D G Jones, G B R Knight,
J C S Lager, J S Lardge, R J Lee, M J Mackrory, R Massey,
L A Millane, R J Moore, G H J Pooley, J A Potter, R J Poulter,
S Rajesh, J M C Raven, I C Roberts, S J Robinson, T E Roper,
E J Sampson, C M Shaw, R J Shepherd, M Sismey, A B Sosin,
J E Sosin, M S Steel, A G Thorpe-Apps, C R Tron, N M Walsh,
R T Whitehead, T N Willis, I Wright and S Young

Local people are welcome to attend this meeting, where your elected
Councillors take decisions affecting YOU and your City.

There is also an opportunity to ask your Councillors questions or make a
statement. These have to be submitted in advance to
committees@chelmsford.gov.uk. Further details are on the agenda page.

If you would like to find out more, please telephone Brian Mayfield in the
Democracy Team on Chelmsford (01245) 606923, email
brian.mayfield@chelmsford.gov.uk, call in at the Civic Centre, or write to the
address above.

MEETING OF CHELMSFORD CITY COUNCIL

22 September 2021

AGENDA

1. Apologies for Absence

2. Declarations of Interest

Members are reminded that they must disclose any interests they know they have in items of business on the meeting's agenda and that they must do so at this point on the agenda or as soon as they become aware of the interest. If the interest is a Disclosable Pecuniary Interest they are also obliged to notify the Monitoring Officer within 28 days of the meeting.

3. Minutes

Minutes of meeting on 21 July 2021

4. Public Questions

To receive questions from members of the public in accordance with Council Rules 10.1 to 10.6 on Item 6 on the agenda.

Any member of the public who wishes to submit a question or statement to this meeting should email it to committees@chelmsford.gov.uk 24 hours before the start time of the meeting. All valid questions and statements will be published with the agenda on the website at least six hours before the start time and will be responded to at the meeting. Those who have submitted a valid question or statement will be entitled to put it in person at the meeting.

5. Cabinet Question Time

The Leader and Members of the Cabinet to answer questions submitted by Members of the Council in accordance with Council Rules 10.18 to 10.22.

6. Community Governance Review

To consider the attached report. The Governance Committee on 8 September 2021 recommended that the Council approve the Draft Recommendations of the Community Governance Review for the second and final stage of public consultation.

CHELMSFORD CITY COUNCIL
MINUTES OF THE ANNUAL MEETING OF THE COUNCIL
held on 21 July 2021 at 7pm

PRESENT:

The Mayor (Councillor J A Deakin)

Councillors R H Ambor, P Clark, W Daden, A Davidson, C Davidson, S Dobson, N Dudley, I Fuller, R Gisby, M Goldman, I S Grundy, P V Hughes, J Lardge, R Lee, M J Mackrory, L Millane, R Moore, S J Robinson, M Sismey, A B Sosin, M S Steel, A Thorpe-Apps, C Tron, N Walsh, R T Whitehead and S Young

1. Apologies for Absence

As the number attending the meeting had been limited to 31 members, it was taken that those not present had submitted their apologies for absence.

2. Mayor's Announcements

The Mayor welcomed Councillor Thorpe-Apps to his first meeting of the Council.

The Council was informed that the Mayor had attended 44 meetings and engagements since her election in May and a further 60 had been confirmed or were planned.

The Mayor hoped that members of the Council would be able to attend the Mayor's Quiz Night on 4 September 2021 and the Murder Mystery Event on 20 November, both of which were in aid of her charities. A Just Giving page for those charities had recently been relaunched.

3. Declarations of Interest

Members were reminded to declare at the appropriate time any personal and prejudicial interests in the business on the meeting's agenda.

4. Minutes

The minutes of the meetings held on 24 February and 19 May 2021 were confirmed as correct records.

5. Public Question Time

A member of the public asked what action the Council intended to take about a parish council that had recently held a meeting in licensed premises in contravention of provisions of the Local Government Act 1972 which prohibited the holding of meetings in such premises. Whilst he had been informed that the matter did not come within the jurisdiction of the Council, the questioner said that the Monitoring Officer was responsible for ensuring that members of parish councils observed the Code of Conduct and he asked whether any action would be taken for breaches of the Code in this instance.

The Monitoring Officer confirmed that the Council had no jurisdiction over the arrangements made by other public bodies for their meetings. The Monitoring Officer explained that this was not a valid question to raise at the City Council meeting and noted an item on the agenda that would result in the advance notice of public questions in future. The questioner had previously been advised as to the position by the Monitoring Officer who would provide further clarification as necessary.

6. Cabinet Question Time

The following questions were put to members of the Cabinet:

1. Question from Councillor M Steel to the Cabinet Member for Connected Chelmsford

“As a former employee of GEC-Marconi, it was with great sadness that I hear that the Marconi Veteran volunteers, who maintain and exhibit a range of equipment located at Sandford Mill, have been told by Chelmsford City Council to remove all their equipment. Those that have visited the site on one of the open days, will know that the range and size of it is not something that can easily be moved in the short time given to them.

I understand that the future of the site is still to be fully determined, so with the site being currently closed to the public whilst the future is determined, I do not understand the urgent need to remove the Marconi equipment.

On the 7th to 11th September, Chelmsford will be hosting the British Science Festival with a range of activities and events. On the one hand, we intend to celebrate Science and Engineering, but on the other, so easily erase the magnificent contribution made by Chelmsford. In my 20 years at the company, I was involved in ground breaking design and manufacturing with products that led to today's technologies of the internet and cellular devices. When I see the things in Sandford Mill, I feel an emotional attachment to this history, made all the more poignant by the fact that the volunteers manage to keep some of it operating. I can't be the only one. This archive is not just for ex-employees and enthusiasts – it is the history of GEC's world-beating, ground breaking technology. I ask the City Council Administration to reconsider and, at the very least, continue to store the equipment whilst the future of the site is determined. If the equipment is removed now and returned to the attics and garages of the volunteers, it will never come back together again.”

The Cabinet Member for Connected Chelmsford was pleased that the Marconi Volunteers had such enthusiasm and passion for the preservation of an important part of the City's technological heritage. She wished to see that enthusiasm continue and for future generations to be able to appreciate and admire that heritage. The Council had no wish to erase the Marconi collection but wished to see it preserved and conserved. The Museum team shared Councillor Steel's passion for Marconi's heritage, innovation and associated legacy.

The team welcomed volunteers and everyone who used to be based at Sandford Mill had been invited to stay on in that capacity. The location may be different, but there would be as many, if not more, opportunities to keep Chelmsford's past alive and to meet up and share this experience together.

The Cabinet Member had been reassured that the team were working extremely hard to ensure volunteer opportunities were inclusive and accessible to people from all backgrounds.

Councillor Steel had mentioned in his question that the future of the site was still to be fully determined and that he understood the urgent need to remove Marconi equipment. The Museum's accreditation bid and the future development of the Sandford Mill site, though, were two separate issues.

The Museum was preparing for Arts Council UK Museum Accreditation, which prompted the need to revise procedures at the Sandford Mill site, including the return of items which were not part of the Museum's own collections. The Museum had been preparing for the accreditation for 18 months, carrying out an extensive assessment of all their practices, including what items it held, a review of how they were handled and worked upon, the insurance policies they held, and an audit of the collections at the main Oaklands site and at storage facilities such as Sandford Mill.

The Museum was expecting to receive an invitation to apply for accreditation in the autumn with an assessment early next year, which was why the changes were happening now.

The Cabinet Member assured Councillor Steel that the process had nothing to do with future plans for the Sandford Mill site – it was about how the collections (on display and in storage) were managed and how the Museum was run now. The industrial collection (including the Museum's own extensive range of Marconi items) in storage at Sandford Mill was already part of the accreditation process, which was why items not in the Museum's own collection were being returned to their owners.

The Cultural Services Manager had agreed to meet with Brian Izzard, Chair of the Marconi Veteran Association and Roy Clare OBE, Chair of Chelmsford Cultural Development Trust to discuss the groups' aspirations and what might be possible. However, for a number of reasons the activities at Sandford Mill or at any site could not continue using the Museum's collection as they had been in the past.

Asked whether the Museum store could be used to house the equipment, the Cabinet Member replied that the Council had explored with the Volunteers ways in which it could assist them and had agreed to help transport some of the larger items and to make the removal of the equipment as easy as possible. However, it could not store items that did not belong to the Council and to do so would harm the application for accreditation.

2. Question from Councillor M Steel to the Cabinet Member for Greener and Safer Chelmsford

“In the Cabinet Meeting, it was said that Admirals Park was already in effect operating as a Nature Reserve. Therefore, I ask what will actually change if it is formally designated as a Nature Reserve. For example, will it continue to host the beer festival, or will this be barred from operating in a Nature Reserve?

If it is barred, has the Administration given any thought to an alternative venue?”

The Cabinet Member for Greener and Safer Chelmsford replied that the intention to declare Admirals Park as a Local Nature Reserve was included as an action in Our Chelmsford Our Plan, reflecting the ambitions set out in the Council's Climate Change and Ecological Emergency Action Plan and the Chelmsford Green Infrastructure Strategic Plan, which was adopted as part of the Local Plan in May 2020.

In preparation for the declaration, Admirals Park had been and continued to be managed and maintained in accordance with an appropriate management plan since 2018 and this plan was approved and validated by Natural England in December 2020 in preparation for this declaration.

The management of Admirals Park as an LNR did not preclude the current uses of the park, for example, for events or informal recreation and outdoor sport, in the areas which were close mown, as those areas sat comfortably alongside areas which were providing habitat, refuge for wildlife and wildlife travel corridors connecting the river valley, wider countryside and, in the case of Admirals Park, with Marconi Ponds Local Nature Reserve (also a registered LNR).

A similar approach had been taken in the river Chelmer Valley with Chelmer Valley LNR (which was also registered) sitting comfortably alongside Springfield Hall Park.

The declaration of a local nature reserve committed the City Council to ensuring that the LNR was protected and appropriately managed for the future. Public access was recognised as an important part of that and LNRs were listed on the Natural England national register as well as the City Council's website, ensuring public awareness and recognition.

The Cabinet Member said that CAMRA had decided not to proceed with the beer festival this year owing to the difficulty of holding the event during the pandemic. However, other community and fund-raising events were planned later in the year and the Council would continue to welcome and work with anyone wishing to hold events in the park if they met the Council's policy.

3. Question from Councillor R Gisby to the Cabinet Member for Fairer Chelmsford

“It is accepted that there is an on-going consultation on the proposals for car parking charges at Hylands Park and Members are making representations to this.

Whilst we will no doubt be advised of the result of this consultation, this question relates to a matter of policy.

The proposed charges are completely different to those already in existence for Essex County Council Country Parks. To remind Members, for £75 per annum, or £60 for over 60's, you get, amongst other discounts, the following with Essex County Council

- Car Parking at 7 country parks for a whole year – Belhus Woods, Cudmore Grove, Danbury, Great Notley, Hadleigh, Thorndon and Weald.
- 2 days free parking for family or friend
- Discounts are various refreshment facilities in the Country Parks.

Could the Cabinet Member advise me whether the charging system adopted by ECC was considered by the City Council and the reason it was rejected?”

The Cabinet Member thanked Councillor Gisby for the question, which referred to “on-going consultation”. This was the legal process for the Traffic Regulation Order – the TRO – that was needed to give effect to the proposals for parking charges at Hylands. As stated in the question, members were entitled to submit their objections to or their support for the draft TRO and the Cabinet Member was confident that all responses would be taken into consideration.

With regard to whether the Council had considered Essex County Council's (ECC's) charging system in arriving at its proposals, it had compared the pricing structures at various other parks in Essex, including those run by ECC.

The Cabinet Member believed that the proposals compared very favourably with other parks. Visitors who came to Hylands would be able to stay as long as they liked for a single price, unlike other parks that increased the price the longer the visitor stayed. Alternatively, they could choose to leave and return later in the day at no additional cost.

In particular, it was known from the consultation earlier in 2021 that 90% of visitors stayed for more than an hour. The £3 discounted charge available to Chelmsford residents parking for over one hour would be cheaper than, or the same as, the rates charged to park at all seven ECC country parks mentioned in the question. For the 30% of visitors who stayed more than 2 hours, Hylands would be the cheapest of the eight parks.

Concerning the point about ECC's annual season ticket, the Council had put forward proposals for a Hylands season ticket at a cost of £5 a month, or £60 for those who wanted to pay a full year in advance. That was in the view of the Cabinet Member a fair price and reflected the unique factors set out in the consultation summary document, which was available on the Council's website.

Finally, Councillor Gisby had referred to the additional discounts ECC offered with their annual season ticket. This was a point the Council was looking at. The Hylands season ticket could evolve into a pass with visitor benefits and rewards but this meeting was not the occasion for saying any more about this.

4. Question from Councillor R Whitehead to the Cabinet Member for Greener and Safer Chelmsford

“Chelmsford Market is a very valuable asset and it has been much affected by the Covid pandemic, with footfall greatly reduced.

In particular the large number of people passing through it who work at County Hall and the Civic Centre is currently a small fraction of the usual number who use the Market.

The City Council did reduce rents for market traders but these have now gone back to previous figures.

However, as the number of shoppers is still way below what it was previously and will, despite the so-called ‘Freedom Day’ on Monday be likely to remain low, will the City Council again assist traders before many of them go out of business?”

The Cabinet Member replied that, since 23 March 2020 when the first lockdown had been imposed, the Council had supported both the High Street and Retail/Charter Markets. Whilst market traders had not been eligible for support from the Business Support Grants Scheme, the Council had recognised the threat the pandemic posed to all market traders and had taken the following measures to support them:

- a week's refund of rent in March 2020
- from April to July 2020 the suspension of the full rents of all market traders
- from August to October 2020 a tiered discount on rents
- the suspension of all rents between November 2020 and April 2021
- a 50% rent discount in May 2021

The use of the markets had increased since then, although the Charter Market continued to struggle to attract customers. This needed to be seen in the context of other effects of the pandemic such as on people's buying patterns and reductions in the number of people currently working in the city centre. Even before the pandemic there had been a general decline in the usage of weekly markets. However, the Council would continue to recognise the markets as an important part of the City's culture by supporting, promoting and investing in them, with the aim of exceeding the 68% pre-Covid levels of uptake in the Charter Market and seeing at least 20 pitches regularly in use on the High Street.

(7.10pm to 7.41pm)

7. Reports from the Cabinet Member for Fairer Chelmsford

7.1 Treasury Management Outturn 2020-21

The report to the meeting detailed the findings of the annual review of the Council's Treasury Management function and the rates of return on investments in 2020-21.

Councillor P Clark requested that his opposition to one of the investments detailed in the report be recorded.

RESOLVED that the Treasury Management Outturn report for 2020-21 be noted.

(7.41pm to 7.44pm)

7.2 Capital Programme Update and Provisional Outturn 2020-21

The report to the meeting detailed capital expenditure incurred in 2020-21 and the resources used to finance it; set out variations to approved capital schemes and the Asset Replacement Programme; and presented a budget for asset replacements in 2021-22. At its meeting on 13 July 2021 the Cabinet had approved the proposed Capital Scheme cost increases of £188,000 shown in Appendix 1 of the report to the meeting and detailed in paragraph 3.1 of the report. It had also agreed the proposed Asset Replacement Programme for 2021-22, the increase in scheme costs of £19,000 and the rephasing of spend of £269,000 from 2020-21 as shown in Appendix 3 and detailed in paragraph 4.2 of the report.

The Cabinet Member highlighted the following schemes in the capital programme:

- the completion of the work on Saltcoates Park and Compass Gardens in South Woodham Ferrers
- the purchase of 13 houses for temporary accommodation, with a further seven planned
- the refurbishment of the toilets of Writtle Road car park
- plans for improvements to Hylands totalling over £350,000
- investment of £600,00 in the Retail Market
- over £2million investment in infrastructure through contributions from developers

RESOLVED that the Council note the following:

1. the latest proposed budgets for capital schemes of £131.379m, shown in Appendix 1 and detailed in paragraph 3.1 of the report to the meeting;
2. the outturn on the 2020-21 Asset Replacement Programme of £2.565m, shown in Appendix 3 and detailed in paragraph 4.1;

3. the Asset Replacement Programme for 2021-22 of £5.328m as shown in Appendix 3 and detailed in paragraph 4.2;
4. the proposed Asset Replacement Programme deferred approved schemes from 2021-22 to 2022-23, totalling £1.534m, shown in Appendix 3 and detailed in paragraph 4.2 of this report, be noted; and
5. the method of funding of the capital expenditure incurred in 2020-21, as set out in the table in paragraph 5.

(7.44pm to 7.47pm)

7.3 Medium-Term Financial Strategy

The Council received an update on the Medium-Term Financial Strategy (MTFS) for the period 2021-22 to 2025-26, approved by the Council in July 2021. The MTFS provided a financial framework to support delivery of the Council's priorities as set out in "Our Chelmsford; Our Plan".

The Cabinet Member emphasised that the financial scenarios described in the report were not firm predictions and much depended on the progress of the pandemic and future government funding. At present there was a budget shortfall of £1.7million in 2022-23 and with the Council dependent for two-thirds of its funding from income-generating sources, the options were either to increase that income or reduce costs if additional government funding was not available.

RESOLVED that the following be approved:

1. the approach to reserves set out in the report to the meeting and Appendix 1;
2. the updates to the capital strategy indicators set out in Appendix 2;
3. the Financial Strategy as set out and the budget guidelines for preparation of the 2022-23 budget in Appendix 5; and
4. the carry forward of budgets of £272,000 from 2020-21 for initiatives delayed due to Covid, as detailed in Appendix 5, funded from unearmarked reserves.

(7.47pm to 7.53pm)

8. Annual Report of the Audit and Risk Committee

The Council considered the Annual Report of the Audit Committee for 2020-21, submitted in accordance with the Chartered Institute of Public Finance and Accountancy's (CIPFA) recommended practice.

The report included among other things a review of the Committee's terms of reference; its work on the audit charter and internal audit strategy; the publication of information about the audit function; the Committee's work programme for 2020-21 and its planned work for 2021-22.

RESOLVED that the Annual Report of the Audit and Risk Committee for 2020-21 be approved for publication.

(7.53pm to 7.55pm)

9. Annual Report of the Governance Committee

The Annual Report of the Governance Committee for 2020-21 was presented for approval. It provided information on the statutory and procedural requirements of the standards regime; the terms of reference and membership of the Governance Committee; the work carried out by the Committee in 2020-21; details of complaints received about councillors; the training and development carried out for members; and the Committee's future work programme.

RESOLVED that the Annual Report of the Governance Committee for 2020-21 be approved for publication.

(7.55pm to 7.56pm)

10. Amendments to the Constitution

The Council had been recommended by the Governance Committee and Cabinet to approve proposed changes to the Constitution in respect of the terms of reference of the Chelmsford Policy Board, the Treasury Management Sub-Committee and the Community Funding Panel; the procedure for budget amendments; the arrangements for public speaking at the Planning Committee; and the general arrangements for public speaking at meetings.

RESOLVED that the amendments to the Constitution detailed in the appendix to the report to the meeting be approved.

(7.56pm to 7.57pm)

11. Code of Conduct for Members

The Council was informed that the Constitution Working Group had considered proposed revisions to the Council's Code of Conduct for Members, which incorporated some aspects of the Model Code published by the Local Government Association.

On the advice of the Monitoring Officer, the Working Group did not recommend adoption of the full model Code at this time as it was felt to be inadequate in certain respects, particularly in relation to the declaration of interests.

However, it supported a recommendation by the Committee on Standards in Public Life that the Code should include reference to harassment as well as a definition of bullying and harassment. This and two other changes recommended by the Working Group, namely extending the Code to include equality and diversity and a review of gifts and hospitality requirements, had the support of the Governance Committee and the Council was recommended to adopt it as part of the Constitution.

RESOLVED that the revised Code of Conduct for Members submitted to the meeting be approved and adopted as Part 5.1 of the Constitution.

(7.57pm to 7.59pm)

12. Amendments to the Terms of Reference of the Community Governance Review

The original Terms of Reference for the review of the governance of the entire Chelmsford City Council area were approved by Council on 9 December 2020.

The initial consultation was completed earlier in 2021 and over 1000 consultation responses had been received. The Connectivity and Local Democracy Working Group had reviewed progress on the review and felt that more time was needed to draft specific proposals. Accordingly, it had recommended an adjustment to the timetable for the review.

It was now proposed that the Governance Committee in September would consider the draft recommendations and submit them to a special meeting of Full Council later that month, before the final stage of consultation took place in the Autumn. The final decision would be made by Full Council in February 2022 rather than December 2021.

The Council considered that the proposed adjustments to the middle stages of the timetable were appropriate in the circumstances, did not impact upon the overall timetable for the completion of the review, and were therefore acceptable.

RESOLVED that the amended terms of reference for the Community Governance Review submitted to the meeting be approved.

(7.59pm to 8.02pm)

13. Review of Parliamentary Boundaries

The Council was requested to agree a response to the initial consultation by the Boundary Commission for England on the latest proposals for the review of parliamentary boundaries. The initial proposals had the following effect on the existing constituencies in the City Council's administrative area:

- Chelmsford constituency - the re-allocation of Galleywood ward (parliamentary electorate of 4,231) to the Maldon constituency to bring the total electorate of the Chelmsford constituency in line with the new electorate rules with a proposed electorate of 76,163
- Maldon constituency - the ward of Little Baddow, Danbury and Sandon (parliamentary electorate of 6,524) to become part of the Braintree constituency
- Saffron Walden constituency – that part in the Chelmsford local authority area would move all four wards currently in the Saffron Walden constituency to the Braintree constituency.

Members recognised that the criteria being used by the Boundary Commission would inevitably result in anomalies, with residents of some areas being placed in constituencies with which they had no historic or community affinity. The fact that the connection between constituency and local authority areas would be lost in some cases could also cause confusion among residents but that was likely to be the case whatever the proposals.

RESOLVED that the following be submitted as the Council's response to the Boundary Commission for England's initial proposals for the Review of Parliamentary Boundaries 2023:

1. The Council is broadly supportive of the proposals made by the BCE with regards to the constituencies in the local area.
2. It is acknowledged that the Chelmsford constituency is currently too large to meet the rules of the review and therefore must be reduced. In the draft proposals for the 2003 review, the Commission excluded Galleywood from the proposed constituency, but it was added back in after the public inquiry. Since one ward has to be removed, it would follow the previous proposals for that ward to be Galleywood. The Council therefore supports the Commission's proposal for minimum change to the Chelmsford constituency and raises no objection to Galleywood ward becoming part of the Maldon constituency to achieve the target electorate size.
3. The Council also supports the Commission's proposal for the Maldon constituency, with the minimal change necessary to meet the target electorate number.
4. The reallocating of all electors currently living in Saffron Walden constituency to Braintree, as well as Little Baddow, Danbury and Sandon, is the most significant change within our local authority area. However, it is noted that it is inevitable that there has to be significant change in the Suffolk/Essex sub-region to create the new constituency allocated by the overall review. Therefore, we raise no objection to this.
5. It is noted that many electors currently living in the Saffron Walden constituency do not feel as though they are part of this community, noting geographical distance as a significant contributing factor to this. This has been raised as an issue in recent elections and consultations but is largely outside the scope of the review, which is driven by the legal direction to make all constituencies virtually the same size. Some residents have expressed that they do feel affiliation to both Chelmsford and Braintree.

6. The Council intends to request that the boundaries between Broomfield, Springfield and Little Waltham are looked at in greater detail. This is to explore whether the boundaries can be adjusted slightly so that new electors in the Beaulieu development would be best represented by one constituency (being either Chelmsford or Braintree). At present, the boundary weaves between houses in multiple streets and electors have expressed a lack of understanding of the community identity. Often, they expect to live in the Chelmsford constituency and find that they do not, but their neighbour does.

(8.02pm to 8.13pm)

14. Membership of Committees

The Council was requested to approve two changes to the membership of committees.

RESOLVED that Councillor Andrew Thorpe-Apps be appointed to replace Councillor Barry Knight as a member of the Audit and Risk Committee and Councillor Nicolette Chambers as a member of the Governance Committee.

(8.13pm to 8.14pm)

15. Authorised Absence of Councillors

This report had been withdrawn.

The meeting closed at 8.14pm

Mayor

Community Governance Review

Report by:
Chair of Governance Committee

Officer Contact:
Legal & Democratic Services Manager, Lorraine Browne, Legal & Democratic Services
Manager, lorraine.browne@chelmsford.gov.uk, 01245-606560

Purpose

The purpose of this report is to present the draft recommendations following the initial consultation for the Community Governance Review, for discussion and approval for the second and final stage of public consultation.

Recommendations

1. That the outcome of the initial formal consultation be noted.
 2. That Council approves the Draft Recommendations of the Community Governance Review for the second and final stage of public consultation.
-

1. Introduction

- 1.1. Members will recall that Council agreed to undertake a Community Governance Review (CGR), with the publication of the Terms of Reference and formal consultation commencing in January 2021 in accordance with the Local Government and Public Involvement In Health Act 2007.
- 1.2. The Terms of Reference for the CGR were broad, allowing for a review of all aspects of community governance within the City Council area. This includes, for example, the creation or naming of a parish, the establishment of a separate parish from an existing parish, alteration of parish boundaries, abolition or dissolution of a parish, change to parish electoral arrangements or parish grouping.
- 1.3. The overall timescales for the CGR are as follows (as amended by Council in July 2021):
 - 1.3.1. July to 25 September 2020 – Informal consultation.
 - 1.3.2. January 2021 - Publication of Terms of Reference, signifying the formal start of the CGR. A copy of the Terms of Reference are included at **Annex 1**.
 - 1.3.3. January to 18 March 2021 – Initial formal consultation, during which representations were invited on the breadth of community governance arrangements and opportunities from across the entire City Council area.
 - 1.3.4. 19 March to June 2021 – officer-led review of responses and development of Draft Recommendations.
 - 1.3.5. June to July 2021 – Consideration of responses and preparation of draft recommendations (including any recommendations to the Local Government Boundary Commission for England) by Connectivity and Local Democracy Working Group
 - 1.3.6. September 2021 – Governance Committee consideration and Full Council approval of draft recommendations
 - 1.3.7. September to November 2021 – Further public consultation on Draft Recommendations.
 - 1.3.8. Winter 2021/22 – Formulation of final recommendations by Connectivity and Local Democracy Working Group and Governance Committee.
 - 1.3.9. February 2022 – Final Recommendations to be considered by Full Council.
 - 1.3.10. Spring 2022 – once finalised, there will be a period of time before the Community Governance Order is made, allowing time for unforeseen consequences to be identified.
- 1.4. Once approved, the final outcome of the CGR will be implemented ahead of the 2023 local elections. This means that new parish council areas (if any), changes to parish council areas (if any), changes in the number of parish councillors (if any), and any resulting changes in council tax arrangements for households all change at that time. Ahead of those changes, a review of polling districts and polling places will be carried out, to take account of changes to electoral areas.

2. Decision-making process and statutory criteria

- 2.1. The Local Government and Public Involvement in Health Act 2007 sets out two statutory criteria. Chelmsford City Council must, by law, have regard to the need to secure that community governance within the area under review:

- (1) reflects the identities and interests of the community in that area, and
- (2) is effective and convenient.

2.2. In addition, the Council must take into account the 2010 government guidance (published by DCLG at https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/8312/1527635.pdf). The Council must also have due regard for responses submitted during the consultations and be open and transparent such that local stakeholders are made aware of the outcome of the decisions and the reasons behind those decisions.

2.3. Whilst Members are advised to read the DCLG guidance in its entirety, some key extracts are included below. Essentially, the guidance supports the 2007 Act requiring that local people are consulted, and that their views are taken into account during the CGR. Whilst City Councillors are the decision-makers, those decisions must be based on evidence submitted through the CGR consultation process. *Numbers refer to paragraph numbers in the DCLG guidance; emphasis added for clarity:*

7. The guidance supports and helps to implement key aspects of the 2006 white paper. The 2007 Act **requires that local people are consulted during a community governance review, that representations received in connection with the review are taken into account** and that steps are taken to notify them of the outcomes of such reviews including any decisions.

58. **It is clear that how people perceive where they live** - their neighbourhoods - is significant in considering the identities and interests of local communities and depends on a range of circumstances, often best defined by local residents. Some of the factors which help define neighbourhoods are the geography of an area, the make-up of the local community, sense of identity, and whether people live in a rural, suburban, or urban area.

59. Parishes in many cases may be able to meet the concept of neighbourhoods in an area. Parishes should reflect distinctive and recognisable communities of interest, with their own sense of identity. Like neighbourhoods, **the feeling of local community and the wishes of local inhabitants are the primary considerations.**

95. The recommendations **must take account of any representations received and should be supported by evidence which demonstrates that the recommended community governance arrangements would meet the criteria set out in the 2007 Act.** Where a principal council has conducted a review following the receipt of a petition, it will remain open to the council to make a recommendation which is different to the recommendation the petitioners wished the review to make. This will particularly be the case where the recommendation is not in the interests of the wider local community, such as where giving effect to it would be likely to damage community relations by dividing communities along ethnic, religious or cultural lines.

97. The aim of the 2007 Act is to open up a wider choice of governance to communities at the most local level. However, the Government considers that there is sufficient flexibility for principal councils not to feel 'forced' to recommend that the matters included in every petition must be implemented.

- 2.4. It is important to note that it is Chelmsford City Council who decide community governance arrangements. Therefore, where difficult decisions must be made, consideration must be given to opposing and differing views in light of legislation, best practice, and official guidance. Best practice guidance includes, for example, not having 'island' or 'donut' parishes or parish wards which are wholly surrounded by one other parish or parish ward: and using identifiable markers for boundaries (such as rivers, railways, roads and the edges of properties).
- 2.5. Essentially proposals for change should first identify the identities and interests of the communities, and then consider the governance arrangements for that area.
- 2.6. Members are invited to note that the course of appeal is by way of Judicial Review, a potentially expensive and damaging mechanism open to local stakeholders if there is a failure in the decision-making process. For example, a failure to consult properly, or a failure not to take into account relevant consideration, or conversely irrelevant issues are taken into account in reaching a decision. In other words, it is important to ensure that community governance decisions can be justified both evidentially and procedurally to avoid potential legal challenge.
- 2.7. It is also important to recognise that the number of responses received is not necessarily strong evidence on the strength of feeling either for or against any particular viewpoint. It is true that stakeholders preferring the status quo may not make representations until and unless there is a suggestion of significant change that they would otherwise oppose. Therefore, where little response has been received, it cannot be assumed that local people are in favour of supporting the change proposed by a few submissions; they may well currently be unaware of those suggestions and happy with no change. That is why the second round of formal consultation is important, and why targeted requests for responses are recommended in areas where changes are proposed. Consultation documents are being developed in conjunction with the Communications Team to ensure clarity for respondents and adherence to statutory criteria and best practice.
- 2.8. Members will be aware that the Boundary Commission for England (BCE) is currently developing proposals for new Parliamentary Constituencies. These will use existing ward boundaries as the building blocks for new Constituencies. The current CGR may make proposals for amended ward boundaries. This may result in a discrepancy between Parliamentary Constituency and City Ward boundaries. However, in undertaking the CGR Members are encouraged to effectively disregard the BCE review given it will take several years to reach fruition, may not be implemented, and we do not know which boundaries may be affected (if any).
- 2.9. The aim of a CGR is to ensure community governance arrangements are appropriate at a local level, and to then use any changes to inform proposals for change at City Ward and County Division level if necessary. It is therefore not appropriate to use Ward or Division boundaries to determine parish boundaries.
- 2.10. Members are reminded that the scope of the CGR is defined in law. Whilst some responses have been received that are outside of the scope of the CGR, this Council has no authority to make decisions or recommendations on those matters and so cannot

engage in meaningful discussion about them. Specifically, the CGR cannot consider or determine:

- (1) Parliamentary constituency boundaries
- (2) County Divisions, other than requesting consequential amendments are made to align with any changes to parish boundaries
- (3) City Wards, other than requesting consequential amendments are made to align with any changes to parish boundaries
- (4) The number of County or City councillors
- (5) The powers and authority of different tiers of government (for example, a CGR cannot recommend granting planning determination powers to parish councils)

3. Consultation

- 3.1. The initial consultation took place from January to 18 March 2021, inviting respondents to give their views on community governance arrangements in their local area and across the City Council area.
- 3.2. A total of 1,095 responses were received, including 923 through the dedicated online form and 172 paper responses. Compared to CGR consultations conducted elsewhere, this is a very substantial response. Given the broad and open nature of the initial consultation, a wide range of responses were received. These have been weighed against the statutory criteria and used to form the Draft Recommendations that follow. Note that many respondents would not have been aware of these criteria when responding, although the points they have raised have been considered against those criteria as widely as possible.

4. Draft Recommendations

Introduction

- 4.1. Draft Recommendations are proposed here, for discussion by Committee and subsequent agreement by Full Council. Once approved, there will be a public consultation on the Draft Recommendations.
- 4.2. Members of the Working Group agreed the principle that a Draft Recommendation must be both clear (easy to understand what the proposal is) and definite (making a recommendation, rather than leaving an area with no Draft Recommendation and leaving a 'blank sheet' for consultation. This allows residents and elected bodies to respond effectively and makes clear the proposed outcome of the CGR for each area if nothing changes during the consultation period. This supports open consultation and democracy, encouraging responses to definite proposals.
- 4.3. No decisions are confirmed at this stage. The consultation process on the Draft Recommendations is an essential part of the CGR, and responses will (by law) be taken into account in producing the Final Recommendations to Council.
- 4.4. This section of the report presents the rationale and evidence for the Draft Recommendations. The section first addresses parish boundary considerations, followed by the number of parish councillors by area.

- 4.5. The Council is required to publish the reasons for making its decisions as a result of a CGR. As such, the responses to the consultation are included at **Annex 2** with personal information redacted or removed.
- 4.6. The sections of the report that follow show each area in turn, with consideration given for the boundary and geographical area, the name, and then the governance arrangements (such as numbers of councillors). Areas are not shown in alphabetical order, as some areas need to be considered together due to integrated and overlapping concerns. The Draft Recommendations shown are as amended and agreed by the Connectivity and Local Democracy Working Group. The Draft Recommendations were considered by the Governance Committee on 8th September 2021. A slight amendment to include Chichester Drive and Hill View Road within Springfield Parish Council is now recommended by Governance Committee and is referenced in the report.
- 4.7. Note that maps are included where a proposed Draft Recommendation includes a change to an existing boundary or creation of a new boundary. Maps that refer to more than one area may be included multiple times in the report, making each section effectively standalone.
- 4.8. In considering the number of parish councillors to serve a particular area, we have used the following:
- (1) Whilst the National Association of Local Councils (NALC) published guidance in 1988 on the suggested number of parish councillors per parish area based on the size of the electorate, these are non-statutory and there is no requirement for parish councils within an area to have equal ratios of electors to councillors. The statutory minimum number of councillors is five; there is no maximum, although it becomes more difficult and less effective or efficient to maintain an excessively large parish council. This allows Chelmsford City Council to consider the current number of parish councillors by area, recognise the different situations within each area, and then assess the appropriate number of parish councillors by area. There is no requirement for the number of electors represented by a single parish councillor to be the same between different parishes, although they should be comparable between wards of the same parish.
 - (2) With each parish area reviewed, the current number of electors and parish councillors is shown along with information about recent elections and the number of seats unfilled following the 2019 polls, if uncontested. In broad terms, the 1988 NALC guidance for the number of councillors per parish area is used. No such guidance exists for parish wards. We therefore must consider the current number of parish councillors for the area, planned changes and development, and try to adjust accordingly.
 - (3) Where proposals suggest a reduction in the number of parish councillors, this is based on NALC guidance as well as recent contested elections and the number of unfilled seats following the 2019 elections. As part of the consultation on the draft proposals, parish councils will be invited to submit representations, if applicable and appropriate, to counter these draft proposals and encouraged to highlight how local governance is better served by higher numbers than the NALC recommendations.
- 4.9. Once approved by Full Council, there will be a public consultation on the Draft Recommendations. That is, the Draft Recommendations are for consultation; they are not finalised at this stage. Where a parish council, local resident, business or other

organisation or body does not agree with a Draft Recommendation, they are invited to respond to the consultation stating their views, their reasons, and any alternative proposal. The only way to feed into the decision-making process is via the public consultation process.

Good Easter

4.10. Area

Parish area	Good Easter
Feedback from informal consultation	No change necessary
Feedback from first formal consultation	1 response, advocating no change.
Development	No significant new housing development is noted within the parish.
Assessment	The current community governance within the area does reflect the identities and interests of the community in the area. The current community governance remains effective and convenient. The parish boundaries remain coterminous with other boundaries.
Draft recommendation	Given the current community governance arrangements meet the statutory tests, there is no expected major new housing development that would disrupt those arrangements, and no identified support for changing arrangements, we recommend: <ul style="list-style-type: none"> • No change in the parish boundary. • No change in electoral arrangements, so retaining a parish council.

4.11. Governance arrangements

Electorate	308
Changes in electorate due to proposed boundary changes	0
Proposed electorate	308
Current number of parish councillors	7
Ratio (electors per parish councillor, rounded)	44
NALC recommendation (1988 guidance)	7
Notes on recent elections	Election contested in 2019
Proposed number of parish councillors	7 – no change

4.12. Draft recommendations:

- (1) No change in parish boundary.
- (2) No change in parish name.
- (3) No change in the number of parish councillors.

Mashbury

4.13. Area

Parish area	Mashbury (parish meeting)
--------------------	----------------------------------

Feedback from informal consultation	No response
Feedback from first formal consultation	<p>3 respondents from local residents, of which 1 wanted no change and 2 wanted changes to governance arrangements. In addition, 3 comments were received from residents outside of the area advocating changes to governance arrangements in Mashbury.</p> <p>According to some responses, no parish meeting has been held for a number of years, although it should be held annually. Some respondents advocated the parish meetings be restored and continue as they should, whereas others feel the community is too small to sustain these arrangements, and one felt Mashbury should become part of Chignal parish; this suggestion was supported in principle by a local councillor from the Chignal area.</p>
Development	No significant new housing development is noted within the area.
Assessment	<p>The current community governance within the area does reflect the identities and interests of the community in the area. The boundaries remain coterminous with other boundaries. However, there are differing views as to how to best ensure effective local community governance within the area. With an electorate below 150, this review must recommend that Mashbury should not have a parish council of its own. This leaves two options for the area – either merging and becoming part of Chignal parish (as a separate parish ward), or remaining an independent parish meeting. A previous review concluded a parish meeting should remain in place, and whilst there remain differing views at this time, it is hard to conclude whether Mashbury would be better served by an effective annual parish meeting or by becoming part of Chignal parish. However, it is worth noting that should Mashbury become part of Chignal parish it would be a separate parish ward; this would provide representation on the parish council for the Mashbury area, although would necessitate an increase in local electoral involvement (individuals standing as parish councillors, rather than attending a single annual meeting). In the absence of evidence to the contrary, the default is to remain with the status quo.</p>
Draft recommendation	<p>Given the current community governance arrangements meet the statutory tests, there is no expected major new housing development that would disrupt those arrangements, and the assessment above has identified competing views for the need to change arrangements in Mashbury, we recommend:</p> <ul style="list-style-type: none"> • No change in the boundary. • No change in electoral arrangements, so retaining a Parish Meeting. <u>However</u>, the residents of Mashbury will be invited to comment on whether they feel local community governance would be more effective and efficient by being part of Chignal parish instead as a separate parish ward, a change that is very much more complicated to reverse than it is to implement, and whether their community interests and identities are represented by Chignal parish. To become part of Chignal parish would result in a parish precept being levied on Mashbury households from April 2023 (payable to Chignal parish council).

--	--

4.14. Governance arrangements

Electorate	79
Changes in electorate due to proposed boundary changes	0
Proposed electorate	79
Current number of parish councillors	0
Ratio (electors per parish councillor, rounded)	n/a
NALC recommendation (1988 guidance)	n/a
Notes on recent elections	n/a
Proposed number of parish councillors	None. If Mashbury becomes part of Chignal parish, it would be a separate ward with 2 parish councillors.

4.15. Draft recommendations:

- (1) No change in parish boundary.
- (2) No change in area name.
- (3) No change in the governance arrangements.
- (4) However, residents of Mashbury will be invited to comment on whether they feel local community governance would be more effective and efficient by being part of Chignal parish instead as a separate parish ward.

Pleshey

4.16. Area

Parish area	Pleshey
Feedback from informal consultation	No change necessary
Feedback from first formal consultation	1 response specific to the area, advocating no change. 1 response covering a broader area, also advocating no change.
Development	No significant new housing development is noted within the area.
Assessment	The current community governance within the area does reflect the identities and interests of the community in the area. The current community governance remains effective and convenient. The boundaries remain coterminous with other boundaries.
Draft recommendation	Given the current community governance arrangements meet the statutory tests, there is no expected major new housing development that would disrupt those arrangements, and no identified support for changing arrangements, we recommend: <ul style="list-style-type: none"> · No change in the parish boundary. · No change in electoral arrangements, so retaining a parish council.

4.17. Governance arrangements

Electorate	210
Changes in electorate due to proposed boundary changes	0
Proposed electorate	210
Current number of parish councillors	7
Ratio (electors per parish councillor, rounded)	30
NALC recommendation (1988 guidance)	7
Notes on recent elections	No recent contested elections 2 unfilled seats in 2019
Proposed number of parish councillors	7 – no change

4.18. Draft recommendations:

- (1) No change in parish boundary.
- (2) No change in parish name.
- (3) No change in the number of parish councillors.

Roxwell

4.19. Area

Parish area	Roxwell
Feedback from informal consultation	No response
Feedback from first formal consultation	6 responses in total. Of these, 4 advocated no change. 1 responded that they would like the boundary to be adjusted, so that Roxwell parish extends to the A414. 1 response stated they would like the parish council to be abolished, the parish council meetings to be moved online only, and the number of parish councillors to be reduced. They also said that development should be permitted on the green belt; a view that is outside of the consideration of a CGR.
Development	No significant new housing development is noted within the area.
Assessment	The current community governance within the area does reflect the identities and interests of the community in the area. The current community governance remains effective and convenient. The boundaries remain coterminous with other boundaries. However, whilst 4 of the 6 responses agree with this assessment, 2 did not. Of these, the one supporting the removal or digitisation of the parish council does not reflect the broader support for the parish council, and the argument for change appears to be to encourage development on the green belt, which is not a statutory consideration of the CGR. The final response advocated a change in the southern-most boundary of the parish, to extend down to the A414 (effectively taking in part of Highwood parish area, a suggestion not supported by any other response). The argument put forward is that this reduces the effect of the A414 cutting communities in two. However, as no responses have been received from the effected electors or their parish council representatives identifying the A414

	as being a barrier to effective and convenient local government, it does not appear that this is a significant issue for residents.
Draft recommendation	<p>Given the current community governance arrangements meet the statutory tests, there is no expected major new housing development that would disrupt those arrangements, and no evidence-based support for changing arrangements, we recommend:</p> <ul style="list-style-type: none"> • No change in the parish boundary. • No change in electoral arrangements, so retaining a parish council.

4.20. Governance arrangements

Electorate	832
Changes in electorate due to proposed boundary changes	0
Proposed electorate	832
Current number of parish councillors	9
Ratio (electors per parish councillor, rounded)	92
NALC recommendation (1988 guidance)	7
Notes on recent elections	No recent contested elections 6 seats unfilled in 2019
Proposed number of parish councillors	7 – reduce

4.21. Draft recommendations:

- (1) No change in parish boundary.
- (2) No change in parish name.
- (3) **Reduce** the number of parish councillors from 9 to 7.

Highwood

4.22. Area

Parish area	Highwood
Feedback from informal consultation	No change necessary
Feedback from first formal consultation	5 responses received, of which 1 advocated abolishing the parish council, and 4 advocated no change in boundaries. Of these, 1 suggested reducing the number of parish councillors down to four.
Development	No significant new housing development is noted within the area.
Assessment	<p>The current community governance within the area does reflect the identities and interests of the community in the area.</p> <p>The current community governance remains effective and convenient.</p> <p>The boundaries remain coterminous with other boundaries. The one anonymous response advocating for no parish council does not appear to be widely supported. The suggestion to reduce the number of councillors to four would take it below the statutory minimum of five.</p>

Draft recommendation	<p>Given the current community governance arrangements meet the statutory tests, there is no expected major new housing development that would disrupt those arrangements, and no identified support for changing arrangements, we recommend:</p> <ul style="list-style-type: none"> · No change in the parish boundary. · No change in electoral arrangements, so retaining a parish council.
-----------------------------	--

4.23. Governance arrangements

Electorate	550
Changes in electorate due to proposed boundary changes	0
Proposed electorate	550
Current number of parish councillors	7
Ratio (electors per parish councillor, rounded)	79
NALC recommendation (1988 guidance)	7
Notes on recent elections	Contested election in 2007 3 unfilled seats in 2019
Proposed number of parish councillors	7 – no change

4.24. Draft recommendations:

- (1) No change in parish boundary.
- (2) No change in parish name.
- (3) No change in the number of parish councillors. This ensures the number of parish councillors is in line with NALC recommendations.

Margaretting

4.25. Area

Parish area	Margaretting
Feedback from informal consultation	No change necessary
Feedback from first formal consultation	4 responses, of which 2 advocate no change, 1 suggested no change to boundaries but a possible merger with a neighbouring parish, and 1 proposed removing the parish council and replacing with a Neighbourhood Management Team.
Development	No significant new housing development is noted within the area.
Assessment	<p>The current community governance within the area does reflect the identities and interests of the community in the area.</p> <p>The current community governance remains effective and convenient.</p> <p>The boundaries remain coterminous with other boundaries.</p> <p>Whilst Margaretting is not a large parish in terms of electorate, it does cover a fairly broad geographical area. The community centre is fairly central within the area, making it geographically distant from neighbouring parish areas. Any possible merger of parish councils with neighbours would therefore result in a two-centre broader parish with differing identities and interests, which is unlikely to lead to an improvement in the effectiveness of local</p>

	community governance. A merger is therefore not supported by the evidence. Current community governance is through a parish council. DCLG Guidance sees local community governance on a scale, with Neighbourhood Management as a step somewhere before creating a parish council. Therefore, any change from a parish council to a neighbourhood management approach would require the abolition of the parish council, and a lower level (and less involved and engaged) arrangement put in its place. This does not appear to lead to an increase in effective local community governance, and so is not supported.
Draft recommendation	Given the current community governance arrangements meet the statutory tests, there is no expected major new housing development that would disrupt those arrangements, and no identified support for changing arrangements, we recommend: <ul style="list-style-type: none"> · No change in the parish boundary. · No change in electoral arrangements, so retaining a parish council.

4.26. Governance arrangements

Electorate	690
Changes in electorate due to proposed boundary changes	0
Proposed electorate	690
Current number of parish councillors	9
Ratio (electors per parish councillor, rounded)	77
NALC recommendation (1988 guidance)	7
Notes on recent elections	No recent contested elections 4 unfilled seats in 2019
Proposed number of parish councillors	7 - reduce

4.27. Draft recommendations:

- (1) No change in parish boundary.
- (2) No change in parish name.
- (3) **Reduce** the number of parish councillors from 9 to 7.

Stock

4.28. Area

Parish area	Stock
Feedback from informal consultation	One response regarding effectiveness of parish councils, which is otherwise unsupported by the consultations.
Feedback from first formal consultation	4 electronic responses, all advocating no change to electoral arrangements. 4 paper responses, three advocating no change; the other advocated Area Committees for the City Centre area. One of these commented on the need for parish councillors to be accountable; the other supported increased devolution of decision-making powers to parish level (primarily regarding planning matters).

	One respondent suggested a maximum term of office for parish councillors; however, devolution of planning matters and defining electoral law are outside the scope of a CGR.
Development	No significant new housing development is noted within the area.
Assessment	<p>The current community governance within the area does reflect the identities and interests of the community in the area.</p> <p>The current community governance remains effective and convenient.</p> <p>The boundaries remain coterminous with other boundaries.</p> <p>Parish councils can respond to planning consultations, but do not have the authority to make decisions on planning matters; any potential increased devolvement of powers to a parish level are outside of the remit of the CGR.</p>
Draft recommendation	<p>Given the current community governance arrangements meet the statutory tests, there is no expected major new housing development that would disrupt those arrangements, and no identified support for changing arrangements, we recommend:</p> <ul style="list-style-type: none"> • No change in the parish boundary. • No change in electoral arrangements, so retaining a parish council.

4.29. Governance arrangements

Electorate	1,777
Changes in electorate due to proposed boundary changes	0
Proposed electorate	1,777
Current number of parish councillors	9
Ratio (electors per parish councillor, rounded)	197
NALC recommendation (1988 guidance)	9
Notes on recent elections	Contested election in 2011 No unfilled seats in 2019
Proposed number of parish councillors	9 – no change

4.30. Draft recommendations:

- (1) No change in parish boundary.
- (2) No change in parish name.
- (3) No change in the number of parish councillors.

South Hanningfield

4.31. Area

Parish area	South Hanningfield
Parish wards	Downham Ramsden Heath South Hanningfield
Feedback from informal consultation	No changes necessary
Feedback from first formal consultation	11 electronic responses. All responded that they felt the current arrangements work well. However, two suggested that South

	<p>Hanningfield ward of this parish should become part of West Hanningfield parish due to 'more similar identity and similar issues'.</p> <p>4 paper responses advocated no change (other than a proposal to change the name of the village, not the parish, which is outside of the scope of a CGR).</p>
Development	No significant new housing development is noted within the area.
Assessment	<p>The current community governance within the area does reflect the identities and interests of the community in the area.</p> <p>The current community governance remains effective and convenient.</p> <p>The boundaries remain coterminous with other boundaries.</p> <p>The suggestion that South Hanningfield ward should become part of West Hanningfield parish was suggested by two respondents (from one household). In practical terms, West Hanningfield village is the same distance to South Hanningfield village as Downham but, due to the location of the reservoir, the driving distance is further. Therefore, this suggestion is not supported by the evidence. The only development that straddles the boundary is the water works, which does not affect electoral arrangements.</p>
Draft recommendation	<p>Given the current community governance arrangements meet the statutory tests, there is no expected major new housing development that would disrupt those arrangements, and no identified support for changing arrangements in the three parish wards, we recommend:</p> <ul style="list-style-type: none"> · No change in the parish boundary or parish ward boundaries. · No change in electoral arrangements, so retaining a parish council.

4.32. Governance arrangements

Electorate	<p>South Hanningfield parish 2,142 Downham ward 442 Ramsden Heath ward 1,476 South Hanningfield ward 224</p>
Changes in electorate due to proposed boundary changes	0
Proposed electorate	2,142 (no ward changes)
Current number of parish councillors	<p>South Hanningfield parish 12 Downham ward 3 Ramsden Heath ward 7 South Hanningfield ward 2</p>
Ratio (electors per parish councillor, rounded)	179
NALC recommendation (1988 guidance)	n/a
Notes on recent elections	<p>Contested in 2011</p> <p>1 unfilled seat in 2019</p>
Proposed number of parish councillors	<p>12 in total, as follows:</p> <p>3 Downham</p> <p>7 Ramsden Heath</p>

	2 South Hanningfield No changes
--	------------------------------------

4.33. Draft recommendations:

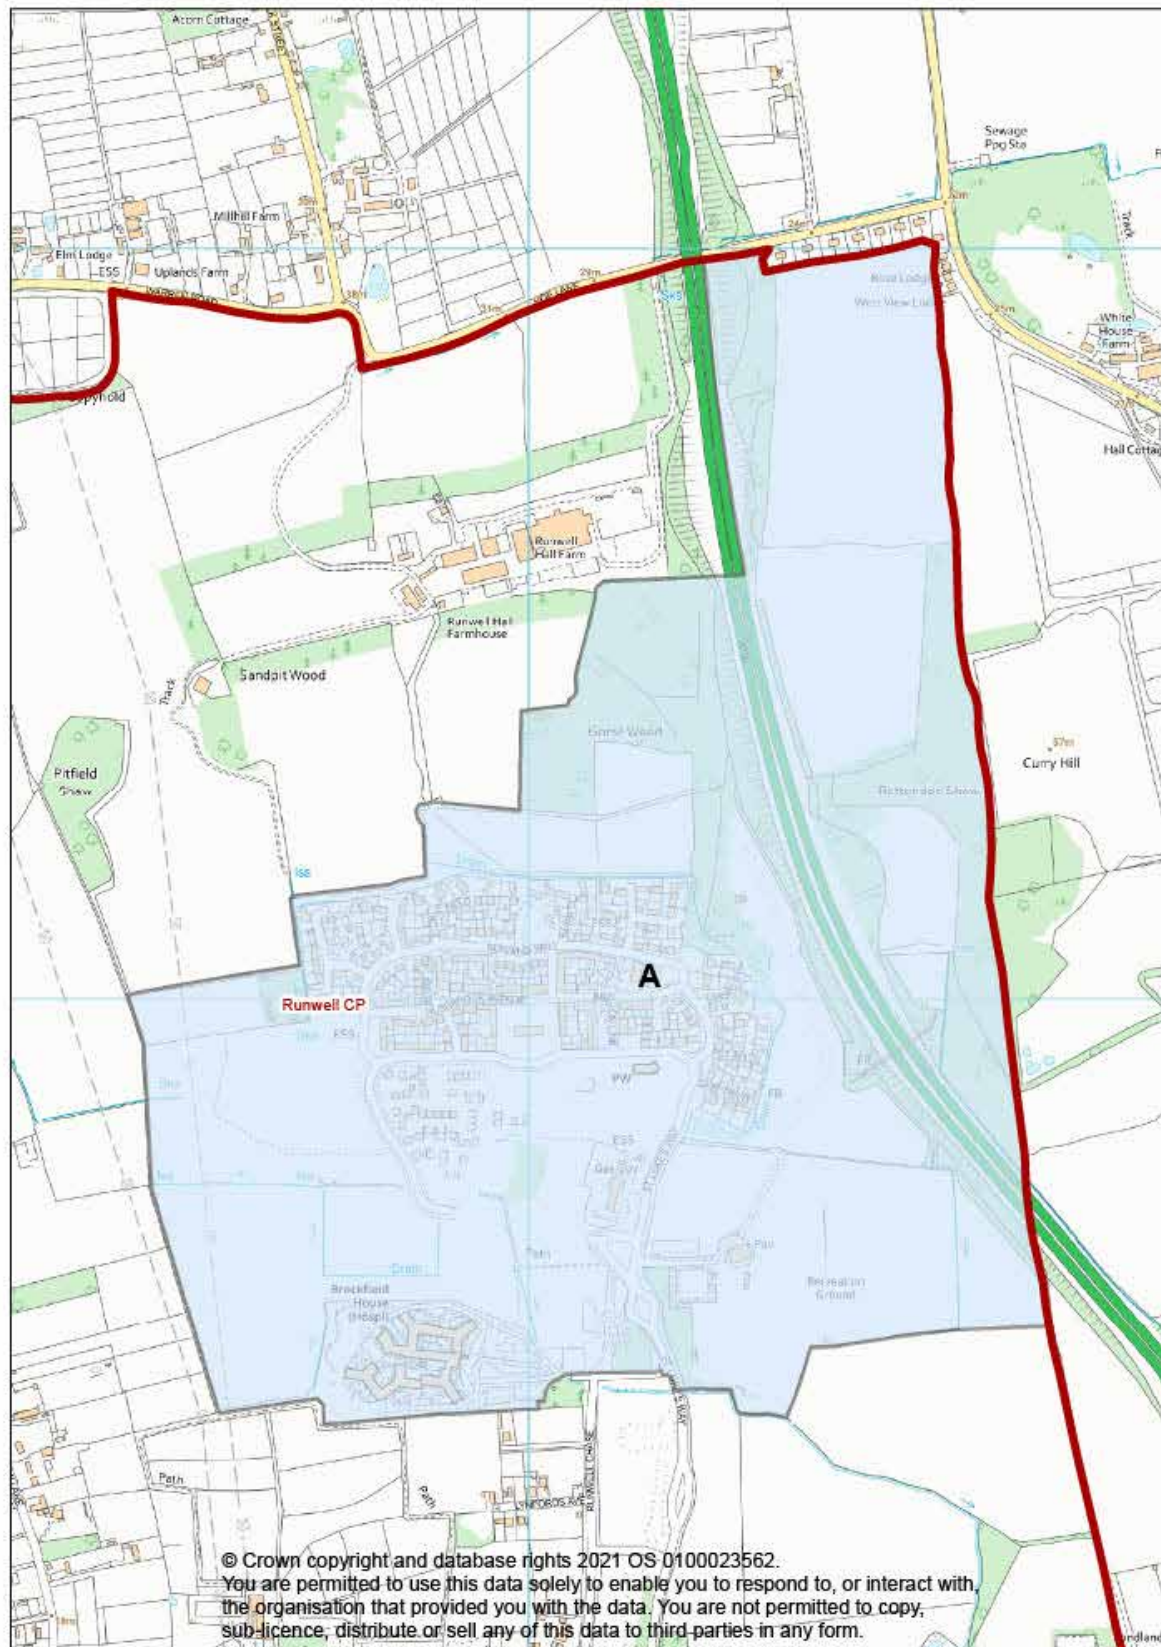

- (1) No change in parish boundary.
- (2) No change in parish name.
- (3) No change in the number of parish councillors.

Runwell

4.34. Area

Parish area	Runwell
Parish wards	Runwell East Runwell West
Feedback from informal consultation	No change necessary. One respondent suggested an increase in the number of parish councillors whilst another felt they were appropriate.
Feedback from first formal consultation	11 electronic and 6 paper responses received, most of which advocated no change. Three responses suggested the St Luke's development should be a separate parish ward, with separate representation, due to a lack of representation in that area. There were also suggestions for specific actions for parish councillors (such a post boxes, litter bins, car parking, road refurbishment etc; most of these are outside of the remit of a parish council and all are outside of the scope of a CGR). There was also a suggestion to group Runwell with Rettendon; given the vastly different communities within the two parishes this is unlikely to lead to an increase in convenient and effective local governance. Additionally, one respondent advised they would welcome an increase in local taxation in the city centre in order to reduce their tax; this is also outside of the scope of a CGR.
Development	No significant new housing development is noted within the area.
Assessment	The current community governance within the area does reflect the identities and interests of the community in the area. The current community governance remains effective and convenient. The boundaries remain coterminous with other boundaries. However, the St Luke's development is currently included within the Runwell East parish ward. As a fairly sizeable development, which is geographically distinct from the remainder of the communities within Runwell, there is some argument that St Luke's has a distinct identity and different interests to the rest of the parish ward. In addition, residents feel they are currently inadequately represented on the parish council, suggesting the current arrangements are no longer effective or convenient. Given the responses from the St Luke's area are supportive of increased local representation, it would appear that making this a separate ward of Runwell parish would lead to an increase in effective and convenient local government, whilst reflecting local identities and interests.
Draft recommendation	Given the current community governance arrangements meet the statutory tests, there is no expected major new housing

	<p>development that would disrupt those arrangements, but there is support for creating a new parish ward to represent St Luke's, we recommend:</p> <ul style="list-style-type: none"> · No change in the parish boundary. · Create a new parish ward to represent St Luke's, as shown in the image below (area A). This new parish ward covers St Luke's, including all properties off St Lukes Way and the hospital. The new ward would include the whole development, but not the older properties at Runwell Hall Farm, which are inaccessible from St Luke's area by road. The new parish ward extends to the parish boundary on the east, as it is not good practice to have 'island' wards entirely surrounded by another ward.
--	---

Area A : The proposed new parish ward, St Lukes parish ward of Runwell parish council.

4.35. Governance arrangements

Electorate	Runwell parish 3,296 Runwell East ward 1,565 Runwell West ward 1,731
Changes in electorate due to proposed boundary changes	0
Proposed electorate	3,296, broken down: Runwell East ward 1,121 Runwell West ward 1,731 St Lukes ward 444
Current number of parish councillors	Runwell parish 13 Runwell East ward 6 Runwell West ward 7
Ratio (electors per parish councillor, rounded)	254
NALC recommendation (1988 guidance)	n/a
Notes on recent elections	No recent contested elections 2 unfilled seats in 2019
Proposed number of parish councillors	13 in total, as follows: 4 East 2 St Lukes 7 West

4.36. Draft recommendations:

- (1) No change in parish boundary.
- (2) No change in parish name.
- (3) **Create** a new parish ward for St Lukes, as shown as Area A.
- (4) **Change** the number of parish councillors as noted above.

West Hanningfield

4.37. Area

Parish area	West Hanningfield
Feedback from informal consultation	No responses
Feedback from first formal consultation	9 electronic and 2 paper responses. One, from a local councillor, advocated more parish councillors and a merger of the Hanningfield parishes. The other respondents were strongly against this suggestion, highlighting how the communities are distinct in their identity and their community needs. A small number of respondents commented upon recent tree-felling, which is outside of the scope of the CGR.
Development	No significant new housing development is noted within the area.
Assessment	The current community governance within the area does reflect the identities and interests of the community in the area. The current community governance remains effective and convenient. The boundaries remain coterminous with other boundaries.
Draft recommendation	Given the current community governance arrangements meet the statutory tests, there is no expected major new housing

	<p>development that would disrupt those arrangements, and no identified support for changing arrangements, we recommend:</p> <ul style="list-style-type: none"> • No change in the parish boundary. • No change in electoral arrangements, so retaining a parish council.
--	---

4.38. Governance arrangements

Electorate	939
Changes in electorate due to proposed boundary changes	0
Proposed electorate	939
Current number of parish councillors	9
Ratio (electors per parish councillor, rounded)	104
NALC recommendation (1988 guidance)	8
Notes on recent elections	Contested election in 2007 5 unfilled seats in 2019
Proposed number of parish councillors	8 - reduce

4.39. Draft recommendations:

- (1) No change in parish boundary.
- (2) No change in parish name.
- (3) **Reduce** the number of parish councillors from 9 to 8.

East Hanningfield

4.40. Area

Parish area	East Hanningfield
Feedback from informal consultation	No change necessary
Feedback from first formal consultation	6 electronic and 2 paper responses. All but one advocate no change. The one requesting changes suggested removing the middle tier(s) of government, leaving parish councils and central government, possibly with unitary authority between (although this was not clear). A CGR is not able to consider County or City electoral arrangements.
Development	No significant new housing development is noted within the area.
Assessment	The current community governance within the area does reflect the identities and interests of the community in the area. The current community governance remains effective and convenient. The boundaries remain coterminous with other boundaries.
Draft recommendation	<p>Given the current community governance arrangements meet the statutory tests, there is no expected major new housing development that would disrupt those arrangements, and no identified support for changing arrangements, we recommend:</p> <ul style="list-style-type: none"> • No change in the parish boundary. • No change in electoral arrangements, so retaining a parish council.

4.41. Governance arrangements

Electorate	874
Changes in electorate due to proposed boundary changes	0
Proposed electorate	874
Current number of parish councillors	7
Ratio (electors per parish councillor, rounded)	125
NALC recommendation (1988 guidance)	8
Notes on recent elections	No recent contested elections 1 unfilled seat in 2019
Proposed number of parish councillors	7 – no change

4.42. Draft recommendations:

- (1) No change in parish boundary.
- (2) No change in parish name.
- (3) No change in the number of parish councillors.

South Woodham Ferrers

4.43. Area

Parish area	South Woodham Ferrers
Parish wards	Chetwood Collingwood Elmwood Woodville
Feedback from informal consultation	Some felt no change was needed, others suggested removing the Town Council, others suggested changing it to a parish council. In community governance terms, there is no difference between a town and a parish council. Further, community governance arrangements have no direct bearing on planning, road building or housing development, which were matters raised by respondents.
Feedback from first formal consultation	18 electronic and 5 paper responses. Generally respondents are in favour of the current arrangements, with the following exceptions: <ul style="list-style-type: none"> • The Town Council expressed concern about the number of councillors, particularly that the total should not increase, as it has proved difficult to attract candidates in the past. • There is a need to ensure the new development is adequately represented. One respondent suggested splitting the Town Council into 'north' and 'south' to ensure this happens. • One respondent advocated replacing the Town Council with a petitions website. Whilst a website could be developed to support local voices, it is not considered an appropriate alternative to an existing elected body. • One respondent advocated replacing the Town Council with a cross-specialism community forum without elected representatives. This would be contrary to government guidance. • Specific comments were received about planning matters, which are outside of the scope of a CGR.

Development	A large new development wholly contained within Woodville parish ward.
Assessment	<p>The current community governance within the area does reflect the identities and interests of the community in the area.</p> <p>The current community governance remains effective and convenient.</p> <p>The boundaries remain coterminous with other boundaries.</p> <p>The new development will fall wholly within the existing Woodville ward and, as such, there is currently no need to amend ward boundaries. In addition, given the development is not yet built-out, it would appear unwise to adjust the number of local councillors at the current time as the local residents they will be representing are not yet there, and the pool of electors from whom councillors can be drawn are not yet present. Therefore a further, very small scale, review may be required in 3-5 years to adjust the number of town councillors by ward to balance the elector:councillor ratio locally.</p>
Draft recommendation	<p>Given the current community governance arrangements meet the statutory tests, there is no expected major new housing development that would disrupt those arrangements, and no identified support for changing arrangements, we recommend:</p> <ul style="list-style-type: none"> • No change in the parish boundary. • No change in electoral arrangements, so retaining a parish council. However, once the new development is complete, a review to balance the number of parish councillors may be needed.

4.44. Governance arrangements

Electorate	South Woodham Ferrers town 12,199 Chetwood ward 2,941 Collingwood ward 3,165 Elmwood ward 3,552 Woodville ward 2,541
Changes in electorate due to proposed boundary changes	0
Proposed electorate	12,199 (no ward changes)
Current number of parish councillors	South Woodham Ferrers town 20 Chetwood ward 5 Collingwood ward 5 Elmwood ward 5 Woodville ward 5
Ratio (electors per parish councillor, rounded)	610
NALC recommendation (1988 guidance)	n/a
Notes on recent elections	Contested election in 2015 5 unfilled seats in 2019
Proposed number of parish councillors	20 in total, as follows: 5 Chetwood 5 Collingwood 5 Elmwood 5 Woodville

4.45. Draft recommendations:

- (1) No change in parish boundary.
- (2) No change in parish name.
- (3) No change in the number of parish councillors.

Woodham Ferrers and Bicknacre

4.46. Area

Parish area	Woodham Ferrers and Bicknacre
Parish wards	Bicknacre Village
Feedback from informal consultation	No changes to parish boundaries were suggested, although a review of the number of councillors was requested.
Feedback from first formal consultation	<p>7 electronic and 4 paper responses. The majority support the status quo, although the following suggestions were also made:</p> <ul style="list-style-type: none"> • Merge the parish with Danbury parish. Only one respondent suggested this, with the reasoning to reduce costs (and not focussed on identity or community governance). The suggestion does not, therefore, meet the statutory criteria. • Two suggestions were received requesting the parish name be reversed as Bicknacre is the larger electorate. • One respondent (who lives outside of the parish) noted that Danbury parish wraps around the east and west of Bicknacre and stated that this reduces 'future growth options' for Bicknacre. Development and planning are outside of the scope of a CGR. Should future development in the area straddle the boundary, a future review of whether (and how) the boundary should be redrawn would take place. The position of a parish boundary line does not, of itself, affect whether development can take place or not.
Development	Three sites, all wholly within the Bicknacre ward, have been identified.
Assessment	<p>The current community governance within the area does reflect the identities and interests of the community in the area.</p> <p>The current community governance remains effective and convenient.</p> <p>The boundaries remain coterminous with other boundaries.</p> <p>A name change was suggested by two respondents. However, the parish has been in existence since 1987 and Bicknacre has been the larger of the parish wards by electorate throughout that time.</p> <p>There is, therefore, no new rationale for changing the parish name and it is not recommended in this review.</p>
Draft recommendation	<p>Given the current community governance arrangements meet the statutory tests, there is no expected major new housing development that would disrupt those arrangements, and no identified support for changing arrangements, we recommend:</p> <ul style="list-style-type: none"> • No change in the parish boundary. • No change in electoral arrangements, so retaining a parish council.

Governance arrangements

Electorate	Woodham Ferrers and Bicknacre parish 2,285 Bicknacre ward 1,869 Village ward 416
Changes in electorate due to proposed boundary changes	0
Proposed electorate	2,285 (no changes)
Current number of parish councillors	Woodham Ferrers and Bicknacre parish 9 Bicknacre ward 6 Village ward 3
Ratio (electors per parish councillor, rounded)	254
NALC recommendation (1988 guidance)	n/a
Notes on recent elections	Contested election in 2007, 2008 2 unfilled seats in 2019
Proposed number of parish councillors	9 in total, as follows: 6 Bicknacre 3 Village (no change)

4.47. Draft recommendations:

- (1) No change in parish boundary.
- (2) No change in parish name.
- (3) No change in the number of parish councillors.

Danbury

4.48. Area

Parish area	Danbury
Feedback from informal consultation	No change necessary
Feedback from first formal consultation	<p>19 electronic and 10 paper responses. Most support retaining the status quo, although the following suggestions were also made:</p> <ul style="list-style-type: none"> • Abolish the parish council and pass responsibilities to Chelmsford City Council. This approach was not well supported and appears to be based on financial grounds alone. The same respondent suggested merging Danbury with neighbouring parishes, although this was also not widely supported. The same respondent also suggested introducing parish wards. Given the layout of the settlements within the parish, this is unlikely to be a well-supported option. • A small number of respondents suggested reducing the number of parish councillors. • One respondent gave the same response as noted for Woodham Ferrers and Bicknacre, namely that two southern extents of the parish are distinct from the rest of the parish

	and possibly better aligned with the other parishes. However, no representation from those parishes has been made, nor from residents of those areas, to support those suggestions. There appears to be little support for this proposal, which appears to not consider the statutory criteria for a CGR.
Development	No significant new housing development is noted within the parish.
Assessment	The current community governance within the area does reflect the identities and interests of the community in the area. The current community governance remains effective and convenient. The boundaries remain coterminous with other boundaries.
Draft recommendation	Given the current community governance arrangements meet the statutory tests, there is no expected major new housing development that would disrupt those arrangements, and no identified support for changing arrangements, we recommend: <ul style="list-style-type: none"> • No change in the parish boundary. • No change in electoral arrangements, so retaining a parish council.

4.49. Governance arrangements

Proposed number of parish councillors	8 - reduce

4.53. Draft recommendations:

- (1) No change in parish boundary.
- (2) No change in parish name.
- (3) **Reduce** the number of parish councillors from 9 to 8, reflecting NALC recommendations and the number of unfilled seats following the 2019 election.

Great Waltham

4.54. Area

Parish area	Great Waltham
Parish wards	Church End Ford End
Feedback from informal consultation	No change necessary
Feedback from first formal consultation	7 electronic and 2 paper responses received. All were supportive, some vehemently so, of the current arrangements. The following comments were received: <ul style="list-style-type: none"> · Parish councils should be given more powers concerning planning. This is outside of the remit of a CGR. · Boundaries should only be adjusted to accommodate new development. This does not affect this parish directly. · One respondent suggested either splitting the parish along existing parish ward lines, or merging the parish with

	neighbouring parishes. These are opposite suggestions from the same respondent, and it isn't clear what the argument (taking the statutory criteria into account) for either case is.
Development	No significant new housing development is noted within the parish.
Assessment	The current community governance within the area does reflect the identities and interests of the community in the area. The current community governance remains effective and convenient. The boundaries remain coterminous with other boundaries.
Draft recommendation	Given the current community governance arrangements meet the statutory tests, there is no expected major new housing development that would disrupt those arrangements, and no identified support for changing arrangements, we recommend: <ul style="list-style-type: none"> · No change in the parish boundary. · No change in electoral arrangements, so retaining a parish council.

4.55. Governance arrangements

Electorate	Great Waltham parish 1,777 Church End ward 1,236 Ford End ward 541
Changes in electorate due to proposed boundary changes	0
Proposed electorate	1,777 (no ward changes)

NALC recommendation (1988 guidance)	n/a
Notes on recent elections	Contested election in 2007, 2008 2 unfilled seats in 2019
Proposed number of parish councillors	11 in total, as follows: 8 Church End 3 Ford End (no change)

4.56. Draft recommendations:

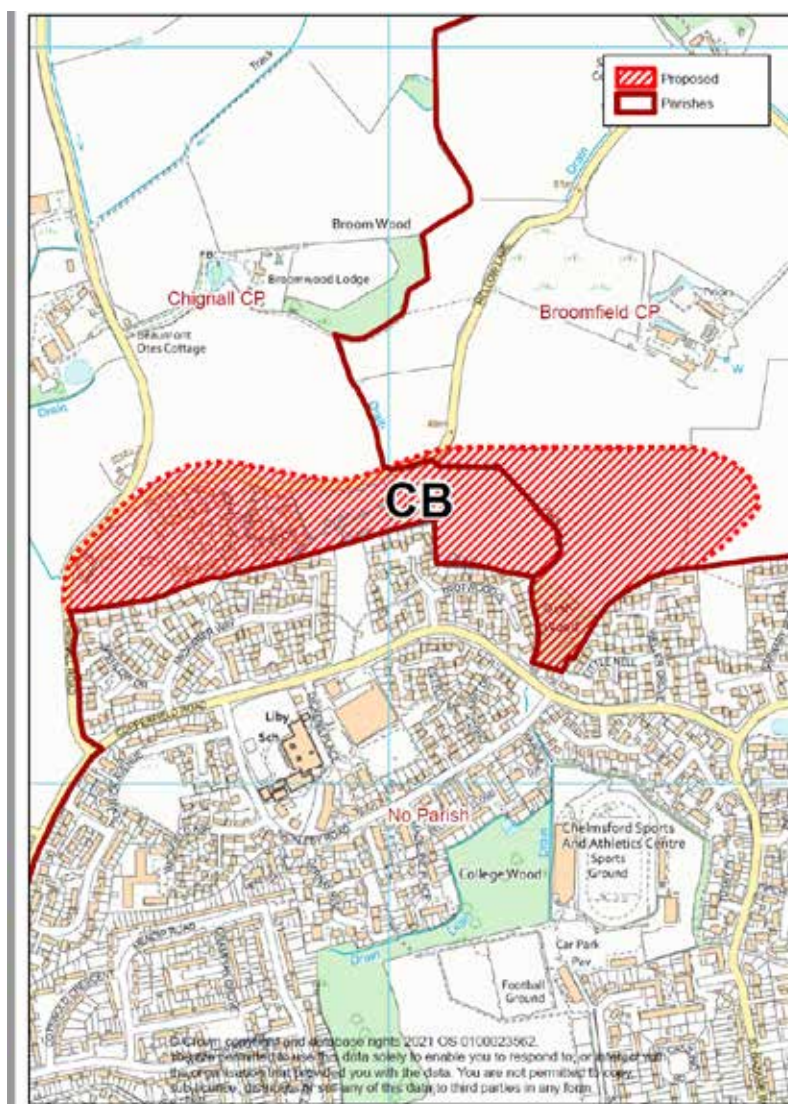

- (1) No change in parish boundary.
- (2) No change in parish name.
- (3) No change in the number of parish councillors.

Chignal

4.57. Area

Parish area	Chignal
Feedback from informal consultation	No change necessary

Feedback from first formal consultation	<p>40 electronic responses received advising they are from this parish, although some were from the neighbouring unparished area of the City Centre. Most were supportive of retaining the status quo. The following comments were received:</p> <ul style="list-style-type: none"> One respondent felt the Little Hollows development was separate from the rest of the parish and should therefore no longer be part of the parish. However, several respondents from that area advised they feel more part of Chignal than the neighbouring City. It appears a level of concern has arisen in this area that the City would 'swallow up' Little Hollows, and a number of respondents from that area advised they wish to remain in Chignal parish. One respondent advocated for the abolition of the parish council. Several respondents advised they would prefer to be part of the Chelmsford parliamentary constituency, although this is outside of the remit of the CGR (and is the responsibility of the Boundary Commission for England).
Development	<p>No significant new housing development is noted within the parish, other than in the Hollow Lane area.</p>
Assessment	<p>The development around Hollow Lane, Dogrose Close, Foxglove Avenue and surrounds is currently divided between Broomfield and Chignal parishes. This is unlikely to reflect the interests and identities of the local community. As there will be no vehicular access from this area to the rest of Broomfield, it would not be logical for this community to be included within that parish. That leaves two options – to include the area within Chignal parish, or to amend the boundary such that it becomes part of the unparished area. Some submissions were received from local residents in this area not wishing to be part of the unparished city centre. However, Members at the Connectivity and Local Democracy Working Group noted that the number of properties expected in this development site would, if they became part of Chignal, comprise around two-thirds of the total number of households and would therefore change the nature of Chignal considerably. Access is primarily to the south, into the unparished area of the City Centre, and the development is considered more likely an extension of the City Centre rather than an extension of Chignal. As such, the recommendation is that this area should become part of the unparished area.</p>
Draft recommendation	<p>Given the current community governance arrangements meet the statutory tests, there is no expected major new housing development that would disrupt those arrangements, and no identified support for changing arrangements, we recommend:</p> <ul style="list-style-type: none"> Amend the parish boundary such that the Hollow Lane area becomes part of the unparished city centre area, as shown in the map below. No change in the parish name. No change in electoral arrangements, so retaining a parish council.

Area CB is currently split between Chignall and Broomfield. The proposal is that this becomes part of the unparished City Centre.

4.58. Governance arrangements

Electorate	396
Changes in electorate due to proposed boundary changes	– 170 to city centre
Proposed electorate	226
Current number of parish councillors	7
Ratio (electors per parish councillor, rounded)	57
NALC recommendation (1988 guidance)	7
Notes on recent elections	No recent contested elections 1 unfilled seat in 2019
Proposed number of parish councillors	7 – no change

4.59. Draft recommendations:

- (1) Adjust the parish boundary such that area CB becomes part of the unparished city centre.
- (2) No change in parish name.
- (3) No change in the number of parish councillors.

Great and Little Leighs

4.60. Area

Parish area	Great and Little Leighs
Feedback from informal consultation	No change necessary
Feedback from first formal consultation	2 electronic and 3 paper responses received, all advocating no change.
Development	Development sites located wholly within the parish.
Assessment	The current community governance within the area does reflect the identities and interests of the community in the area. The current community governance remains effective and convenient. The boundaries remain coterminous with other boundaries.
Draft recommendation	Given the current community governance arrangements meet the statutory tests, there is no expected major new housing development that would disrupt those arrangements, and no identified support for changing arrangements, we recommend: <ul style="list-style-type: none"> · No change in the parish boundary. · No change in electoral arrangements, so retaining a parish council.

4.61. Governance arrangements

Electorate	2,049
Changes in electorate due to proposed boundary changes	0
Proposed electorate	2,049
Current number of parish councillors	9
Ratio (electors per parish councillor, rounded)	228
NALC recommendation (1988 guidance)	10
Notes on recent elections	No recent contested elections 5 unfilled seats in 2019
Proposed number of parish councillors	The NALC recommendation would be to increase the number of parish councillors, and I am mindful of extensive residential development planned in the parish. Therefore, despite a lack of recent contested polls, I propose to increase the number of parish councillors

	to 10 to accommodate these changes.
--	-------------------------------------

4.62. Draft recommendations:

- (1) No change in parish boundary.
- (2) No change in parish name.
- (3) **Increase** the number of parish councillors from 9 to 10.

Sandon

4.63. Area

Parish area	Sandon
Feedback from informal consultation	No change necessary
Feedback from first formal consultation	4 electronic and 3 paper responses received, all advocating for no change. One listed reasons for the retention of the parish area as it stands.
Development	Two sites are wholly within Sandon parish.
Assessment	The current community governance within the area does reflect the identities and interests of the community in the area. The current community governance remains effective and convenient. The boundaries remain coterminous with other boundaries.
Draft recommendation	Given the current community governance arrangements meet the statutory tests, there is no expected major new housing development that would disrupt those arrangements, and no identified support for changing arrangements, we recommend: <ul style="list-style-type: none"> · No change in the parish boundary. · No change in electoral arrangements, so retaining a parish council.

4.64. Governance arrangements

Proposed electorate	1,211
Current number of parish councillors	7
Ratio (electors per parish councillor, rounded)	173
NALC recommendation (1988 guidance)	8
Notes on recent elections	No recent contested elections 1 unfilled seats in 2019
Proposed number of parish councillors	The NALC recommendation would be to increase the number of parish councillors, and I am mindful of residential development planned in the parish. Therefore, despite a lack of recent contested polls, I propose to increase the

	number of parish councillors to 8 to accommodate these changes.
--	---

4.65. Draft recommendations:

- (1) No change in parish boundary.
- (2) No change in parish name.
- (3) **Increase** the number of parish councillors from 7 to 8.

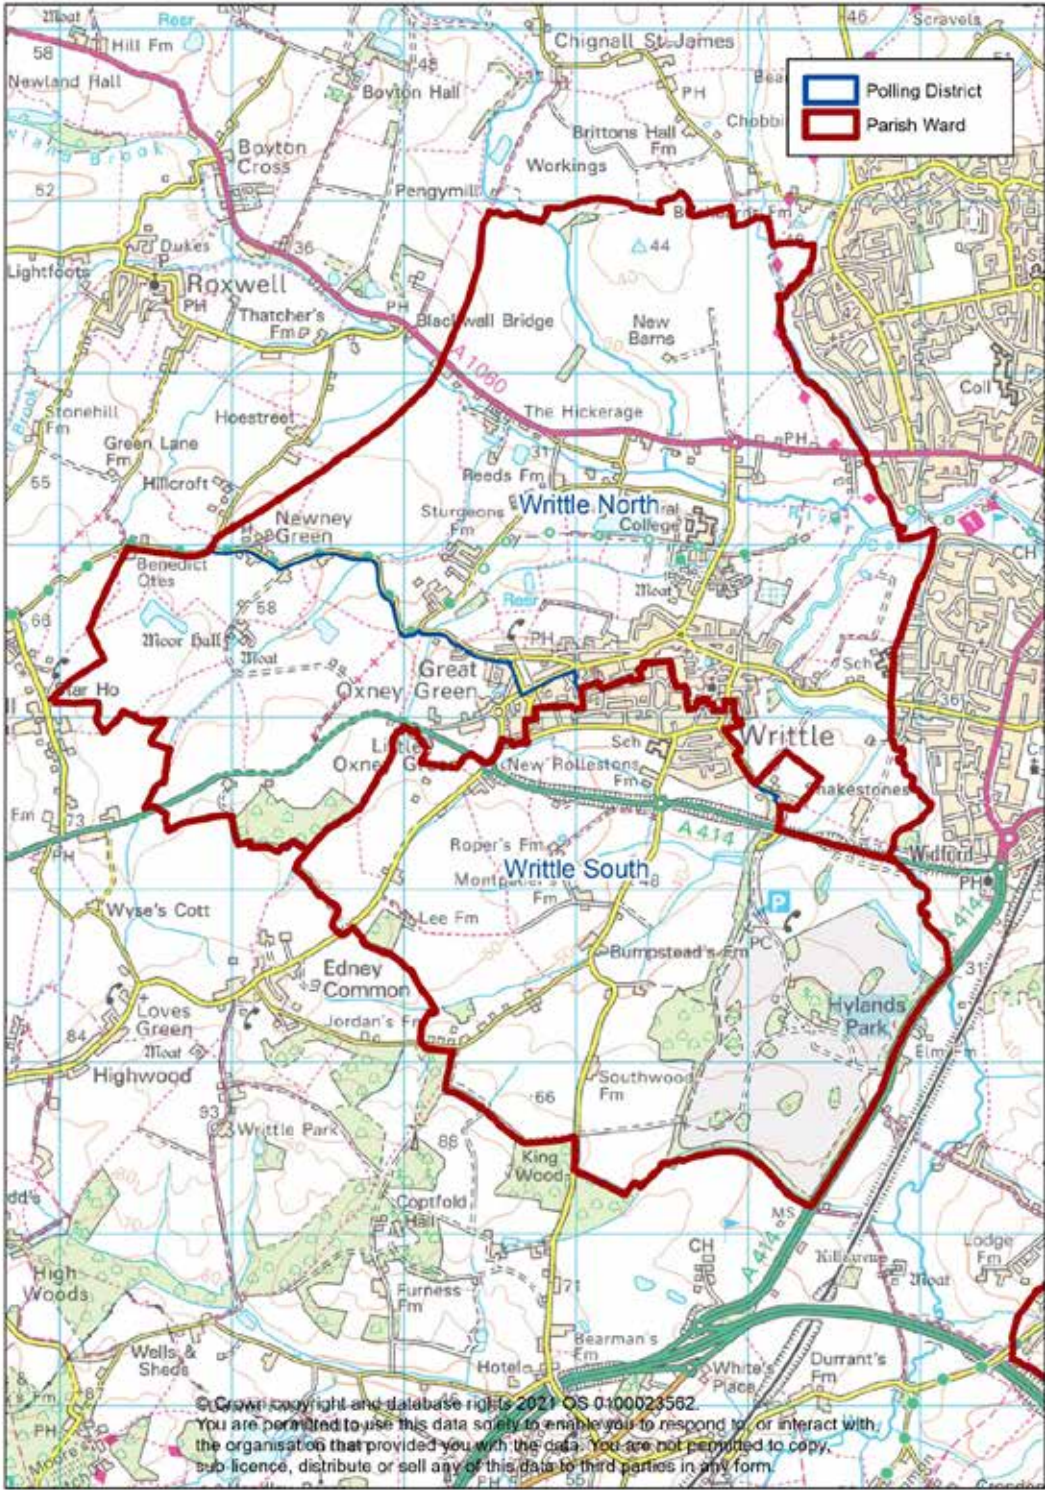

Writtle parish

4.66. Area

Parish area	Writtle
Parish wards	North South
Feedback from informal consultation	No change necessary
Feedback from first formal consultation	<p>6 paper responses received. All supported the current situation. One suggested the new development should be entirely encompassed within Writtle (which it will be, without changing parish boundaries); another suggested the new development could become a new separate parish in future subject to a severance payment to Writtle. This is outside of the scope of the CGR, and it should be noted that payments are not made to a parish council for an area to leave that parish council area.</p> <p>In addition, 364 electronic responses were received. This level of activity was likely generated by local publicity within the parish, and some of the comments received suggested respondents felt that Writtle parish was about to be abolished which was never proposed prior to the initial consultation and is not supported by the current evidence. Most responses support the status quo. However, the following comments were received:</p> <ul style="list-style-type: none"> · Local residents do not feel represented by their MP as they are not in the Chelmsford constituency. This is outside the scope of the CGR. · A small number of respondents advised that they felt the new development should be part of Writtle parish. With no change in boundaries, this will be the case. A small number, however, felt it should be excluded from the parish. One of these explicitly stated they felt existing Writtle residents should not 'support any of the newcomers to the area'. In fact, parish councils do not financially support residents within different areas and this argument therefore does not reflect the responsibilities explored in a CGR. · One respondent felt that having the new development within Writtle would automatically allow further development to spread from it into the parish, but moving the parish boundary would prevent that spread. This is not the case,

	<p>as planning and development control is not restricted to parish boundary lines.</p> <ul style="list-style-type: none"> Some respondents advocated for a reduction in parish councillors, owing to few contested elections in recent years, whereas others recognised that increased residential development may necessitate additional councillors. Some respondents advocated adjusting the existing parish wards to balance electorates, taking the new development into account. Others advocated removing the parish wards entirely, and some suggested the new development should be one ward with the rest of the parish another, to reflect the different identities and communities therein. One respondent felt parish councils should have a greater level of authority regarding planning matters; this is outside the scope of a CGR.
Development	New housing developments are wholly located within the North parish ward.
Assessment	<p>The current community governance within the area does reflect the identities and interests of the community in the area.</p> <p>The current community governance remains effective and convenient.</p> <p>The boundaries remain coterminous with other boundaries.</p> <p>However, there is scope to tidy-up the parish ward boundary, such that communities within the southern part of the parish are not split artificially by the parish ward boundary. However, there is no clear demarcation that adequately splits the parish into wards in an equitable and logical manner. It is not currently advisable to create a parish ward for the new development, until such time as the development is built-out; this will allow more accurate placement of boundary lines and more equitable numbers of parish councillors by parish ward (based on electorate).</p> <p>There are, therefore, three possible options.</p> <ul style="list-style-type: none"> (a) Leave the parish ward boundaries as they are, noting that changes may be required in future once the new development is complete. (b) Change the parish ward boundaries now, to create a more balanced warding structure, noting further changes may be required in future once the new development is complete. (c) Remove warding within the parish, such that the whole of Writtle becomes a single area, noting that changes may be required in future once the new development is complete. <p>The default is to retain the status quo and, in the absence of any clear views from residents or the parish council, that is the preferred option. Therefore, the parish ward boundaries should remain unchanged for now, but may be reviewed in future once the development is complete. At that time, rather than simply creating a new parish ward, consideration should be given as to the benefit and impact of warding to determine if removing all parish wards within Writtle, or some alternative adjustment, should be made.</p> <p>However, in practical terms, the current parish ward boundary divides existing streets arbitrarily leading to some complications at elections in terms of to which polling station electors should attend to vote. For non-parish elections, this complication has been</p>

	resolved by adjusting the polling district boundary, so it follows Victoria Road, East View, Ongar Road and then between Redwood Drive and Longmeads Close to rejoin the existing parish ward boundary. Adjusting the parish ward boundary to follow this polling district boundary would help improve the effectiveness and convenience of local governance and electoral arrangements, whilst retaining both parish wards in Writtle at the current time.
Draft recommendation	<p>Given the current community governance arrangements meet the statutory tests, there is no expected major new housing development straddling the boundaries that would disrupt those arrangements, and no identified support for changing arrangements, we recommend:</p> <ul style="list-style-type: none"> • No change in the parish boundary, other than the minor adjustment between parish wards as noted above so the new parish ward boundary follows the polling district boundary line (as shown in the map below). • No change in electoral arrangements, so retaining a parish council.

Map showing the current parish ward boundary in Writtle, and the current polling district boundary (which is the proposed new parish ward boundary).

4.67. Governance arrangements

Electorate	Writtle parish	4,078
	North ward	1,379
	South ward	2,699

Changes in electorate due to proposed boundary changes	0
Proposed electorate	4,078 (no changes)
Current number of parish councillors	Writtle parish 15 North ward 8 South ward 7
Ratio (electors per parish councillor, rounded)	272
NALC recommendation (1988 guidance)	n/a
Notes on recent elections	Contested election in 2007 2 unfilled seats in 2019
Proposed number of parish councillors	15 in total, as follows: 7 North (reduction of 1) 8 South (increase of 1)

4.68. Draft recommendations:

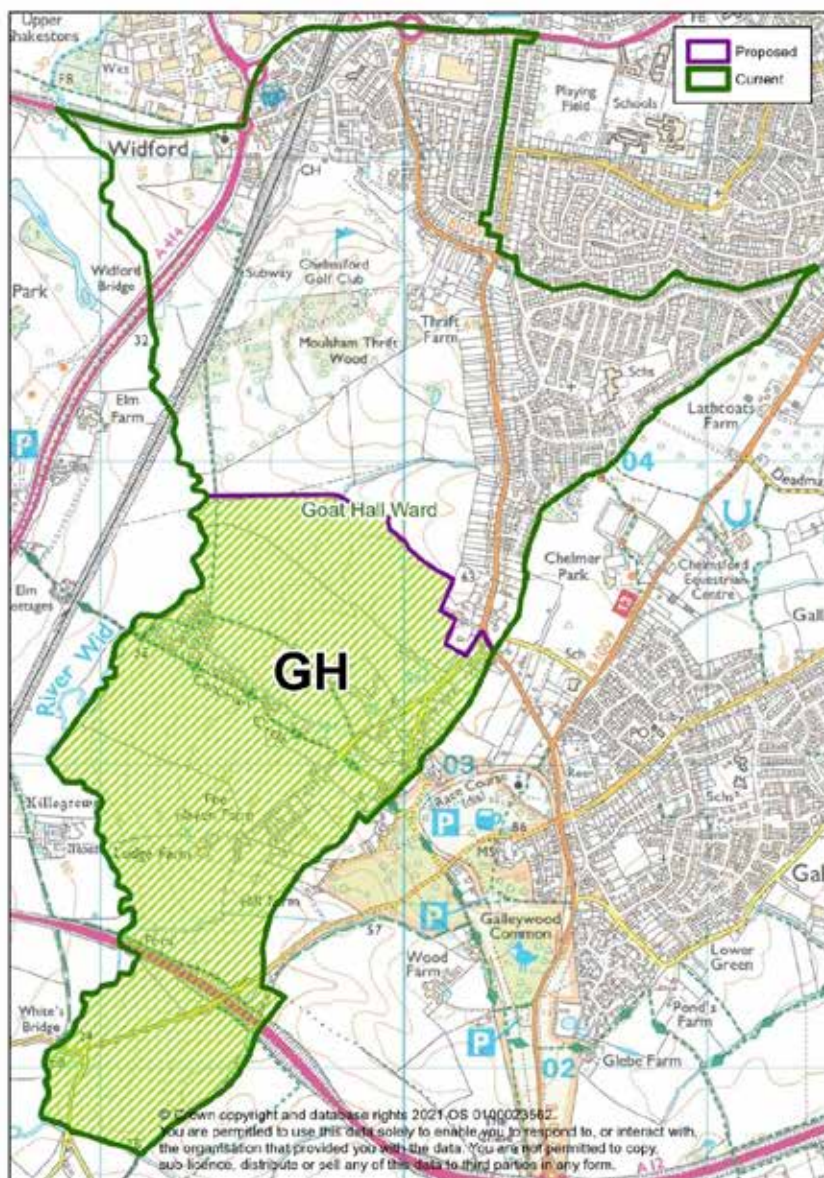

- (1) No change in parish boundary other than the minor adjustment between parish wards as noted above so the new parish ward boundary follows the polling district boundary line.
- (2) No change in parish name.
- (3) **Change** in the number of parish councillors, to increase the number in South ward from 7 to 8 and reduce the number in North ward from 8 to 7. This change reflects the balance of the electorate.

Galleywood

4.69. Area

Parish area	Galleywood
Parish wards	East West
Feedback from informal consultation	One proposal was received suggesting the southern end of Goat Hall city ward of the currently unparished area become part of Galleywood. One proposal questioned the need for parish wards within Galleywood, which may be based on historical arrangements.
Feedback from first formal consultation	3 responses on paper, all supporting the current arrangements and advocating no change. One pointed out they feel the current arrangements are effective. 17 responses electronically. Two felt the parish council should be abolished, with one advocating local community polls to determine local issues, but otherwise being assimilated within the unparished area of the City. The remainder felt the parish council should be retained or were unsure. Four responses, including one from the parish council and one from a serving parish councillor, called for extending the parish area to take on the Goat Hall area of the unparished part of the City. One of these also called for the Moulsham area to become part of Galleywood parish. None of these submissions suggested the residents of Goat Hall or Moulsham feel a sense of identity with Galleywood, simply that this area was geographically distant from the rest of the City so should become part of their parish. One councillor for another area stated in their response that ward

	<p>councillors have said that Goat Hall sits more naturally within Galleywood; however other responses have not supported this statement.</p> <p>Four submissions, including that of the parish council, advocated removing the two parish wards and making the parish a single area as there is no distinction between the two areas and they form a single community.</p> <p>The number of parish councillors was commented upon, with a number of submissions suggesting an increase to bring the ratio of electors to councillors in line with other parish areas.</p> <p>One response suggested local referendums to determine local issues. However, this is outside the scope of the CGR as it is not a recognised form of community governance outside of existing structures.</p>
Development	New development wholly located within the parish.
Assessment	<p>The current community governance within the area does largely reflect the identities and interests of the community in the area. The current community governance remains effective and convenient.</p> <p>The boundaries remain coterminous with other boundaries. However, there does seem to be support to remove the existing parish wards and ensure Galleywood remains a single-ward parish. This would give an electorate of around 4,500 which is not unreasonable for a single area.</p> <p>The suggestion to make the southern end of Goat Hall Ward part of Galleywood has not been supported by residents of that area itself. It is possible that residents of this area do not feel they align with the identities and interests of the city itself, given they are geographically distinct and form a small and separate area. However, it does not necessarily follow that they feel they are part of Galleywood parish. It is therefore prudent to consult residents in this area to ask if they feel more closely aligned to Galleywood parish. The specific area is the current Goat Hall ward south of the stream adjoining the River Wid, following the field boundary to the south, south around the veterinary practice and neighbouring property, then north along Goat Hall Lane to the B1007 and joining the existing boundary at the junction with Slade Lane, shown as area GH on the map.</p>
Draft recommendation	<p>Given the responses received suggesting there is no need for two separate parish wards (East and West) for Galleywood parish, I propose removing the parish wards. The overall number of parish councillors is adjusted accordingly.</p> <p>Following discussion at the Connectivity and Local Democracy Working Group, the recommendation is to move the boundary between Goat Hall ward and Galleywood parish as outlined above, subject to consultation.</p>

The area marked GH is proposed to move, subject to consultation, to Galleywood parish.

4.70. Governance arrangements

Electorate	Galleywood parish 4,338 East ward 2,356 West ward 1,982
Changes in electorate due to proposed boundary changes	Merger of the two existing parish wards to create a single area, with an electorate of 4,338. If the southern part of Goat Hall ward becomes part of Galleywood, it would increase the electorate by 222.
Proposed electorate	4,338 + potentially 222 from Goat Hall ward = 4,560
Current number of parish councillors	Galleywood parish 9

	East ward 5 West ward 4
Ratio (electors per parish councillor, rounded)	482
NALC recommendation (1988 guidance)	12
Notes on recent elections	Contested election in 2019
Proposed number of parish councillors	Following the NALC formula, Galleywood would have 12 parish councillors – an increase from the current 9.

4.71. Draft recommendations:

- (1) **Change** the parish boundary as noted above and shown as area GH on the map.
- (2) No change in parish name.
- (3) **Remove** the parish wards, creating a single area.
- (4) **Change** the number of parish councillors to a total of 12 for the single area.

Great Baddow

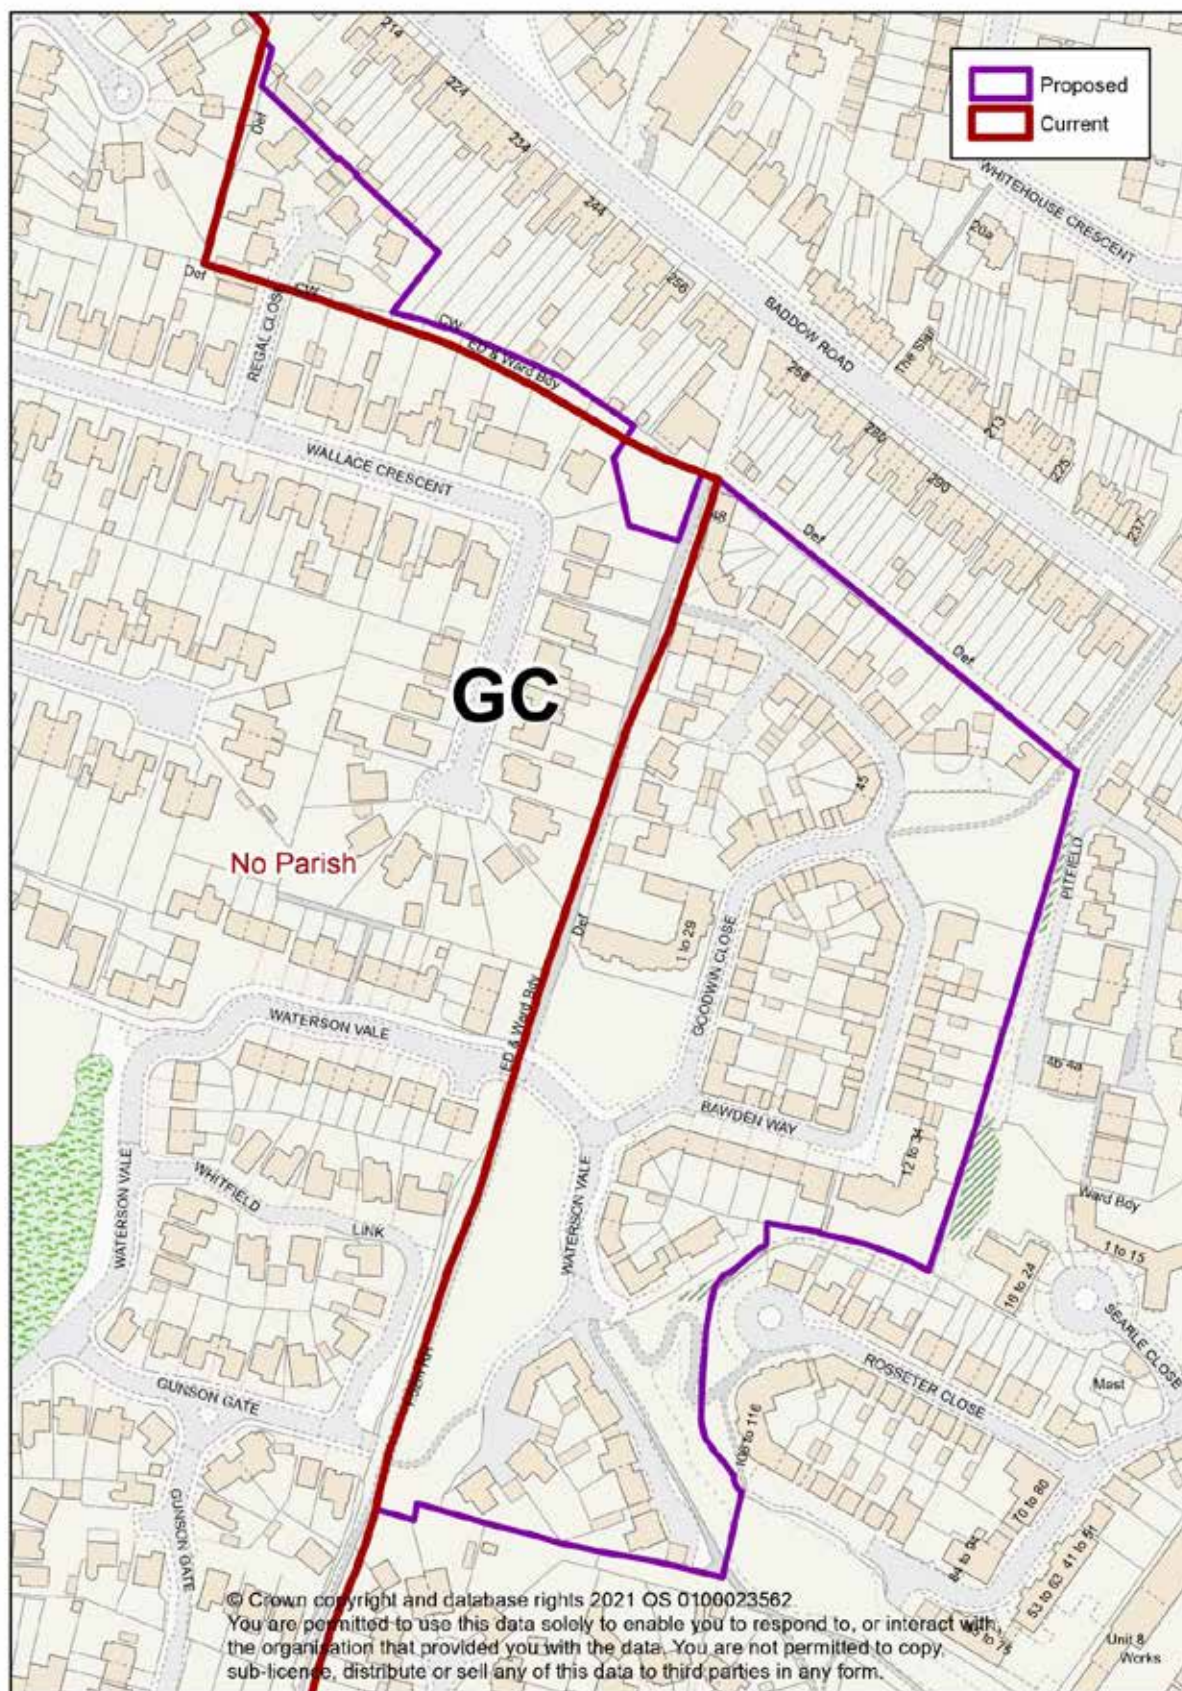

4.72. Area

Parish area	Great Baddow
Parish wards	Baddow Road Rothmans Village
Feedback from informal consultation	A range of views were received, including dividing the parish or abolishing the parish.
Feedback from first formal consultation	<p>21 electronic responses and 11 on paper. The majority advocated no changes.</p> <p>A small number suggested abolishing the parish council, or merging it with neighbouring parishes to reduce costs. Costs are not a direct consideration of a CGR, however, and no reason from a community identity or effectiveness of community governance perspective was suggested.</p> <p>One respondent felt the way parish councillors was 'chosen' was not representative, although parish council elections allow for any eligible resident to stand for election.</p> <p>The Great Baddow parish council advocated that the boundaries should remain unchanged, except that the whole of Petrel Way should be included within the parish. At present, Petrel Way is not within the parish with the exception of number 30. A local councillor advocated that number 30 Petrel Way should remain within the parish, although a response from a City Councillor suggested it could be moved into the unparished area given there is no access from Great Baddow directly.</p> <p>One response noted that the large development in the north-east corner of Village Ward of Great Baddow parish may necessitate an additional parish ward to serve it effectively.</p> <p>In addition, submissions were received that advocated that Regal Close, Goodwin Close, Bawden Way and the entirety of Waterson Vale should be in the same electoral area – the unparished area</p>

	rather than Great Baddow parish as there is no vehicular access to the rest of the parish. These roads are currently isolated from the rest of the area due to the location of the current parish boundary.
Development	A major new development is wholly included within Village ward, and two further sites are in neighbouring Sandon parish.
Assessment	<p>It has been suggested that the new developments within Sandon parish are perhaps more reflective of an extension of Great Baddow village than the separate Sandon parish. However, no strength of feeling has been put forward suggesting the parish boundary be amended. In addition, the intention of a community governance review is not to make changes for changes' sake, but to use existing historic and established boundaries as a starting point for considering the community governance arrangements in local communities.</p> <p>Therefore it is likely, in the absence of contrary indications, that the current community governance within the area does reflect the identities and interests of the community in the area.</p> <p>The current community governance remains effective and convenient.</p> <p>The boundaries remain coterminous with other boundaries.</p>
Draft recommendation	<p>The majority of the existing boundaries remain appropriate, with no support for large-scale changes. However, the single property (30 Petrel Way) that is only accessible from the unparished area is an anomaly by being included within the parish boundary. In addition, Regal Close, Goodwin Close, Bawden Way and the entirety of Waterson Vale are not accessible from the remainder of the parish. I therefore propose adjusting the boundaries such that :</p> <ol style="list-style-type: none"> 1. For 30 Petrel Way, it follows the property boundary and this residential property becomes part of the unparished area alongside the rest of the road (shown as area B on the map below). This would meet the two statutory tests – the residents of a property are likely to have similar community interests and identity to their neighbours than to those whose properties are further away and inaccessible, and this arrangement would lead to more effective and convenient local governance. 2. The other roads listed become part of the unparished area. This also meets the two statutory criteria. <p>Therefore, I propose:</p> <ul style="list-style-type: none"> • Adjust the parish boundary such that number 30 Petrel Way becomes part of the unparished area. • Adjust the parish boundary such that Regal Close, Goodwin Close, Bawden Way and the entirety of Waterson Vale become part of the unparished area. • Leave the rest of the boundaries unchanged, noting a future parish ward review may be required once the major development is built-out.

Area B : The proposed move of 30 Petrel Way from Great Baddow to the unparished area.

Proposed revised boundary encompassing Regal Close, Goodwin Close, Bawden Way and the entirety of Waterson Vale in the unparished area (area GC shown)

4.73. Governance arrangements

Electorate	Great Baddow parish 11,297 Baddow Road ward 2,423 Rothmans ward 4,729 Village ward 4,145
Changes in electorate due to proposed boundary changes	(1 property) reduction of electors from 13 Baddow Road ward 190 Rothmans ward
Proposed electorate	11,094 (no ward changes)
Current number of parish councillors	Great Baddow parish 13 Baddow Road ward 3 Rothmans ward 5 Village ward 5
Ratio (electors per parish councillor, rounded)	869
NALC recommendation (1988 guidance)	n/a
Notes on recent elections	Contested election in 2007 3 unfilled seats in 2019
Proposed number of parish councillors	The number of electors per parish councillor is large; however, no suggestion to increase the number of parish councillors has been received. However, there is a new development underway, which will increase the number of electors. I therefore propose: 15 in total, as follows: 3 Baddow Road (unchanged) 6 Rothmans (increase by 1) 6 Village (increase by 1)

4.74. Draft recommendations:

- (1) **Change** in parish boundary such that number 30 Petrel Way becomes part of the unparished area (area B on the map). The residents of this property will be contacted directly regarding this draft recommendation to allow them to make representations if they wish.
- (2) **Change** the parish boundary such that Regal Close, Goodwin Close, Bawden Way and the entirety of Waterson Vale become part of the unparished area. The residents of this area will be contacted directly regarding this draft recommendation to allow them to make representations if they wish.
- (3) No change in parish name.
- (4) **Change** in the number of parish councillors, as noted above.

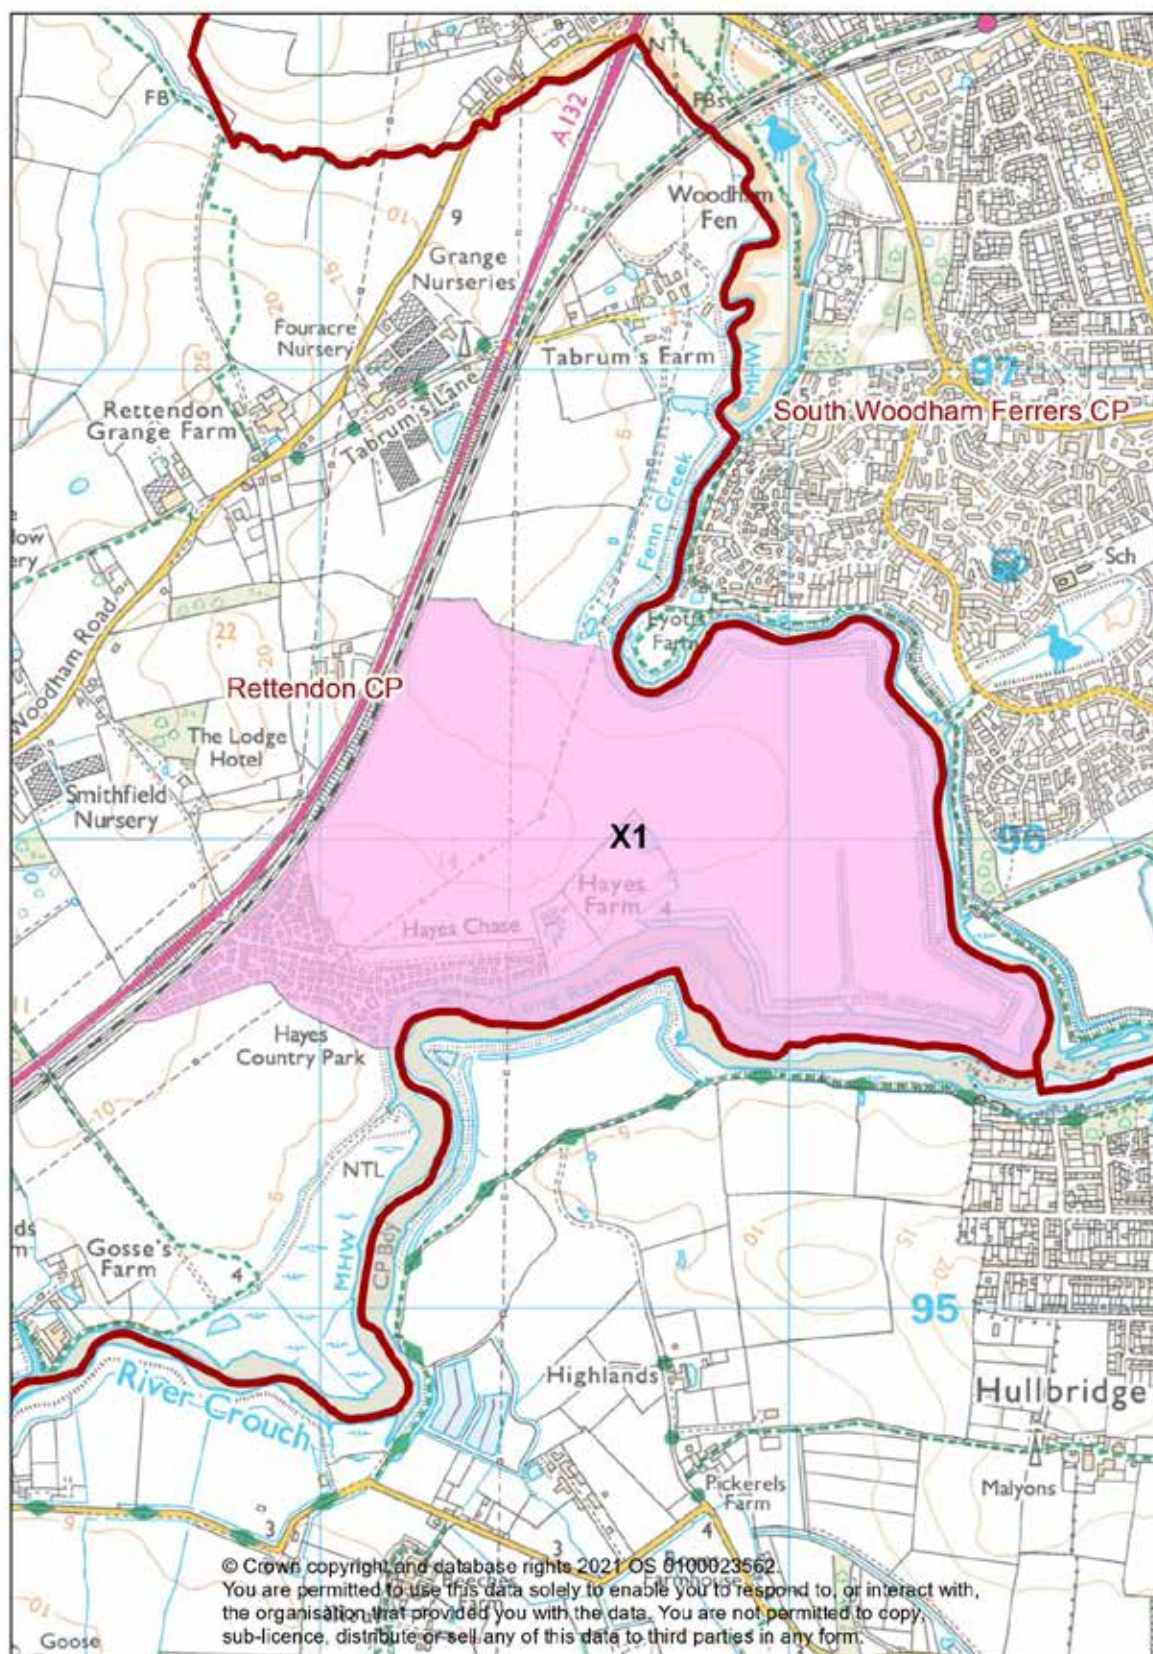

Rettendon parish

4.75. Area

Parish area	Rettendon
Electorate	1,602
Number of parish councillors	9
Feedback from informal consultation	A number of respondents felt that the Hayes Country Park area should be either a separate parish, or part of the neighbouring South Woodham Ferrers parish. There were a range of views expressed about the number of parish councillors, with some respondents wanting an increase, some a decrease, and some no change.
Feedback from first formal consultation	6 paper and 2 electronic responses received. Some respondents felt the parish councillors are currently from a small area, and not representative of the parish as a whole. Some felt Hayes County Park should join a neighbouring parish or become a parish in its own right. One respondent highlighted the current divide between the residents and interests of Hayes Country Park and the rest of the parish, noting the imbalance of representation between the two.
Development	No significant new housing development is noted within the area.
Assessment	<p>Responses to the consultations indicate that local disagreements and opposing views between two parts of the existing parish have led to some residents feeling the two should be separated. In particular, some residents have told us, through the CGR consultations, that they feel that the Hayes Country Park (HCP) area should no longer be part of the parish of Rettendon. Note, however, that the number of responses remains low.</p> <p>From the outset, I must advise that opting to expel part of a parish area representing approximately a quarter of the electorate due to political disagreement is a potentially unhealthy way to run a democracy and that view, of itself, fails to meet the statutory requirements of a Community Governance Review. However, taking the entirety of responses into account, there may still be an argument for changing the current governance arrangements within the parish. Different options are outlined below, noting the possible implications of each.</p> <ol style="list-style-type: none"> 1. <u>No change to existing boundaries and community governance arrangements.</u> This would retain HCP within the parish as-is. The implication is that, as now, residents of HCP can stand as parish councillors and represent local interests, just as residents from the rest of the parish can stand as parish councillors and represent local interests. The parish council, as now, has responsibility for local services and arrangements across the entire parish area. 2. <u>Hayes Country Park become part of South Woodham Ferrers parish.</u> However, the boundary with South Woodham Ferrers parish is the Fenn Creek with the nearest vehicle crossing via the A132 Burnham Road. Despite the nearest residents in Hayes Country Park living less than 800m from those of South Woodham Ferrers,

	<p>they would need to drive 3 miles to reach each other. Residents of Hayes Country Park do not view themselves as part of South Woodham Ferrers. Therefore, combining Hayes Country Park within South Woodham Ferrers would neither reflect the identities and interests of the community, nor be effective and convenient. In addition, the suggestion would necessitate adjusting the boundary to follow the A132, such that the eastern end of Tabrum's Lane also move to South Woodham Ferrers parish; this also does not reflect the local identities and communities in the area.</p> <p>Therefore, this suggestion falls foul of the two statutory requirements and cannot be taken forward.</p> <p>3. <u>Hayes Country Park should become a separate parish council area.</u> There are two statutory tests to apply in this case:</p> <ul style="list-style-type: none"> a. Does the proposal reflect the identities and interests of the community in that area? During the consultations the identities and interests of the Hayes Country Park have not been communicated to the review team. However, it appears likely that residents would use amenities in nearby larger settlements and not look directly to the rest of Rettendon for a sense of community or identity. Certainly, responses from elsewhere in Rettendon do not see HCP as a part of their parish identity. b. The electorate within the area is small (450 electors) and therefore establishing a new parish is unlikely to lead to effective or convenient community governance. <p>If the case is made for HCP to become a separate parish, residents of HCP as well as those within 3 miles of the boundary of the new parish, would be able to stand as councillors to represent the new HCP parish area; residents of the rest of the current Rettendon parish as well as those within 3 miles of the boundary, would be able to stand as councillors to represent the new smaller Rettendon parish. There would be a transfer of assets, financial and other, to the new HCP parish from the existing parish council. The smaller Rettendon parish would receive parish precept income from a smaller number of properties. Both parishes, being relatively small, would have separate costs associated with them – clerk staff costs, the costs of service provision and so on. These may make such a small parish less viable and so not allow for effective community governance.</p> <p>4. <u>Retain HCP within Rettendon parish, but as a separate parish ward.</u> A warded parish council would see a number of parish councillors for each of the two parish wards – Hayes Country Park, and the remainder of Rettendon parish. Local residents could stand as a parish councillor for their ward if they live within the ward or within 3 miles of the boundary, but are voted for by only residents of the parish ward. The map shows the possible parish ward, labelled as area X1. This ensures long-term representation of both parts of the parish. However, given HCP is smaller</p>
--	--

	<p>and would therefore have fewer parish councillors, this arrangement could create division on any matters where the view of residents from HCP differs from those of the rest of the parish. Whilst there would be no assets transferred from Rettendon parish, no material increase in costs as it will remain one parish, and no reduction in the number of households from which the precept is received, any fundamentally divisive arrangements could be ineffective, and there would be an increase in costs at an election (due to the need to run two elections rather than one). In addition, if this option is taken forward, consideration for warding of other settlements within the parish area (such as Battlebridge) should be considered.</p>
Draft recommendation	<p>Given the strength of feeling indicated in consultation responses, and the likely widely differing views on what should happen with regards community governance arrangements in the parish of Rettendon, I propose that the draft proposals for this parish leave the parish boundary and governance arrangements unchanged. However, all electors in the parish should be invited to comment on the specific options for change in their parish (Area X1 in the map below shows the affected area). It should be noted that the most effective way to resolve local disagreements is unlikely to be through changes to electoral arrangements, but only through local facilitated dialogue.</p>

Area X1 : Whilst the Draft Recommendation is for no change, this map shows the extent of a new parish ward for Hayes Country Park which is subject to specific consultation.

4.76. Governance arrangements

Electorate	1,602
Changes in electorate due to proposed boundary changes	0
Proposed electorate	1,602
Current number of parish councillors	9
Ratio (electors per parish councillor, rounded)	178
NALC recommendation (1988 guidance)	9
Notes on recent elections	Contested election in 2019
Proposed number of parish councillors	<p>If the parish remains unwarded, no change to the number of councillors (9). If the parish is warded, such that Hayes Country Park is made a separate parish ward, then: Total: 11 3 Hayes Country Park 8 Rettendon</p>

4.77. Draft recommendations:

- (1) No change in parish boundary.
- (2) No change in parish name.
- (3) No change in the number of parish councillors.
- (4) However, all residents in the parish to be invited to respond to the consultation.

Broomfield

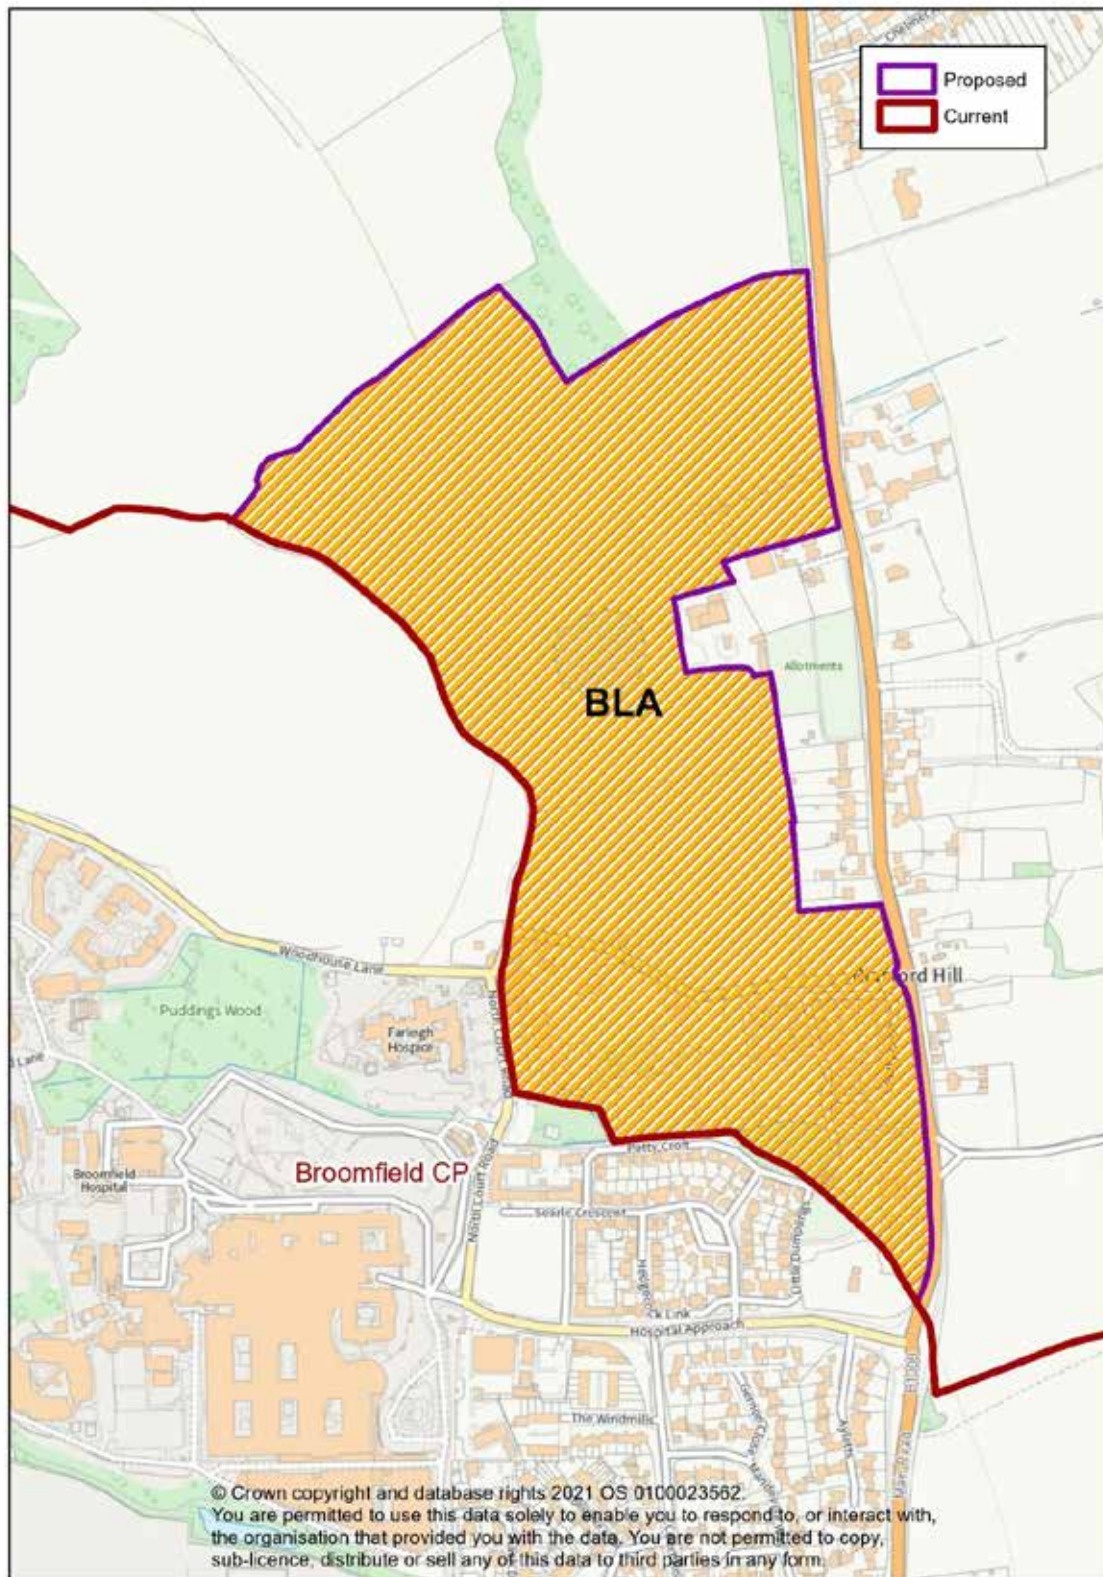

4.78. Area

Parish area	Broomfield
Feedback from informal consultation	A range of suggestions were put forward, including merging Broomfield with Little Waltham, creating a new parish to include the new development sites in the area, or leaving boundaries unchanged.
Feedback from first formal consultation	<p>1 response on paper, and 21 electronically. All but one advocated retaining a parish council in some form, and many advocated no change. One suggested retaining boundaries for archaeological and historical reasons; however, these are outside of the remit of a CGR which must look at current local governance.</p> <p>A number of responses highlighted the Channels development, extending south to include the existing Fairway Drive and surrounds. The existing residential area is split between Broomfield and Little Waltham, and responses suggested ensuring they are in the same parish area; most suggested this would not be Broomfield parish</p> <p>Most respondents did not highlight the second major development, north of Broomfield hospital, which currently straddles the Broomfield / Little Waltham boundary.</p>

	<p>Broomfield parish council submitted a detailed response to the consultation, advocating the following:</p> <ul style="list-style-type: none"> Supporting the move of part of the parish into the potential new parish for the 'Beaulieu' development (discussed later in this report). Adjusting the boundary between Springfield and Broomfield to follow the road rather than the river, effectively transferring part of Springfield into Broomfield. Whilst the submission states that the area belongs to the Chelmer Valley in terms of landscape character, there is no evidence that residents of the affected area feel more aligned to Broomfield than Springfield in their identity and interests, nor that the proposal would lead to more effective or convenient local governance. Creation of a new small parish council, taking part of Broomfield and part of Chignal parishes. Whilst this area may be remote from the rest of the properties in Broomfield parish, and from those in Chignal, there have been no calls from residents to become a separate parish; a more logical option would be for the area to become part of the unparished city centre, but we did receive responses arguing against that option (and submissions from local councillors promoting it). Regarding the area north of Broomfield hospital, the parish council advocate it all becoming part of Broomfield parish. In a detailed submission, they have provided their arguments for this suggestion. However, the two statutory criteria are concerning the identities and interests of the local community, and effective and convenient local government.
Development	<p>One new major development site, straddling the boundary between Broomfield and Little Waltham. Development outside of the parish in the Channels / Beaulieu area will also have an impact.</p>
Assessment	<p>Splitting a major new development between two parish areas is unlikely to reflect the identities and interests of the community, and unlikely to lead to effective and convenient governance (in this case, the development site north of Broomfield Hospital, currently straddling the parish boundary). Therefore, it appears a change does need to take place. The existing parish boundary follows the line between two fields. There are, it appears, three possible options for the development north of the hospital in Broomfield:</p> <ol style="list-style-type: none"> 1. Adjust the boundary such that this single development is wholly contained within one parish (Broomfield or Little Waltham); or 2. Include the new development in the major development sites spanning Little Waltham, Springfield and Boreham (Beaulieu and Little Channels sites); or 3. Create a separate parish for this new development. <p>The Local Plan for Chelmsford adopted in May 2020 identifies land to the east of the B1008 as 'green wedge' and as such is unlikely to be developed in the near future. Whilst community governance is separate and independent of planning policy decisions, it is useful to recognise that the development straddling the Broomfield and Little Waltham parish boundary is unlikely to become joined with the other major developments in the area. I therefore</p>

	<p>recommend treating it separately from them and, as such, exclude option 2 of those listed.</p> <p>Adjusting the parish boundary such that this development is wholly contained within one parish is likely to ensure effective and convenient local governance and reflect the interests and identities of the local communities.</p> <p>At this stage, whilst it is not possible to state which the identities and interests of the community at this site are most closely aligned with, the majority of housing within the development will be in the Broomfield parish. Whilst current vehicular access will be from the north/east (via Little Waltham), the development plans include access through the site to the Broomfield Hospital estate. In addition, the development is more likely to be viewed by residents as a northward extension of Broomfield than a southern extension of Little Waltham given the proximity of existing properties. Once fully developed, around 500 homes are likely in the area (resulting in approximately 875 electors). Whilst this is a sizeable development, it remains geographically quite small. I do not, therefore, propose to recommend it becomes a separate parish in itself. I therefore recommend the new development become part of one of the two existing parishes.</p> <p>Members are invited to discuss how this boundary should be resolved. Whilst the likely major access route via the B1008, there is a proposal to include a road connecting the B1008 with the hospital site through the new development. As such, the parish that best reflects the identities and interests of the new development is unclear.</p> <p>It is important to note that the exact placement of the boundary may need to be revisited in future should changes be made to the extent of the development.</p> <p>In addition there are currently a small number of properties in Petty Croft, accessible only from Hospital Approach in Broomfield, which are in Little Waltham parish.</p> <p>Following discussion at the Connectivity and Local Democracy Working Group, Members recommend a revision to the current parish boundary such that Petty Croft, and the entire new development site, are included within Broomfield (the map labelled BLW shows this).</p> <p>The development around Dogrose Close, Foxglove Avenue and surrounds is currently divided between Broomfield and Chignal parishes. This is unlikely to reflect the interests and identities of the local community. As there will be no vehicular access from this area to the rest of Broomfield, it would not be logical for this community to be included within that parish. That leaves two options – to include the area within Chignal parish, or to amend the boundary such that it becomes part of the unparished area. As noted earlier in the report, some submissions were received from local residents in this area not wishing to be part of the unparished city centre. However, Members at the Connectivity and Local Democracy Working Group noted that the number of properties expected in</p>
--	--

	<p>this development site would, if they became part of Chignal, comprise around two-thirds of the total number of households and would therefore change the nature of Chignal considerably. Access is primarily to the south, into the unparished area of the City Centre, and the development is considered more likely an extension of the City Centre rather than an extension of Chignal. As such, the recommendation is that this area should become part of the unparished area.</p> <p>Further changes are discussed below in more detail in light of the Beaulieu development and Channels area (including Fairway Drive and surrounds). The map shown below (area X4) shows the extent of the new parish, which will take on part of Broomfield parish.</p>
Draft recommendation	<p>Adjust the boundary such that the area shown as BLW on the map becomes part of Broomfield parish.</p> <p>The area currently split between Chignal and Broomfield parishes (labelled CB on the map) to become part of the same area, and this should be the unparished City centre.</p>

Area BLA : The area proposed to become part of Broomfield parish from Little Waltham.

Area CB is currently split between Chignall and Broomfield. The proposal is that this becomes part of the unparished City Centre.

Area X4 is the new parish area, part of which is currently in Broomfield parish.

4.79. Governance arrangements

Electorate	4,525
Changes in electorate due to proposed boundary changes	– 793 in changes listed further in the report (due to the new garden village development) – 18 from the Hollow Lane area + 44 from Petty Croft
Proposed electorate	3,758
Current number of parish councillors	13
Ratio (electors per parish councillor, rounded)	348
NALC recommendation (1988 guidance)	12
Notes on recent elections	No recent contested elections 4 unfilled seats in 2019
Proposed number of parish councillors	12 – one fewer

4.80. Draft recommendations:

- (1) **Changes** in parish boundary (Area BLW on the map shown) such that the area becomes part of Broomfield parish.
- (2) **Changes** in parish boundary such that the area CB (Hollow Lane area) becomes part of the unparished city centre area.
- (3) **Changes** in the parish boundary to create the new parish (draft name is Belsteads, or Chelmsford Garden Community) discussed in more detail below.
- (4) No change in parish name.
- (5) **Reduce** the number of parish councillors from 13 to 12.

Boreham, Little Waltham and Springfield

4.81. These three parish areas are considered together here, given the large development taking place across their boundaries.

4.82. Areas

Parish area	Boreham
Feedback from informal consultation	No change deemed necessary. The 2 grade 1 listed buildings in the area to remain in Boreham. No change necessary in the area as they would like the part of Beaulieu that falls in their area to remain so.
Feedback from first formal consultation	5 paper all advocating no change. 9 electronic responses. Most advocate no change, although a small number advocate a new parish boundary to encompass the Beaulieu development (although one of these respondents also stated they wanted no change to boundaries).
Development	Aside from the major Beaulieu development, there is one site that sits wholly within Boreham parish.

Parish area	Little Waltham
--------------------	-----------------------

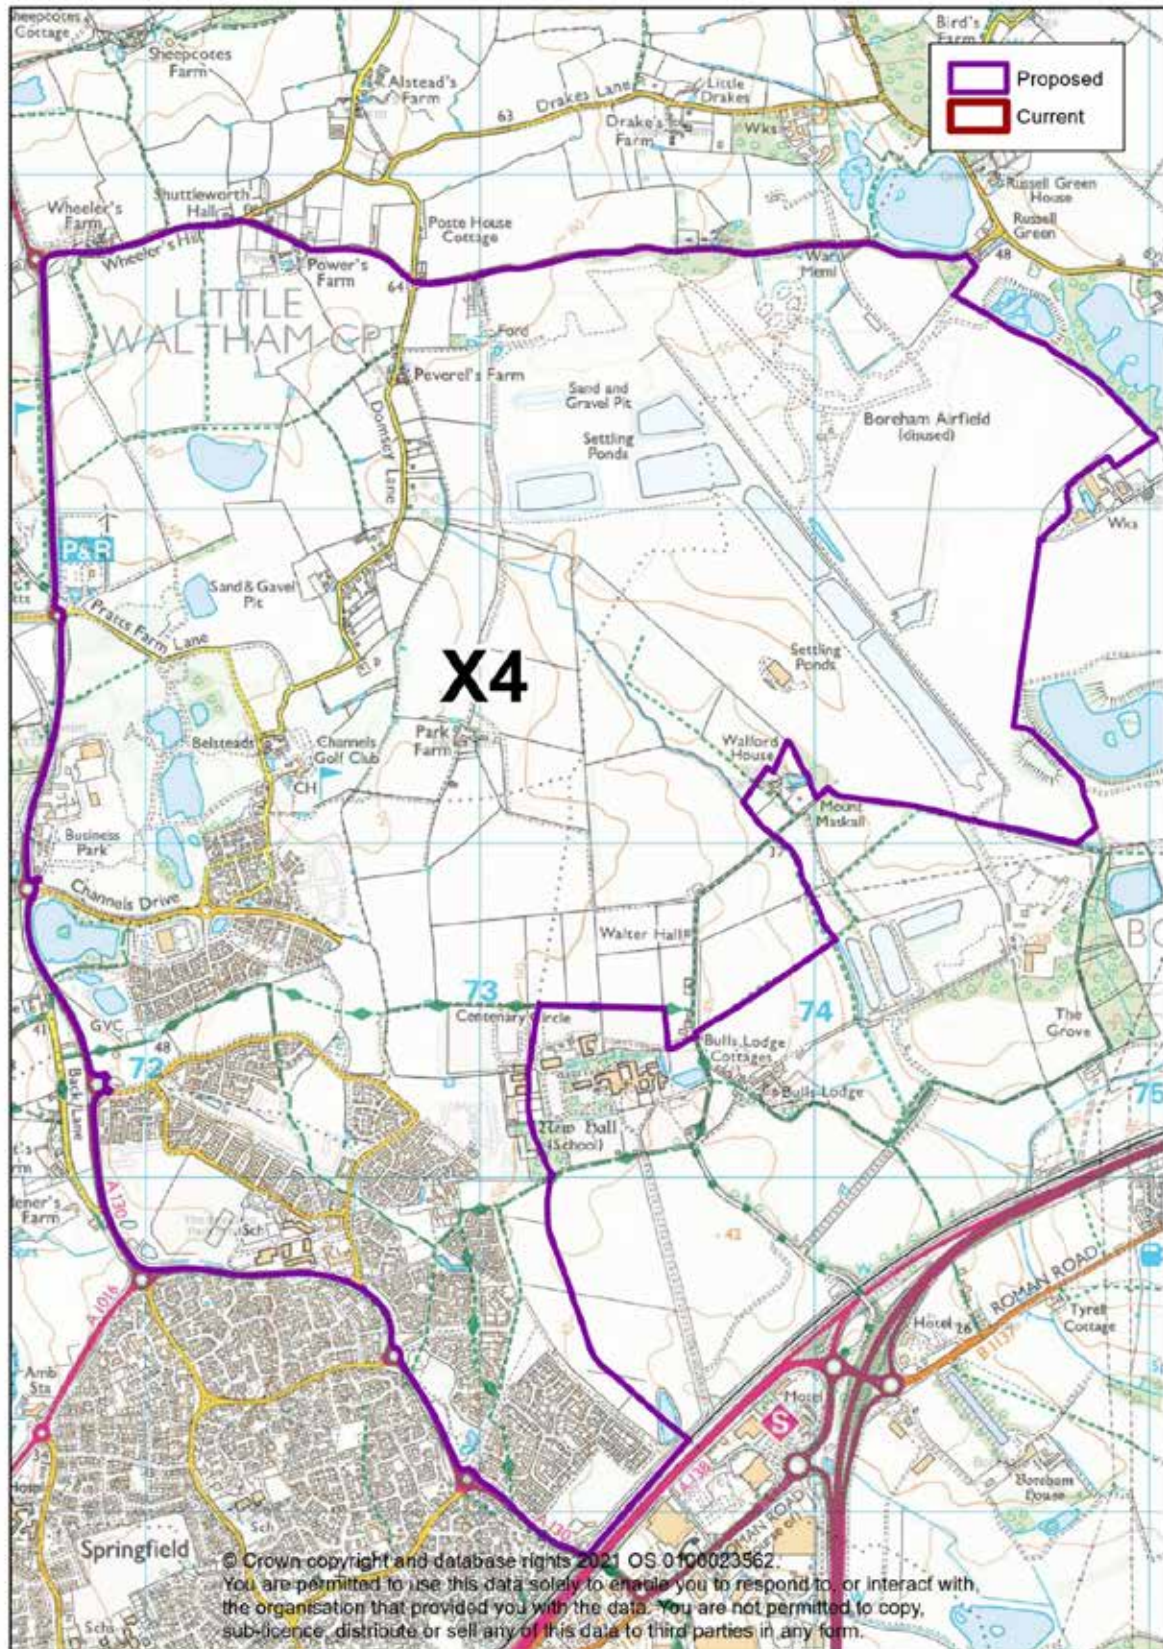

Feedback from informal consultation	27 responses, of which the majority identified concerns with the new major development in terms of alignment with the existing historic parish identities, interests and governance.
Feedback from first formal consultation	<p>4 paper responses, of which one focussed on the unparished area of the City; two advocated no change; and one felt a new parish area was needed to serve the new development.</p> <p>11 electronic responses, including a detailed submission from the parish council. These include several advocating the new development become a separate parish (although one, from a resident, suggesting it become part of Little Waltham).</p> <p>The submission from the parish council clearly expressed their view: "In relation to the prospective new Garden community which would predominantly within the Parish of Little Waltham, it is noted that this would be a substantial development, and also that the ethos of Garden Communities is that assets are owned by the Community as a whole. In the circumstances the Parish Council takes the view that the most feasible way forward would be for a new Parish Council to be set up to encompass that Garden Community rather than becoming part of an existing Parish."</p> <p>They also advocate for the boundary change between Broomfield parish and Little Waltham, proposed above.</p> <p>Finally, they suggest the whole of the Channels development should be part of Little Waltham parish.</p>
Development	There are two major areas of development – the Beaulieu site, and the area to the north of Broomfield hospital (discussed above).

Parish area	Springfield
Parish wards	Chelmer Village & Beaulieu Park Ward North
Feedback from informal consultation	<p>Of the 15 responses, 10 felt changes were necessary whilst the remaining 5 did not.</p> <p>The views expressed in the informal consultation were echoed in the first formal consultation – namely regarding the Beaulieu development and the area of 'old Springfield'.</p>
Feedback from first formal consultation	<p>13 paper responses, and 61 electronic responses.</p> <p>A small number advocated for abolishing parish councils. Most, however, supported the role of the parish council. There were three major areas raised in the submissions received:</p> <ol style="list-style-type: none"> (1) The Beaulieu development. Most responses supported this being outside of Springfield parish, although a small number wished to include the entire development within Springfield. In their own submission, Springfield Parish Council suggested the Beaulieu development becoming a separate area and not part of the parish. (2) Chelmer Village and Chancellor Park area. A number of responses, including that of Springfield Parish Council, felt this should be a new separate parish area. (3) The historic parts of Springfield, currently within the unparished area. A number of respondents, including Springfield Parish Council and a small number of residents in the area, felt that Springfield parish should include the historic areas currently part of the unparished City centre. However, the majority of residents in this area have not

	been consulted on this suggestion and so not responded to it.
Development	Aside from the Beaulieu development, no other major development is currently identified within the parish of Springfield.

4.83. Beaulieu Development

- 4.84. There is scope to split the development into sections, and to place different parts in different parishes. However, this would not recognise the community interests and identities and would not lead to effective or convenient local government.
- 4.85. There are a wide range of possible options, some of which have been raised through the consultations. These include
- (1) no change,
 - (2) creating a series of new parishes,
 - (3) creating a single new parish,
 - (4) splitting the developments between parish areas, and
 - (5) retaining them as a single community.
- 4.86. Some suggestions included the development site alone, whilst others considered taking a large part of existing parishes.
- 4.87. Whilst it is difficult to establish the community interests and identities of the as-yet unfinished development, it is likely (and has been seen in the Little Channels community) that the identities are distinct from the existing older parishes. It is preferable to include new developments together, rather than split them artificially, and that would lead to the most effective and convenient local governance arrangements. On that basis, it would appear the entire of the development be included be included as a single parish. In addition, given it is distinct from existing parishes, creating a new parish to cover this development would be preferable to allocating to any of the existing parishes.
- 4.88. With this in mind, and given this does ensure the local identities and interests are reflected within governance arrangement and allows for effective and convenient local governance, the question to be considered is exactly where to align the boundaries. This has been discussed and reviewed by the Working Group, with the following accepted as the proposed Draft Recommendation.
- (1) The existing Channels development (Fairway Drive and surrounds) is in one parish, as well as combining the new development into one new parish. The western edge is clearly identifiable as the A130, with the proposed boundary running along the centre of the road. To the north, the boundary can run along the southern edge of properties on Wheelers Hill, and then along the southern edge of the properties on Cranham Road, taking in the Boreham airfield (new country park) area.
The southern edge follows the edge of the planned development in the current Boreham parish, then down the existing Springfield parish boundary down to the A130 White Hart Lane, then up the Essex Regiment Way. The Beaulieu Park area (currently in Springfield parish) is included in the new parish area.

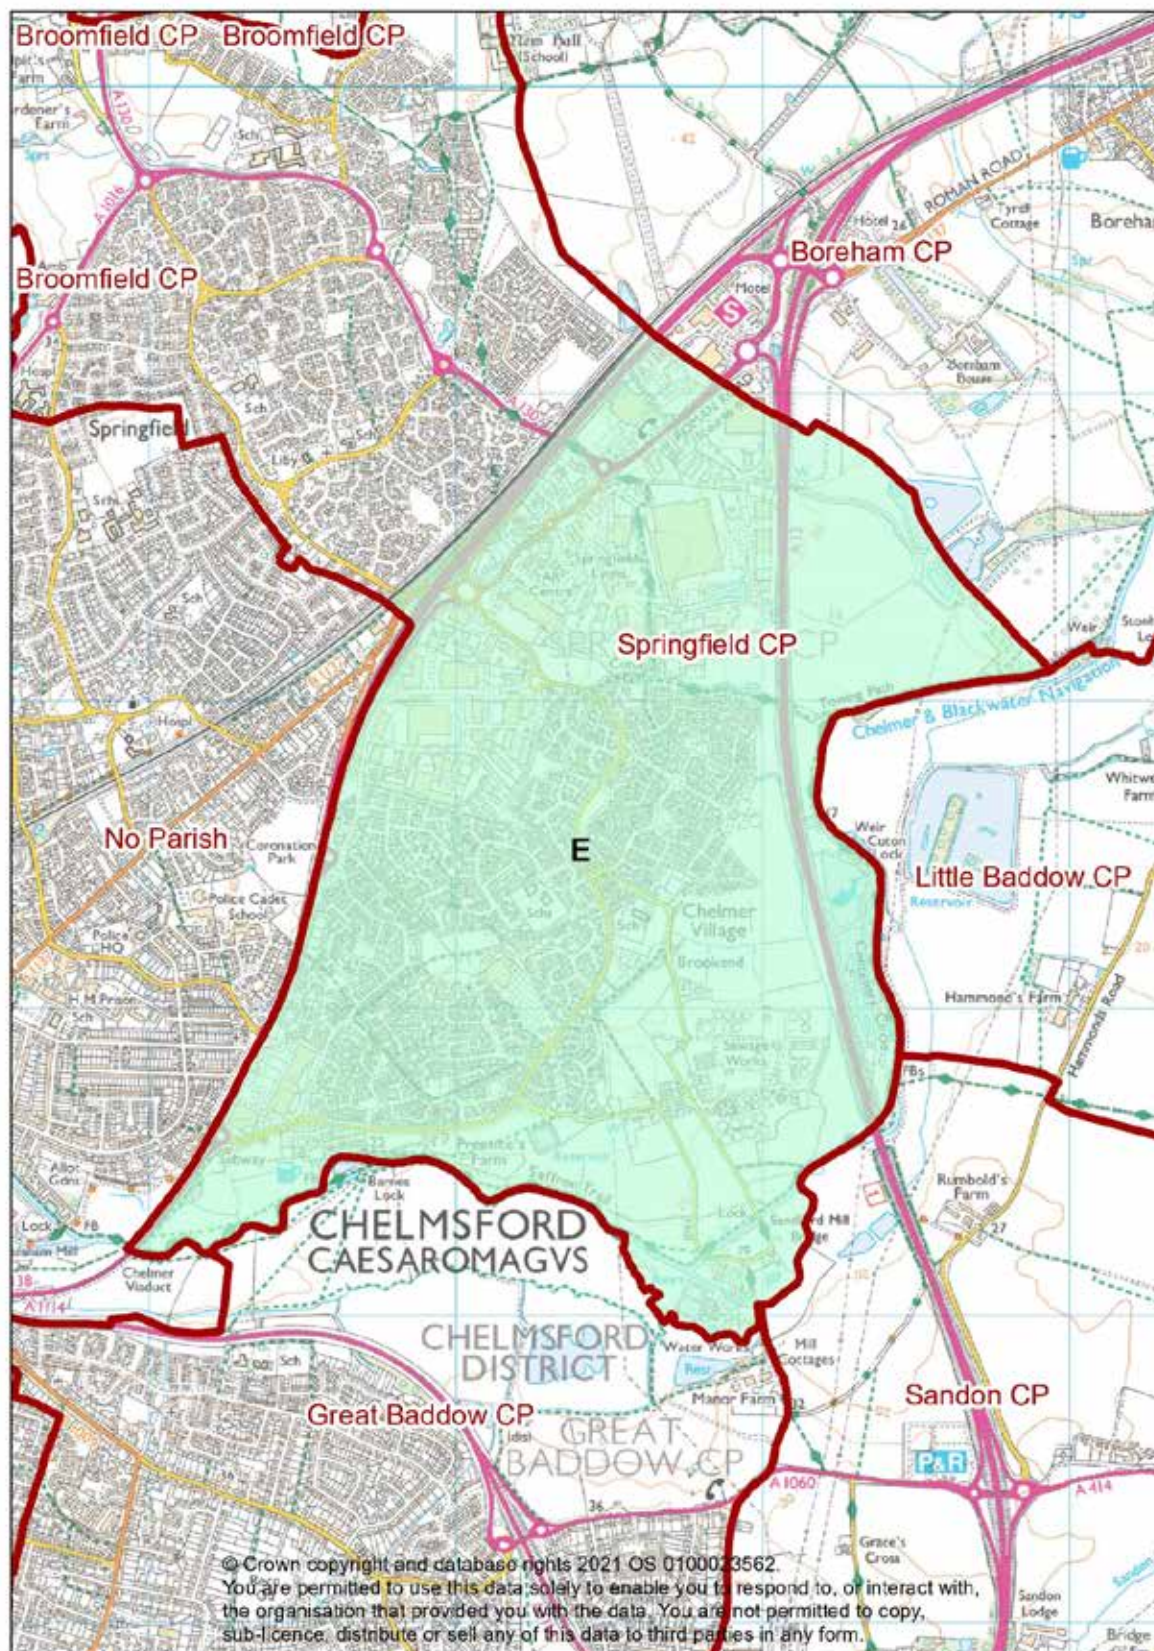

- 4.89. Whilst this new garden village is currently known by a number of different names, Members at the Connectivity and Local Democracy Working Group felt the name of the new parish should be subject to consultation. As such, the two names to be offered in the consultation are recommended to be:

- (1) Belsteads
- (2) Chelmsford Garden Community

4.90. Chelmer Village and Chancellor Park

- 4.91. A number of respondents suggested that Chelmer village and Chancellor Park should be a new parish in their own right, separate from Springfield parish. This would be the entire of the current Chelmer Village and Beaulieu Park ward to the east of the A138, with the smaller area to the North West of the A138 remaining in Springfield parish. If this new parish were created, it would comprise around half of the current electorate of Springfield parish.
- 4.92. In terms of the two statutory tests, it is conceivable that this community has distinct interests and a different identity to the rest of the current Springfield parish, owing to the clear boundaries between this and other parts of the parish. In terms of effective and convenient local government, a new parish representing this area would also meet that need given it is of sufficient size both geographically and electorally.
- 4.93. Given the current parish council, and a small number of other respondents, support this idea it appears prudent to consider it, alongside the other proposed changes in this area. This area is shown as Area E in the map below.

Area E : The proposed new parish of Chelmer Village.

4.94. Historic Springfield

- 4.95. Within Springfield parish, a number of respondents noted that parts of the older historic community are not part of the parish but are part of the currently unparished area. There is, however, a question of exactly where the boundary of Springfield lies. Again, there are a number of options:

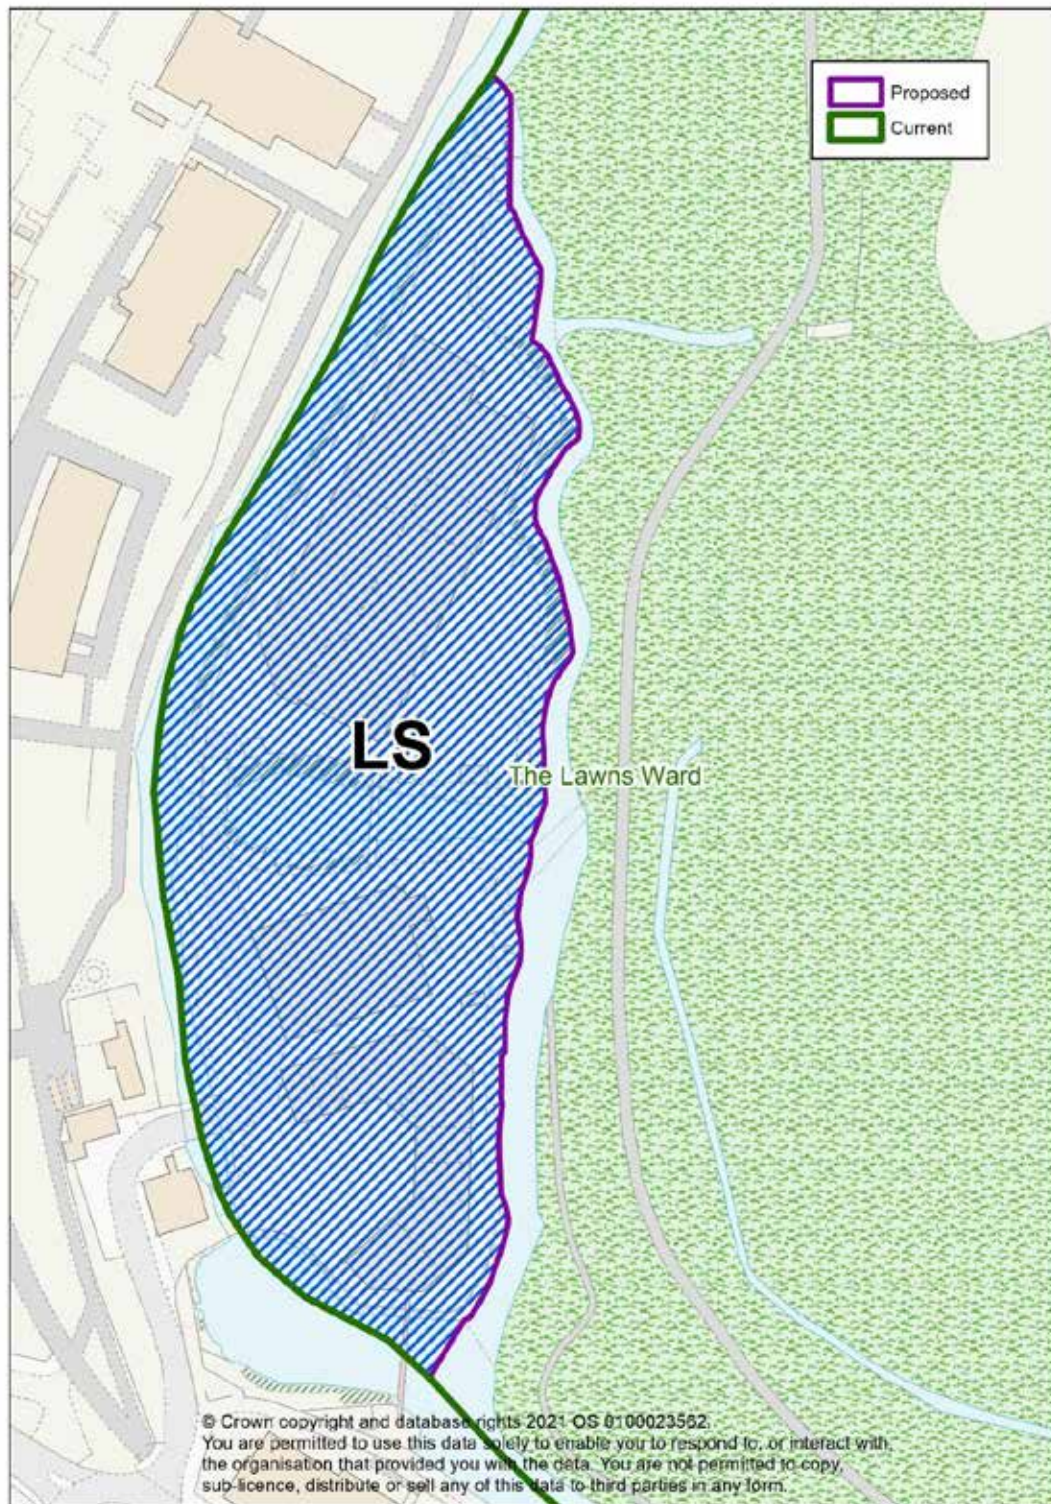

(1) *Option 1*

No change to the southern Springfield parish boundary.

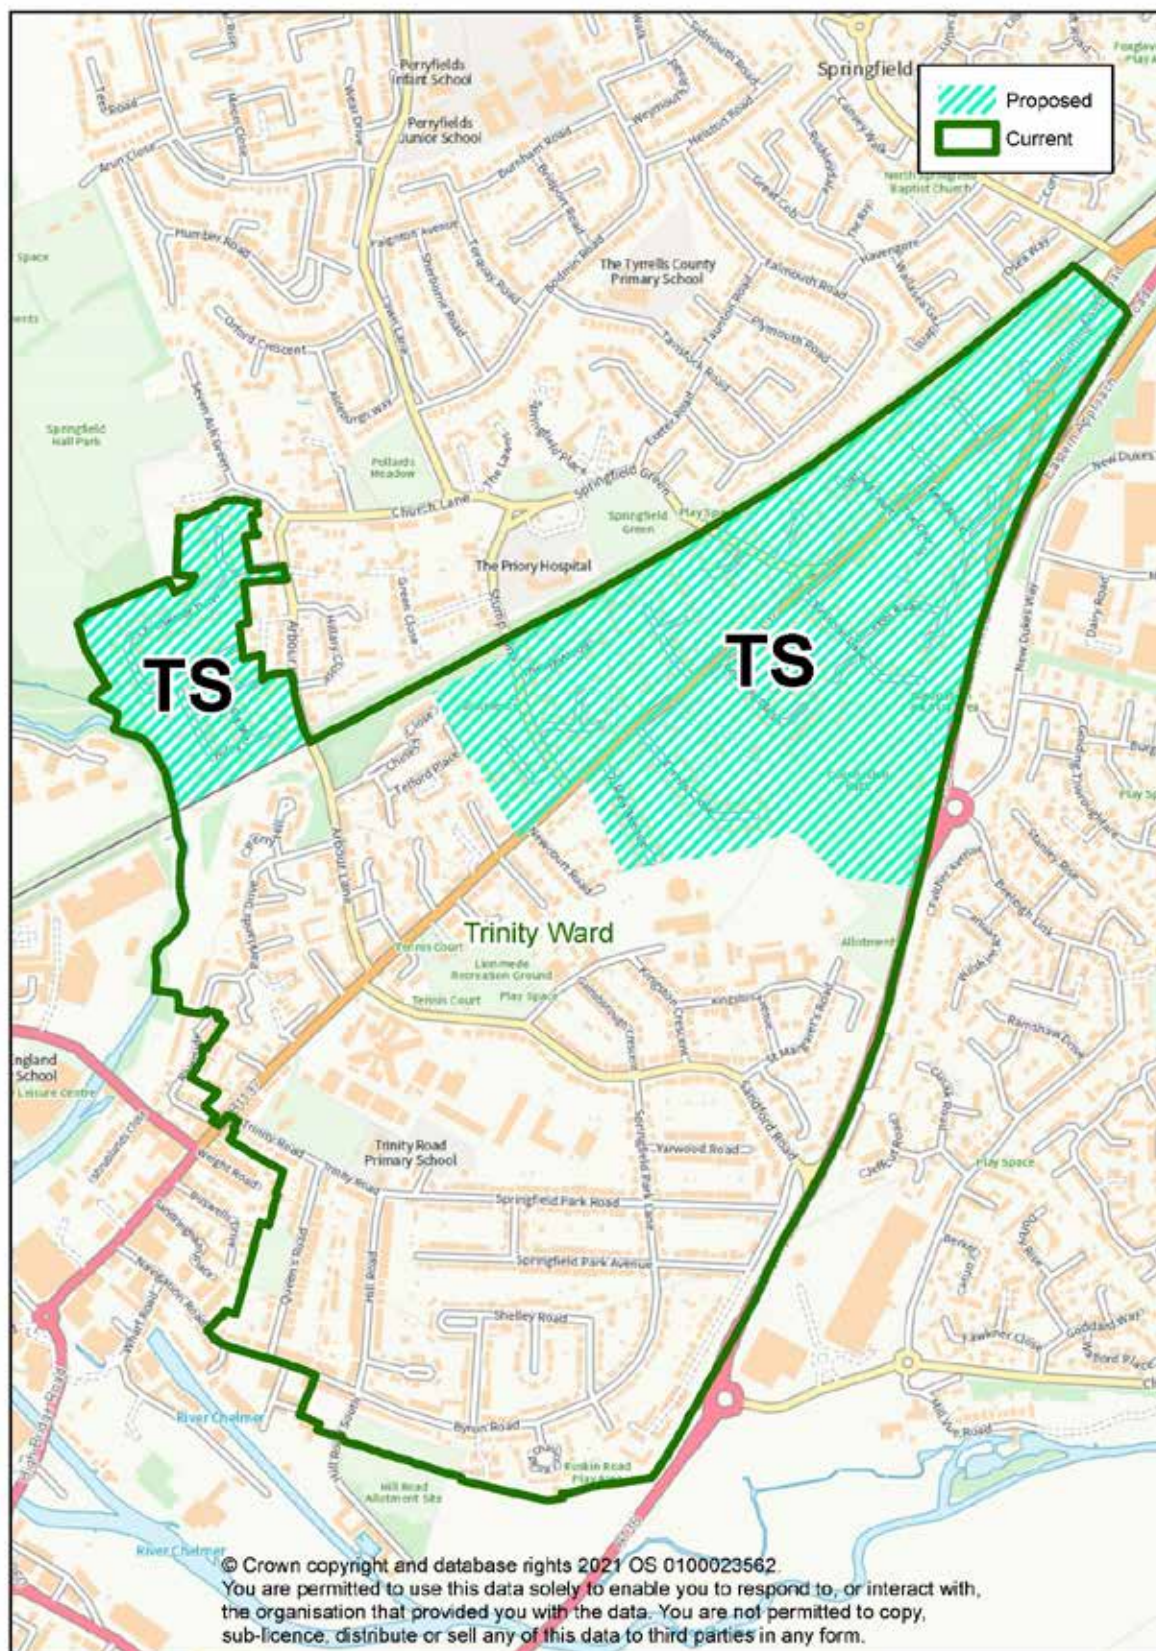

(2) *Option 2*

Extend Springfield parish to include the area to the east of the A1016 (north of Anglia Ruskin campus), north of the River Chelmer (northern channel).

- 4.96. Members of the Connectivity and Local Democracy Working Group discussed the extent of the expansion of Springfield parish in some detail, taking consultation responses and local knowledge into account. The recommendation is that the entirety of The Lawns move to Springfield parish (with a slight adjustment at the southern boundary such that the development at Rivermead Industrial Estate is included in the unparished area, and not part of The Lawns within Springfield; this will be resolved by adjusting the boundary to follow to the north of this site (area LS on the map below).
- 4.97. In addition, consideration has been given to the extent of how far south within Trinity Ward local people identify more with Springfield than the urban City Centre. The proposed boundary therefore follows the southern edge of the allotments off Stump Lane, taking in Pearson Grove, then north along Springfield Road to the footpath between New Court Road and Oaklea Avenue, and then following the northern boundary around the Police Headquarters site. The area to the north of this line (marked TS on the map) is proposed to become part of Springfield parish; the area to the south remains in the currently unparished area. This was further discussed subsequently at Governance Committee and Chichester Drive and Hill View Road were added to the area proposed to move to Springfield Parish Council rather than remain within the unparished area.

Area LS, the area proposed to move from The Lawns to Marconi ward in the city centre.

Area TS, the area proposed to move from Trinity Ward (unparished city centre) to Springfield parish.

4.98. Overall, therefore, there are three changes proposed for Springfield parish. Given the extent of these changes, a targeted questionnaire to local residents should be circulated to households in these areas, explaining the proposal and the impact thereof, to allow them to make informed responses.

- (1) Adjust the northern boundary such that the whole of the new development is in a new parish of its own.
- (2) Amend the parish such that Chelmer Village and Beaulieu Park parish ward to the east of the A138 become a parish in their own right, with the area to the north west of the A138 joining the North ward of Springfield parish.
- (3) Amend the parish such that The Lawns and Trinity wards become part of the parish of Springfield, with the southern edge adjusted as noted above.

4.99. There would, however, be two further matters that would need to be considered (and if confirmed can be discussed with the working group):

- (1) The area in the North-West of this existing parish ward would become part of the current North ward of Springfield parish; consequential amendments would be requested to align the boundary change with the City Wards and County Divisions.
- (2) Whilst the current parish of Springfield would continue in name, the boundaries would be altered considerably. As a result, it would be necessary to fully assess the assets of the current parish to ensure they were fairly and appropriately attributed to the new parish councils.

4.100. Governance arrangements

(1) Boreham

Electorate	2,818
Changes in electorate due to proposed boundary changes	0 (no electors currently in the area to be moved)
Proposed electorate	2,818
Current number of parish councillors	11
Ratio (electors per parish councillor, rounded)	256
NALC recommendation (1988 guidance)	11
Notes on recent elections	No recent contested election 2 unfilled seats in 2019
Proposed number of parish councillors	11 – no change

(2) Little Waltham

Electorate	1,253
Changes in electorate due to proposed boundary changes	– 362 existing electors moving to new parish – 44 electors moving to Broomfield (Petty Croft, noted above)
Proposed electorate	847

Current number of parish councillors	9
Ratio (electors per parish councillor, rounded)	139
NALC recommendation (1988 guidance)	7
Notes on recent elections	Contested election in 2007 3 unfilled seats in 2019
Proposed number of parish councillors	7 – a reduction of 2 reflecting the reduction in the number of electors.

(3) Chelmer Village: New parish

Electorate	6,825
Changes in electorate due to proposed boundary changes	New parish
Proposed electorate	6,825
Current number of parish councillors	n/a
Ratio (electors per parish councillor, rounded)	n/a
NALC recommendation (1988 guidance)	15
Notes on recent elections	n/a
Proposed number of parish councillors	15 parish councillors for this new parish, based on NALC recommendations

(4) Springfield (following boundary changes above)

Electorate	North ward: 7,376 less 990 to new parish (giving 6,386) The Lawns 4,214 Trinity 1,817
Changes in electorate due to proposed boundary changes	n/a
Proposed electorate	12,417
Current number of parish councillors	n/a
Ratio (electors per parish councillor, rounded)	n/a
NALC recommendation (1988 guidance)	n/a
Notes on recent elections	n/a
Proposed number of parish councillors	19, as follows: 10 North 3 Trinity 6 The Lawns

(5) New parish (Belsteads / Chelmsford Garden Community)

Electorate	n/a (new parish)
Changes in electorate due to proposed boundary changes	1261 from Springfield (Chelmer Village and Beaulieu Park ward)

	990 from Springfield (North ward) 793 from Broomfield 362 from Little Waltham
Proposed electorate	3,406
Current number of parish councillors	n/a
Ratio (electors per parish councillor, rounded)	n/a
NALC recommendation (1988 guidance)	n/a
Notes on recent elections	n/a
Proposed number of parish councillors	7

4.101. Draft recommendations:

- (1) Changes to parish boundaries:
 - a. Create a new parish with 7 parish councillors. (Map area X4)
 - b. Create a new parish of Chelmer Village, comprising the existing parish ward less the north-west corner which will move to the new proposed parish. (Map area E)
 - c. Include parts of The Lawns (all except the southern boundary noted above) and Trinity as noted above within Springfield parish as new parish wards.
- (2) The parish names in this area would be:
 - a. Boreham (no change)
 - b. Little Waltham (no change)
 - c. Belsteads or Chelmsford Garden Community (new parish – name subject to consultation)
 - d. Chelmer Village (new parish)
 - e. Springfield (substantially different parish boundary)
- (3) The number of parish councillors would be:
 - a. Boreham: 11 (no change)
 - b. Little Waltham: 9 (no change)
 - c. Belsteads or Chelmsford Garden Community: 9 initially (new parish)
 - d. Chelmer: 15 (new parish)
 - e. Springfield: 19 (substantially different parish boundary), warded as set out above

The currently unparished City Centre area

- 4.102. The currently unparished area of Chelmsford city comprises around 51,000 electors (although reduced to around 42,000 if parts of The Lawns and Trinity become part of Springfield parish as above). There are three options for this area, regardless of other changes discussed above.
- (1) *Option 1*
Leave the area unparished.
 - (2) *Option 2*
Create a single parish to cover the whole area, with wards reflecting the City wards (warding in this way is a legal requirement if a parish is created).
 - (3) *Option 3*
Create a number of smaller parishes to cover some or all of the area.
- 4.103. Given the City is currently a single area, with many diverse and distinct communities, it is likely that the identities and interests of residents are broadly aligned. Splitting the area into smaller parish areas is therefore unlikely to improve representation, particularly as existing City wards do not follow community lines as such. Therefore, the question is whether the City should be parished or not.
- 4.104. If it is parished, it would be a large parish (42-51,000 electors) although not the largest (there are currently over 73,000 electors in Sutton Coldfield for example). With the parish wards put in place, this would not be unwieldy.
- 4.105. There are advantages and disadvantages to implementing a parish. From a community governance perspective, however, there are only two key questions – namely, do the arrangements reflect the identities and interests of the local community (which we have concluded they do), and do they allow for effective and convenient local government. By this, we mean can decisions affecting local people be made effectively, can local residents have their views heard and represented, and can those arrangements work appropriately. The City council, in making decisions, must also have regard to any other arrangements already in place to allow for local residents to make their views heard and their concerns to be addressed.
- 4.106. Through the consultations to date, there have been a range of views expressed as to whether the unparished area should be parished or not. Some of these are from residents within the area, and some from people outside. However, most comments did not reflect issues of identity and interests, nor effectiveness or convenience of local governance arrangements.

Area	Unparished city centre
Feedback from informal consultation	68 responses supported the idea for a variety of reasons, 17 expressed opposition and 4 were unsure
Feedback from first formal consultation	49 responses received on paper, and 238 electronically. Of these, some advocated creating a single new parish council to cover the city centre, some advocating creating multiple parish councils, and some advocated no change stating they felt adequately

	<p>represented already and they felt no need for additional layers of governance. Some identified areas that could become part of existing neighbouring parishes or new small parish councils of their own:</p> <ul style="list-style-type: none"> - Old Moulsham, to allow for tree planting and use of local facilities; both of these are outside the remit of a CGR. - Moving properties to Writtle on the basis of house prices; these are outside of the remit of a CGR. - Changing arrangements for the 'Old Springfield' area, as discussed above. <p>In addition, a number of respondents advocated for new parish governance arrangements for the city centre, despite living outside of the area. Whilst these views are valid, they carry less weight than those of local residents directly affected by any proposed changes.</p> <p>Of the 238 electronic responses, 57 did not want additional governance arrangements, and 175 said they felt the area would benefit from them. Of these 175, 134 said they would like an elected tier of government. There were a range of comments, both in favour and against creating a new tier of local government in the city centre. Some respondents felt unrepresented, whilst others felt they were adequately represented by existing arrangements.</p>
--	--

4.107. In reality, an open consultation with no defined initial proposal will never be able to generate consensus. It is true that 134 respondents indicated they wanted an elected lower tier of government put in place, but this is 134 responses (some from outside the area) out of 51,000 local electors. It appears, therefore, that there is an absence of a groundswell of opinion demanding a parish council. In the absence of strong opinion, the default is to retain the status quo.

4.108. Further detailed analysis of responses received during the consultation are included in the box below.

As part of the consultation, respondents were asked:

"Do you think the area would benefit from an additional form of community governance?"
(Yes / No / Unsure)

with a second question:

"What style of community governance do you think would work well in this area?" (With options for a range of different styles of community governance)

Of the 117 respondents who live within the currently unparished City Centre, who answered 'yes' to an additional form of community governance, and 'An elected tier of local government at parish, community or neighbourhood level' to the second question, a total of 107 were from residents, 8 from local councillors, and 2 from local organisations. These 107 residents are from a population of 51,000 electors (representing approximately 68,000 local residents).

Of those 107 residents, 29 live in The Lawns or Trinity wards, which are possibly becoming part of Springfield parish. That leaves 78 responses from local residents who indicated a support for a parish council in their area.

Of these 78 responses:

Cited representation (not necessarily that they feel under-represented)	46
Wants elected representatives, not officers, making decisions	13
Cited City Council or County Council issues (highways, pavements etc)	5
Has had previous experience of a parish council	5
Want a parish council for a specific area only	2
Wants a named contact to feed comments to	2
Wants things left "as is" with no parish council	1
Other (includes funding, local facilities, or no specific reason)	4

Respondents were also asked for their views on how boundaries could be drawn, and their reasons for those views. Those comments (from the 78 responses) included the following, which suggest the respondents may not have intended to suggest they wanted to have a parish council:

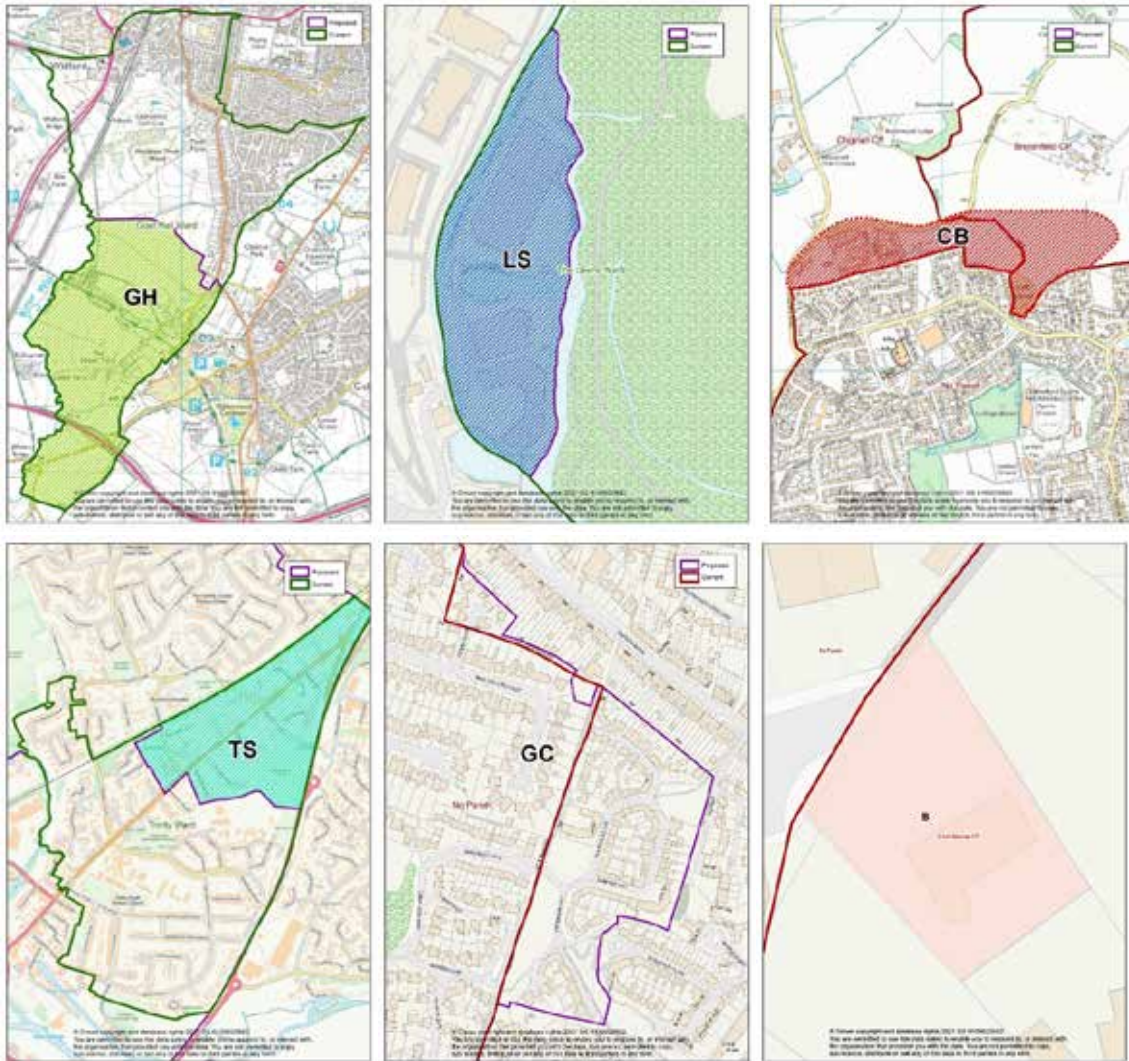

- "Can't see what is wrong with the current arrangement. Lacking explanation and reasoning."
- "Using existing council wards will be easier and more cost effective rather than setting up new areas."
- "The boundary should include the whole of the Central Area of Chelmsford, which is presently covered by a parish council."
- "The existing set up is fine , as long as it is adjusted to allow for new parishes."
- "Leave things alone, not broke, so don't fix it."
- Too many different bodies responsible for different areas can be confusing (as with roads/ pavements/ grass verges and Essex County Council and Chelmsford City Council) Keep it simple in peoples' minds.

4.109. CGR guidance is clear that communities should be identified ahead and that the views of residents should be taken into account in making recommendations. In light of all the available evidence submitted through the consultation, the independent consultant and the Monitoring Officer advise that there is a lack of evidence to support a decision that the Draft Recommendation for the city centre to become parished (either one parish or multiple parishes).

4.110. Following discussion at the Working Group, it was agreed that the only Draft Recommendation that is supported by evidence is to make no further change to the City Centre (save for those noted previously in the report and outlined below). That is, there is no proposal to create a new parish council (or councils) to serve the city centre. As such, the Draft Recommendation is for no further change.

4.111. Draft recommendations:

- (1) **Change** the boundaries, such that the southern part of Goat Hall ward moves to Galleywood parish (area GH)
- (2) **Change** the boundaries, such that The Lawns move to Springfield, other than the southern-most area (area LS)
- (3) **Change** the boundaries, such that northern part of Trinity ward to move to Springfield (area TS)
- (4) **Change** the boundaries, such that the Hollow Lane area, currently in Chignal and Broomfield parishes, moves to the city centre (area CB)
- (5) **Change** the boundaries, such that 30 Petrel Way, Regal Close, Goodwin Close, Bawden Way and the entirety of Waterson Vale, move to the city centre (areas B and GC)

Non-area specific submissions

4.112. In addition to area-specific comments, some respondents made submissions to the initial consultation that covered more than one area. These covered the following broad topics:

- (1) Repeating representations made elsewhere, so already noted previously in this report.
- (2) Commenting that parish councils should be abolished as a general principle.
- (3) Commenting that parish councils are not currently listened to by other tiers of government.
- (4) Submissions concerning matters outside of the remit of a CGR, such as Parliamentary Constituencies, City Wards, County Divisions and planning matters.

Consequential amendments

4.113. There are some draft recommendations that, if adopted, would require a consequential amendment to City ward and/or County Division boundaries to ensure ongoing co-terminosity. This ensures effective, convenient and transparent local governance.

4.114. Once the Draft Recommendations are accepted for consultation by Council, officers will contact the Local Government Boundary Commission for England (LGBCE) to discuss consequential amendments. The LGBCE are the body responsible for internal City and County boundaries. Their feedback will be brought back after the public consultation to allow Members to determine the final recommendations of this CGR.

4.115. The areas affected are:

- (1) Great Baddow – boundary change affecting City Ward and County Division boundaries
- (2) Beaulieu parish (new parish) – City Ward and County Division boundaries
- (3) Chelmer parish (new parish, with adjusted boundary at the north-western corner) – City Ward and County Division boundaries
- (4) Trinity Ward – City Ward and County Division boundaries, potentially
- (5) The Lawns ward – adjusting the southern boundary of the City Ward and County Division
- (6) Goat Hall Ward – City Ward and County Division boundaries, potentially
- (7) The Hollows area – City Ward and County Division boundaries

4.116. Note that the draft recommendation affecting Broomfield / Little Waltham does not affect any existing City Ward or County Division boundaries.

5. Summary of Draft Recommendations

5.1 The list below outlines the draft recommendations being taken forward to public consultation.

(1) Areas with no change to boundary or number of parish councillors:

- a. East Hanningfield
- b. Good Easter
- c. Great Waltham
- d. Highwood
- e. Pleshey
- f. South Hanningfield
- g. South Woodham Ferrers
- h. Stock
- i. Woodham Ferrers and Bicknacre

(2) Areas with no change to boundary, but changes to the number of parish councillors:

- a. Danbury – reduce the number of parish councillors from 15 to 12
- b. Little Baddow – reduce the number of parish councillors from 9 to 8
- c. Great and Little Leighs – increase the number of parish councillors from 9 to 10
- d. Margaretting – reduce the number of parish councillors from 9 to 7
- e. Roxwell – reduce the number of parish councillors from 9 to 7
- f. Sandon – increase the number of parish councillors from 7 to 8
- g. West Hanningfield – reduce the number of parish councillors from 9 to 8

(3) Other areas:

- a. Mashbury (parish meeting) – no changes to boundary or governance arrangements, but a targeted consultation of residents to take place regarding whether residents feel local community governance would be more effective and efficient by being part of Chignal parish.
- b. Runwell – create a new parish ward for St Lukes, to be served by 2 parish councillors. East and West wards of Runwell to be served by 4 and 7 parish councillors respectively.
- c. Chignal – Hollow Lane area to move to currently unparished city centre.
- d. Writtle – adjust the parish ward boundary to follow the polling district boundary, and adjust the parish councillors by parish ward in the North and South wards to 7 and 8 respectively.
- e. Galleywood – remove the parish wards, amend the parish boundary such that the southern part of Goat Hall ward becomes part of Galleywood (222 electors), and increase the number of parish councillors from 9 to 12.
- f. Great Baddow – adjust the boundary such that 30 Petrel Way becomes part of the currently unparished city centre; adjust the boundary such that Regal Close moves from Baddow Road parish ward of Great Baddow to the currently unparished city centre; adjust the boundary such that Goodwin Close, Bawden Way and the balance of Waterson Vale move from Rothmans ward of Great Baddow to the currently unparished city centre.
- g. Rettendon – no changes, but a targeted consultation of residents to take place regarding a range of alternative options.

- h. Broomfield – adjust the boundary such that Petty Croft becomes part of Broomfield; adjust the boundary such that the new development north of the hospital becomes part of Broomfield; adjust the boundary such that the Hollow Lane area moves to the currently unparished city centre; adjust the boundary in the east to accommodate the new Chelmsford Garden community.
- i. Boreham – adjust the boundary to create the new parish (no electors are affected by this change).
- j. Little Waltham – adjust the boundary to create the new parish; Petty Croft and the new development north of Broomfield hospital to move to Broomfield; reduce the number of parish councillors from 9 to 7.
- k. Create a new parish of Chelmer Village, from part of the current Chelmer Village and Beaulieu park parish ward of Springfield.
- l. Extend Springfield parish to include The Lawns ward (except the new development in the south-west corner, which will become part of Marconi ward) and the northern part of Trinity ward; part of Springfield moves to the new Chelmsford Garden community; part forms the new Chelmer Village. Springfield to be served by 19 parish councillors (10 for North ward, 3 Trinity, 6 The Lawns).
- m. Create the new Chelmsford Garden community, comprising parts of Broomfield, Little Waltham, Boreham and Springfield parish, and consult upon the name of the new parish (either Belsteads or Chelmsford Garden Community); to be served by 7 parish councillors initially.
- n. The remainder of the City Centre, other than the changes noted above (The Lawns, northern part of Trinity ward, southern part of Goat Hall ward) to remain unparished; Hollow Lane area of Chignal and Broomfield parishes to become part of the unparished city centre.

6. Next steps

- 6.1 Following agreement at Committee, Full Council will be asked to endorse the submissions and publish the Draft Recommendations. From there, a full public consultation will commence, including targeted consultations in the specific areas noted.
- 6.2 Following the close of the consultation, the submissions will be reviewed and Final Recommendations drawn up for discussion and subsequent agreement by the Working Group, Committee and Council.

List of appendices:

Annex 1 : Terms of Reference for the Community Governance Review (as modified by Council 21st July 2021)

Annex 2 : Redacted responses

Background papers:

The attached Annexes

Corporate Implications

Legal/Constitutional: These are set out in the report and Terms of Reference. There is a risk that failing to follow the CGR process as set out in legislation and guidance may lead to a legal challenge by way of Judicial Review. This would represent a significant legal, financial and reputational risk to the City Council.

Financial: Some additional costs in relation to the next stage of the consultation will arise, and approval has been granted for this.

Potential impact on climate change and the environment: None.

Contribution toward achieving a net zero carbon position by 2030: None.

Personnel: None.

Risk Management: There is a risk that failing to follow the CGR process as set out in legislation and guidance may lead to a legal challenge by way of Judicial Review. This would represent a significant financial and reputational risk to the City Council.

Equality and Diversity: Changing community governance boundaries and local governance arrangements has no impact on equality and diversity. A small number of electors may be affected if their property becomes part of a different electoral area as their polling station may change as a result. However, polling places are outside of the immediate scope of this review and are reviewed and approved by Council, taking into account accessibility for all electors. The method of communication and community engagement for the next stage of consultation will need to take equality, diversity and accessibility into account.

Health and Safety: None.

Digital: None.

Other: None.

Consultees:

A full public consultation has been carried out

Relevant Policies and Strategies:

Our Chelmsford Our Plan – Bringing people together, empowering local people and working in partnership to build community capacity, stronger communities through encouraging participation in local democracy, increasing representation of community interests to help people feel better represented at a local level and more involved in deciding how best the interests of their community can be met.

Annex 1 : Terms Of Reference

1. Terms of Reference for a Community Governance Review

- 1.1 Chelmsford City Council has decided to undertake a Community Governance Review (CGR) under the provisions of the Local Government and Public Involvement in Health Act 2007 ("the 2007 Act").
- 1.2 The review will comply with the legislative and procedural requirements set out in the 2007 Act as well as any statutory guidance (this currently includes Joint Guidance produced in 2010 by the Department for Communities and Local Government and the Local Government Boundary Commission for England). It will follow the approach set out in the Terms of Reference, including the indicative timetable.
- 1.3 The review will initially consider the whole of the City of Chelmsford area but concentrate on those areas where issues to address are, or become, apparent. The City area currently has 27 parishes (25 parish councils, 1 Town Council and 1 parish meeting) and an area in the central part of the city which currently has no parishes. The area covered by the review is set out on the attached map in Section 3 below.
- 1.4 The review will consider whether community governance arrangements across the District area are suitable, taking account of areas where housing developments have occurred or are proposed, with a view to ensuring these remain fit for purpose for the future. The review will also consider whether it is appropriate to parish unparished wards, including whether to create new parish council(s) or make changes to existing parish arrangements.
- 1.5 The Council is keen to encourage all interested parties to engage in this important project and has already proactively undertaken early consultation, which secured over 220 responses from various bodies and interested parties.
- 1.6 The Council is developing an area on its website for the Community Governance Review. This area will be developed further to include maps and statistical information together with updates that will be published as the review progresses. A summary of the results of the early consultation will be included in this area. All relevant consultation responses, available evidence and legal considerations (including those referred to in paragraph 1.2 above) will be used to help inform the decisions made during this review.

2. Reasons why a Community Governance Review is being proposed at this stage

The benefits and timing of undertaking a community governance review are set out in Section 2 of the Joint guidance referred to in paragraph 1.2 of the Terms of Reference. It is good practice for the Council to consider undertaking a community governance review every 10-15 years. The Council has decided to exercise its discretion to undertake a community governance review so that it can determine whether it is appropriate to parish the unparished wards and whether changes are necessary as a result of housing developments (including proposed developments) in the area. The Council will also consider any other community governance related proposals that may arise during the review.

3. Map of the area of Chelmsford City covered by the Community Governance Review

CHELMSFORD CITY COUNCIL AREA **PARISH BOUNDARIES**

0 2,500 5,000 Metres
JUNE 2015

Directorate for Sustainable Communities
Civic Centre, Duke Street, Chelmsford, CM1 1JE

4. Next steps including an indicative timescale for the Chelmsford Community Governance Review 2020-2023

9 December 2020	Full Council to approve Terms of Reference for the Community Governance Review
Mid-January to end-March 2021	Formal initial Community Governance Review consultation
June-July 2021	Consideration of responses and preparation of draft recommendations (including any recommendations to the Local Government Boundary Commission for England) by Connectivity and Local Democracy Working Group
September 2021	Governance Committee consideration and Full Council approval of draft recommendations
September- November 2021	Further Public Consultation on draft recommendations
Winter 2021/22	Formulation of final recommendations (including any recommendations to the Local Government Boundary Commission for England) by Connectivity and Local Democracy Working Group and Governance Committee.
23 February 2022	Final recommendations to be considered by the Full Council
By Spring 2022	Approval of community governance orders and consequential matters in place by Spring 2022 for implementation 2023 local and parish cycle of elections (further time will be taken for implementation should it be necessary to consult/make recommendations to the Local Government Boundary Commission for England)
May 2023	Parish Council elections to be held under any new arrangements that may be decided

Annex 2 : Redacted responses

Responses covering local areas

Where a respondent did not give an answer, the question is not shown.

ID: 8	Respondent type: Local resident	Area: Great Baddow	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? I don't know
ID: 8	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			
ID: 9	Respondent type: Local resident	Area: Chignal	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 9	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: I am concerned that this exercise will be the opportunity for Chelmsford to incorporate the so-called Little Hollows development where I live into the unparished Chelmsford city area and out of the parish of Chignal. I value both having our excellent parish council which does so many things for the community and being part of a smaller, mainly rural community. In our recent negotiations with Persimmon and Essex Highways over the protracted road and landscaping works in front of our development the support of the parish council has been invaluable. It would be a great loss to me not to continue as part of this.		
ID: 10	Respondent type: Local resident	Area: Great Waltham	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 10	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?	Other Comments: I feel our parish council does a good job. The councillors are from across the villages/hamlets in the parish and have a good understanding of local issues. Given the rural nature of the parish, I believe its modus operandi fits the needs of the parish. Communication is good/available.		
ID: 11	Respondent type: Local resident	Area: East Hanningfield	Would you like to keep a parish/town council in your area? No - I don't think we should have anything	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 11	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status?			
ID: 12	Respondent type: Local resident	Area: East Hanningfield	Would you like to keep a parish/town council in your area? No - I don't think we should have anything	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be fewer
ID: 12	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? Yes	What do you think should change regarding the grouping status? We do not need 3 tiers. We should have a Mayor and Parish the current tiers are only required due to the tiers. We don't need the duplication of HR, IT, Legal etc and tension over responsibilities i.e. waste collection vs disposal. Parishes know local and the Government sets policy, the current 2 or 3 tiers are costly and self serving, they are required 'because' of tiering. Group to align changes to removing tier 2 and reducing tier 1 bureaucracy needed to support the local government process.	Other Comments: If tier 2 don't know what is needed locally that itself supports this suggestion. If any actions in tier 1 or 3 are not held to account, then you have to ask why they are occurring.		What do you think should change regarding the number of parish councillors? Only pay parish councillors that are responsible and publically accountable and a clerk. Remove tier 2 and duplication between 1 and 3.
ID: 12	Do you think we should make changes to the warding arrangements within the parish? I don't know	What do you think should change regarding the grouping status? Group to align changes to removing tier 2 and reducing tier 1 bureaucracy needed to support the local government process.				
ID: 13	Respondent type: Local resident	Area: South Woodham Ferrers	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? I don't know

ID: 13	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?		
ID: 14	Respondent type: Local resident	Area: Sandon	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 14	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Broadly things are working out okay here. Thank you.	Do you think we should change the number of councillors on the parish council? No
ID: 16	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 16	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No		Do you think we should change the number of councillors on the parish council?
ID: 17	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 17	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No		Do you think we should change the number of councillors on the parish council?
ID: 18	Respondent type: Local resident	Area: South Woodham Ferrers	Would you like to keep a parish/town council in your area? I don't know	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 18	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Our town council seems to be a money making scheme within the Chelmsford. I don't know what the town council actually does. And never see a town councillor asking what we the people would like them to do. They spent thousands on new Xmas lights this year but where did I vote on that. Also they don't seem to have a say on what happens in our town..... this new city plan.. we as residents don't want it but the town council have said yes... and yes I do vote and always have done.. be nice to have a get to know the town councillor and actually find out if they actually have a voice within Chelmsford council and/or Essex County Council..	Do you think we should change the number of councillors on the parish council? Yes - there should be fewer What do you think should change regarding the number of parish councillors? Seems to many for a small town like ours at the moment and honestly don't believe any of them actually do anything for our small town.
ID: 19	Respondent type: Local resident	Area: Danbury	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 19	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? No
ID: 20	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? ID: 21	Respondent type: Local resident	Area: Runwell	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be more
						What do you think should change regarding the number of parish councillors? Increase the number of councillors specifically to allow greater representation for St Luke's park development. The new development has the potential to be a very pleasant area but is lacking in basic facilities such as bins, post box, dog waste etc. Additionally problems with parking etc are not addressed. A councillor responsible for the area would allow these matters and others to be represented at a parish level.
ID: 21	Do you think we should make changes to the warding arrangements within the parish? Yes	Do you think we should make any changes to the grouping status of the parish/town councils? Yes	What do you think should change regarding the grouping status? Group Runwell with Rettendon			
	What do you think should change regarding the warding arrangements? Separate ward for St Luke's Park Development.	What do you think should change regarding the grouping status? Group Runwell with Rettendon

Annex 2A - Online responses for individual areas

ID: 30	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: We have a good neighbourhood community and share items in the neighbour hood watch. These items are often more than security issues around the area so I think if we had a representative we could feed into one person to Chanel these issues.	How should we draw the boundaries to create a new electoral area? Divided into north, east, southand west Please give more details about your suggestions for boundaries: Areas would need to be broken down as it's a well populated area	Other Comments: Think we need a voice and welcome a change
ID: 31	Respondent type: Local resident	Area: Roxwell	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 31	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 32	Respondent type: Local Councillor	Area: Chignal	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 32	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: The Parish of Chignal has benefited from the arrival of new residents moving into the recent new developments that are in the Parish of Chignal. A number of residents have joined local groups and contribute to the local village community and feel, utilising the Village Hall, Playing Field and Orchard. Please leave the boundary as it currently is and has been for many years thus ensuring new residents remain in the Chignal Parish and continue to be part of this rural community.		
ID: 33	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 33	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 34	Respondent type: Local resident	Area: Danbury	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 34	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 35	Respondent type: Local resident	Area: Chignal	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 35	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Being part of Chignal parish, I feel part of that community now since moving here 4 years ago. I'm involved with community issues within the parish and would not want that to change. Trust you will leave the boundaries as they are as it is lovely being part of a smaller community.		
ID: 36	Respondent type: Local resident	Area: Broomfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 36	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 37	Respondent type: Local resident	Area: Highwood	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be fewer What do you think should change regarding the number of parish councillors? for a small village such as Highwood I think the minimim number could be reduced to four

ID: 37	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		
ID: 38	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? No - I don't think we should have anything What do you think we should have instead? Parish councils are an ineffective and inefficient. They spend too much money on administering themselves v creating local benefit which would be better served by the buying power, administrative efficiencies and expertise at town/city council level. At best they provide a platform for political wannabes to grandstand whilst providing little true benefit for residents.	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? I don't know Do you think we should change the number of councillors on the parish council? Yes - there should be fewer What do you think should change regarding the number of parish councillors? We should disband the parish council, therefore, fewer councillors.
ID: 38	Do you think we should make changes to the warding arrangements within the parish? Yes What do you think should change regarding the warding arrangements? More admin, more burden, more expense with no benefit.	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?	Other Comments: We should disband parish councils and use the savings for the greater benefit of the district.	
ID: 39	Respondent type: Local resident	Area: Chignal	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area What do you think should change regarding the grouping status?	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? No
ID: 39	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No		Other Comments: Little Hollows is 4 years old and we have worked hard to develop a sense of community here. It has been helped by the human scale of the development and fits well with being part of the Chignal Community. We do not want to be swallowed up by Chelmsford.	
ID: 40	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? No - I don't think we should have anything What do you think we should have instead? Nothing - 3 tiers is too many.	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? Yes - there should be fewer What do you think should change regarding the number of parish councillors? Get rid of them. They do nothing and are only accessible to a handful of people. Majority of people wouldn't know they exist.
ID: 40	Do you think we should make changes to the warding arrangements within the parish? Yes What do you think should change regarding the warding arrangements? Get rid of them altogether.	Do you think we should make any changes to the grouping status of the parish/town councils? Yes What do you think should change regarding the grouping status? Just remove them altogether.	What do you think should change regarding the grouping status? Just remove them altogether.		
ID: 41	Respondent type: Local resident	Area: Great Baddow	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area What do you think should change regarding the grouping status?	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? I don't know
ID: 41	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know			

Annex 2A - Online responses for individual areas

ID: 42	Respondent type: Local resident	Area: Chignal	Would you like to keep a parish/town council in your area? No - I think we should set up an alternative (such as area committees or neighbourhood management arrangements)	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? I don't know	Do you think we should change the number of councillors on the parish council? I don't know
			What do you think we should have instead? We live in little hollows and I feel like we should be part of newlands spring more than the chignals. I get a lot of information from our local parish council that isn't at all relevant to me. I would rather have a Newlands Spring community group for people in our area around the school and Morrison's.	What do you think should change regarding the boundaries? I think little hollows should become part of newlands spring.		
ID: 42	Do you think we should make changes to the warding arrangements within the parish? Yes	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			
	What do you think should change regarding the warding arrangements? I'm not sure exactly how it works but where we are for some very strange reason is not part of the chelmsford voting electorate but somewhere that has nothing to do with us! We would like to vote as part of chelmsford as that is where we live.					
ID: 43	Respondent type: Local resident	Area: Chignal	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 43	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: We live on the Little Hollows development on Hollow Lane which is currently falls under the local Parish of Chignal and we would like to continue to be part of Chignal Parish.		
ID: 44	Respondent type: Local resident	Area: Chignal	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 44	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 45	Respondent type: Local resident	Area: Broomfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
				What do you think should change regarding the boundaries? Part of our estate is in Lt waltham and part in Broomfield		
ID: 45	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 46	Respondent type: Local resident	Area: Great and Little Leighs	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 46	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 47	Respondent type: Local resident	Area: Chignal	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 47	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: I think the parish we are in at the moment works fine as it is and I am very happy with the way it operates		

ID: 48	Respondent type: Local resident	Area: Chignal	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 48	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: the parish council currently works very well for the size of the villages and understands the needs of the local community in protecting the countryside for residents including the new developments within the parish.		
ID: 49	Respondent type: Local resident	Area: Good Easter	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 49	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 50	Respondent type: Local resident	Area: Galleywood	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? The TILE KILN ESTATE should come under the Galleywood Parish Council area. Geographically this would make more sense , as it is "out on a limb" at the moment. Presently Tile Kiln is part of the CENTRAL NON PARISHED AREA, but it is not part of the city center.... IN CHARACTER. It "feels" like it should be part of Galleywood, and looks like it should be part of Galleywood!	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be more What do you think should change regarding the number of parish councillors? If the boundary was to be increased to include Tile Kiln, the number of Councillors should be amended accordingly. There should be more female representation.
ID: 50	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? Yes What do you think should change regarding the grouping status? Galleywood could be grouped with Great Baddow	What do you think should change regarding the grouping status? Galleywood could be grouped with Great Baddow			
ID: 51	Respondent type: Local resident	Area: Chignal	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? I don't know	Do you think we should change the number of councillors on the parish council? I don't know
ID: 51	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?

ID: 57	Respondent type: Local resident	Area: Chignal	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be fewer
ID: 57	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			What do you think should change regarding the number of parish councillors? Too many representing the number of residents
ID: 58	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 58	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 59	Respondent type: Local resident	Area: Chignal	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 59	Do you think we should make changes to the warding arrangements within the parish? Yes	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: None		
	What do you think should change regarding the warding arrangements? To be put in Chelmsford					
ID: 60	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?

ID: 60	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? Community forums Please explain your choice: The unparished neighbourhoods have character and issues specific to them and it is not suitable for them to be represented without more dedicated local knowledge. For example. North Melbourne is not the same as the rest of Melbourne. The demographics are different, the housing stock is different and the issues are different.	How should we draw the boundaries to create a new electoral area? Other Please give more details about your suggestions for boundaries: I don't believe that wards represent the areas sufficiently. LSOAs can be used as building blocks for each neighbourhood area that will encompass these places more accurately.	Other Comments: It is time to look at undoing some of the deep seated inequalities that the previous Conservative council has cemented into the way Chelmsford is run. Why should Springfield Road have a dedicated road sweeping vehicle to pick up only very small amounts of litter where myself and other north Melbourne residents have to do the litter picking for ourselves. The council tax £ per metre along our roads is far far higher than the council tax £ per metre along Springfield Road. It feels like we are subsidising wealthier areas to have better city council services.
ID: 61	Respondent type: Local resident	Area: Chignal	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 61	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: We feel that Little Hollows is becoming a nice little community more suited to being served by our excellent parish council Chignal rather than being swallowed up by Chelmsford.		
ID: 62	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 62	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 63	Respondent type: Local resident	Area: Chignal	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 63	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 64	Respondent type: Local resident	Area: Chignal	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 64	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 65	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? Classic example... my friends property was split down the middle in the recent Covid 19 Tiering system. There has been lots and lots of new building around Springfield and indeed the rest of Chelmsford. Nothing needs to necessarily change but I do think boundaries should be reviewed.	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 65	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: I'm not sure if we do but I think a ward or councillor specific to Beaulieu would make sense particularly new beaulieu as I imagine there are some very specific issues for those residents as it's a very large new development.		
ID: 66	Respondent type: Local resident	Area: Runwell	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No

ID: 66	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		
ID: 67	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 67	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Save money on this. Put it in to making sure the new station and North East bypass happen.	Do you think we should change the number of councillors on the parish council? No
ID: 68	Respondent type: Local resident	Area: Little Baddow	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 68	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: We have been very happy with the performance of our parish council and the individual councillors and see no reason to change. "if it ain't broke, don't fix it!"	Do you think we should change the number of councillors on the parish council? No
ID: 69	Respondent type: South Hanningfield Parish Council	Area: South Hanningfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? No
ID: 69	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	What do you think should change regarding the boundaries? New areas such as Beaulieu should have new parished areas	Do you think we should change the number of councillors on the parish council? No
ID: 69	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: New parish councils to be implemented for new housing estates	Do you think we should change the number of councillors on the parish council? No
ID: 70	Respondent type: Local Councillor	Area: West Hanningfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 70	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? Yes	What do you think should change regarding the grouping status? the hanningfields should be joined as we all have involvement in the areas....what happens in one parish can effect others		Do you think we should change the number of councillors on the parish council? Yes - there should be more
ID: 70	Do you think we should make changes to the warding arrangements within the parish? No	What do you think should change regarding the grouping status? the hanningfields should be joined as we all have involvement in the areas....what happens in one parish can effect others			What do you think should change regarding the number of parish councillors? I feel we should have more councillors in order to get a more balanced view from residents
ID: 71	Respondent type: Local resident	Area: Chignal	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 71	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: I think the set up with Little Hollows in the Chignal Parish works well, is effective , and is good value for money, and very supportive and effective locally	Do you think we should change the number of councillors on the parish council? No
ID: 72	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?

ID: 72	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: I have lived in areas run by Parish Councils in the past, which have been very successful, eg Writtle.	How should we draw the boundaries to create a new electoral area? Other Please give more details about your suggestions for boundaries: I would like to see a boundary for the Old Moulsham Area, which is like a village and has a community feel. There are already many Old Moulsham Facebook sites, which many people have joined, including Old Moulsham Neighbourhood Watch Facebook, whichh as been extremely successful.	
ID: 73	Respondent type: Local resident	Area: South Hanningfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? I don't know	Do you think we should change the number of councillors on the parish council? No
ID: 73	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: The current Parish Council (PC) system appears to work OK for local projects and issues. However, when it comes to CCC and ECC related issues the PC system falls down as CCC city projects appear to get priority in both CCC and ECC, especially Highways. There needs to be a department within CCC that co-ordinates and supports the PC network and champions their needs in both CCC and ECC decision making.		
ID: 74	Respondent type: Local resident	Area: Broomfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? Inclusion of areas containing new housing,	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? I don't know
ID: 74	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 75	Respondent type: Local resident	Area: Chignal	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 75	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 76	Respondent type: Local resident	Area: South Hanningfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 76	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			
ID: 78	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 78	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No			
ID: 79	Respondent type: Local resident	Area: Little Waltham	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No

ID: 79	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Whilst I am aware that around Little Waltham larger urban developments and Blasford Hill e.g. Channels are emerging i fell it is essential that the Parish Council remains focused on the area that it currently serves and that, if deemed appropriate by residents in the new developments that they have there own spokespeople as there will undoubtedly be very different priorities for residents in these areas and in Little Waltham.	
ID: 80	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 80	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No		Do you think we should change the number of councillors on the parish council?
ID: 81	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 84	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? No
ID: 85	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 85	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: We currently have a very active neighbourhood watch group with a huge scope of concerns. I would welcome a separate organisation to share this scope and have more powers plus potentially a small budget.	How should we draw the boundaries to create a new electoral area? I don't know
ID: 86	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
					Do you think we should change the number of councillors on the parish council? No

ID: 86	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		
ID: 87	Respondent type: Local Councillor	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 87	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: I moved from a parished area and appreciate the very local knowledge and lobbying power of parish/town councils. This is even more important if we move to a unitary authority.	How should we draw the boundaries to create a new electoral area? Other Please give more details about your suggestions for boundaries: I am happy to see what the alternatives are. Some wards need to be adjusted due to recent building projects.
ID: 88	Respondent type: Local resident	Area: Chignal	Would you like to keep a parish/town council in your area? No - I don't think we should have anything What do you think we should have instead? Whatever the alternative is to a set of busybody, bored OAPs with nothing better to do that stick their nose into anyone any everyone's business just because they live on the same stretch of country lane. GET A LIFE!	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? Yes What do you think should change regarding the name(s)? The luddite looneys
ID: 88	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: The Chignal News is a waste of perfectly good paper. No one cares about the sodding phone box. You're all living in the dark ages - maybe take up knitting instead of spending so much time poking your beaks into other people's lives and properties!	
ID: 89	Respondent type: Local resident	Area: Chignal	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 89	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		
ID: 90	Respondent type: Local resident	Area: South Woodham Ferrers	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 90	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: The present arrangements represent the residents of south woodham ferrers it could only be improved by young people joining the council.	Do you think we should change the number of councillors on the parish council? Yes - there should be more What do you think should change regarding the number of parish councillors? I think th y should encourage younger people to join the town council
ID: 91	Respondent type: Local resident	Area: Great Waltham	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? Boundaries should be correct to include new development. If they are not included then where are the new houses sitting? This exercise should not include making changes other than to include these new houses	Do you think we should change the name of your parish council? No
ID: 91	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? I don't know

ID: 92	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 92	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: The area would benefit from having support, especially in this tough times.	How should we draw the boundaries to create a new electoral area? Other Please give more details about your suggestions for boundaries: Based on the area of few closed streets so people can get to know each other and if needed to check any improvements, repairs, needs etc. When people work together they care more.	Other Comments: I would like to be part of the new Parish or existing one.
ID: 93	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 93	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? Area committees Please explain your choice: I see an opportunity for Old Moulsham to form as an "Area Committee" - with our own high street, surrounding businesses and considerable number of people living within the area it feels as if it needs to be looked at as a community independent of the nearby City Centre. I believe that ECC/ CCC should still lead the charge and I feel there is something in having a central body to make decisions rather than bringing in additional forums and groups of people (additional opinions which can sometimes muddy the water) - the Old Moulsham area offers an important different feel to the City Centre it's also where the Chelmsford Museum resides - I feel it should be supported by the ECC/ CCC rather than an additional charge applied to the local residents.	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: I believe Old Moulsham is already a Ward? It would make sense to split this in the same way.	
ID: 94	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be more What do you think should change regarding the number of parish councillors? There will need to be more Parish Councillors to administer the increasing numbers
ID: 94	Do you think we should make changes to the warding arrangements within the parish? Yes What do you think should change regarding the warding arrangements? To accommodate changes planned	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 96	Respondent type: Local resident	Area: Woodham Ferrers and Bicknacre	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? I don't know
ID: 96	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 97	Respondent type: Local resident	Area: Great Waltham	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No

ID: 97	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: My view is that to support more localism (that is, decisions affecting local citizens being made by lower tier councils), parish councils should be granted more powers in relation to issues of planning and expenditure (on local infrastructure and amenities).	
ID: 98	Respondent type: Local resident	Area: East Hanningfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No

No	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? No
ID: 99	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No
ID: 99	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? No
ID: 100	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? No - I don't think we should have anything	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 100	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council?
ID: 102	Respondent type: Local Councillor	Area: Chignal	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 102	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? No
ID: 103	Respondent type: Local resident	Area: South Woodham Ferrers	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 103	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? No
ID: 105	Respondent type: Local resident	Area: Galleywood	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 105	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? No
ID: 106	Respondent type: Local resident	Area: South Woodham Ferrers	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 106	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? I don't know
ID: 107	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 107	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status?	What style of community governance do you think would work well in this area? Area committees Please explain your choice: A good balance between avoiding additional costs and providing a forum that can contribute meaningfully	How should we draw the boundaries to create a new electoral area? One large area containing the whole of the currently unparished area Please give more details about your suggestions for boundaries: no other info provided

Annex 2A - Online responses for individual areas

ID: 109	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 109	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: Another council is expensive and unnecessary but if it must happen then a conventional model is enough	How should we draw the boundaries to create a new electoral area? One large area containing the whole of the currently unparished area Please give more details about your suggestions for boundaries: Simplicity to have a single "parish"	Other Comments: The centre of Chelmsford already hosts two councils. It's hard to see a third would add value.
ID: 110	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 110	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No			
ID: 111	Respondent type: Local resident	Area: Great Baddow	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? I don't know
ID: 111	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 112	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 112	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: Being in a currently unparished area, I would like to have a parish council.	How should we draw the boundaries to create a new electoral area? I don't know	
ID: 113	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? Yes	Do you think we should change the number of councillors on the parish council? Yes - there should be more
				What do you think should change regarding the boundaries? Beaulieu development is so huge that some thought should be given about the size and shape of Springfield CP. Historically it expanded eastwards to accommodate Chelmer Village but now the new centre is shifting to the northwest. It is imperative that the whole of Beulieu remains within one parish council and does not find itself split into the Walthams.	What do you think should change regarding the name(s)? Springfield-Beaulieu	What do you think should change regarding the number of parish councillors? Greater range of voices reflecting greater age range and diversity. It's a good way to start moving toward greater social inclusion.
ID: 113	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			
ID: 114	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? I don't know
				What do you think should change regarding the boundaries? Expand to include areas such as Lawn Lane		

ID: 114	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?		
ID: 116	Respondent type: Local resident	Area: Little Baddow	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 116	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? No
ID: 117	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 117	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? Residents/tenants associations Please explain your choice: Residents are quick to complain but reluctant to contribute time to improving things themselves. I think all parish and city councils here do a great job. I did wonder if Springfield or Broomfield cover Beulieu or does it have its own parish? It is already larger than some parishes and it by no way finished	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: As stated above, I feel Beulieu should have its own parish due to size
ID: 118	Respondent type: Local resident	Area: Chignal	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 118	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? No
ID: 119	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 119	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: This is the only part of the Chelmsford City Council area that does not have an intermediate level of governance. I have had contact with several of the local Parish Councils over the years because of the business that I am involved with and have been most impressed with their effectiveness. I have also seen their effectiveness in how they act for the residents of their areas through friends who live in several of their areas.	How should we draw the boundaries to create a new electoral area? One large area containing the whole of the currently unparished area Please give more details about your suggestions for boundaries: I have viewed the map that forms part of this website and this would produce quite a large parish, certainly by population, certainly by population, compared to other areas that are mainly rural. It might therefore be better to divide it into four areas - north, south, east and west.
ID: 120	Respondent type: Local resident	Area: South Woodham Ferrers	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 120	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? Yes - there should be fewer What do you think should change regarding the number of parish councillors? We do not need that many

ID: 121	Respondent type: Representative of Springfield Parish Council	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
				What do you think should change regarding the boundaries? Suggest that the parish boundary is reconfigured. 1 to create a new parished area for the Chancellor Park and Chelmer Village areas. 2 Housing and recent development to the north of Chelmsford known as "new Beaulieu" should be separated from the existing Springfield (A130 - white Hart Lane being the boundary). A new parish should be formed taking in new Beaulieu and to also take in parts of Broomfield and Little Waltham. 3 The present Springfield Parish boundary should be reconfigured to include the historic area known as Springfield Green and its surrounding area. Possibly the river Chelmer being the identifying boundary on the western side		
ID: 121	Do you think we should make changes to the warding arrangements within the parish? Yes	Do you think we should make any changes to the grouping status of the parish/town councils? Yes	What do you think should change regarding the grouping status? Smaller less densely populated parishes would benefit from grouping status more widely than densely populated parishes. A larger densely populated parish experiences very different needs to a smaller more rural parish. Grouping of parishes, if considered appropriate, could perhaps be based on population, allowing a more compatible partnership i.e. more rural settings to group and more densely populated areas to group.	Other Comments:		
	What do you think should change regarding the warding arrangements? The present warding is know as (1) Chelmer Village and Beaulieu Park (2) Springfield North Much of the Beaulieu Park Development falls within Springfield North the naming of the wards does not therefore correlate well with the actual location of the housing.	What do you think should change regarding the grouping status? Smaller less densely populated parishes would benefit from grouping status more widely than densely populated parishes. A larger densely populated parish experiences very different needs to a smaller more rural parish. Grouping of parishes, if considered appropriate, could perhaps be based on population, allowing a more compatible partnership i.e. more rural settings to group and more densely populated areas to group.				
ID: 122	Respondent type: Local resident	Area: Broomfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be more
						What do you think should change regarding the number of parish councillors? An increase in councillors to get a broader input of the community, not many people attend Parish meetings, having more councillors may include more voices.
ID: 122	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? Yes	What do you think should change regarding the grouping status? Parishes working together in communicating to local authority on development plans etc.			
		What do you think should change regarding the grouping status? Parishes working together in communicating to local authority on development plans etc.				
ID: 123	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? No	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? No
ID: 135	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 135	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No	What style of community governance do you think would work well in this area? Area committees Please explain your choice: In my personal opinion, I do not feel that any level of extra Governance is required for those in the current un-parished area. We already have our MP, then County and City Cllrs. This is more than sufficient and the majority of residents probably don't even know who their MP or Cllrs are. I have lived in an unparished area of Chelmsford my whole life and have never felt the need for greater representation. I feel that there is enough already and have always found my local city or county Councillors, accessible enough and happy to look into matters on behalf of their residents. For example, all of the un-parished wards have either two or three City Councillors already. Some of these wards are relatively small on a geographical basis, despite dense populations, but I've never heard of residents asking for extra Councillors, or brand new Councillors to cover a specific area of their ward. The timing of Covid is obviously not ideal and I understand that plans for a Community Governance Review were probably started a while back. However, I really think the Council need to consider the current climate and read the room as such. I'm sure a significant proportion of residents will simply be asking	How should we draw the boundaries to create a new electoral area? Other Please give more details about your suggestions for boundaries: See Q10
ID: 136	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 136	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? No
ID: 137	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
					Do you think we should change the number of councillors on the parish council? No

ID: 137	Do you think we should make changes to the warding arrangements within the parish? Yes	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Writtle Parish as a whole is a community and must stay as such	
	What do you think should change regarding the warding arrangements? Ensure that the wards are proportionally represented				
ID: 138	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 138	Do you think we should make changes to the warding arrangements within the parish? Yes	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Keep Writtle Parish as it is and has been for centuries for good social and environmental reasons	Do you think we should change the number of councillors on the parish council? No
	What do you think should change regarding the warding arrangements? Reflect the population areas				
ID: 139	Respondent type: Local resident	Area: Galleywood	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
					Do you think we should change the number of councillors on the parish council? Yes - there should be fewer
					What do you think should change regarding the number of parish councillors? Smaller number should empower better decision making rather than compromising on the worst of all worlds.
ID: 139	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Happy as it is as relates to Galleywood. Unless there is an overpowering reason that grouping would add to speed at which action was taken, I foresee this as yet more compromise and procrastination.	
ID: 140	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? ID: 140	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Warren Farm should be included within the Writtle Parish.	
ID: 141	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 141	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No		Do you think we should change the number of councillors on the parish council?
ID: 142	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 142	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No		Do you think we should change the number of councillors on the parish council?
ID: 143	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
					Do you think we should change the number of councillors on the parish council?

ID: 143	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	<p>What do you think should change regarding the grouping status?</p> <p>Do you think the area would benefit from an additional form of community governance?</p> <p>Yes</p>	<p>What style of community governance do you think would work well in this area?</p> <p>Residents/tenants associations</p> <p>Please explain your choice:</p> <p>There are many issues that need addressing at "street" level. If residents could be involved in the process and feedback to officials the problems we are facing, they could be dealt with in a realistic and effective manner.</p>	<p>How should we draw the boundaries to create a new electoral area?</p> <p>Based on existing electoral arrangements (such as council wards)</p> <p>Please give more details about your suggestions for boundaries:</p> <p>I think it makes sense to keep it to council wards. Hoping that the councilors will be familiar with the areas. It would be hoped that the difference areas would work together.</p>
ID: 144	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? I don't know	<p>Do you think we should make any changes to the current boundaries?</p> <p>Yes</p> <p>What do you think should change regarding the boundaries?</p> <p>Springfield is now too large with the increase in housing to the north and would be best served by splitting off the communities Chelmer Village and Chancellor Park to form their own Parish council. Parish facilities for Chelmer Village and Chancellor Park are sadly lack in these areas with most new facilities being located in the Beaulieu area.</p>	<p>Do you think we should change the name of your parish council?</p> <p>Yes</p> <p>What do you think should change regarding the name(s)?</p> <p>Name should be changed to reflect the area it covers</p>
ID: 144	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?		
ID: 145	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	<p>Do you think we should make any changes to the current boundaries?</p> <p>No (they are fine as they are)</p>	<p>Do you think we should change the name of your parish council?</p> <p>No</p>
ID: 145	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		
ID: 146	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	<p>Do you think we should make any changes to the current boundaries?</p> <p>No (they are fine as they are)</p>	<p>Do you think we should change the name of your parish council?</p> <p>No</p>
ID: 146	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		
ID: 147	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	<p>Do you think we should make any changes to the current boundaries?</p>	<p>Do you think we should change the name of your parish council?</p>
ID: 147	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	<p>What do you think should change regarding the grouping status?</p> <p>Do you think the area would benefit from an additional form of community governance?</p> <p>No</p>	<p>What style of community governance do you think would work well in this area?</p> <p>Residents/tenants associations</p> <p>Please explain your choice:</p> <p>I live in Patching Hall Ward, and therefore have City councillors - If they are doing their job well (and they are) we do not need another tier of governance</p>	<p>How should we draw the boundaries to create a new electoral area?</p> <p>Based on existing electoral arrangements (such as council wards)</p> <p>Please give more details about your suggestions for boundaries:</p> <p>I think the ward system is working well, the boundaries may need a bit of adjusting to even up the population of the wards, due to the increase of all the residential building that is taking place.</p> <p>Other Comments:</p> <p>I agree that tenant and residential associations would be a very good idea and would help to develop a stronger local community.</p>
ID: 148	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	<p>Do you think we should make any changes to the current boundaries?</p>	<p>Do you think we should change the name of your parish council?</p>

ID: 148	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? Community associations Please explain your choice: Newlands Spring already has a charity registered Community Assoc., but doesn't appear to represent local issues. It looks after the Community Hall.	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: Seemed best fit from choices	
ID: 149	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 149	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: I think we try to install too many levels of government, there is nothing wrong with the current system and adding extra tiers just increases costs during a time where everyone is struggling in the pandemic	How should we draw the boundaries to create a new electoral area? I don't know	
ID: 150	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? Community forums Please explain your choice: .	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: .	
ID: 154	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 154	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: This gives all areas equal representation	How should we draw the boundaries to create a new electoral area? I don't know	

ID: 155	Respondent type: Local Councillor	Area: Danbury	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be fewer
ID: 155	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: The status quo could be maintained, I think. The present arrangement works well enough not to change it.		
ID: 156	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 156	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: With the continued growth expansion of housing within the City Centre area, it is my strong belief that the Westlands estate continues to be left behind and the western sector of the City Centre area - namely Westlands, Beachenlea and Widford - are an after-thought. The western sector, broadly similar to the existing Waterhouse Farm/Waterhouse area, would strongly benefit from governance at Parish level. This would provide the area with greater self-reliance to solve local issues (of which there are a number which are not satisfactorily resolved), undertake works for the local good under its own steam and have greater influence with both Chelmsford City Council and Essex County Council. The area continues to suffer from issues relating to the quality and upkeep of highways (very poor particularly in parts of Westlands), poor street lighting in some areas, poor condition bus stops/bus services, a degree of neglect in respect of parks/green spaces, <i>inconsiderate driving and 'rat running' through</i>	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: Consider using the existing ward of Waterhouse Farm as the basis, with the incorporation of Widford potentially.	Other Comments: To provide a greater link to the history of the city, I would suggest a new parish council be either called Widford or incorporate the name Widford in some way.
ID: 157	Respondent type: Local resident	Area: Stock	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 157	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: I would like to see more decision making powers devolved down to Parish Council level, especially concerning housing developments, their scale, size of housing and design to ensure they fit with the character of the village.		
ID: 159	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 159	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No			

ID: 160	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 160	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: We should have an elected parish council	How should we draw the boundaries to create a new electoral area? One large area containing the whole of the currently unparished area Please give more details about your suggestions for boundaries: The Central Parish boundary should be where this new parish abuts existing Parishes.	
ID: 161	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 161	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes			
ID: 162	Respondent type: Local Councillor	Area: Boreham	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 162	Do you think we should make changes to the warding arrangements within the parish? Yes What do you think should change regarding the warding arrangements? I believe Boreham would be better represented if the entire parish was in the same ward.	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 163	Respondent type: Local resident	Area: Broomfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? Make the Channels development all in the same Parish, ideally Little Waltham Parish. Currently part of the Bellway development is Broomfield parish and the other part is Little Waltham and as 3 Little Waltham Parish Councillors live here too I feel it would be best for the boundaries to change. Other Comments: As Channels is due to expand further along with Beaulieu maybe they should have their own parish in time.	Do you think we should change the name of your parish council? I don't know	Do you think we should change the number of councillors on the parish council? I don't know
ID: 163	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			
ID: 164	Respondent type: Local resident	Area: Broomfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 164	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: I think the parish boundaries should stay as they are as they were laid out in the medieval period and are important in terms of landscape archaeology and local history		
ID: 165	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?

ID: 165	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: this area of town population has grown massively in the past few years with a number of new large scale developments. the population is now such they need to be represented in order for there needs to be heard.	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: makes sense as parish would be indenpent from tier 2 and 3 governance to have them represent the same area and not have to discuss issues that may arise across multiple boundaries which may complicate and lengthen any disicion	
ID: 166	Respondent type: Local resident	Area: Little Baddow	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 166	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 167	Respondent type: Local resident	Area: Great Baddow	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? I don't know
ID: 167	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			
ID: 168	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 168	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? Area committees Please explain your choice: In the main I find Chelmsford Council provide a good level of service to the city centre area and would not consider there to be a benefit to having a separate parish council. More important to me would be to have represents of each area of the city centre at the table, so that the council receive local input to aid in their decision making. More over, I would like a similar idea to apply at Essex CC level where I feel local input would more greatly benefit the area - especially surrounding footpaths, cycle paths and highways which can be lacking, or change without local input.	How should we draw the boundaries to create a new electoral area? I don't know	
ID: 169	Respondent type: Local resident	Area: Danbury	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 169	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 170	Respondent type: Local resident	Area: Rettendon	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 170	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Our parish council is particularly contentious over Bell Field. I think this needs reviewing, the governance, scope and responsibility so that is doesn't happen again here or elsewhere. It makes for very unhealthy local democracy and local relationships.		
ID: 171	Respondent type: Local resident	Area: Little Baddow	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No

ID: 171	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		
ID: 172	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council? Do you think we should change the number of councillors on the parish council?
ID: 172	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? I don't know		Other Comments: So if it's unclear whether changes in community governance will make a difference, my view would be 'if it ain't broke don't fix it'. Not to say we could do with more bins, community-based initiatives, in some places, better upkeep of public places etc but whether we do that through existing governance or a different model, I'm not sure
ID: 173	Respondent type: Local Councillor	Area: South Hanningfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? No
ID: 173	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: This is the wrong time to be considering any changes. Wait until the Boundary Commission Review is completed and Covid restrictions lifted.	
ID: 174	Respondent type: Local resident	Area: South Hanningfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? No
ID: 174	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: This is an unnecessary, time consuming and costly exercise.	
ID: 175	Respondent type: Danbury Parish Council	Area: Danbury	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? No
ID: 175	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		
ID: 176	Respondent type: Local resident	Area: Little Baddow	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? No
ID: 176	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		
ID: 178	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? Yes - there should be more What do you think should change regarding the number of parish councillors? As the new Warren Farm development will be in the Parish of Writtle generating an additional 900 homes there will be a need for additional Parish Councillors from this part of the Parish.
ID: 178	Do you think we should make changes to the warding arrangements within the parish? Yes What do you think should change regarding the warding arrangements? Writtle West Ward	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		

Annex 2A - Online responses for individual areas

ID: 179	Respondent type: Local resident	Area: Broomfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? Maintain the bulk of the existing boundary but consider incorporating the Beaulieu developments (which cut across three parish council areas) into a new parish	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 179	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 181	Respondent type: Local resident	Area: Galleywood	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? You could extend the gt baddow boundary to take in tile kiln/moulsham areas. or galleywood could be extended to include tile kiln estate. Danbury and Little Baddow could be one parish rather than 2.	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 181	Do you think we should make changes to the warding arrangements within the parish? Yes What do you think should change regarding the warding arrangements? I don't think Galleywood is big enough to require wards so these could be removed.	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			
ID: 182	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 182	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No	What style of community governance do you think would work well in this area? Community forums Please explain your choice: I think if a resource can be accessed via meetings, talks and remote on line news, sheets, updates and questionnaires via social media a greater demographic can be reached. This allows people from all social circles to participate. Often this can be a closed area with few people speaking for the masses. It is far better to compile the voices of the masses to be heard.	How should we draw the boundaries to create a new electoral area? Other Please give more details about your suggestions for boundaries: It would be best served as community driven. Secondary schools and GP surgeries. Within these areas there will be an existing community network. The link is via schools- x number primary feed into y Secondary schools. Served by z GP's. Demographics for the area such as roads, health, income, employment, transport, crime, schools and success can be easily managed. Issues such as gangs etc can be addressed locally but feed into a central coordinating team made up of police, head teachers, council coordinator , health services, local rep. These could then feed into a central coordination and communication committee.	

ID: 183	Respondent type: Local resident	Area: Great Baddow	Would you like to keep a parish/town council in your area? No - I think we should set up an alternative (such as area committees or neighbourhood management arrangements)	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be more
			What do you think we should have instead? I feel that people from the area - who are directly affected by changes and decisions - should be on the panel. During these Covid times, many groups have been formed and are doing an amazing job. Views aren't being heard and ideas aren't being actioned from the majority.			What do you think should change regarding the number of parish councillors? Residents should have a direct say.
ID: 183	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: I strongly feel that decisions are being made which directly affect where I live, without any consultation with me or my fellow residents. I am not happy.		
ID: 184	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? Yes	Do you think we should change the number of councillors on the parish council? I don't know
				What do you think should change regarding the boundaries? I feel like the new Beaulieu development requires its own boundary due to the volume of houses that are being built here	What do you think should change regarding the name(s)? Beaulieu	
ID: 184	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			
ID: 186	Respondent type: Local resident	Area: South Woodham Ferrers	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be fewer
						What do you think should change regarding the number of parish councillors? The fewer the better to facilitate goops decision making. What is more important is getting the right people irrespective of Politics and self-ambition!
ID: 186	Do you think we should make changes to the warding arrangements within the parish? Yes	Do you think we should make any changes to the grouping status of the parish/town councils? Yes	What do you think should change regarding the grouping status? The localised / personal interests of some 'stronger' individuals should not be allowed to dominate agendas.	Other Comments: Transparency in local government is the key to trust. The standing of party politicians at a national level is demonstrably at a very low ebb as a result of prevarication, confabulation and rhetoric rather than open and honest communication. Local Party politics is tarred with the same brush. That is an issue that needs to be addressed in the furtherance of democracy.		
	What do you think should change regarding the warding arrangements? Councillors in every ward should be far more accessible, far more open and transparent and represent the views of the electorate not their own personal / Political ambitions.	What do you think should change regarding the grouping status? The localised / personal interests of some 'stronger' individuals should not be allowed to dominate agendas.				
ID: 187	Respondent type: Other	Area: South Woodham Ferrers	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? I don't know
ID: 187	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 188	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
				What do you think should change regarding the boundaries? With the new Beaulieu and Channels developments I think there are too many residents for one parish.		

188	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: With the massive increase in population I think we need more parishes around Chelmsford.		
ID: 190	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 190	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? Neighbourhood management arrangements Please explain your choice: I don't think we need another elected local tier but I do think some form of resident / community involvement would be beneficial. I found it hard to choose from the options and think that both area committees and community forums would work well (I would have found it easier to tick several of your options). More involvement by residents would hopefully enable people to take a pride in their local area and get more involved in things such as litter picking and other community projects and hopefully help to decrease crime.	How should we draw the boundaries to create a new electoral area? I don't know	
ID: 191	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? I don't know	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? I dont understand why, for example, Springfield Green and Springfield Hall are no longer in Springfield. Nonsense.	Do you think we should change the name of your parish council? I don't know	Do you think we should change the number of councillors on the parish council? I don't know
ID: 191	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			
ID: 192	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 192	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: Need a body with authority to tackle issues	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: Smaller areas for more local issues	Other Comments: We need action taken to tackle what appears to be drug dealing by youngsters in my unparished area
ID: 193	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 193	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? I don't know		How should we draw the boundaries to create a new electoral area? I don't know	
ID: 194	Respondent type: Local resident	Area: Boreham	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? Better description boundaries appear blurred	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be fewer What do you think should change regarding the number of parish councillors? Only have one per household

ID: 194	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?		
ID: 195	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council? Do you think we should change the number of councillors on the parish council?
ID: 195	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No	What style of community governance do you think would work well in this area? Community forums Please explain your choice: I think we need spaces to discuss things as a community which can then inform bigger decisions by our existing elected representatives, not simply reducing everything to a vote at increasingly local levels.	How should we draw the boundaries to create a new electoral area? I don't know
ID: 196	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council? Do you think we should change the number of councillors on the parish council?
ID: 196	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No		
ID: 197	Respondent type: Local resident	Area: Little Waltham	Would you like to keep a parish/town council in your area? No - I think we should set up an alternative (such as area committees or neighbourhood management arrangements)	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? Yes Do you think we should change the number of councillors on the parish council? I don't know
			What do you think we should have instead? A local residents/tenants association that is linked to a newly formed local parish, which represents - Beaulieu & Channels.	What do you think should change regarding the boundaries? Pleas see above.	What do you think should change regarding the name(s)? Beaulieu and Channels
ID: 197	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?	Other Comments: There needs to be a clear and concise overview of what each of the following governing bodies main remit and responsibilities are:- - Chelmsford City Council - Councillors	
ID: 198	Respondent type: Local resident	Area: Broomfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? Yes - there should be more
				What do you think should change regarding the boundaries? I have seen the City council's plans for an increase in housing units to the west of the Broomfield Road. I guess if they are counted as Broomfield residents then the boundaries would need to be changed?	What do you think should change regarding the number of parish councillors? I think if the increase in residents are treated as part of Broomfield, then the workload of existing councillors will increase. It may be additional (1/2) councillors would be needed
ID: 198	Do you think we should make changes to the warding arrangements within the parish? Yes What do you think should change regarding the warding arrangements? The new housing units should perhaps have it's own ward perhaps "Broomfield new town"	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?	Other Comments: I have lived in Broomfield area for over 35 years. I have never knowingly participated in the election of parish councillors	
ID: 199	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? No

ID: 199	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		
ID: 200	Respondent type: Local resident	Area: Danbury	Would you like to keep a parish/town council in your area? No - I don't think we should have anything	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? Yes
			What do you think we should have instead? Over the 28 years we have lived in Danbury the Parish Council has discharged the responsibilities which are delegated to it at considerable cost to the village and yet with no tangible benefit other than when Dawson Field and other areas were maintained by the Parish groundsman. Now that the groundsman has retired it is our understanding that he has not (and will not) be replaced. His former duties being contracted in and quite possibly by Chelmsford anyway as they have on occasion in the past. Hence there is no reason why this aspect of maintenance and improvement work in the village should not pass to Chelmsford full time and thereby neutralise the added cost of the Parish Council. A good deal of Parish Council money has been spent in the recent past on Danbury Parish Plan, The Danbury Planning Framework and more recently a Danbury Neighbourhood survey from which we as a household have never seen any results or conclusion. None of the documents mentioned have ever benefited Danbury from a village expressed will point of view despite the Danbury Parish Plan having a staggeringly high return rate to the original village consultation of around 52%. The Danbury Planning Framework which sprang out of it was endorsed and supported by Chelmsford but its requirements have always been ignored by the Principal Local Authority when they were.	What do you think should change regarding the boundaries? Danbury and Little Baddow are cheek by jowl and share many similarities. If Danbury Parish Council were to remain then it is suggested that it should amalgamate with Little Baddow Parish Council to become Danbury and Little Baddow Parish Council. It is suggested that this would bring more real democracy to Parish Council elections which would be contested on a regular basis and it would also bring economies of scale to the benefit of local residents.	What do you think should change regarding the name(s)? Join together with Little Baddow to become Danbury and Little Baddow Parish Council.
ID: 200	Do you think we should make changes to the warding arrangements within the parish? Yes	Do you think we should make any changes to the grouping status of the parish/town councils? Yes	What do you think should change regarding the grouping status? See comment above under 11 & 13 on amalgamation with Little Baddow Parish Council.	Other Comments: Overall it would be better for Danbury if it was fully administered by Chelmsford but under a binding guarantee to respect and maintain its separate and unique identity as an historic Essex village physically separated from Chelmsford and with no urbanisation permitted along the A414 corridor.	What do you think should change regarding the number of parish councillors? Reduce the figure to a level which always brings a contested election, possibly no more than 8-10.
	What do you think should change regarding the warding arrangements? It might help democracy if Parish Councillors were to be elected by specific areas (wards) within the village. It might generate more interest locally for individuals to want to represent their 'ward' and thereby encourage contested elections. Whilst it is true to say that Danbury Parish Council is theoretically non-political, it is clear that political adherence and political loyalties are present and that if some councillors stood for election under their true colours then given the inherent voting pattern of the village in national and local elections certain Councillors would never be elected or re-elected in a contested election. Another instance of how democracy in the village is not being served.	What do you think should change regarding the grouping status? See comment above under 11 & 13 on amalgamation with Little Baddow Parish Council.			
ID: 201	Respondent type: Local resident	Area: South Woodham Ferrers	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 201	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: There is a need for wards in Chelmsford at present without Tier 1 Copuncils to be given the opportunity to have one. This has been a disadvantage in various circumstances and particularly has been felt during the Covid pandemic	Do you think we should change the number of councillors on the parish council? No

ID: 202	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 202	Do you think we should make changes to the warding arrangements within the parish? Yes	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	What do you think should change regarding the boundaries? Make them larger, so there is less of them		
	What do you think should change regarding the warding arrangements? Bigger wards					
ID: 203	Respondent type: Local resident	Area: South Hanningfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 203	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 204	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 204	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status?	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards)	
			Do you think the area would benefit from an additional form of community governance? Yes	Please explain your choice: All areas should be able to make decisions suitable to them	Please give more details about your suggestions for boundaries: There are boundaries already set	
ID: 206	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 206	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status?	What style of community governance do you think would work well in this area? Area committees	How should we draw the boundaries to create a new electoral area? One large area containing the whole of the currently unparished area	Other Comments: The existing arrangements for local governance works reasonably well. There is no justification to change the current set up or put in place any form of local governance that results in increased costs for the residents served. Governance in this country needs to be radically overhauled to ensure economies of scale can be delivered by reducing the levels of bureaucracy. This can be achieved through the creation of large unitary authorities supported the national government in Westminster.
			Do you think the area would benefit from an additional form of community governance? No	Please explain your choice: All Parish and Town Councils should be disbanded, as should the City Council and Essex County Council in favour of much larger unitary authority. If this is not possible, then an area committee covering that part of Chelmsford not parished would be favoured as this should not generate any further cost to the local charge pay. It would furthermore ensure the accountability of local ward councillors within their wards. Any changes to local governance should not result in any increase in local taxation. ie The imposition of a precept for the provision of local services already provided by the City and County Councils would be unacceptable given that Council Tax will be increased to cover the cost of Covid.	Please give more details about your suggestions for boundaries: No new electoral area should be created within the existing unparished area of Chelmsford	
ID: 207	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 207	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 208	Respondent type: Local resident	Area: Stock	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? I don't know	Do you think we should change the number of councillors on the parish council? No

ID: 208	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		
ID: 209	Respondent type: Local resident	Area: Danbury	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No
ID: 209	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: none	Do you think we should change the number of councillors on the parish council? No
ID: 210	Respondent type: Little Waltham Parish Council	Area: Little Waltham	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? No
				<p>What do you think should change regarding the boundaries?</p> <p>Belstead Farm Lane was the original Parish boundary in that area however, that road has been replaced by Channels Drive which follows a slightly different route, which has led to anomalies which do need to be rectified. It acts as a divide between areas of the Channels development. The Parish Council takes the view that Parish boundaries should encompass communities as opposed to dividing them. The section of the new development known as 'Channels' has been built as a self-contained area and many of the residents have expressed to the Parish Council a wish that Channels should be wholly within the Parish of Little Waltham. The Parish Council thus considers that the boundary is amended so that the Channels development is within the Parish of Little Waltham. In relation to the prospective new Garden community which would predominantly within the Parish of Little Waltham, it is noted that this would be a substantial development, and also that the ethos of Garden Communities is that assets are owned by the Community as a whole. In the circumstances the Parish Council takes the view that the most feasible way forward would be for a new Parish Council to be</p>	Do you think we should change the number of councillors on the parish council? No
ID: 210	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		
ID: 211	Respondent type: Local resident	Area: Danbury	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 211	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Fine as at present	Do you think we should change the number of councillors on the parish council? No
ID: 212	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 212	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council?
			Do you think the area would benefit from an additional form of community governance? No		

ID: 213	Respondent type: Local resident	Area: Broomfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? I don't know	Do you think we should change the number of councillors on the parish council? I don't know
				What do you think should change regarding the boundaries? Channels residents are split between boundaries which seems strange now the new development is there and growing. It is one big new community and especially as we pay the same council tax but also have to pay private costs for the upkeep of our community it should either be separate or something changed regarding boundaries so it's fair representation and on costs.		
ID: 213	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			
ID: 214	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 214	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No			
ID: 215	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 215	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No	What style of community governance do you think would work well in this area? I don't know	How should we draw the boundaries to create a new electoral area? I don't know	Other Comments: There is absolutely no need for further tiers of elected government. Engagement is low enough as it is, this is just a disgusting move by the Lib Dem's to try and cling onto some power when they get booted out. This survey is so horrendously stacked in favour of changes. This could not be a worse time to spend money on a pointless review.
ID: 216	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? Yes	Do you think we should change the number of councillors on the parish council? No
				What do you think should change regarding the boundaries? Chelmer Village, including Chancellor Park, should separate from Springfield Parish to form a new parish.		
ID: 216	Do you think we should make changes to the warding arrangements within the parish? Yes	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			
What do you think should change regarding the warding arrangements? The two existing wards in Springfield Parish would split between the new Chelmer Village parish and the reduced Springfield parish.						

Annex 2A - Online responses for individual areas

ID: 217	Respondent type: Local resident	Area: South Woodham Ferrers	Would you like to keep a parish/town council in your area? No - I think we should set up an alternative (such as area committees or neighbourhood management arrangements)	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be fewer
			What do you think we should have instead? web site for ideas or petitions, similar to the parliament one. If enough people support the idea, then a debate group of people, possibly some councillors and people that voted selected at random that wish to take part, should debate and vote on the issue.			What do you think should change regarding the number of parish councillors? too many unseen people making decisions that are not what the people want.....less people, more accountability
ID: 217	Do you think we should make changes to the warding arrangements within the parish? Yes	Do you think we should make any changes to the grouping status of the parish/town councils? Yes	What do you think should change regarding the grouping status? Less councillors overall covering roughly same issues.....more accountability			
	What do you think should change regarding the warding arrangements? larger wards, this is a small town, why do we need wards, everybody shops/schools wherever its suits then in a one mile radius.....why do we need all these wards and boundaries.....so many councillors are not needed	What do you think should change regarding the grouping status? Less councillors overall covering roughly same issues.....more accountability				
ID: 218	Respondent type: Local resident	Area: Danbury	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 218	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 219	Respondent type: Local resident	Area: Little Waltham	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 219	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 220	Respondent type: Local resident	Area: Little Waltham	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be more
			What do you think should change regarding the boundaries? Little Waltham Parish covers various new developments recently built such as the Channels development. The boundaries need to be adjusted to take into account of the multiple new housing developments in the area. I believe some estates are now covered by three parishes. The proposed new development around the Broomfield Hospital area also needs to be taken into account when drawing the new boundaries.	Do you think we should change the name of your parish council? No		What do you think should change regarding the number of parish councillors? There should be more councillors but of course there is a problem in getting the existing numbers in any event which is a potential problem but the boundaries should be examined and local people including the existing councils consulted.
ID: 220	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?	Other Comments: The current situation should be looked at to more fully reflect the actual situation as now following multiple developments.		
ID: 221	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?

ID: 221	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status?		
			Do you think the area would benefit from an additional form of community governance?		
			No		
ID: 222	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 222	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council?
			Do you think the area would benefit from an additional form of community governance?		
			No		
ID: 223	Respondent type: Great Baddow Parish Council	Area: Great Baddow	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 223	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
	No	No	Yes - I think the current arrangements are the best fit for my area	No (they are fine as they are)	No
				Other Comments:	
				The Great Baddow Parish Council wishes for the present boundaries to remain, that Regal Close and the whole of Petrel Way be included in the Great Baddow Parish. However the Council does not feel that the new Redrow Development which is due to be built on the North side of Molrams Lane should be incorporated into Great Baddow Parish.	
ID: 224	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 224	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
			Do you think the area would benefit from an additional form of community governance?	How should we draw the boundaries to create a new electoral area?	
			No	I don't know	
				Please explain your choice:	
				Paris councillors are a waste of time and money. They don't represent the demographic makeup of the area and tend to be very negative, with unrealistic expectations of the local council. Having a committee or group of residents from a range of backgrounds would better represent the area.	
ID: 225	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 225	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
			Do you think the area would benefit from an additional form of community governance?		
			No		
ID: 226	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 226	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
	No	No	Yes - I think the current arrangements are the best fit for my area	No (they are fine as they are)	No
ID: 227	Respondent type: Local resident	Area: Broomfield	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 227	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
	I don't know	I don't know	Yes - I think the current arrangements are the best fit for my area	I don't know	No

ID: 228	Respondent type: Local resident	Area: Danbury	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 228	Do you think we should make changes to the warding arrangements within the parish? Yes	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			
	What do you think should change regarding the warding arrangements? It is confusing how parishes, wards, electoral divisions and constituencies don't match boundaries.					
ID: 229	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 229	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: I think we would benefit from a formal tier of government with elected officials. The other options sound flimsy and wouldn't wield any real power.	How should we draw the boundaries to create a new electoral area? I don't know	
ID: 230	Respondent type: Local resident	Area: Woodham Ferrers and Bicknacre	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be fewer What do you think should change regarding the number of parish councillors? There is no need to have a councillor dedicated to planning applications or traffic management as both these roles are ineffectual. There is supposed to be a litter picker (paid) in Woodham Ferrers who is conspicuous by their absence for the last 2 years.
ID: 230	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			
ID: 231	Respondent type: Local resident	Area: Chignal	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? I don't use the amenities within my allocated council	Do you think we should change the name of your parish council? I don't know	Do you think we should change the number of councillors on the parish council? I don't know
ID: 231	Do you think we should make changes to the warding arrangements within the parish? Yes	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			
	What do you think should change regarding the warding arrangements? I live in Chelmsford, not Saffron					
ID: 232	Respondent type: Local resident	Area: Great Baddow	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 232	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?	Other Comments: I feel unparished areas would benefit from a Parish Council due to its hyper local knowledge of the community but ultimately, of course, it is the choice of local residents. Great Baddow should remain as it is without expanding boundaries to accommodate new developments which would currently sit elsewhere e.g Sandon		

ID: 233	Respondent type: Local resident	Area: South Woodham Ferrers	Would you like to keep a parish/town council in your area? No - I think we should set up an alternative (such as area committees or neighbourhood management arrangements)	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? Yes	Do you think we should change the number of councillors on the parish council? Yes - there should be fewer
			What do you think we should have instead? Parish Forum perhaps (a Clerk with admin officers only - using local resources/specialist personnel when required). Example - to formulate a flood procedure/emergency rest centre protocol/ you would involve the CCC Safety Officer, police, fire and if required outside specialist personnel for their expertise & guidance.	What do you think should change regarding the boundaries? With any major new development the boundaries need to be reviewed to ensure all residents are represented.	What do you think should change regarding the name(s)? Reviewing the concept of Town & Parish Councils - the name should reflect how the organisation serves the community. Example: Community Forum/ Community Management Scheme/ Community Assembly/even Community Council	What do you think should change regarding the number of parish councillors? There should be sufficient personnel to represent the whole area and not specific parts . Example: some large areas may not have any issues whereas smaller neighbourhoods could need more assistance,
ID: 233	Do you think we should make changes to the warding arrangements within the parish? Yes	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?	Other Comments: I feel there should be more co-operation between Parish/Town Councils - sharing expertise and where appropriate experience. Assistance should also be available in an emergency situation i.e. emergency rest centres etc.		
	What do you think should change regarding the warding arrangements? It should be representative of the whole and not specific parts of a community/neighbourhood					
ID: 234	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 234	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status?	What style of community governance do you think would work well in this area? Neighbourhood management arrangements	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards)	
			Do you think the area would benefit from an additional form of community governance? Yes	Please explain your choice: Action can be more focused on the needs of specific areas	Please give more details about your suggestions for boundaries: Use existing systems as a structure	
ID: 235	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 235	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status?	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level	How should we draw the boundaries to create a new electoral area? I don't know	
			Do you think the area would benefit from an additional form of community governance? Yes	Please explain your choice: The more representation the better. Having local voices to speak up for the local community.		
ID: 236	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 236	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status?	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards)	
			Do you think the area would benefit from an additional form of community governance? Yes	Please explain your choice: I don't feel represented at a local level and don't feel Chelmsford City Council would represent my concerns because they have a large area to worry about. Might also encourage more people to engage with politics.	Please give more details about your suggestions for boundaries: By using existing ward boundaries, it would help people understand that their local ward is in essence their local community with common concerns. It would help avoid confusion when it came to voting at city Council elections.	
ID: 237	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No

ID: 237	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: All is fine as it is	
ID: 238	Respondent type: Local resident	Area: Roxwell	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? The A414 is now a much more major road and severs the communities either side. In my view the Roxwell Parish boundary should be extended up to the A414 in the vicinity of Radley Green and Cooksmill Green, so there is a more cohesive and logical community identity either side of the main road.	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? No
ID: 238	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Thanks for reviewing this and seeking opinions.	
ID: 239	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? No
ID: 239	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		
ID: 240	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 240	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: Parish Councils are tried and Test,	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: Local boundaries reflex the local areas already in place,
ID: 241	Respondent type: Local resident	Area: Chignal	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? No
ID: 241	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: The Chignal and Mashbury Parish Council is an efficient and well run council. It represents residents in old and new properties that are within a clearly defined line to the North West of Chelmsford. The area has a good community feeling which would be lost in a larger area council.	
ID: 242	Respondent type: Local resident	Area: Chignal	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? No
ID: 242	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: We have a good relationship with the Parish Council. The councillors are hard working and always prepared to help. For a small area like ours it is beneficial to have good representation. We are a country development and therefore our wishes are best served by a country parish council.	
ID: 243	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council? Do you think we should change the number of councillors on the parish council?

ID: 243	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: The populated areas abutting the core City Centre deserve to have local governance. This will support the City Council in their work considering the City as a whole.	How should we draw the boundaries to create a new electoral area? Other Please give more details about your suggestions for boundaries: Melbourne and Newlands Spring together would logically form a civil parish area. I would suggest a boundary contiguous with Broomfield, Chignal and Writtle to the north and west and bounded by Rainsford Road and Broomfield Road to the south and east. I hold no view on the rest of the City Centre unparished area but western Springfield would logically join with Springfield CP, and Widford and Moulsham to the south of the City Centre may wish to join together.	
ID: 244	Respondent type: Local resident	Area: Highwood	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 244	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 245	Respondent type: Local resident	Area: Galleywood	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 245	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 246	Respondent type: Local resident	Area: Chignal	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 246	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 247	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? I don't know
ID: 247	Do you think we should make changes to the warding arrangements within the parish? Yes What do you think should change regarding the warding arrangements? We come under Saffron Walden for election purposes which has no connection to Writtle !	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			
ID: 249	Respondent type: Local resident	Area: Danbury	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? Yes What do you think should change regarding the name(s)? Change from parish to community council - many people associate parish councils with the church and 'the vicar of dibley ' image. I think this discourages some residents from becoming involved.	Do you think we should change the number of councillors on the parish council? No

ID: 249	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		
ID: 250	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 250	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? No
ID: 251	Respondent type: Local resident	Area: Great Baddow	Would you like to keep a parish/town council in your area? No - I don't think we should have anything	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No
ID: 251	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think we should have instead? Nothing - all the services could be provided by the main council	Other Comments: I think Parish councils should be abolished. I am not convinced they achieve anything that the main council couldn't do. In all the years I have lived here(22) I don't recall the seats on the Parish Council ever being contested consequently the become a small clique of friends and family and don't necessarily represent local people. On local planning they have opposed many applications near where I live only for them to be approved by the main council so what are they achieving. Similarly surely the main council can organise Bus shelter cleaning.	Do you think we should change the number of councillors on the parish council? No
ID: 252	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 252	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: While we do have access to very good facilities in the city centre, it does appear that most local decisions are made to accommodate the wider Chelmsford community rather over those that actually live here.	How should we draw the boundaries to create a new electoral area? One large area containing the whole of the currently unparished area Please give more details about your suggestions for boundaries: The problems and issues in this area will be the same. Breaking it into smaller areas will only duplicate effort, lead to confusion over which parish we fall under, and split service administration leading to conflicts between wards.
ID: 253	Respondent type: Great Waltham Parish Council	Area: Great Waltham	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 253	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: This response is made on behalf of Great Waltham Parish Council. I am its councillor with authorised by resolution to respond on its Council's behalf.	Do you think we should change the number of councillors on the parish council? No
ID: 254	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? I don't know	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No
ID: 254	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? I don't know
ID: 255	Respondent type: Local resident	Area: Boreham	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? Beaulieu Park should be a parished area in its own right. It currently comes under a number of parishes and would be best served and is large enough to be its own parish.	Do you think we should change the name of your parish council? No
					Do you think we should change the number of councillors on the parish council? No

ID: 255	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Parish Councils do an amazing job, it is just a shame that not many in the community understand their role and what they do for them.		
ID: 256	Respondent type: Local Councillor	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 256	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 257	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 257	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 258	Respondent type: Local resident	Area: Little Waltham	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? I don't know
ID: 258	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?	Other Comments: I'm happy with how Little Waltham Parish council represents the local area. I would only suggest that the three villages that makeup the Walthams could work together where appropriate, but not others.		
ID: 260	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 260	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No	What style of community governance do you think would work well in this area? Area committees Please explain your choice: Parish councils are unnecessarily bureaucratic	How should we draw the boundaries to create a new electoral area? One large area containing the whole of the currently unparished area Please give more details about your suggestions for boundaries: As attendances so poor, a larger footprint would be of most use.	
ID: 261	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 261	Do you think we should make changes to the warding arrangements within the parish? Yes What do you think should change regarding the warding arrangements? Include a new ward for Warren Farm	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 262	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 262	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 263	Respondent type: Local resident	Area: Runwell	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 263	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: There should be a defined committee and process with actions and dates to control the refurbishment of all pathways, roads within the Runwell area with constant local feedbacks to when these actions will take place.		
ID: 265	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No

ID: 265	Do you think we should make changes to the warding arrangements within the parish? Yes	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		
	What do you think should change regarding the warding arrangements? I think there should be an additional ward for the new development.				
ID: 266	Respondent type: Local resident	Area: Boreham	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 266	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Boreham Parish includes a good mix of dispersed rural settlement and a main nuclear village. The population is large enough to ensure a vibrant community and small enough to allow community feeling and cohesion. The ancient boundaries of the parish provide a rooted sense historic location and a clear sense of place and identity.	Do you think we should change the number of councillors on the parish council? No
ID: 267	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? I don't know
ID: 267	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? I don't know
ID: 268	Respondent type: Local Councillor	Area: Rettendon	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? Yes
ID: 268	Do you think we should make changes to the warding arrangements within the parish? Yes	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: There is a marked divide in our Parish of 1,057 residents. Almost half live on Hayes Country Park, a privately owned "caravan site" and their interests are looked after by two elected councillors who actually live on site. I am one of them. The other seven councillors tend to focus their efforts on Rettendon & Battlesbridge.	What do you think should change regarding the number of parish councillors? Add two to the existing nine giving eleven councillors in total. New blood is desperately needed.
	What do you think should change regarding the warding arrangements?				
ID: 269	Respondent type: Runwell Parish Council	Area: Runwell	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 269	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? No
ID: 270	Respondent type: Local resident	Area: West Hanningfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 270	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? No
ID: 271	Respondent type: Local resident	Area: West Hanningfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No
ID: 271	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? No

ID: 272	Respondent type: Local resident	Area: Pleshey	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 272	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 273	Respondent type: Local resident	Area: Boreham	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 273	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 274	Respondent type: Local Councillor	Area: Highwood	Would you like to keep a parish/town council in your area? No - I don't think we should have anything	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 274	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status?			
ID: 275	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 275	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? I don't know	How should we draw the boundaries to create a new electoral area? I don't know	
ID: 276	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 276	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 277	Respondent type: Local resident	Area: South Hanningfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? I don't know	Do you think we should change the number of councillors on the parish council? No
ID: 277	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 278	Respondent type: Local resident	Area: West Hanningfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 278	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: West Hanningfield is a stand alone Parish Council and therefore operates in reflection of the village needs and wants. This system works well and has done for many, many years.		
ID: 279	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?

ID: 279	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: A central co-ordination point for local residents to take up community views to the appropriate tier of local government. Devolved funding to support the local community.	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: Ward boundaries are more likely to focus on local issues	
ID: 280	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 280	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 281	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 281	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 282	Respondent type: Local resident	Area: Danbury	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? The two southern extensions of the boundary (i.e. south of the stream that runs from Slough Bridge, via Chalk Bridge, Overshot Bridge and further west) seem misplaced. I don't know the history of the boundary but, logically, these areas would seem more appropriate in adjacent parishes.	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 282	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?	Other Comments: I don't know the rules regarding the election of a parish council leader, I am just aware that the leader of Danbury PC has been in post for many years (and I am NOT criticising his work at all). However competent and committed a councillor may be, I think it would be beneficial to the effectiveness of the PC to limit the overall term of office as leader so that fresh ideas and approaches may emerge with a change of leadership.		
ID: 283	Respondent type: Local resident	Area: Chignal	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 283	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 284	Respondent type: Local resident	Area: Chignal	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 284	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 285	Respondent type: Local resident	Area: Galleywood	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 285	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			

ID: 287	Respondent type: Local Councillor	Area: Great Baddow	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 287	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Regal Close & 30 Petrel Way should remain in the parish. If the Hopkins Home Development goes ahead, there may be a requirement for an extra parish ward covering the area to the east of the Baddow Bypass		
ID: 288	Respondent type: Local Councillor	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 288	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: These areas would benefit from local input to very local services, such as litter picking, maintenance of local parks and open spaces, allocation of CIL money, comment of local planning applications and highways projects, provision of community halls	How should we draw the boundaries to create a new electoral area? Other Please give more details about your suggestions for boundaries: 1) Moulsham Lodge & Goat Hall that includes old Widford Parish --perhaps reinstate Widford Parish -- hall exists 2) Old Moulsham, not including the city centre 3) West Chelmsford (waterhouse Farm, Marconi, St Andrews & Patching Hall plus city centre) 4) Trinity and Lawns returned as old Springfield --while Chelmer Village & Beaulieu Park becomes a separate parish	Other Comments: One whole urban parish for central Chelmsford would not be local --merely reinstating the urban district of before 1973.
ID: 289	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No

No	What do you think should change regarding the grouping status?	Other Comments: No- the existing arrangements are fine		
ID: 290	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 290	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? Community forums Please explain your choice: I have yet to make up my mind what form of forum it should take. If we joined up with an existing parish council then costs would be minimal instead of setting up a new parish council. The local community I feel should have a voice and have the opportunity of contacting a specific person to answer queries and report incidents. Otherwise it gets lost in the paperwork.	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: ? not sure	Other Comments: There ought to be an opportunity for local residents to approach a panel with ideas - ? parish council
ID: 292	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? No
			What do you think should change regarding the boundaries? I think Chelmsford and new housing should be kept as Chelmsford and Writtle to be separate parish		Do you think we should change the number of councillors on the parish council? No
ID: 305	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		
ID: 306	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
					Do you think we should change the number of councillors on the parish council? No

ID: 306	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		
ID: 307	Respondent type: Galleywood Parish Council	Area: Galleywood	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? It should cover a larger area - part of Goat Hall Ward. All unparished areas should be parished. Parishing will give a community a sense of place. A structure to be deployed if further devolution occurs from central government and a local set of eyes, ears and hands to act in accordance with local need. Part of the Goat Hall area nestles alongside parts of Galleywood. There does not appear to be any clear reason why this City ward is unparished. The sense of community for Goat Hall residents would be enhanced by being part of a parish structure. A larger footprint would extend the number of Councillors for Galleywood. If there cannot be an amalgamation, then Goat Hall should have its own Parish Council.	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? Yes - there should be more What do you think should change regarding the number of parish councillors? Galleywood has quite a high number of residents per parish councillor (638). Of the Parish Councils surrounding Galleywood, only Great Baddow has more. Even without absorbing all or part of Goat Hall. we feel that another two Parish Councillors would be reasonable, increasing the number from 9 to 11.
ID: 307	Do you think we should make changes to the warding arrangements within the parish? Yes What do you think should change regarding the warding arrangements? No need for East and West wards - just 1 ward for Galleywood	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Goat Hall, with 5786 residents has a very similar size population as Galleywood's 5898 residents. It would seem reasonable that a Ward of this size should be parished and would need a minimum of 9 Councillors. It would seem to make sense that Goat Hall has its own Parish Council. If, however, that option is not available, it perhaps would be sensible for the area to be shared by adjoining parishes, with a commensurate increase in the number of Parish Councillors in those parishes. The question what function doe wards within Parish Council serves? who decides when they exist or not? an example is Galleywood has East and West ward designations and often we have parish elections in only half of Galleywood as either East of West wards are uncontested as we don't have or just have enough candidates to be councillors. Whilst City Council ward is 1 Galleywood, this review should justify the divergence from the norm or carry out corrections or formalise the need for ward splits universally.	
ID: 308	Respondent type: Local resident	Area: Galleywood	Would you like to keep a parish/town council in your area? I don't know	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? I don't know Do you think we should change the number of councillors on the parish council? Yes - there should be more What do you think should change regarding the number of parish councillors? Increase
ID: 308	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?		
ID: 309	Respondent type: Local resident	Area: Danbury	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? No
ID: 309	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? Yes What do you think should change regarding the grouping status? Danbury has often come under 'chelmsford' and often is swept with the one town. Having our own identity is a preferred option. Letting each parish council being identified as Danbury and not Chelmsford.	What do you think should change regarding the grouping status? Danbury has often come under 'chelmsford' and often is swept with the one town. Having our own identity is a preferred option. Letting each parish council being identified as Danbury and not Chelmsford.		

ID: 310	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? I don't know
ID: 314	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?	Other Comments: How can any of the above questions be answered when the residents of Woodham don't actually know what changes will occur when the proposed development takes place or not as the case may be. I think questionnaires like this are totally irrelevant as the views and opinions of local people are ignored anyway and decisions have already been made without our input being considered at all. This is just a feeble attempt to show that we do matter when we don't, and to justify that you can charge us council tax for a service that neither reflects the wishes or needs of local people. I have read with interest all the relevant material on development and plans for the future and it seems to me that viewpoints and suggestions are not relevant to the people who decide for us, they just go ahead anyway with unsuitable non friendly choices that we will live with the consequences of, while the planners don't have to have their ideas impinge on their lives or environments, just ours.		
ID: 315	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 315	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: Local Residents are on the spot and have the most knowledge about living in a particular area.	How should we draw the boundaries to create a new electoral area? Divided into north, east, south and west Please give more details about your suggestions for boundaries: It is important for residents to feel they are close to their boundaries that have been set out. That way they know more about what is going on and how things can be improved.	
ID: 316	Respondent type: Local resident	Area: Danbury	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? The village has expanded and depending on where you live you might not get the same as other parts, ie road resurfacing! Speed limits etc	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No

ID: 316	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		
ID: 317	Respondent type: Local resident	Area: Margaretting	Would you like to keep a parish/town council in your area? No - I think we should set up an alternative (such as area committees or neighbourhood management arrangements) What do you think we should have instead? Neighbourhood Management Teams What do you think should change regarding the grouping status?	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? No

Yes What do you think should change regarding the boundaries? Add the new postcodes and houses	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? I don't know
ID: 318	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		
ID: 319	Respondent type: Local resident	Area: Broomfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area What do you think should change regarding the grouping status?	Do you think we should make any changes to the current boundaries? No (they are fine as they are) Other Comments: Broomfield is very much a village, the current arrangement reflects that and there is. strong sense of community. Apart from the projection at Beaulieu I see no need to change anything.	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? No
ID: 319	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		
ID: 320	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council? Do you think we should change the number of councillors on the parish council?
ID: 320	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No		
ID: 321	Respondent type: Local resident	Area: South Woodham Ferrers	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? It just makes sense to extend the boundaries to include new developments if they are close enough to feel they belong to the existing community.	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? No
ID: 321	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?	Other Comments: The trouble with encouraging more local councils, is that it sets expectations amongst the constituents that they actually have a voice, when in reality it appears in many instances to make little difference what the Parish / local council say, unless of course it is fully aligned to the views of the County Council. If County are going to encourage the setting up of such local councils it might then be nice if they took some notice of what they and the local residents are actually saying. The South Woodham Council have made many representations to county regarding the local plan, and health services and many other things but there is little evidence of any action as a result. This lack of action, and apparent lack of recognition of the local council views, makes people question why we have a local council at all. Local councils need to demonstrate their worth and not be undermined my the County council who appear on many occasions to ignore them. If county really do believe in these existing councils and are even considering more of them, then they need to start listening to them and demonstrating by their actions that they are in fact worthwhile having.	

Annex 2A - Online responses for individual areas

ID: 322	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be more What do you think should change regarding the number of parish councillors? To cover the increased population
ID: 322	Do you think we should make changes to the warding arrangements within the parish? Yes What do you think should change regarding the warding arrangements? Single point of contact	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 323	Respondent type: Local resident	Area: South Hanningfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be more What do you think should change regarding the number of parish councillors? Have an extra councillor for South Hanningfield Ward.
ID: 323	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? Yes What do you think should change regarding the grouping status? Group South Hanningfield Ward and West Hanningfield Parish Council	What do you think should change regarding the grouping status? Group South Hanningfield Ward and West Hanningfield Parish Council			
ID: 324	Respondent type: Local resident	Area: Great Baddow	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be fewer What do you think should change regarding the number of parish councillors? 12 councillors seem excessive for what they do and the number of residents in Great Baddow. 1 cllr per 1,000 which is lower than the rate of 1 per 2,700 in the document below. https://www.local.gov.uk/sites/default/files/document/s/11.136%20A%20Councillor%27s%20Workbook%20on%20town%20and%20parish%20councils.pdf
ID: 324	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: If changes are to be made then they should not cost more. Great Baddow has one of the highest parish rates in the Borough.		
ID: 325	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 325	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 326	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?

ID: 326	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	<p>What do you think should change regarding the grouping status?</p> <p>Do you think the area would benefit from an additional form of community governance?</p> <p>No</p>	<p>What style of community governance do you think would work well in this area?</p> <p>Neighbourhood management arrangements</p> <p>Please explain your choice:</p> <p>I would like to see an arms-length Management Company take over all local services, with all residents becoming shareholders - with clear business objectives and plan. Enabling the Management Company to open dialogue with local business and explore opportunities with developers</p>	<p>How should we draw the boundaries to create a new electoral area?</p> <p>Based on existing electoral arrangements (such as council wards)</p> <p>Please give more details about your suggestions for boundaries:</p> <p>Smaller boundaries would enable a focused and better delivery of existing services with the opportunity to take on other issues ie diversity, employment, environment, and planning.</p>	<p>Other Comments:</p> <p>Un- elected or appointed councillors are no longer acceptable as to are "sitting" councillors - The Parish Council model is no longer fit for purpose.</p>
ID: 327	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? I don't know	<p>Do you think we should make any changes to the current boundaries?</p> <p>Yes</p> <p>What do you think should change regarding the boundaries?</p> <p>BALANCED NUMBER OF POPULATIONS IN EACH BOUNDARY AS FAR AS POSSIBLE OR PRACTICABLE. THIS SHOULD ALSO TAKE INTO ACCOUNT A BALANCED APPROACH IN TERMS OF POPULATIONS WEALTH/EDUCATION ETC (SOCIO-ECONOMIC CLASSIFICATIONS).</p>	<p>Do you think we should change the name of your parish council?</p> <p>I don't know</p>	Do you think we should change the number of councillors on the parish council? ID: 332	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No			
ID: 333	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 333	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: Parish Councils, when they work well, form a really effective and low cost level of both representation and activity.	How should we draw the boundaries to create a new electoral area? Other Please give more details about your suggestions for boundaries: To seek geographical lines that are either natural or spatial communities or that about existing PC's	
ID: 334	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 334	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 335	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 335	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? Residents/tenants associations Please explain your choice: I am a local person and I believe that as residents we need more control over our own area	How should we draw the boundaries to create a new electoral area? Divided into north, east, southand west Please give more details about your suggestions for boundaries: I feel the different areas have different needs and I know about my Old Moulsham area but could not give a qualified comment on the other local areas as I do not reside in them.	Other Comments: I think I have done so in all of the above and hope that our local councillors do take these in into serious consideration and keep us updated.

ID: 336	Respondent type: Local resident	Area: Chignal	Would you like to keep a parish/town council in your area? No - I think we should set up an alternative (such as area committees or neighbourhood management arrangements)	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 336	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think we should have instead? Town council	What do you think should change regarding the grouping status?		
ID: 337	Respondent type: Local resident	Area: Broomfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 337	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 338	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 338	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No			
ID: 339	Respondent type: Local resident	Area: South Woodham Ferrers	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 339	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: The City Council seems to take little notice of the residents of SWF and charge us a far higher council tax than other areas		
ID: 340	Respondent type: Local resident	Area: Runwell	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be more What do you think should change regarding the number of parish councillors? More services for our area and action to introduce permit holder parking to reduce station users who park down our turning as promised two years ago.
ID: 340	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 341	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 341	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? Neighbourhood management arrangements Please explain your choice: I live in Widford (not on you list). I want to know about the proposed Widford Park & Ride facility; we have only heard sweeping statements about this for the past 5 years.	How should we draw the boundaries to create a new electoral area? Other Please give more details about your suggestions for boundaries: I live in Widford (not on you list) and according to your cartoon map does not exist.	Other Comments: The new lane narrowing traffic delaying tactics. The one on Duke Street, has no rhyme or reason, especially if you are behind 2 busses dropping off and picking up passengers. Cares can go nowhere but wait an add to the que or the bus driver wakes up., And as to those going past KEGS and the rest of Broomfield road, how many people will have to die waiting for you traffic calming measuers to clear before they can move on to Broomfield Hospital?
ID: 342	Respondent type: Local resident	Area: Boreham	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No

ID: 342	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		
ID: 343	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? I don't know
				What do you think should change regarding the boundaries? Maybe new names	Do you think we should change the number of councillors on the parish council? Yes - there should be fewer
ID: 343	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?		What do you think should change regarding the number of parish councillors? Less of them
ID: 344	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? ID: 344	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Make the decision that writtle chelmsford is full to capacity and no more houses to be built as it's just spoiling the environment for the people now.	Do you think we should change the number of councillors on the parish council? No
ID: 345	Respondent type: Local resident	Area: Danbury	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 345	Do you think we should make changes to the warding arrangements within the parish? Yes	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? No
	What do you think should change regarding the warding arrangements? Define ward areas, I don't know what these are in Danbury				
ID: 346	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 346	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status?	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level	How should we draw the boundaries to create a new electoral area? I don't know
			Do you think the area would benefit from an additional form of community governance? Yes	Please explain your choice: Toprcide better more localised representation	
ID: 347	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 347	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status?		How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards)
			Do you think the area would benefit from an additional form of community governance? I don't know		Please give more details about your suggestions for boundaries: I see no issue with the town centre area being added to existing parishes or creating a new one. Either way it will support the develop of community.
ID: 348	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
					Do you think we should change the number of councillors on the parish council?

ID: 348	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? I don't know	How should we draw the boundaries to create a new electoral area? I don't know	
ID: 349	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 349	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: In 2015 following a Community Governance Review it was decided that Mashbury would retain it's Governance by an Annual Parish Meeting rather than merge with another Parish which our household fully supported. Subsequently we elected a chair and an annual meeting was held. Sadly, to my knowledge, the last meeting held was in October 2017. The meetings were quite well attended considering we are such a small parish and very useful to discuss matters that affected us locally. I would like to see a continuation of this system.	How should we draw the boundaries to create a new electoral area? I don't know
ID: 350	Respondent type: Local resident	Area: Great and Little Leighs	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No
ID: 350	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? No
ID: 351	Respondent type: Local resident	Area: Great Waltham	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 351	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: The arrangements in Great Waltham work very well and I see no reason to change them.	Do you think we should change the number of councillors on the parish council? No
ID: 352	Respondent type: Local resident	Area: Little Waltham	Would you like to keep a parish/town council in your area? No - I think we should set up an alternative (such as area committees or neighbourhood management arrangements)	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? No
			What do you think we should have instead? Common parish council, combining with other small villages	What do you think should change regarding the boundaries? Ensure even distribution of population across parishes	Do you think we should change the number of councillors on the parish council? Yes - there should be more What do you think should change regarding the number of parish councillors? More if it is changed to have common parish councils
ID: 352	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? Yes What do you think should change regarding the grouping status? Combining Little Waltham with other parishes	What do you think should change regarding the grouping status? Combining Little Waltham with other parishes		
ID: 353	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
					Do you think we should change the number of councillors on the parish council?

ID: 353	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: A town parish, or several smaller ones.	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: Eg. Moulsham etc.	
ID: 354	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? I don't know	Do you think we should change the number of councillors on the parish council? I don't know
ID: 356	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know				
ID: 357	Respondent type: Local resident	Area: Galleywood	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area What do you think should change regarding the grouping status?	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be more What do you think should change regarding the number of parish councillors? Min of 10
ID: 357	Do you think we should make changes to the warding arrangements within the parish? Yes What do you think should change regarding the warding arrangements? One ward per area covered is sufficient	Do you think we should make any changes to the grouping status of the parish/town councils? No				
ID: 358	Respondent type: Local resident	Area: Boreham	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area What do you think should change regarding the grouping status?	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be more What do you think should change regarding the number of parish councillors? They should actually CARE !
ID: 358	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know				
ID: 359	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No

ID: 359	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status? Other Comments: Writtle is served by a very good parish council which listens to the concerns of the residents and acts promptly to any situations that may arise. I feel if the local parish council is lost then we would lose the writtle community feel in the village.		
ID: 360	Respondent type: Local resident	Area: Margaretting	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No

No	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? No
ID: 362	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 362	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No		Do you think we should change the number of councillors on the parish council?
ID: 363	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 363	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? No
ID: 364	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 364	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? Yes - there should be fewer What do you think should change regarding the number of parish councillors? Reduce by 2
ID: 365	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? No - I think we should set up an alternative (such as area committees or neighbourhood management arrangements)	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No
ID: 365	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status? What do you think we should have instead? All areas within the City should have a parish council.		Do you think we should change the number of councillors on the parish council? I don't know
ID: 367	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? No
ID: 367	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	What do you think should change regarding the boundaries? New Bealieu/Channel developments should form new area/parish.	Do you think we should change the number of councillors on the parish council? No

ID: 368	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? Include new housing in existing parishes. Don't increase number of parishes. And avoid overlap. Encourage integration of new and existing estates.	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 368	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?	Other Comments: It's not clear that the parishes have much budget or areas of responsibility. Maybe their role is more advisory. I suspect most people don't know what the role of parish, Vs city or county, is...		
ID: 369	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 369	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: This is a highly populated area without representation, the broad area that is unrepresented needs to be considered along with all other areas in the borough, key recent changes to road layout and pavement refurbishment missed the highest degraded areas and missed the highest usage locations, Local representation could have helped improve this.	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: As stated above, this isn't about stopping things its about helping get the best and most effective solution for the whole parish	
ID: 370	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 370	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? Area committees Please explain your choice: This committee would represent all residents ie tenants and owners who will be familiar with the issues affecting their own locality. Issues which residents know best and which can be addressed quickly.	How should we draw the boundaries to create a new electoral area? One large area containing the whole of the currently unparished area Please give more details about your suggestions for boundaries: n/a	Other Comments: None
ID: 371	Respondent type: Local resident	Area: Danbury	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? Enlarge areas to give all residents a say in their area.	Do you think we should change the name of your parish council? I don't know	Do you think we should change the number of councillors on the parish council? I don't know
ID: 371	Do you think we should make changes to the warding arrangements within the parish? Yes What do you think should change regarding the warding arrangements? Wards should represent the similar number of residents in an area.	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			
ID: 372	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? I don't know

ID: 372	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?	Other Comments: As far as Writtle Parish and particularly the North Ward, in which I live, I believe the current arrangements are working perfectly well and therefore do not require any adjustment.	
ID: 373	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council? Do you think we should change the number of councillors on the parish council?
ID: 373	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: The unparished area of Chelmsford has no local democratic representation - and whilst a parish council may have a relatively low support from the electorate at least the option will be there	How should we draw the boundaries to create a new electoral area? One large area containing the whole of the currently unparished area Please give more details about your suggestions for boundaries: Sub divisions could be managed by an overall parish council - having smaller elected bodies would be impractical
ID: 374	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council? Do you think we should change the number of councillors on the parish council?
ID: 374	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: It should be treated the same as other areas with its own identity.	How should we draw the boundaries to create a new electoral area? One large area containing the whole of the currently unparished area Please give more details about your suggestions for boundaries: N/A

No	What do you think should change regarding the grouping status?	Other Comments: We are happy with how they are. Why change something that is not broken?	
ID: 412	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No
ID: 412	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? No
ID: 413	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 413	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: We should aim to keep parish councils separate as grouping villages together can't possibly be good for individual villages. Councillors will probably have no knowledge of parishes and what is needed unless they live there.	
ID: 414	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? ID: 422	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Writtle needs a Writtle parish council not a huge Chelmsford town council.	Do you think we should change the number of councillors on the parish council? I don't know

ID: 423	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? No - I don't think we should have anything	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be fewer
			What do you think we should have instead? The residents have too much control over writtle and a lot of us would like some freedom	What do you think should change regarding the boundaries? Less control		What do you think should change regarding the number of parish councillors? None of the writtle councillors are on the same page. You hear one thing from one and a completely different thing from another
ID: 423	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? Yes	What do you think should change regarding the grouping status? New people are needed			
		What do you think should change regarding the grouping status? New people are needed

Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are) Other Comments: Please leave Writtle as it is.	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 446	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 447	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 447	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 448	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 448	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? Residents/tenants associations Please explain your choice: Some type of Residents forum would be very useful. My only difficulty with suggesting this is that I volunteer for other things already and wouldn't have the time or energy to take an active part.	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: Your might want to follow the boundaries for the Church parishes, as they already exist.	
ID: 449	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 449	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: I feel strongly that an elected parish council provides a unique and individual service to the area it serves, and to remove would not be in the best interests of its residents and the area itself.		
ID: 450	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? No
ID: 460	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 460	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Everything is fine as it is. It is such a shame you want to ruin Writtle with loads of house developments. Writtle can't handle the traffic now, so how on earth are they going to cope with 3000 houses with potential 6000 more cars on the roads. Most households have 2 cars. Also the flooding, which is worse than ever. Concrete over the field surely is going to make everything worse. People that make these decisions obviously don't have a clue about this neighbourhood.	Do you think we should change the number of councillors on the parish council? No
ID: 461	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? ID: 464	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? No - I don't think we should have anything	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 464	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status?			
ID: 465	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 465	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Writtle parish council does a great job & they should be rewarded! not have to justify themselves/complete surveys to continue to do so....leave them be		
ID: 466	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 466	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 467	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be more
ID: 467	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Reduce the timeframe that Councillors are in office, limit the time that anyone can hold the office of Chair.		What do you think should change regarding the number of parish councillors? To ensure there is more community voice, the present representation is too political. Should actively support more independent Councillors.
ID: 468	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? No - I think we should set up an alternative (such as area committees or neighbourhood management arrangements)	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? I don't know
ID: 468	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?

Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No

ID: 470	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Writtle PC are good at communicating on local issues and their actions are good for the local area. Larger (or grouped) council representation will not be so specific to the area and so will be less effective on really local issues. The Ward members cover an appropriate area and means their responsibilities do not give rise to conflicts.

ID: 473	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Our Parish Council do an amazing job, as residents we admire them and support them in everything they do to keep Writtle a village that we enjoy living in. Please don't change anything		
ID: 474	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 474	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: In my opinion, the reason this review has not been done in over 30 years is because others have had the commonsense to understand that if it's not broke, don't fix it.		
ID: 475	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 475	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 476	Respondent type: Local resident	Area: South Hanningfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? Yes	Do you think we should change the number of councillors on the parish council? No
ID: 476	Do you think we should make changes to the warding arrangements within the parish? Yes	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	What do you think should change regarding the boundaries? I think South Hanningfield village should be combined with West Hanningfield to form one boundary and one Parish Council.	What do you think should change regarding the name(s)? Hanningfields Parish Council	
ID: 476	What do you think should change regarding the warding arrangements? The South Hanningfield ward should be a ward of the West Hanningfield parish.			Other Comments: South Hanningfield Parish Council comprises three villages. One of them, South Hanningfield is located further away while Downham and Ramsdan Heath are neighbouring villages. The boundaries are better placed to have South Hanningfield as part of West Hanningfield as they are neighbouring villages with a more similar identity and similar issues. Please can this be considered. Thank you.

ID: 483	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?	Other Comments: The very notion that villages should be subsumed into big government is entirely at the behest of bureaucratic behemoths. Is there any clamour from villages to lose their identity, traditions and characterists? Of course not. Our local community responded magnificiently during the Covid crisis in a manner unimaginable by CCC.

No	What do you think should change regarding the grouping status?	Other Comments: Very happy with the excellent work Writtle Parish Council do on protecting our identity and supporting our community	
ID: 489	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 489	Do you think we should make changes to the warding arrangements within the parish? Yes	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Writtle Parish Council serves our community brilliantly and any changes to the way they act now would be possibly detrimental to the future care that they provide the village. Writtle has always been separate to Chelmsford and should remain so.	
	What do you think should change regarding the warding arrangements? Make Writtle a ward on it's own. It doesn't make sense to join it with Saffron Walden				
ID: 490	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 490	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: LEAVE WRITTLE AS IT IS ,A LOVELY VILLAGE IT DOES NOT NEED EXTRA HOUSING	
ID: 491	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 491	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status?	What style of community governance do you think would work well in this area? I don't know	How should we draw the boundaries to create a new electoral area? Other
			Do you think the area would benefit from an additional form of community governance? No	Please give more details about your suggestions for boundaries: A UNITARY AUTHORITY should be formed to take over and combine the functions of Chelmsford City Council (and the other district councils) with Essex County Council.	
ID: 492	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 492	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? No

Annex 2A - Online responses for individual areas

ID: 493	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 493	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Writtle Parish Council works tirelessly to preserve the integrity and individuality of the village, while still being open to change and new ideas.		
ID: 494	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be more
ID: 494	Do you think we should make changes to the warding arrangements within the parish? Yes	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?	What do you think should change regarding the boundaries? Split Springfield parish into 2 parishes - one to the north of Springfield Road and the other to the south. This is because Springfield is now such a large urban area it is in danger of loosing it's local identity.	What do you think should change regarding the number of parish councillors? Increase in number to reflect the growing population of Springfield.	
ID: 495	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? ID: 496	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			
ID: 497	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 497	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 498	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 498	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Give parish councils more power. More say in infrastructure recommendations.		
ID: 499	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be more
						What do you think should change regarding the number of parish councillors? Increased number of council members would be an opportunity for more diversity

499	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 500	Respondent type: Local resident	Area: Broomfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? I don't know
				What do you think should change regarding the boundaries? Channels development should be part of Little Waltham parish and not Broomfield.		
ID: 500	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			
ID: 501	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 501	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: This city council are terrible and causing systemic issues which will take years to unravel when they are 'booted out'. Such a shame. Their behaviour is not progress.		
ID: 502	Respondent type: Local resident	Area: Great Baddow	Would you like to keep a parish/town council in your area? No - I think we should set up an alternative (such as area committees or neighbourhood management arrangements)	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? I don't know
			What do you think we should have instead? I am uncertain if the way the current parish councillors are chosen is fair enough and shows a wide distribution of residents from the area. It should be a diverse group of people.	What do you think should change regarding the boundaries? I am not sure there are any needed in Great Baddow, but think that there should be an overall review.		
ID: 502	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?

ID: 511	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		
ID: 512	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 512	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: I believe that the wards closest to Chelmsford City Centre which are unparished need a Town Council to represent their interests and to coordinate action to make the city centre as good as it can be for the benefit of the residents, visitors and employees in the centre and the wider Chelmsford area. This will be particularly important if there are future changes to upper tiers of local government which curtail the role currently undertaken by the City Council. It would be both more effective and more efficient for this to be a single large Town Council area and not sub-divided to match existing wards. Specifically I think The Lawns ward where I live ("Old Springfield") would fit better within this central Town Council rather than being merged into the existing Springfield parish, but either way a Town Council for the city centre is needed.	How should we draw the boundaries to create a new electoral area? One large area containing the whole of the currently unparished area Please give more details about your suggestions for boundaries: Nothing to add to my answer to question 9
ID: 513	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: Local area issues need to be decided locally by elected people with local knowledge	How should we draw the boundaries to create a new electoral area? I don't know
ID: 549	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 549	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: Properly elected bodies serve the area better	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: use current ward boundaries
ID: 550	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
					Do you think we should change the number of councillors on the parish council?

ID: 550	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	<p>What do you think should change regarding the grouping status?</p> <p>Do you think the area would benefit from an additional form of community governance?</p> <p>Yes</p>	<p>What style of community governance do you think would work well in this area?</p> <p>An elected tier of local government at parish, community or neighbourhood level</p> <p>Please explain your choice:</p> <p>The area misses the sort of local voice and representation that the parished areas have, and probably serves a higher percentage of London commuters who will have their own distinct requirements that don't necessarily overlap with other, more distant areas of the city. Given how highly populated the city centre is, I think it's important that the governance is representative and subject to review.</p>	<p>How should we draw the boundaries to create a new electoral area?</p> <p>Divided into north, east, southand west</p> <p>Please give more details about your suggestions for boundaries:</p> <p>No data, but feels like the city centre area would be too big for a single parish council, but dividing into council wards might make it too expensive/difficult to fill seats on the various councils. An arbitrary divison along NESW would be a reasonable place to start.</p>
ID: 551	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	<p>What do you think should change regarding the grouping status?</p> <p>Do you think the area would benefit from an additional form of community governance?</p> <p>Yes</p>	<p>Do you think we should make any changes to the current boundaries?</p> <p>An elected tier of local government at parish, community or neighbourhood level</p> <p>Please explain your choice:</p> <p>We should have a parish council or equivalent to put our local decisions in the hands of local elected representatives rather than the wider Chelmsford council where people from others parishes areas are deciding too.</p>	<p>Do you think we should change the name of your parish council?</p> <p>Based on existing electoral arrangements (such as council wards)</p> <p>Please give more details about your suggestions for boundaries:</p> <p>A suitably sized unparished area should be formed to cover old Moulsham.</p>
ID: 552	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	<p>What do you think should change regarding the grouping status?</p> <p>Yes - I think the current arrangements are the best fit for my area</p>	<p>Do you think we should make any changes to the current boundaries?</p> <p>No (they are fine as they are)</p>	<p>Do you think we should change the name of your parish council?</p> <p>No</p>
ID: 553	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	<p>What do you think should change regarding the grouping status?</p> <p>Do you think the area would benefit from an additional form of community governance?</p> <p>Yes</p>	<p>Do you think we should make any changes to the current boundaries?</p> <p>An elected tier of local government at parish, community or neighbourhood level</p> <p>Please explain your choice:</p> <p>More representation for ratepayers</p>	<p>Do you think we should change the name of your parish council?</p> <p>Based on existing electoral arrangements (such as council wards)</p> <p>Please give more details about your suggestions for boundaries:</p> <p>Keep it simple</p>
ID: 554	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	<p>What do you think should change regarding the grouping status?</p> <p>Do you think the area would benefit from an additional form of community governance?</p> <p>No</p>	<p>Do you think we should make any changes to the current boundaries?</p>	<p>Do you think we should change the name of your parish council?</p>

Do you think we should make any changes to the grouping status of the parish/town councils?	<p>What do you think should change regarding the grouping status?</p>	<p>Do you think we should make any changes to the current boundaries?</p>	<p>Do you think we should change the name of your parish council?</p>

ID: 555	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status?	What style of community governance do you think would work well in this area?	How should we draw the boundaries to create a new electoral area?	Other Comments: [REDACTED STATEMENT CALLING FOR STRICTER RULES REGARDING TRAVELLER INCURSIONS] No paying for parking at Hylands for local residents. Better street lighting especially around the Bunny walk between bottom of the avenues and drainage (sweated spilling out into play and park areas) Only locals would know of these matters... planning councils to remove old planning notice applications from trees and posts 6 months after plan either rejected or passed.
			Do you think the area would benefit from an additional form of community governance? Yes	Neighbourhood management arrangements Please explain your choice: I feel living in Chelmsford for 20 years that only my local councillors have ever helped my family and I with many issues regarding our area. Living amongst us and seeing firsthand what happens and why we ask for their help. Committee members of the council do not always represent us correctly! Often not knowing the area and what local resident endure/suffer with daily. We need local representatives who live amongst us. We need actually see these people we can make our voices heard and not just a panel Ona committee. Discuss local matters with local Residents they are the people who can make changes as they understand.	Divided into north, east, southand west Please give more details about your suggestions for boundaries: Anyway forward is better. Divide Chelmsford into wards whether it be North south east or west at present I line in Patching Hall area and my local councillor has ket me and helped investigate several matter. Very thankful of their help,do keep it local for the locals!

One large area containing the whole of the currently unparished area Please give more details about your suggestions for boundaries: Use existing boundaries	
ID: 580	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 580	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: I think that a Parish Council should be elected by residents within the Parish area. I think it is important that residents have a say on how money avaiable can be best spent in their area.	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: I feel that a Parish Council based on the current local council ward Moulsham Lodge would be most appropriate.	
ID: 581	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?

ID: 581	Respondent type: Do you think we should make changes to the warding arrangements within the parish?	Area: Do you think we should make any changes to the grouping status of the parish/town councils?	Would you like to keep a parish/town council in your area? Do you think the area would benefit from an additional form of community governance? Yes	Do you think we should make any changes to the current boundaries? What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: We are unparished now	Do you think we should change the name of your parish council? How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: local is best - elected have the support of the community	Do you think we should change the number of councillors on the parish council?
ID: 582	Respondent type: Local Councillor	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 582	Respondent type: Do you think we should make changes to the warding arrangements within the parish?	Area: Do you think we should make any changes to the grouping status of the parish/town councils?	Would you like to keep a parish/town council in your area? Do you think the area would benefit from an additional form of community governance? Yes	Do you think we should make any changes to the current boundaries? What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: I know from experience how well the Parish Council system works.	Do you think we should change the name of your parish council? How should we draw the boundaries to create a new electoral area? One large area containing the whole of the currently unparished area Please give more details about your suggestions for boundaries: One council to serve the whole unparished area will work in a similar way to the Woodham Ferrers town council, which appears to function pretty well. It will be large enough to be economical to run-one clerk, for example.	Do you think we should change the number of councillors on the parish council? Other Comments: My points above will apply even more strongly if and when the Government implements its intention to replace current arrangements in Essex, and introduces a limited number of unitary authorities, and Chelmsford is merged with other authorities.
ID: 583	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 583	Respondent type: Do you think we should make changes to the warding arrangements within the parish?	Area: Do you think we should make any changes to the grouping status of the parish/town councils?	Would you like to keep a parish/town council in your area? Do you think the area would benefit from an additional form of community governance? No	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 584	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 584	Respondent type: Do you think we should make changes to the warding arrangements within the parish? No	Area: Do you think we should make any changes to the grouping status of the parish/town councils? No	Would you like to keep a parish/town council in your area? Do you think the area would benefit from an additional form of community governance? No	Do you think we should make any changes to the current boundaries? What style of community governance do you think would work well in this area? The Parish Council of Writtle is well setup and run, and I feel strongly that this should not be changed for the sake of change. I have no issue with the addition of Parish Councils for the urban areas, but not at the expense of the existing parish councils, or the residents they already serve. Chelmsford City Council, however needs to listen to its residents and parish councils.	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 585	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 585	Respondent type: Do you think we should make changes to the warding arrangements within the parish?	Area: Do you think we should make any changes to the grouping status of the parish/town councils?	Would you like to keep a parish/town council in your area? Do you think the area would benefit from an additional form of community governance? Yes	Do you think we should make any changes to the current boundaries? What style of community governance do you think would work well in this area? I don't know	Do you think we should change the name of your parish council? How should we draw the boundaries to create a new electoral area? I don't know	Do you think we should change the number of councillors on the parish council? Other Comments: I've not studied the proposals fully, but appreciate there needs to be representation at a local level for those residents outside any parish.
ID: 586	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?

ID: 586	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? Area committees Please explain your choice: St. Andrew's ward, where I live is made up of a varied type of property of private rented, council rented and freehold ownership. I think it should be sub-divided into smaller areas and represented by community, residents or tenants associations. Each association to vote for perhaps 2/3 representatives to represent their interests on an area committee. This would hopefully avoid cliques or pressure groups taking effective control of the committee and supporting projects in its area. An elected Councillor could chair/facilitate the associations and area committee.	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: Subject to the populations of the various wards being balanced, I think this would be the best way forward.	Other Comments: I think this will give people a voice on "grassroots" issues.
ID: 587	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 587	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: We are unrepresented. I have seen how well the Parish Council works in Springfield.	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: Too many different bodies responsible for different areas can be confusing (as with roads/ pavements/ grass verges and Essex County Council and Chelmsford City Council) Keep it simple in peoples' minds.	
ID: 588	Respondent type: Local resident	Area: Chignal	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? NEW DEVELOPMENTS	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? I don't know
ID: 588	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			
ID: 589	Respondent type: Local resident	Area: Broomfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? I don't know	Do you think we should change the number of councillors on the parish council? I don't know
ID: 589	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?	Other Comments: Not sure re the above. It seems reasonable that the number should be an approximate percentage of the residents.		
ID: 590	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 590	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? I don't know	How should we draw the boundaries to create a new electoral area? I don't know	Other Comments: There needs to be similar representation for the unparished area as there is for the parishes, done probably on population number basis. representation needs to fair and population numbers seems fairer than geographic area.
ID: 591	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?

ID: 591	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	<p>What do you think should change regarding the grouping status?</p> <p>Do you think the area would benefit from an additional form of community governance?</p> <p>Yes</p>	<p>What style of community governance do you think would work well in this area?</p> <p>An elected tier of local government at parish, community or neighbourhood level</p> <p>Please explain your choice:</p> <p>An elected body has an electorate directly to answer to; a body of appointees, no matter how excellent in other respects, lacks that. I feel that it is important that those with power, even if only a little, answer directly to the people whose lives are affected by the decisions they make.</p>	<p>How should we draw the boundaries to create a new electoral area?</p> <p>I don't know</p>	<p>Other Comments:</p> <p>Following the outline of areas that have some kind of natural affinity would seem best, but the precise basis upon which to do so would require more detailed information than that to which I currently have access.</p>
ID: 593	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 593	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	<p>What do you think should change regarding the grouping status?</p> <p>Do you think the area would benefit from an additional form of community governance?</p> <p>Yes</p>	<p>What style of community governance do you think would work well in this area?</p> <p>An elected tier of local government at parish, community or neighbourhood level</p> <p>Please explain your choice:</p> <p>Parish tier model gives opportunity for more direct local involvement in decision making process.</p>	<p>How should we draw the boundaries to create a new electoral area?</p> <p>Divided into north, east, south and west</p> <p>Please give more details about your suggestions for boundaries:</p> <p>South and West of centre would seem practical as issues can impact adjacent areas.</p>	
ID: 594	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 594	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	<p>What do you think should change regarding the grouping status?</p> <p>Do you think the area would benefit from an additional form of community governance?</p> <p>No</p>	<p>What style of community governance do you think would work well in this area?</p> <p>Community forums</p> <p>Please explain your choice:</p> <p>There is no need for another tier of Local Government in an area so close to the City Centre as this would simply and unnecessarily increase Council Tax for all residents. Our existing City Councillors should be representing us and if they require more local feedback then a local forum, run by them, should suffice.</p>	<p>How should we draw the boundaries to create a new electoral area?</p> <p>One large area containing the whole of the currently unparished area</p> <p>Please give more details about your suggestions for boundaries:</p> <p>No change necessary</p>	
ID: 595	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 595	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	<p>What do you think should change regarding the grouping status?</p> <p>Do you think the area would benefit from an additional form of community governance?</p> <p>Yes</p>	<p>What style of community governance do you think would work well in this area?</p> <p>An elected tier of local government at parish, community or neighbourhood level</p> <p>Please explain your choice:</p> <p>they would probably be more influential and listened to</p>	<p>How should we draw the boundaries to create a new electoral area?</p> <p>Divided into north, east, south and west</p> <p>Please give more details about your suggestions for boundaries:</p> <p>the unparished area in central Chelmsford is quite large, dividing it into n,s,e,w seems to make sense</p>	
ID: 596	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 596	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	<p>What do you think should change regarding the grouping status?</p> <p>Do you think the area would benefit from an additional form of community governance?</p> <p>Yes</p>	<p>What style of community governance do you think would work well in this area?</p> <p>An elected tier of local government at parish, community or neighbourhood level</p> <p>Please explain your choice:</p> <p>Elected Parish Councils give the opportunity for residents to get involved with local issues at a local level rather than seeking to get answers/action from larger City/District Councils which by their very nature are not always suited to handle such matters.</p>	<p>How should we draw the boundaries to create a new electoral area?</p> <p>I don't know</p>	

ID: 597	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 597	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: Representation allowing early consultation and influence on issues affecting the local area and a say on how our local taxes are spent.	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: Current ward profile seems reasonable.	
ID: 598	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 598	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? Area committees Please explain your choice: I think the councillors of the area should have more say	How should we draw the boundaries to create a new electoral area? Divided into north, east, south and west Please give more details about your suggestions for boundaries: Wards may not have enough councillors, one large area would be too large.	
ID: 599	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 599	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: This will provide representation and accountability of the members to the population. The expansion of the existing Springfield Parish Council to include the adjacent local areas should be considered.	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: The expansion of the existing Springfield Parish Council to include the adjacent local areas should be considered.	
ID: 600	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 600	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: Elected representation in own area	How should we draw the boundaries to create a new electoral area? I don't know	
ID: 601	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 601	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: Parish government and community decisions for our local parish	How should we draw the boundaries to create a new electoral area? I don't know	
ID: 602	Respondent type: Local resident	Area: West Hanningfield	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 602	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status? Yes - I think the current arrangements are the best fit for my area	Other Comments: I wish to know how 50 trees can be cut down at the north side of the ditch in Bakers Lane.		

Annex 2A - Online responses for individual areas

ID: 603	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 603	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 604	Respondent type: Local resident	Area: Chignal	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? Yes	Do you think we should change the number of councillors on the parish council? Yes - there should be more
			What do you think should change regarding the boundaries? New developments in our area	What do you think should change regarding the name(s)? Chignal and West Chelmsford	What do you think should change regarding the number of parish councillors? Considering the recent and proposed development in our area we should be better represented numerically	
ID: 604	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			
ID: 605	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 605	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 606	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 606	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 607	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 607	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status?	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards)	Other Comments: Review of this should have been made a long ago so very much welcome it.
			Do you think the area would benefit from an additional form of community governance? Yes	Please explain your choice: Local views on local matters that are important to them and have a say in how things are to be spent in the local area. I am sure that residents will feel more involved and will take pride in where they live as well as having a community spirit in doing so.	Please give more details about your suggestions for boundaries: Where possible to link some areas such as Tile Kiln and Moulsham Lodge as being so close to one another they share some of the facilities.	
ID: 608	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 608	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status?	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level	How should we draw the boundaries to create a new electoral area? One large area containing the whole of the currently unparished area	
			Do you think the area would benefit from an additional form of community governance? Yes	Please explain your choice: Best way to achieve more democracy	Please give more details about your suggestions for boundaries: Ward boundaries on came basis as existing city ward boundaries	
ID: 609	Respondent type: Local resident	Area: Roxwell	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No

ID: 609	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: At present we have a good team of Councillors with real concern for the Village and Parish. As we emerge from the effects of Covid we need to build on our stability going forward	
ID: 610	Respondent type: Chelmsford and District Trades Union Council	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 610	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: That would be our preferred choice - we want people to have a statutory way of influencing what goes on in their area. The only other option that comes close would appear to be Area Committees	How should we draw the boundaries to create a new electoral area? I don't know Other Comments: On Q11 we have no preference though the whole of Central Chelmsford would seem very large for one Parish. We also want to record that some of our members living in that area, never got the paper version of the consultation document through the door and at least one resident of Billericay did!
ID: 611	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 611	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No		
ID: 612	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 612	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? Residents/tenants associations Please explain your choice: Residents associations or Community associations. Nothing too bureaucratic.	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: Preferably localised
ID: 613	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 613	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: Opportunity to comment on local issues	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: Seems most logical choice
ID: 614	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? The boundaries should be kept up to date - hence changed if necessary - so that they are the boundaries of old or new local communities.	Do you think we should change the name of your parish council? No
ID: 614	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?	Other Comments: So far as I can tell Springfield Parish Council are good at what they do - keep up the good work!	Do you think we should change the number of councillors on the parish council? I don't know

ID: 615	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area? 	Do you think we should make any changes to the current boundaries? 	Do you think we should change the name of your parish council? 	Do you think we should change the number of councillors on the parish council?
ID: 615	Do you think we should make changes to the warding arrangements within the parish? 	Do you think we should make any changes to the grouping status of the parish/town councils? 	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No			
ID: 616	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? No - I think we should set up an alternative (such as area committees or neighbourhood management arrangements) What do you think we should have instead? we have to many layers of councils/parishes. one body overall with local residences reportting with local issues ie roads pavements local activaties local things that effect the rate payers. inform the rate payers and Ask them be knocking on the door which does not happen now	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? a5 stated we have to many bounders with an access of staff running them more boundares more staff	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 616	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status? 			
ID: 617	Respondent type: Local resident	Area: East Hanningfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 617	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status? 			
ID: 618	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area? 	Do you think we should make any changes to the current boundaries? 	Do you think we should change the name of your parish council? 	Do you think we should change the number of councillors on the parish council?
ID: 618	Do you think we should make changes to the warding arrangements within the parish? 	Do you think we should make any changes to the grouping status of the parish/town councils? 	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: Traditional system for tier 1	How should we draw the boundaries to create a new electoral area? Other Please give more details about your suggestions for boundaries: Please see comments below	Other Comments: The current Community Governance System in Chelmsford is broken with nearly 40% of residents having no say on local issues, this equates to over 51,000 citizens. We also see issues with some city councillors sitting as parish councillors . As the leaflet states, Parish Councillors “operate entirely separate from the city council” Traditionally All Saints Church and Old Springfield were part of the Springfield Parish, now they are unparished and their residents have no local say on local issues that affect them. There also needs to be more interaction between the parish councillors and the people of their Parish, and a means of informing the public what parish they are in or if they remain unparished. Thus we need a new parish of ‘Old Springfield’ . Suggested boundaries are : Brackenden Drive, Pump Lane Springfield Road down to Victoria Road Victoria Road to the River Chelmer The river to Chelmer Valley Road Chelmer valley road to Brackenden Drive The Parish of North Springfield could keep the name of Springfield Parish.

ID: 619	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 619	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: Chelmsford city council does not represent the needs of the area, a stronger local voice is needed	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: Using existing electoral arrangements provide an editing framework to start from.	
ID: 620	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 620	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 621	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 621	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: I feel that the unparished area in which I live would benefit from a similar style of community governance to the parished areas of the City.	How should we draw the boundaries to create a new electoral area? One large area containing the whole of the currently unparished area Please give more details about your suggestions for boundaries: I think it would over-complicate matters if the unparished area was divided up. There could be one governing group with representatives from across the area.	Other Comments: I do feel that the unparished area, in which I have lived in all my life in various locations, misses out on community initiatives and facilities that parished areas often benefit from.
ID: 622	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 622	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: To give more local representation in existing area.	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: To give more local representation in existing Moulsham city centre	
ID: 623	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 623	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? I don't know	How should we draw the boundaries to create a new electoral area? I don't know	
ID: 624	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?

ID: 624	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: When living in Wales I was for a time Clerk to the community council (the Welsh near equivalent to a Parish Council in England) and when it became possible to purchase land behind the village hall for a playing field the community council was able to obtain funding for it. This is putting together local knowledge of need with knowledge of funding availability	How should we draw the boundaries to create a new electoral area? Other Please give more details about your suggestions for boundaries: Combining some of the present council wards to be large enough to call on appropriate funding, but small enough for the councillors to know the area's needs	Other Comments: Going back about 20 years there was a committee on Boarded Barns which acted as a pressure group for things that were needed, but it was not a parish council - I think that the chairman became known as something of a pest because he kept asking for things!
ID: 625	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 626	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Do you think we should make any changes to the current boundaries? No (they are fine as they are) Other Comments: Writtle Parish Council works efficiently in the interests of the Parish and I see no point in changing the existing system.	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 628	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Do you think we should make any changes to the current boundaries? No (they are fine as they are) Other Comments: Please do not change anything. It is working well for Writtle Parish.	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 629	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Do you think we should make any changes to the current boundaries? No (they are fine as they are) Other Comments: I like it as it is. It works.	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 630	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Do you think we should make any changes to the current boundaries? No (they are fine as they are) Other Comments: In the case of Writtle the Parish Council works effectively and democratically. It provides a range of sports and leisure facilities, works in partnership with local people, groups and businesses and is very inclusive. The service provided on grounds maintenance, litter cleaning and other maintenance are very good and unlikely to be properly replaced should the area be unparished. The development of its Neighbourhood Plan, which must be in conformity with the Local Plan, would provide additional resources through its 25% share (once approved) of any Community Infrastructure Levy (CIL) achieved through development in the area which is required to pay CIL which can be used to meet the wishes and aspirations locally. Perhaps in part this review is stimulated by a concern from the City Council that it will lose control of this 25%.	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 631	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No

Annex 2A - Online responses for individual areas

ID: 632	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 632	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No	What style of community governance do you think would work well in this area? Community associations Please explain your choice: I am concerned about having a Parish Council for Chelmsford City Centre as our council tax is currently lower than areas that have a PC and I would prefer to keep it that way as I am on a low income. There have been occasions where the CCC website directs you to the PC which is when I realised there was not one for this area.	How should we draw the boundaries to create a new electoral area? One large area containing the whole of the currently unparished area Please give more details about your suggestions for boundaries: Although in Broomfield Road/Kings Road, this area is directly impacted by plans relating to the city centre, such as the recent roadworks/cycle provision and developments at the Girls High School (CCHS).	Other Comments: There are too many levels to the current council, too many committees and I think a lot of money is wasted. Things should be kept as simple as possible so it is clear who is responsible - often it feels as if you're passed between ECC and CCC.
ID: 633	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 633	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: To have more say in local matters.	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: Sorry, cannot give.	
ID: 634	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 634	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status? Yes - I think the current arrangements are the best fit for my area	Other Comments: Writtle is a village and should remain so. R	No	No
ID: 635	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 635	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status? Yes - I think the current arrangements are the best fit for my area	Other Comments: We should keep local representation at a local level to ensure strategic priorities for the village are least discussed.	No	No
ID: 636	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 636	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status? Yes - I think the current arrangements are the best fit for my area	No (they are fine as they are)	No	No
ID: 637	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 637	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: We need representation and this must be elected by the residents. Not volunteers etc.	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: Leave things alone, not broke, so don't fix it.	
ID: 638	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?

ID: 638	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: I firmly believe the Old Moulsham area would benefit greatly from a Parish Council to speak for local residents.	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: We should have a parish council we can refer to directly with any issues we may have, just as other areas of the City do.
ID: 639	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? Yes - there should be more What do you think should change regarding the number of parish councillors? Greater number from a wider section of the public.
ID: 639	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		
ID: 640	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? I don't know Do you think we should change the number of councillors on the parish council? I don't know
ID: 640	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?		
ID: 642	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? Yes - there should be more What do you think should change regarding the number of parish councillors? There is likely to be a lot of building in the parish. When fully occupied the number of residents will dramatically increase. The increase in PC business will probably necessitate an increase in the number of people who are charged to carry out the duties of the PC.
ID: 642	Do you think we should make changes to the warding arrangements within the parish? Yes What do you think should change regarding the warding arrangements? I don't know if we do have wards or not but if we do, of course there will need to be changes if 800 dwellings are created in one, uninhabited part of the village. A village population increase of over 1,000 people will lead to a great many changes. Not a problem if it is properly planned so that there are road improvements, more school places, another doctors' surgery etc etc. I am far from convinced, however, that this is the case, unfortunately.	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?	Other Comments: No idea but I think Writtle PC works very well and I'm not aware of any impetus locally for change.	
ID: 643	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? I don't know
ID: 643	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?		

Annex 2A - Online responses for individual areas

ID: 644	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 644	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Writtle has an individual identity and the Parish Council serves the interests of Writtle very well in the present arrangements. I can see no benefit to Writtle residents to change arrangements. I can only think that Chelmsford would benefit financially at the detriment to Writtle and this is what is driving these proposals.		
ID: 645	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 645	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: I live in an unparished area in central Chelmsford. A heightened level of local representation, scrutiny and decision making capability would offer clear benefits for local residents, and put those unparished residents & taxpayers on the same footing as those who do enjoy the benefits of this greater level of local representation.	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: The greater the focus on local representation and knowledge, the greater the potential that insights, discussion and decision making will reflect the needs and wishes of local residents.	Other Comments: This is a very important, timely and much needed debate. Chelmsford is evolving rapidly, and local residents & taxpayers deserve full voice in future planning and decision making processes.
ID: 646	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? With the Chelmer Village and Beaulieu Perk and other housing developments in North Springfield, it now looks rather too large for a parish council and dividing it up might be a viable and desirable outcome.	Do you think we should change the name of your parish council? Yes What do you think should change regarding the name(s)? See answer to Q9 above.	Do you think we should change the number of councillors on the parish council? I don't know
ID: 646	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 647	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? Take account new housing and align them to the correct area boundaries	Do you think we should change the name of your parish council? I don't know	Do you think we should change the number of councillors on the parish council? No
ID: 647	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: I think you are doing a good job		
ID: 648	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 648	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Writtle parish council are doing a great job		
ID: 649	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 654	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? No
ID: 655	Respondent type: Local resident	Area: Woodham Ferrers and Bicknacre	Would you like to keep a parish/town council in your area? No - I don't think we should have anything	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 655	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council?
ID: 656	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 656	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Very happy with the efforts made by Writtle Parish Council to consult and reflect views of parish.	Do you think we should change the number of councillors on the parish council? No
ID: 657	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No

ID: 657	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: We would like whittle to stay as it is a lovely villages		
ID: 658	Respondent type: Local resident	Area: Runwell	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 658	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 659	Respondent type: Local resident	Area: Little Waltham	Would you like to keep a parish/town council in your area? No - I think we should set up an alternative (such as area committees or neighbourhood management arrangements)	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? I don't know	Do you think we should change the number of councillors on the parish council? Yes - there should be fewer
			What do you think we should have instead? Area committee	What do you think should change regarding the boundaries? Channels and the rest of new development north of Essex Regiment Way should probably be separately represented. Little Waltham could maybe be included with Broomfield.		What do you think should change regarding the number of parish councillors? I would prefer not to have parish councils at all. They often can't find worthwhile members and the councils tend to be too inward-looking, ineffective and opposed to change.
ID: 659	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? Yes	What do you think should change regarding the grouping status? Parish councils on the fringe of Chelmsford should link to councils further in, not those further away from the centre.			
		What do you think should change regarding the grouping status? Parish councils on the fringe of Chelmsford should link to councils further in, not those further away from the centre.				
ID: 660	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 660	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 661	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 661	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Writtle needs to remain as it is... a village community with its own parish council		
ID: 662	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 662	Do you think we should make changes to the warding arrangements within the parish? Yes	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
	What do you think should change regarding the warding arrangements? Especially in view of the extremely large over development to the north of the village centre and immense increase in population. I doubt the residents of this development will regard themselves as living within the parish of Writtle given they are an add on to Chignal Road and Chelmsford area					

ID: 663	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? I don't know
ID: 663	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Happy with the way that the current parish council attempts to act in the best interest of Writtle's residents, being both proactive and reactive		
ID: 664	Respondent type: Local resident	Area: Runwell	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 664	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			
ID: 665	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 665	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: I think parishes work well and are democratic. I see no reason why they shouldn't work in the town centre. There should be more than one, to represent the various geographical areas, eg city North, West East and South Failing the establishment of city parishes area committees would be my next preferred option	How should we draw the boundaries to create a new electoral area? Divided into north, east, southand west Please give more details about your suggestions for boundaries: I am not sure how much the current council ward areas reflect the areas the residents recognise as 'theirs'. They may do, but , like many lay people I am not very familiar with ward boundaries.	
ID: 666	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 666	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No			
ID: 667	Respondent type: Writtle Parish Council	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be more What do you think should change regarding the number of parish councillors? When a significant proportion of the houses are built at the Warren Farm site, there should be consideration for additional councillors representing this area.
ID: 667	Do you think we should make changes to the warding arrangements within the parish? Yes What do you think should change regarding the warding arrangements? When a significant proportion of the houses are built at the Warren Farm site, there should be consideration for a new ward in Writtle representing this area.	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			

Annex 2A - Online responses for individual areas

ID: 669	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be more What do you think should change regarding the number of parish councillors? Additional representation not aligned to party politics at a parish level.
ID: 669	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			
ID: 670	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? Area North of Roxwell Road as the Parish Council does not appear to have any influence over this area and I do not feel that we will have any control over the new estate being built there and therefore we should not be expected to support any of the new incomers,	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? I don't know
ID: 670	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 671	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? I do not think that Writtle should be responsible for the area North of the Roxwell Road as we do not seem to have had any useful input into the number or areas affected by the new development and it is unfair to expect Writtle council, or the participants of Writtle to support any of the new comers to this area. We are a intact village and I think we should stay that way.	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? I don't know
ID: 671	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: I think our Parish council seems to be able to control most of the actions committed by the villagers and if they need any help this can be requested from Chelmsford council. I		
ID: 672	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 672	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 673	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Annex 2A - Online responses for individual areas

ID: 674	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 674	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: It is noticeable that Old Moulsham and other areas are not covered by a Parish Council or something similar. There are and have been attempts to plug some of the gap - eg with Neighbourhood Watch groups - but these only cover specific areas of interest. We have our local City Councillors, of course, but their focus is, as it should be, Chelmsford-wide matters and I imagine they have limited time to devote to purely local issues. Within Old Moulsham there are, of course, some City-wide facilities, like the museum, which would fall outside scope but that still leaves plenty for a parish council to be involved in for the benefit of local residents and businesses.	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: Boundaries might best follow local areas of which Old Moulsham is one. It could also include Moulsham Lodge and Tile Kiln, for example.	Other Comments: I responded to an earlier consultation last year which might make this a duplicate response!
ID: 675	Respondent type: Local resident	Area: Galleywood	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? ID: 694	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Writtle should not be extended or changed, we should stay a village		
ID: 695	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 695	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 696	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No

ID: 696	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 697	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: It would be a good idea if a parish or city councillor walked down Paradise Road, Writtle to the Writtle Sports and Social Club and adjoining playground. You would then note the dreadful state of the footpath, which incidentally only runs down one side of the road. It is DANGEROUS !! Which is why many pedestrians walk in the road. The footpath and verges need urgent repair before someone has a serious injury in falling. Cars, especially trades people park across the footpath and the whole situation needs some attention. This is a busy road for cars and pedestrians (children, dog walkers, ramblers etc), especially on certain days and times outside lockdown. But in lockdown it has also become busy due to access to Hylands Park and the sports and play ground. When the sun is shining Paradise Road is as busy as when we had the V festival. When charges are introduced in Hylands Park there is no doubt people will park free of charge in Paradise Road and take a short walk to Hylands. This will bring about additional issues. Maybe permit parking will be necessary for residents? Something needs to be done sooner rather than later.		
ID: 698	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 698	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 699	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 699	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	What do you think should change regarding the boundaries? Once the Warren Farm development is built out the boundary should be reviewed and it should fall into the adjoining parish - I think this is Chignal. This seals the effective extension of the urban area of Chelmsford City of which Chignal parish is a part. Left within Writtle it may open up the remainder of the northern part of the parish to encroaching development from the rest of Warren Farm or, in the future, from development proposals arising from WUC. As it is the new residents will lean much more to facilities in Melbourne. Chelmsford etc than in Writtle and hence parish councillors there can look after their needs better.		
ID: 700	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?

ID: 700	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? I don't know	How should we draw the boundaries to create a new electoral area? One large area containing the whole of the currently unparished area Please give more details about your suggestions for boundaries: I have made the assumption that the existing structure of Parish Councils etc is working satisfactorily, and considering the financial constraints that all public services are experiencing because of the pandemic, it would seem unacceptable to spend money changing a system that is working. The city centre area may well be too large for a Parish Council, perhaps another structure for local representation would be better, but the most important point is that under current arrangements, residents in the city centre are disenfranchised compared to other local residents.
ID: 701	Respondent type: Local resident	Area: Boreham	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? The new Beaulieu and Channels developments should have their own Parish Council, separate from Springfield Other Comments: Keep Boreham as is, I am opposed to any of the current parish being given to Springfield and or Beaulieu / Channels	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? No
ID: 702	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are) Other Comments: I am very satisfied with Writtle Parish Council as it is	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? No
ID: 703	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? No
ID: 704	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? No
ID: 705	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are) Other Comments: The Parish Council do an excellent job of looking after and protect the village. They also have the people of the village at heart and are not swayed by outside sources.	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? No
ID: 706	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? No

ID: 706	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: The Parish Council listens to the villagers and reacts accordingly. This would not happen if it was altered or gone altogether.		
ID: 707	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 707	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: No realistic reasons for any changes.		
ID: 708	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 708	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: It all works well. so don't mend it if it isn't broken. Any politically motivated reasons must be rejected		
ID: 709	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 709	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 710	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 710	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 711	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 711	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Writtle is a beautiful unspoilt village and as far as possible should be kept that way and our Parish Council is very instrumental in helping to do so.		
ID: 712	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? Yes What do you think should change regarding the name(s)? something more modern so more people get involved	Do you think we should change the number of councillors on the parish council? No
ID: 712	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 713	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?

ID: 713	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No	What style of community governance do you think would work well in this area? Residents/tenants associations Please explain your choice: Parish councils are, in my opinion, not good at managing change the residents actually want. They don't represent the working population and oppose most development. Springfield parish wasted millions on an unwanted library and council offices and then passed the costs onto the residents.	How should we draw the boundaries to create a new electoral area? Divided into north, east, southand west Please give more details about your suggestions for boundaries: Based on where geographically people live, local residents groups.	
ID: 714	Respondent type: Local resident	Area: Roxwell	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 714	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Propose an improvement before trashing a system that has operated for many years to the benefit of local residents.		
ID: 715	Respondent type: Local resident	Area: Great Baddow	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? I don't know
ID: 715	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 716	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 716	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 717	Respondent type: East Hanningfield Parish Council	Area: East Hanningfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 717	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 718	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 718	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: We have an excellent Parish Council in Writtle. i should like everything to remain as it is		
ID: 719	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 719	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: It will enable more local decisions targeting the right community living in the area	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: Using the ward boundary is an option.	Other Comments: This would enable more localised decision making and funding targeted to more localised need based on the community in the area.
ID: 720	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No

ID: 720	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: I am extremely pleased with the way in which our Writtle Parish Council has, over very many years, looked after the needs of our village taking the views of the Writtle residents into account. It is the residents of Writtle and the surrounding areas that are best informed and best placed to promote the continued well being of Writtle. Communications between the Parish Council and the community are excellent.		
ID: 721	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? I don't know
ID: 721	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			
ID: 722	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 722	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Arrangements should be left as they are where the Parish of Writtle is concerned. A visit to Writtle Village to see the benefits which a well run Council can help to promote is recommended.		
ID: 723	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? No - I don't think we should have anything	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 723	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status?			
ID: 724	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 724	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	What do you think should change regarding the boundaries? New developments need to be included, either by incorporating into existing parish councils or by creating new ones - depending on population density		
ID: 725	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 725	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: It may be appropriate to increase the number of Parish Councillors to represent the any new developments in the fullness of time. In the meantime the structure of Writtle Parish Council is effective and fully meets the needs of the Writtle Wards		
ID: 726	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? I don't know
ID: 726	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			
ID: 727	Respondent type: Local resident	Area: Sandon	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No

ID: 727	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: I wish to remain in a parish with that very local voice, as it is needed for a rural village, with its conservation area. And that there is no need to change the parish boundaries, because it is already a large parish. But a stronger voice and powers are needed to avoid inappropriately large and too near developments. To protect the character/rural pleasant feel e.g. The millennium trees with preservation order, from being cut down or incorporated into nasty mechanical shaped flat hedges, on brick kiln lane, the scenic approach to Sandon. To protect the conservation area from additional traffic/fumes and damage.		
ID: 728	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 728	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: IT IS OUR DEMOCRATIC RIGHT TO HAVE A SAY IN LOCAL AFFAIRS THROUGH OUR VOLUNTEER PARISH COUNCILS WHO DO IT FOR THEIR LOVE OF WRITTLE. NOT SOME POLITICALLY MOTIVATED TOWN COUNCILOR.		
ID: 729	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?

No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 731	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 732	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? I don't know	Do you think we should change the number of councillors on the parish council? I don't know
ID: 732	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 733	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 733	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?	Other Comments: Writtle Parish Council work extremely hard to protect and further the environment of Writtle and the interests of its residents. I have no cause to think any changes would approve its work.		
ID: 734	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 734	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 735	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No

ID: 735	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		
ID: 736	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 736	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: Chignal estate had little input into Warren farm, in comparison to Writtle, even though the estate is bearing the brunt of the impact of Warren farm	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: Either a new parish for the area or extend existing boundaries
ID: 737	Respondent type: Local Councillor	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 737	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		Other Comments: During the Warren farm consultation it was clear the chignal road and chignal estate/St Andrews ward were woefully under represented. Writtle parish council had effectively carte blanche to impose their demands on the developer and the chignal residents who, only for a late rally by local residents and Lib Dem councillors, would have suffered untold damage. The new development is within 100 yards of the chignal area, yet residents living over 1.5 miles away were calling the shots. Utterly unfair.
ID: 738	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 738	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: It would be good to have some elected people being Able to speak for us	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: If you separate by where we live so we can have a more organised say in where we live
ID: 739	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 739	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Grouping may suit other areas of Chelmsford but not Writtle.	Do you think we should change the number of councillors on the parish council? No
ID: 740	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? New boundaries should be considered if the local parishioners views reflect that wish.	Do you think we should change the name of your parish council? No
ID: 740	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? Do you think we should make any changes to the grouping status of the parish/town councils?	<p>What do you think should change regarding the grouping status?</p> <p>Do you think the area would benefit from an additional form of community governance?</p> <p>No</p>	<p>What style of community governance do you think would work well in this area?</p> <p>I don't know</p>	How should we draw the boundaries to create a new electoral area?	<p>Based on existing electoral arrangements (such as council wards)</p> <p>Please give more details about your suggestions for boundaries:</p> <p>Use existing ward boundaries</p>

ID: 758	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 758	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: A parish Council would be able to have support in forming and to assist community making choices and help with community improvements	How should we draw the boundaries to create a new electoral area? I don't know	Other Comments: I think community involvement could help decide on one large new parish council or more.. and to decide on name for this area...or several pc. The one area may include areas bordering the chignalls and chignal Estate.. Newlands Spring and Melbourne..... People identify strongly with their place name so a unifying name would be part of community process to help identify and connect to a newly formed arge parish Area.
ID: 759	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 759	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? I don't know	How should we draw the boundaries to create a new electoral area? I don't know	Other Comments: Westlands area parking is the worst its ever been it must must must be permitted. We have local businesses using residential parking areas, people clogging up the road making it unsafe to cross because there is poor visibility and people with up to 5 vehicles taking up all the spaces meaning people with 1 car can't park.
ID: 760	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 764	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 765	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No

ID: 765	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		
ID: 766	Respondent type: Local resident	Area: Chignal	Would you like to keep a parish/town council in your area? No - I don't think we should have anything What do you think we should have instead? I believe CERA has worked well over the years from getting the 20 is plenty put in place to a youth shelter installed BUT now councillors have changed it seems that all [NAME REDACTED] wants is to encourage a neighbourhood watch and tell people to come here and answer yes! Absolutely disgusting a Councillor should ask the community not tell the community what to do!	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? Keep it simple	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? No
ID: 766	Do you think we should make changes to the warding arrangements within the parish? Yes What do you think should change regarding the warding arrangements? Remove Stephen Robinson as he cares for himself and his son only not the community opinions	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		
ID: 767	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area What do you think should change regarding the grouping status?	Do you think we should make any changes to the current boundaries? No (they are fine as they are) Other Comments: Writtle PC functions effectively & professionally in all aspects of our community business. I firmly believe the boundary should remain unaltered and PC to continue to work on a very village specific level.	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? No
ID: 767	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No			
ID: 768	Respondent type: Local resident	Area: Broomfield	Would you like to keep a parish/town council in your area? No - I don't think we should have anything What do you think we should have instead? I think the councillors should actually do their job and be answerable to their residents. Ours are very lazy,when you suggest they do something they send you a link saying how to do it yourself.If I ask a councillor to do something such as deal with a tree that has fallen down I expect them to contact the appropriate department and let me know when it's done.I reported some drug dealing and they told me they would get the hedge cut,I expected them to speak to the neighborhood police team and let me know what was happening.There are e-scooters using the cycle path by the avenues endangering residents which once again they have done nothing about despite several requests. They never walk the area and know what needs fixing and ignore peoples requests. Replace the councillors not the system and make them accountable when people tell them things.	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? Share the people out fairly	Do you think we should change the name of your parish council? No Do you think we should change the number of councillors on the parish council? Yes - there should be fewer What do you think should change regarding the number of parish councillors? We do not need multiple tiers of local government just councillors who work for their residents rather than themselves.
ID: 768	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: The council does a good job in general,the councillors don't.

ID: 778	Respondent type: Local resident	Area: South Hanningfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 778	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: I really value the work of our local parish council. Living in a village I often feel that we are largely forgotten by the County Council and the parish council really fills that gap. They are very active and do a great job for the villages. I wouldn't like to see any of this change.		

ID: 779	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 779	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?	Other Comments: Within Writtle, I think the current arrangements work very well. The Parish Council do sterling and valuable work for the parishioners, both in terms of local issues of considerable importance to local residents and their day to day quality of life, as well as providing a considered and balanced local voice to the city council on matters of city wide importance. Whilst I understand the need to consider the change of boundaries in the context of committed and allocated development sites, this must be considered carefully. Significant developments have the potential to impact on more than just the parish they nominally sit in, and a change of boundary based purely on geographic proximity would be an overly simplistic approach. A proposed development should, in my view, fall under the parish which is most likely to be affected by it in terms of impact on, and use of, services, amenities, and the like.		
ID: 780	Respondent type: Local Councillor	Area: Runwell	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 780	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Yes, I welcome the inner city wards to share more of the burden by having a town/parish council, this administration has just given to the parished areas of Chelmsford extra tax in so called special expenses. They are certainly special. My tax take from CCC for this next year 2021/22 is +13.5%. Most of the inner city taxpayers have probably seen theirs go down. Shocking display of gerrymandering by the Liberal Democrat's.

No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No

ID: 786	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: The system works well as it is Why change something when it works	
ID: 787	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 787	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Written parish council do a great job so no changes should made	Do you think we should change the number of councillors on the parish council? No
ID: 788	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 788	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: The Parish Council works well. It seems pointless to change things purely for the sake of change.	Do you think we should change the number of councillors on the parish council? No
ID: 789	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 789	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? No
ID: 790	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 790	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? No
ID: 791	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 791	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: The system works well and does not need to change. The council deals efficiently and speedily with the areas for which it is responsible. Concillors are readily accessible and normally respond promptly.	Do you think we should change the number of councillors on the parish council? No
ID: 792	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? No - I don't think we should have anything	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 792	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: The Consultation failed to advise people in the unparished area of the likely huge increase in their council tax should they opt for a parish council, the necessity of acquiring premises and more local government officers. After less than two years in office and whilst holding all seats in the unparished areas, the LibDems admit they cannot properly represent the people who voted for them and thus require more politicians and bureaucracy to do so.	
ID: 793	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 793	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Everything is fine. Leave it as it is.	Do you think we should change the number of councillors on the parish council? No

ID: 794	Respondent type: South Woodham Ferrers Town Council	Area: South Woodham Ferrers	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be fewer
				What do you think should change regarding the boundaries? Town Councillors would not suggest any changes to the boundaries of the Town although there is queries with how the new masterplan development of approximately 1200 homes will be incorporated within the Town. The Town Council are keen that the numbers of Town Councillors does not increase with the new development as currently the vacancies are becoming difficult to fill. If the new development is created as a new ward it would be suggested that the existing wards are reduced to 4 members so there is 20 Councillors in total, if the new area though is incorporated within an existing ward the 5 members per ward would still be appropriate		What do you think should change regarding the number of parish councillors? Sorry there was not the appropriate answer to select, as detailed above we would like the same amount of Councillors once the new development is completed. For reference comments from question 10 below: Town Councillors would not suggest any changes to the boundaries of the Town although there is queries with how the new masterplan development of approximately 1200 homes will be incorporated within the Town. The Town Council are keen that the numbers of Town Councillors does not increase with the new development as currently the vacancies are becoming difficult to fill. If the new development is created as a new ward it would be suggested that the existing wards are reduced to 4 members so there is 20 Councillors in total, if the new area though is incorporated within an existing ward the 5 members per ward would still be appropriate

Yes - there should be fewer
ID: 796	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			What do you think should change regarding the number of parish councillors? 14 is too many to run the parish council
ID: 798	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?

ID: 798	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: My local area (Newlands Spring/North Melbourne) does not currently have representation as a parish therefore we are at a disadvantage compared to adjoining parishes, such as Broomfield, when it comes to representation, particularly in development matters where our local area is under continuing and sustained pressure.	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: In my view the new electoral areas with local representation should not be too large. For example consideration could be given to combining St Andrews ward and Patching Hall ward into a single entity with the same powers as a parish council.
ID: 799	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 808	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 809	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 809	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			
ID: 810	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 810	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 811	Respondent type: Chelmsford Labour Party	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?

ID: 811	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No	What style of community governance do you think would work well in this area? I don't know	How should we draw the boundaries to create a new electoral area? I don't know	Other Comments: Chelmsford Labour Party believe this expansion of parish councils is unnecessary. Parish councils can provide a valuable service, but under current Conservative cuts local authorities are not able to adequately perform their role, and parish councils provide another layer of costs, including possible tax rises for local residents, without improving democratic representation. Parish councillors are not always known by their constituents, and are notoriously difficult to remove if they are not well performing. When we have canvassed the electorate before, it was clear they felt parish councillors would only cost more and felt well represented already by the City Council. We do not believe expanding the unparished area will be beneficial and call on council to reject this motion.
ID: 812	Respondent type: Local resident	Area: Broomfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? I don't know	Do you think we should change the number of councillors on the parish council? Yes - there should be more What do you think should change regarding the number of parish councillors? Help to make change and get out the word and work the community
ID: 812	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			
ID: 813	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? Expanded to include new developments (like waterside) so they feel part of our community.	Do you think we should change the name of your parish council? Yes What do you think should change regarding the name(s)? Providing a more obvious names, (like Springfield rather than Trinity) so that it encourages more engagement from local residents.	Do you think we should change the number of councillors on the parish council? Yes - there should be more What do you think should change regarding the number of parish councillors? There should be more, especially if increasing the area, Chelmsford is quite highly populated and would imagine the workload reflects this.
ID: 813	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: These smaller, local groups provide a great service to the areas that they support because they have more connection, making a wider grip would dilute this.		
ID: 814	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 814	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Writtle parish council do a great job of looking after 'our' parish, things should not be changed or that will be lost and our unique village will loose a very positive asset. Please DO NOT change the boundaries so that Writtle parish is altered.		
ID: 815	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 815	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Writtle Parish Council does a good job representing the community, and should not be changed.		
ID: 816	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? I don't know
ID: 816	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			

Annex 2A - Online responses for individual areas

ID: 817	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 817	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Warren Farm land has always been part if Writtle and should stay as part of it. Chemsford Council are trying to change the boundaries to make it part of Melbourne. Interesting that one of the councillors lives in Melbourne.		
ID: 818	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be more
ID: 818	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	What do you think should change regarding the number of parish councillors? There has been a great increase in the amount of work done by our Parish in the last 10 years or so. With most people having to work until 67, the amount of time each councillor can give to Parish Council is less than previously. I believe the number should be increased to compensate for this and the extra work due to Localisation. Localisation is a good thing and must be continued and expanded therefore needing more Parish Councillors		
ID: 819	Respondent type: Local resident	Area: Stock	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 819	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?	Other Comments: I don't see too much reason to change the current arrangements in my parish. I know there is training available for parish councillors and I believe resourcing and supporting this is essential so that they are confident to deal with and are informed/up to date on relevant issues. I believe that any future reforms should ensure that parish councillors are accountable to the people they serve. I believe that parish councils should be resourced to evaluate the impact of climate change on their parish and that they receive stronger support to introduce measures to combat climate change from protecting trees and green spaces to addressing local flooding issues. I believe parish councils should be supported to work cross boundary on tackling climate change. The support should come from central and local government. In Essex, we are having to increasingly address urban sprawl due to government housing and development targets. Often this will be harmful to local people as they face the threats of climate change from flood risk to water shortages and rising temperatures. Parish councils should be listened to if they demonstrate large (or any) housing developments imposed on their parish will worsen the impacts of climate change. (It also appears that all new housing here has been unaffordable housing with little or no housing built to meet local need) Last point: please resource parish councils more to remove the litter that currently makes the Chelmsford city council area look so dirty.		
ID: 820	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 820	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Writtle Parish council provide an excellent service for a really small annual cost. COVID has changed life but our parish council has looked after our local area very well.		
ID: 821	Respondent type: Local Councillor	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?

ID: 821	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: not enough representation	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: The unparished areas need to fit with other parish boundaries	Other Comments: none
ID: 822	Respondent type: Local Councillor	Area: Chignal	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 822	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: As efforts are continuing to integrate the residents of the new housing north of Copperfield Road, (Little Hollows and the western part of Copperfield Place) with the established rural community of Chignal, the Parish Council would prefer the parish boundary to remain unchanged. Chignal Parish Council may be prepared to reconsider a fresh proposal to amalgamate with neighbouring unparished Mashbury, given the many similarities in population make-up and geography and potential opportunities for even greater community co-operation.		
ID: 823	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 823	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Retain the status quo. it works very well. "if it ain't broke don't fix it!"		
ID: 824	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 824	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 825	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 825	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 826	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? I think that the boundaries should be reconsidered as the Beaulieu development grows.	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? I don't know
ID: 826	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 827	Respondent type: Local resident	Area: Great Waltham	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 829	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? No
ID: 830	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 830	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Councillors should have a maximum period of office	Do you think we should change the number of councillors on the parish council? No
ID: 831	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 831	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: I feel it is important for Parish Councils to have a say in all Planning applications relating to their Parish.	Do you think we should change the number of councillors on the parish council? No
ID: 832	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 832	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: To have parity with parished areas of Chelmsford	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: No other documents
ID: 833	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 833	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?		Do you think we should change the number of councillors on the parish council? No
ID: 834	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? No
ID: 834	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	What do you think should change regarding the boundaries? Exclude Warren Farm development from being part of Writtle.	Do you think we should change the number of councillors on the parish council? No
ID: 835	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?

ID: 835	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: The area now has considerable number of people who are not properly represented. More houses are being built in the area which magnify the situation. A parish would allow more formal representation	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: the existing set up is fine , as long as it is adjusted to allow for new parishes.
ID: 836	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 836	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Writtle boundaries should stay as they are with a distinct gap between Writtle and Chelmsford.	Do you think we should change the number of councillors on the parish council? No
ID: 837	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? No - I don't think we should have anything What do you think we should have instead? I don't think we need anything as the Parish council doesn't do much anyway!	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? I don't know
ID: 837	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?	Other Comments: When is any council going to do something about the pavements in Springfield or are they going to wait until someone gets seriously hurt?	Do you think we should change the number of councillors on the parish council? Yes - there should be fewer What do you think should change regarding the number of parish councillors? Get rid of those that do nothing fir the Parish in general. They all look after themselves!
ID: 839	Respondent type: Newlands Spring Residents Association	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 839	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: As a Residents Association that has dealt with the City Council over local planning issues particularly and has worked with adjacent Parish Councils we are well aware that we do not have the power or political sway that a Parish Council has. We feel the local community would be better served if it were within a Parish.	How should we draw the boundaries to create a new electoral area? Divided into north, east, southand west Please give more details about your suggestions for boundaries: The area should be large enough for the new Parish Council to be effective but small enough to deal with local issues. A single council ward is unlikely to be large enough.
ID: 841	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 841	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: There is a need for a lower tier of democratic body, to represent Central Chelmsford.	How should we draw the boundaries to create a new electoral area? One large area containing the whole of the currently unparished area Please give more details about your suggestions for boundaries: The boundary should include the whole of the Central Area of Chelmsford, which is presently covered by a parish council.
ID: 842	Respondent type: Local resident	Area: Roxwell	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 842	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status?	Do you think we should change the number of councillors on the parish council? No	Do you think we should change the number of councillors on the parish council? No

ID: 842	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: I am both a resident and parish councillor of Roxwell. I fully support the retention of the Roxwell Parish Council as an important organisation within the village of Roxwell		
ID: 843	Respondent type: Local resident	Area: Galleywood	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? I don't know
ID: 843	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 844	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 844	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: It would help steer the development of services for Moulsham and also hold local businesses and schools to account for the contribution to the community	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: Moulsham should be one parish council	
ID: 845	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 845	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 846	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 846	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Writtle Parish Council does some excellent work for the village and I think is a valuable part of our local community.		
ID: 847	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 847	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: elected officials give people a chance to pick someone they represents their own views	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: None	
ID: 848	Respondent type: Local resident	Area: Galleywood	Would you like to keep a parish/town council in your area? No - I don't think we should have anything	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? I don't know	Do you think we should change the number of councillors on the parish council? Yes - there should be fewer
ID: 848	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think we should have instead? A community poll of some kind for the odd galleywood specific option but for the most part we should be assimilated into chelmsford council.	Other Comments: The only things that get done around here are by the Chelmsford Council while our parish squabbles over where to put a new bin with galleywood written on it. They've spent 3 years stamping their feet about keeping a library that is literally unused. When the first lockdown was ordered, our councillor [NAME REDACTED] and [NAME REDACTED] took a community outreach project out of the hands of myself and some other people who wanted to help and made it a dangerous jolly up, encouraging people to go knocking on strangers doors and handing them contact information with no PPE. They chose to purposefully put our residents at further risk.	What do you think should change regarding the number of parish councillors? Get rid of them all.	

ID: 849	Respondent type: Local Councillor	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 849	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: not enough representation	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: fit in with existing ward boundaries	
ID: 850	Respondent type: Local Councillor	Area: Great Baddow	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 850	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 851	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 851	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No	What style of community governance do you think would work well in this area? I don't know	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: Participation in local democracy falls down the lower the level you get to. Most Parish Councils have vacant spaces on them, meaning they become a club for a few who run them like their own rotten borough.	Other Comments: At a time when everyone's purse strings are tightened, I'm shocked this vanity project has been sanctioned as a council expenditure
ID: 852	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? I have always lived in Chelmsford and most of that time in Springfield. I currently live in Chelmer Village which is in the Springfield Parish area, but I once lived in an area (Old Court Road) that I considered part of Springfield but is not in the Springfield parish. I would consider that Springfield should include an area going down to at least Arbour Lane and Sandford Road. At present, even All Saints Church Springfield and Springfield Green are not in the Springfield parish. I believe that surrounding areas such as Springfield and Moulsham originally extended down to the rivers in the town centre before Chelmsford was established. You will also have to consider the new Beaulieu and Channels developments, which will soon be large enough to be a parish in their own right.	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 852	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			
ID: 853	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?

ID: 853	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: We need something with statutory powers.	How should we draw the boundaries to create a new electoral area? Other Please give more details about your suggestions for boundaries: I think LSOAs are good building blocks for community areas although some of the developments may get missed now the boundaries are old. An example is the development north of Copperfield Road. Perhaps you can use the urban area and subdivide it by LSOA.	Other Comments: Non-parished areas don't draw on local knowledge or issues properly. Why do the parishes have better footpaths, roads, street cleaning etc.?
ID: 854	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 854	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: Nearest equivalent to a town council?	How should we draw the boundaries to create a new electoral area? One large area containing the whole of the currently unparished area Please give more details about your suggestions for boundaries: The equivalent to one large parish	
ID: 855	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 855	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: More democratic representation	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: Use of existing city ward boundaries as there is some community spirit relating to existing wards	
ID: 856	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 856	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: So residents know to go to elected representatives to resolve issues.	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: Using existing council wards will be easier and more cost effective rather than setting up new areas.	Other Comments: As well as new city areas, recognised residents associations would also be effective in liaising between residents and council representatives in terms of disputes, dog fouling, litter and nuisances, neighbourhood watch groups are also very useful on social media to warn local residents of burglaries and other suspicious behaviour such as drug dealing.
ID: 857	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 857	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: The current system works well. Local members deal best with local issues, if it's not broke, don't fix it.		

Annex 2A - Online responses for individual areas

ID: 858	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? No - I don't think we should have anything	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be fewer
			What do you think we should have instead? I think the City Council/County Council can adequately provide the services the parish needs. I don't think we need a 3rd tier of local government - it just adds more cost and bureaucracy for little benefit.			What do you think should change regarding the number of parish councillors? We could start by making sure they actually have to be voted in! There is a huge democratic deficit in Writtle - there haven't been any elections for years yet the unelected councillors still raise taxes. It is entirely unacceptable to have a body raise taxes and not be held directly accountable at the ballot box by the people that body represents.
ID: 858	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 859	Respondent type: Local Councillor	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 859	Do you think we should make changes to the warding arrangements within the parish? Yes	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
	What do you think should change regarding the warding arrangements? Even up the wards					
ID: 860	Respondent type: Local Councillor	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
			What do you think should change regarding the boundaries? Include them in the current boundary lines for that Parish			
ID: 860	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 861	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 861	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 862	Respondent type: Local resident	Area: Danbury	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? I don't know
			What do you think should change regarding the boundaries? The southern extremity of Danbury Parish wraps around the west and east boundaries of Bicknacre which is anomalous and limits Bicknacre's future growth options. The southeast extremity i.e. from Old Chase Farm including land south of Slough Road would make more sense to become part of Woodham Ferrers and Bicknacre Parish Council.			
ID: 862	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			

ID: 863	Respondent type: Local resident	Area: Woodham Ferrers and Bicknacre	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? I don't know
				What do you think should change regarding the boundaries? The southern extremity of Danbury Parish wraps around the west and east boundaries of Bicknacre which is anomalous and restricts Bicknacre's future growth options. The southeast extremity i.e. From Old Chase Farm including the land south of Slough Road would more logically be included as part of Woodham Ferrers and Bicknacre Parish Council's administrative area.		
ID: 863	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 864	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be fewer
				What do you think should change regarding the number of parish councillors? There should be less, there should be less bureaucracy, more efficiency and less money wasted.		
ID: 864	Do you think we should make changes to the warding arrangements within the parish? Yes	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			
What do you think should change regarding the warding arrangements? Chelmer Village has it's own councillors I believe. If it does not, it should do.						
ID: 865	Respondent type: Ptarmigan Land	Area: Little Waltham	Would you like to keep a parish/town council in your area? No - I think we should set up an alternative (such as area committees or neighbourhood management arrangements)	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? Yes	Do you think we should change the number of councillors on the parish council? I don't know
			What do you think we should have instead? Redefined boundary to include the new Chelmsford Garden Community	What do you think should change regarding the boundaries? They should be redrawn to create a new Tier 1 structure for the Chelmsford Garden Community	What do you think should change regarding the name(s)? Unsure - it would require consultation with the existing Parishes and residents	
ID: 865	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			
ID: 866	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 866	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 867	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be more
				What do you think should change regarding the number of parish councillors? A small increase, perhaps two or three more.		

ID: 867	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?		
ID: 868	Respondent type: Local resident	Area: Woodham Ferrers and Bicknacre	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 868	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: I am happy with the current arrangements for my parish council	Do you think we should change the number of councillors on the parish council? No
ID: 869	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?
ID: 869	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No	What style of community governance do you think would work well in this area? I don't know	How should we draw the boundaries to create a new electoral area? One large area containing the whole of the currently unparished area Please give more details about your suggestions for boundaries: I am now commenting on the un-parished area of Chelmsford i.e. excluding the surrounding parished areas of Gt Baddow, Springfield etc.
ID: 871	Respondent type: Local resident	Area: Galleywood	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes What do you think should change regarding the boundaries? Galleywood is adjacent to Goat Hall Ward (which is unparished) if changes were to be made i would seek to include part or all of Goat Hall into Galleywood and increase the number of councillors to between 12/15 subject to reasonable ratio of residents to serving councillors	Do you think we should change the name of your parish council? No
ID: 871	Do you think we should make changes to the warding arrangements within the parish? Yes What do you think should change regarding the warding arrangements? Galleywood current split into two wards Galleywood East and Galleywood West. For election purposes i would like to see Galleywood as a single ward.	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Local Referendum should seek public consent for changes	Do you think we should change the number of councillors on the parish council? Yes - there should be more What do you think should change regarding the number of parish councillors? If we increase the footprint of Galleywood Parish Council i would want to see increase in representation from the wards being connected
ID: 872	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No
ID: 872	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: I am very supportive of Writtle Parish Council and the work it does for the village.	Do you think we should change the number of councillors on the parish council? No

ID: 880	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? I don't know
What do you think should change regarding the boundaries? The boundaries were changed some years ago and whereas we had been part of Chelmsford (that is within walking distance and is our local area for shopping, banking, socialising, etc), we suddenly became part of Saffron Walden (somewhere miles away that we never go to and have no interest in) for voting purposes, a ludicrous situation. Our local MP, who knew and understood all matters relating to our local area - Chelmsford - was suddenly replaced by the MP for Saffron Walden, who knows nothing about the area we live in and therefore cannot represent us.						
ID: 880	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? Yes	What do you think should change regarding the grouping status? Writtle is in imminent danger of losing its ancient village status by being joined to the urban sprawl that is Chelmsford, despite the best efforts of our parish council whose representations on behalf of the population of Writtle have been ignored.			
		What do you think should change regarding the grouping status? Writtle is in imminent danger of losing its ancient village status by being joined to the urban sprawl that is Chelmsford, despite the best efforts of our parish council whose representations on behalf of the population of Writtle have been ignored.				

ID: 882	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 882	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: Important that local areas have the ability through a lower tier of government to make local decisions.	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: No reason why ward boundaries shouldn't be used.	

ID: 883	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 883	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?	Other Comments: I currently believe a Parush council tryeky represents its residents needs and firms positive business relationships for the best of the village.		

ID: 884	Respondent type: Local resident	Area: Little Baddow	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 884	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			

ID: 885	Respondent type: Local resident	Area: Great Baddow	Would you like to keep a parish/town council in your area? I don't know	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? I don't know	Do you think we should change the number of councillors on the parish council? I don't know
ID: 885	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? I don't know	What do you think should change regarding the grouping status?			

ID: 886	Respondent type: Local Councillor	Area: Broomfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? Yes	Do you think we should change the name of your parish council? I don't know	Do you think we should change the number of councillors on the parish council? No
				What do you think should change regarding the boundaries? The portion of Broomfield Parish that is east of the A130 should become part of a new "Beaulieu" parish. The Bloor Homes development north of Woodhouse Lane and West of Blasford Hill should all be included in the Broomfield Parish rather than being split with Little Waltham.		
ID: 886	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 887	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 887	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 888	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 888	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 889	Respondent type: Moulsham Lodge Community Trust	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 889	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? Community associations Please explain your choice: Get the neighbourhood working together. Give the residents a voice.	How should we draw the boundaries to create a new electoral area? One large area containing the whole of the currently unparished area Please give more details about your suggestions for boundaries: Include those not supported by a parish	
ID: 890	Respondent type: Local resident	Area: Springfield	Would you like to keep a parish/town council in your area? No - I don't think we should have anything	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 890	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status?			
ID: 891	Respondent type: Local resident	Area: West Hanningfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 891	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status? Other Comments: We need immediate local representation our Village & parish are very distinct from the other Hanningfields and we have specific local problems and concerns , local accountability and understanding of our parish problems is essential..we have missed out on road and other funding when managed by councillors living in other parishes			
ID: 892	Respondent type: Local resident	Area: West Hanningfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No

ID: 892	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Our rural parish needs its individual council with councilors who live in our parish and understand our concerns and priorities; people we can talk to & relate to .Our parish is unlike the other Hanningfields and has different concerns to the others .likewise the community of Stock is completely different. Our lack of local facilities and struggle to get improvements funded is always made worse when city councillors put their own parish first as has happened over the Old A130 cycle path funding. We struggle to get any amenities such as gas, broadband and decent roads as our roads are a rat run to and between Stock, Maldon & Wickford. Planning concerns must be dealt with locally not imposed from above..I was chair of our Village Design Statement Committee and produced an excellent VDS in which the whole parish became involved. As an ex-parish councillor I know people value the chance to be represented by people theylive with and have access to.		
ID: 893	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 893	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? No			
ID: 895	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 895	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: Areas with a parish council have more control of their community facilities and have more sense of community	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: Existing areas are a good start	
ID: 896	Respondent type: Local resident	Area: West Hanningfield	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 896	Do you think we should make changes to the warding arrangements within the parish? I don't know	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Farmer chopped down 50 trees ,northside of bakers lane Chelmsford or Parish was not informed. The next big wind brought a tree down onto a nursery school because now there is no protection.		
ID: 897	Respondent type: Local Councillor	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?

ID: 897	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	<p>What do you think should change regarding the grouping status?</p> <p>Do you think the area would benefit from an additional form of community governance?</p> <p>Yes</p>	<p>What style of community governance do you think would work well in this area?</p> <p>An elected tier of local government at parish, community or neighbourhood level</p> <p>Please explain your choice:</p> <p>In Chelmsford, decisions (say) about allotments or play areas in Melbourne or Waterhouse Lane can currently be made by councillors from South Woodham or Great Leighs. But they have a parish council to make those decisions for their own area.</p> <p>When developers pay over infrastructure contributions, the parish council gets 15% of the total for neighbourhood improvements. For central Chelmsford that amounts (so far) to £1.5 million. How to spend that can be decided by councillors from Stock or Boreham, not those representing the urban centre.</p>	<p>How should we draw the boundaries to create a new electoral area?</p> <p>Other</p> <p>Please give more details about your suggestions for boundaries:</p> <p>Having listened to the views of local councillors, I suggest that the Lawns ward and the northern part of Trinity ward should be in Springfield parish, and the rest of the currently unparished area should also be parished.</p> <p>There are a number of possible ways to create new parishes for the urban area, and it is important to involve residents in these discussions over the coming months.</p>	<p>Other Comments:</p> <p>Due to housing development over the years, residents as mentioned below should be consulted on possible changes:-</p> <p>As a ward councillor for St. Andrew's ward and county cllr for Patching Hall, these two developments affect the area I represent:</p> <p>1) Chignals / Broomfield and unparished The 248 new homes in Hollow Lane may fit more naturally in the unparished area - St. Andrews. The ones that will be built in Broomfield cannot access the rest of Broomfield by car without going through Chignals and the unparished area.</p> <p>2) Broomfield and unparished The 135 new homes in and around Emberson Croft may fit more naturally in the unparished area - Patching Hall.</p> <p>The following are also apparent and need to be consulted upon:</p> <p>3) Great Baddow and unparished a) Regal Close was built fairly recently as "infill". It is only accessible from Wallace Crescent but is in Great Baddow. Should it move to unparished area - Moulsham & Central?</p>
ID: 898	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	<p>What do you think should change regarding the grouping status?</p> <p>Do you think the area would benefit from an additional form of community governance?</p> <p>Yes</p>	<p>What style of community governance do you think would work well in this area?</p> <p>An elected tier of local government at parish, community or neighbourhood level</p> <p>Please explain your choice:</p> <p>Only an elected local government body will have sufficient power to address the concerns of residents. Also, it will increase political engagement generally, which will have a beneficial effect on politics in general.</p>	<p>How should we draw the boundaries to create a new electoral area?</p> <p>Based on existing electoral arrangements (such as council wards)</p> <p>Please give more details about your suggestions for boundaries:</p> <p>As ward categories already exist, they seem the most convenient method of setting boundaries.</p>	<p>Other Comments:</p> <p>I am pleased to see the City Council promoting this issue. Political apathy is dangerous to the well being of our City, County and Country</p>
ID: 899	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	<p>What do you think should change regarding the grouping status?</p> <p>Do you think the area would benefit from an additional form of community governance?</p> <p>Yes</p>	<p>What style of community governance do you think would work well in this area?</p> <p>An elected tier of local government at parish, community or neighbourhood level</p> <p>Please explain your choice:</p> <p>I live in Springfield yet I am just outside the current Parish boundary. I have a stronger connection with Springfield than I do with the Town Centre.</p>	<p>How should we draw the boundaries to create a new electoral area?</p> <p>Other</p> <p>Please give more details about your suggestions for boundaries:</p> <p>I think the existing Parish should be separated from Chelmer Village with Springfield Road as the dividing line between the two. The Lawn lane boundary should be abolished and Springfield parish extended to the river to include parts of Trinity ward.</p>	<p>Do you think we should change the number of councillors on the parish council?</p>
ID: 900	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	<p>What do you think should change regarding the grouping status?</p> <p>Do you think the area would benefit from an additional form of community governance?</p> <p>Yes</p>	<p>What style of community governance do you think would work well in this area?</p> <p>An elected tier of local government at parish, community or neighbourhood level</p> <p>Please explain your choice:</p> <p>I live in Springfield yet I am just outside the current Parish boundary. I have a stronger connection with Springfield than I do with the Town Centre.</p>	<p>How should we draw the boundaries to create a new electoral area?</p> <p>Other</p> <p>Please give more details about your suggestions for boundaries:</p> <p>I think the existing Parish should be separated from Chelmer Village with Springfield Road as the dividing line between the two. ID: 900	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: It would be helpful to select more than one option here. I think parish councils in theory are good, but would be concerned that the prospect of having to canvas to be elected and the time commitment might put off diverse and minority candidates who don't have the confidence or spare time of older, white males (ie your traditional councillor), so an area committee might be more inclusive	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: Existing neighbourhoods would be best - I presume these are often around electoral wards. North/south/east/west seems a bit arbitrary and the whole area too big	
ID: 901	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 901	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: Newlands Spring for instance has no added benefit from the building of new houses butting to its location from the Cooper field Road Persimmons Development which is located in Broomfield.	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: Can't see what is wrong with the current arrangement. Lacking explanation and reasoning	Other Comments: Local governance is always better than one size fits all
ID: 902	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 902	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Please just leave Writtle Parish Council as it is. Writtle Parish Council is doing a great job of looking after the fantastic village. We have playing fields, sports facilities, the new Beryl Platt community centre, allotments etc. The village green & duck pond are well looked after. Why make changes & waste money when the existing system is working well.		
ID: 903	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 903	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 904	Respondent type: Local resident	Area: Woodham Ferrers and Bicknacre	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? Yes What do you think should change regarding the name(s)? Bicknacre and Woodham Ferrers Community Council	Do you think we should change the number of councillors on the parish council? No
ID: 904	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Nothing to add		
ID: 905	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? I don't know	Do you think we should make any changes to the current boundaries? I don't know	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be fewer What do you think should change regarding the number of parish councillors? Reduce to around 8. May then have enough people willing to stand for elections to take place. It doesn't seem right that it's possible to be represented by people who are not elected however willing and qualified they are to take on the role.

905	<p>Do you think we should make changes to the warding arrangements within the parish?</p> <p>Yes</p> <p>What do you think should change regarding the warding arrangements?</p> <p>No need for two wards.</p>	<p>Do you think we should make any changes to the grouping status of the parish/town councils?</p> <p>I don't know</p>	<p>What do you think should change regarding the grouping status?</p>	<p>Other Comments:</p> <p>Although information has been supplied it is not sufficient to make a rational decision on any proposed changes. There are pros and cons to each of the options mentioned and I do not know enough about local government to understand the long term implications of doing away with Parish Councils. For any form of Government post (Parish Councillor, Town Councillor, MP) there should be a Person Specification including an indication of what would qualify a person for the role - it concerns me that representatives at local and national level have a limited understanding of finance, statistics, data interpretation and science.</p>		
ID: 906	<p>Respondent type:</p> <p>Local Councillor</p>	<p>Area:</p> <p>Unparished area</p>	<p>Would you like to keep a parish/town council in your area?</p>	<p>Do you think we should make any changes to the current boundaries?</p>	<p>Do you think we should change the name of your parish council?</p>	<p>Do you think we should change the number of councillors on the parish council?</p>
ID: 906	<p>Do you think we should make changes to the warding arrangements within the parish?</p>	<p>Do you think we should make any changes to the grouping status of the parish/town councils?</p>	<p>What do you think should change regarding the grouping status?</p> <p>Do you think the area would benefit from an additional form of community governance?</p> <p>Yes</p>	<p>What style of community governance do you think would work well in this area?</p> <p>An elected tier of local government at parish, community or neighbourhood level</p> <p>Please explain your choice:</p> <p>Decisions should be made at the lowest safe level - defence and foreign policy have to be managed at central Government level; but decisions on managing allotments and dog bins should be made locally. The unparished doesn't have this level of decision-making - it's not right that councillors from South Woodham Ferrers and the Hanningfields can decide on these local issues.</p>	<p>How should we draw the boundaries to create a new electoral area?</p> <p>Other</p> <p>Please give more details about your suggestions for boundaries:</p> <p>I almost ticked "One large area cntianing the whole of the currently unparished area". But I need to qualify this - this area needs some tweaking at the margins to ensure the parished areas are appropriate. The area that then remains should be the new parish/town council area.</p> <p>There are three changes in particular that I want to see:</p> <p>1) The new houses off Hollow Lane should be moved out of Chignal / Broomfield parishes and into the currently unparished are. These homes are essentially an extension of Newlands Spring; the residents are part of the community centred on Morrisons and Newlands Spring School (which is where there children are likely to go to school). They are not part of any village community, even if some of them look out over fields and hence have a more rural feel (so did some of the houses in Newlands Spring until these new developments came along.)</p> <p>2) There are a few houses at the southern end of Coombe Rise that are in the unparished area. This seems a nonsense and means that Coombe Rise is split. Residents are just as much part of a Broomfield</p>	
ID: 907	<p>Respondent type:</p> <p>Local Councillor</p>	<p>Area:</p> <p>Unparished area</p>	<p>Would you like to keep a parish/town council in your area?</p>	<p>Do you think we should make any changes to the current boundaries?</p>	<p>Do you think we should change the name of your parish council?</p>	<p>Do you think we should change the number of councillors on the parish council?</p>
ID: 907	<p>Do you think we should make changes to the warding arrangements within the parish?</p>	<p>Do you think we should make any changes to the grouping status of the parish/town councils?</p>	<p>What do you think should change regarding the grouping status?</p> <p>Do you think the area would benefit from an additional form of community governance?</p> <p>Yes</p>	<p>What style of community governance do you think would work well in this area?</p> <p>An elected tier of local government at parish, community or neighbourhood level</p> <p>Please explain your choice:</p> <p>Decisions on community issues are best made at very local level by represenatatives that know their area well.</p>	<p>How should we draw the boundaries to create a new electoral area?</p> <p>Based on existing electoral arrangements (such as council wards)</p> <p>Please give more details about your suggestions for boundaries:</p> <p>Not sure what else to suggest.</p>	
ID: 908	<p>Respondent type:</p> <p>Local Councillor</p>	<p>Area:</p> <p>Unparished area</p>	<p>Would you like to keep a parish/town council in your area?</p>	<p>Do you think we should make any changes to the current boundaries?</p>	<p>Do you think we should change the name of your parish council?</p>	<p>Do you think we should change the number of councillors on the parish council?</p>

ID: 908	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: I have long believed that that the urban wards of Goat Hall and Moulsham Lodge have a great deal in common and would benefit from greater local democratic input to local governance. As long as the current un-parished status persists, outlying areas such as ours will always have a lower priority to the town centre when it comes to allocating resources. The other options suggested above would perpetuate the 'democratic deficit'.	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: I would suggest that the area within the existing city wards of Goat Hall and Moulsham Lodge should be taken together to provide the new parish. I would not include the area covered by the original ward of 'Old Moulsham' (now superseded by Central ward) as it has a very different character and is, in any case, separated from Moulsham Lodge by a busy road. I would agree that some outlying parts of Goat Hall ward would probably fit better with adjacent existing parishes but to change boundaries would complicate City Council arrangements.	
ID: 909	Respondent type: Local Councillor	Area: Highwood	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area What do you think should change regarding the grouping status?	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? No
ID: 909	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No				
ID: 910	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 910	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: I want us to have a more local control over what happens in our immediate locality. I cannot see how the other options given would increase democracy at a very local level.	How should we draw the boundaries to create a new electoral area? Other Please give more details about your suggestions for boundaries: Tile Kiln and Moulsham Lodge wards together	Other Comments: Many people who don't live in a parished area oppose Parish councils because they think there is some sort of connection with the Church. This is not helped by the way local democracy is often portrayed in the media. Could I suggest that the archaic name Parish is dropped and that this tier of local government is given different name such as Community or Neighbourhood Councils
ID: 911	Respondent type: Local Councillor	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?
ID: 911	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: Unparishes areas have no support system or voice. With a formal elected council, the people's voice with strengthen and more power will go to people.	How should we draw the boundaries to create a new electoral area? Based on existing electoral arrangements (such as council wards) Please give more details about your suggestions for boundaries: It will be easier to manage if the new parish councils are made within wards that do not have one already.	
ID: 912	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? No (they are fine as they are)	Do you think we should change the name of your parish council? No	Do you think we should change the number of councillors on the parish council? Yes - there should be more What do you think should change regarding the number of parish councillors? There should be more interaction with residents.
ID: 912	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?			
ID: 913	Respondent type: Local resident	Area: Unparished area	Would you like to keep a parish/town council in your area?	Do you think we should make any changes to the current boundaries?	Do you think we should change the name of your parish council?	Do you think we should change the number of councillors on the parish council?

ID: 913	Do you think we should make changes to the warding arrangements within the parish?	Do you think we should make any changes to the grouping status of the parish/town councils?	What do you think should change regarding the grouping status? Do you think the area would benefit from an additional form of community governance? Yes	What style of community governance do you think would work well in this area? An elected tier of local government at parish, community or neighbourhood level Please explain your choice: level treatment with rural parishes e.g. consultation, engagement, representation, funding allocation decision, etc.	How should we draw the boundaries to create a new electoral area? One large area containing the whole of the currently unparished area Please give more details about your suggestions for boundaries: keep it simple	
ID: 914	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Yes - I think the current arrangements are the best fit for my area	Do you think we should make any changes to the current boundaries? ID: 915	Do you think we should make changes to the warding arrangements within the parish? No	Do you think we should make any changes to the grouping status of the parish/town councils? No	What do you think should change regarding the grouping status?	Other Comments: Parish Councils are important for local representation and community resilience. They should be kept small so they can form useful connections, know their community and be accountable. The pandemic has demonstrated the role Parish Councils can have on community resilience and this should be harnessed for the future. I'm sceptical about the true purpose of this review.		
ID: 916	Respondent type: Local resident	Area: Writtle	Would you like to keep a parish/town council in your area? Responses covering multiple areas

ID	Respondent type	What areas are you referring to?	What changes do you think should be made to the current boundaries?	Please give more details about your suggestions for boundary changes	Why do you think these changes are needed?	What changes should we make to other community governance arrangements?	Please detail what you think should change and why	Any other comments or feedback
15	Local resident	Why isn't Good Easter on here? It has a Parish Council????	The existing parishes should be kept, but the boundaries redrawn	We should never have been taken out of Chelmsford for Parliamentary elections. We are 7 miles from Chelmsford and maybe 50 minutes from Uttlesford Council (admittedly only 1/2 a mile from the Council boundary)	The current arrangements could be improved	We should consider grouping parish councils;	The City Council doesn't take any notice of Parish Council views at the moment so maybe if we represented bigger areas the City Council might start listening.	
77	Local resident	Parishes North of Chelmsford and City Centre	The existing parishes should be kept, but the boundaries redrawn	<p>1. Review smaller Parishes such as Mashbury which only has a parish meeting currently. Perhaps some of these areas could be merged with a neighbouring parish e.g. Good Easter, Chignall, Great Waltham & Pleshey. This would be more cost effective than creating a new Parish Council.</p> <p>2. Areas such as Beaulieu and Boreham which have seen a rapid growth in housing may also need to be reviewed. It maybe that existing parish boundaries are altered to reflect this, but it might be more beneficial financially to incorporate some areas into the City area rather than a new parish. Once again this would avoid the extra costs involved with setting up new Parish Councils.</p> <p>3. Regarding the current wards in the central area of Chelmsford. No financial information has been provided to give an indication of how these would be initially financed if changed into parishes. On the surface whilst this sounds like a nice idea, there would be a huge cost to set each parish up. Each parish would then need to raise finance for projects and maintenance via the precept so residents could see large increases in council tax. At this moment in time given the lack of information I cannot see how making these areas into parishes (or similar) can give best value for money for the City Council or the residents.</p>	There is a new housing development	We should consider grouping parish councils; We should review the number of councillors ;	If boundaries are changed, review the number of councillors required. For example, if it becomes a larger area another councillor maybe required. Reviews should be based on the number of councillors per population and the size of area they cover.	Please provide more financial information in your next consultation.
95	Local resident	Broomfield and Little Waltham	The existing parishes should be kept, but the boundaries redrawn	For example, we are part of the Channels Development so believe we should be in Little Waltham parish, however, it is my understanding that some of the development falls under Broomfield parish. It should be the same parish for all of the development. Little Waltham.	The current arrangements could be improved	We should consider creating wards within these parish/town council areas;	To ensure better representation of residents	
101	Local resident	All	I don't think any boundary changes are needed			We should consider alternatives to parish/town councils;	Working in local groups to do with local projects, it has become clear that the Councillors aren't being heard by Council employees. The employees aren't elected and so democracy isn't working. I propose that there are panels of residents, like the former CCC Citizen Pane, where residents can hold the Council/Councillors to task realtime. Meetings should be in the evening when people aren't working and could be virtual for accessibility. This should be with both ECC and CCC. Members should be able to comment on all parts of the Council and not have to select a specific areas eg planning or highways. At the moment there isn't accountability and so there is considerable financial waste.	

ID	Respondent type	What areas are you referring to?	What changes do you think should be made to the current boundaries?	Please give more details about your suggestions for boundary changes	Why do you think these changes are needed?	What changes should we make to other community governance arrangements?	Please detail what you think should change and why	Any other comments or feedback
104	Local resident	Chelmsford town	I don't think any boundary changes are needed			We should consider grouping parish councils; We should consider alternatives to parish/town councils;	Excessive bureaucracy, amalgamate parish councils together. If the parishes all deal with the same elements why does it need to be done at that level? Parishes are an old way of looking at things which should be modernised	
108	Local resident	Parished and Unparished	A new council should be created	One boundary for efficiency. Time to cut out bureaucracy and waste.	The current arrangements could be improved	We should review the number of councillors ; We should consider grouping parish councils; We should change the names of these councils; We should consider creating wards within these parish/town council areas; We should consider alternatives to parish/town councils;	Reduce everything and save money. Everything should be moved to online.	Time to forward plan - C19 proves we can do things differently and more efficiently. parishes are so so old fashioned - there to keep the local cllr have some sort of power - but it is ineffective. Online involvement if it is needed. Ditch all you can and save the public money.
115	Local resident	Springfield	The existing parishes should be kept, but the boundaries redrawn	Old Beaulieu is in Springfield. New Beaulieu is split between different parishes. It would seem logical to re-draw the boundaries to keep New Beaulieu in one area.	There is a new housing development	We should consider grouping parish councils;	New Beaulieu already has two active community facebook groups and activity centred on the community centre. It would make sense for New Beaulieu to be under one council. Enlarging the existing Springfield or an alternative council rather than creating a new one may be sufficient.	
126	Local Councillor	Unparished, Springfield, Boreham, Broomfield and Little Waltham	A new council should be created	A new parish should be created for the new developments of Beaulieu, Channels and the future Garden Community. The boundary should be Essex Regiment Way to the West and White Hart Lane to the South. These developments are a distinct community, very different to the existing villages of Little Waltham and Broomfield that have different needs. Chelmer Village should be a parish its own right separate from Springfield. The current arrangement is a bit artificial. There is an existing community centre in Chelmer Village with other existing community facilities. A new parish should be created for the unparished areas, Chelmsford Town Council. This would allow for better local representation particularly at a time when a new unitary authority could be created removing 'Chelmsford' as a distinct local authority. Much of the original ecclesiastical parish of Springfield is in the unparished area. Many of the people from 'The Lawns' ward would say that they live in Springfield. It would make sense that they become part of a revised Springfield parish. Similarly the northern end of 'Trinity' ward is far from the city centre and it would make sense that that too becomes part of Springfield.	The current arrangements could be improved	We should consider creating wards within these parish/town council areas;	A new ward should be created for the new developments. The existing Trinity ward should extend down to the river and include the Waterside developments.	

ID	Respondent type	What areas are you referring to?	What changes do you think should be made to the current boundaries?	Please give more details about your suggestions for boundary changes	Why do you think these changes are needed?	What changes should we make to other community governance arrangements?	Please detail what you think should change and why	Any other comments or feedback
130	Local resident	Channels	A new council should be created	The Channels development, just north of Chelmsford, has various development parcels that are split across Little Waltham and Broomfield parishes. At the very least, we would like to see this unified such that all of Channels (not just some of it) is linked with Little Waltham. However, the preferred route would be for a Channels Parish to be created, so as to better serve this new community, especially given how the land upon which it is built is largely funded by private contributions and will require different management to those areas that are council owned.	There is a new housing development	I don't know;	Not applicable as I did not answer the previous question.	Please reach out to the 'Channels Residents Community Group' (CRCG) to engage with active stakeholders. Feel free to ask me for an introduction.
158	Local Councillor	Great Waltham Parish and Chelmsford Unparished areas	I don't think any boundary changes are needed			We should consider alternatives to parish/town councils;	I don't think that Unparished central Chelmsford needs to be parished	I think the unparished central Chelmsford areas do not need to be parished.
177	Local resident	chelmsford	I don't think any boundary changes are needed			We should review the number of councillors ;	There are too many councillors for each area.	Cost implications should be a priority.
180	Local resident	all	A new council should be created	..	There is a new housing development	We should review the number of councillors ; I don't know;	I don't know	
185	Local resident	Woodham Road SS11 7QW	I don't think any boundary changes are needed			I don't know;	We need speed bumps	
189	Local resident	Pavements	I don't think any boundary changes are needed			We should consider alternatives to parish/town councils;	More local accountability is necessary, and with this accountability should come authority to implement change as necessary.	I believe that, on the whole, the current Authority is doing a reasonable job, but more speed to implement matters needs to be injected.
205	Local resident	Despite living within short walking distance of Springfield All Saints for over 50 years, being a supporters of All Saints Church [REDACTED PERSONAL DETAILS] we have no way of contributing to decisions made about this parish. We do not figure in the Parish Pump magazine.	The existing parishes should be kept, but the boundaries redrawn	Please see answers to number 7 We have no local body to turn to about local concerns eg concerning Springfield Hall Park. These are items of local interest not Chelmsford Town/City	There is not enough representation	I don't know;	I think the area often known as Springfield Hall, ie the Waveney Road area, should be considered part of the Springfield Parish. This area lacks local representation on matters of local concern despite active councillors, whose main interests will naturally be town/city concerns. We have interests particular to this area not necessarily part of Chelmsford Town/City.	Springfield Hall area has a longer historical connection to Springfield as acknowledged in its name than more recent developments north of Pump Lane. We have local pathways and recreation areas that link us to Springfield and a shared interest in securing support for those areas. We have no say in matters pertaining to the parish even though we live within an area naturally linked to it and use its many facilities.
248	Local resident	Unparished area and local parishes	The existing parishes should be kept, but the boundaries redrawn	Interest in local governance is largely the domain of the retired elderly. Change is needed to attract younger people and make it more dynamic and engaging. the aim should be to achieve more energetic community involvement, reduce parochialism and achieve synergies.	The area has changed since the last review	We should review the number of councillors ;We should consider grouping parish councils;We should consider creating wards within these parish/town council areas;	Decision making is best served by reduced numbers. Already there are affinities and common interests between parishes that could be capitalised upon by reducing parochialism, combining funding to more meaningful levels, achieving communication/people/cost synergies.	Boundaries should reflect the new populations of the area and should follow other boundaries such as judicial, policing, planning, health, diocesan etc, not creating further disparity in governance. Potential for Sandon with Danbury, Galleywood with Great Baddow etc etc The non parished area needs to be reduced for example the anomalous southern boundary joined with Stock and Margaretting. A smaller urban focus with appropriate representation is needed to pursue the changes now necessary to reflect changing lifestyles.

ID	Respondent type	What areas are you referring to?	What changes do you think should be made to the current boundaries?	Please give more details about your suggestions for boundary changes	Why do you think these changes are needed?	What changes should we make to other community governance arrangements?	Please detail what you think should change and why	Any other comments or feedback
259	Local resident	rural parish	The existing parishes should be kept, but the boundaries redrawn	Combine Parish Councils into bigger areas with slightly fewer councillors but ensuring we have local representation. Parish Meetings need to be cancelled and replaced with a Parish Council so that there is accountability. Mashbury is unparished and the Parish Meetings does not happen but CCC does nothing about it. The area needs to be made part of Pleshey , Great waltham or Chignal. Local representation needs to improve by having fewer seats available so there is more competition for them. The seats should be based on the number of electors. To take an arbitrary number in rural areas there should be one Parish Councillor per 100 electors. This can then be scaled up in to large and combined Parish Councils but still keeping to the representation of electors.	There is not enough representation	We should review the number of councillors ;We should consider grouping parish councils;We should change the names of these councils;	There are too many Parish Councils with vacancies on. Consolidate these Parish Councils with neighbouring councils. This will increase their buying power and improve the governance with fewer councillors overall so that there is enough representation to have full councils rethare than several partial councils.	
264	Local resident	Springfield and the new estates in Beaulieu Park and Boreham.	I don't think any boundary changes are needed			We should consider creating wards within these parish/town council areas;	I think the present arrangements are working fine and they THEY DON'T NEED CHANGING. However in the next review or when the new Beaulieu Railway Station is built along with most of the new estate, a separate parish could be created for Beaulieu Park including all the new estates to the east of White Hart Lane and line of the Boreham Parish area might need changing to accommodate.	All ward electorates should be the same size in population and no more new council seat should be created other than Beaulieu parish if the residents want one.
286	Local Councillor	Broomfield & Little Waltham	A new council should be created	I am a resident of the Channels development, where we are the only parcel which is in Broomfield parish, the rest of our development falling into Little Waltham. In addition, the new Beaulieu development is split between the Springfield North and Broomfield parishes. Channels and the new Beaulieu developments are 2 of the most significant developments within Chelmsford in recent years. With the plans for the Garden Village to the north of Channels, it would make sense to revisit the current boundaries. In view of the management company structure and the service charge residents of Beaulieu and Channels have to pay in addition to council tax, I feel it would be sensible to create a new council for the whole of this area. Whilst the way the management company operates differs between the developments (and it is expected that the approach taken for the new Garden Village may be different again) the principle of having communal spaces which requires input from the community, an annual financial contribution from residents in additional to council tax towards ongoing maintenance and the need to engage with a management company structure, lends itself to creating a new area which encompasses all of these developments as one.	There is a new housing development	We should review the number of councillors ;	The areas of Springfield North, Broomfield and Little Waltham are growing at a disproportionate rate when compared to other areas and it makes sense to create a new area and increase the number of councillors to support this.	
291	Local resident	Mashbury - but it is not listed on your list of Parishes - why not!	I don't think any boundary changes are needed			We should consider grouping parish councils;	Mashbury has been too small to support a Parish meeting for some years. Although a previous attempt to combine with Chignal Parish was overturned a few years ago, there is still not the population to support independent governance and residents are suffering from this, particularly in a time of national crisis.	

ID	Respondent type	What areas are you referring to?	What changes do you think should be made to the current boundaries?	Please give more details about your suggestions for boundary changes	Why do you think these changes are needed?	What changes should we make to other community governance arrangements?	Please detail what you think should change and why	Any other comments or feedback
361	Local resident	Need to save duplication and save money	A new council should be created	The abolition of all Councils in Essex with a maximum of 4 new Councils created.	The current arrangements could be improved	We should review the number of councillors ;We should consider grouping parish councils;We should change the names of these councils;We should consider alternatives to parish/town councils;	Essex County Council, the 2 Unitary Councils and the Boroughs etc to be merged and formed into a maximum of 4 Councils for the whole area	no
366	Local resident	Widford and Danbury	I don't think any boundary changes are needed			We should review the number of councillors ;	To ensure that all areas and people in Essex are properly represented	Clearer communication about public meetings
539	Local resident	Westlands	I don't think any boundary changes are needed			We should review the number of councillors ;We should consider grouping parish councils;We should consider alternatives to parish/town councils;	Merge the parishes to.save money	Dont add more parishes as it adds to the council tax precept. It's a recession in a pandemic!
544	Local resident	Newlands Spring and all Chelmsford district	A new council should be created	All citizens within the Chelmsford council should have equal representation	There is not enough representation	We should consider grouping parish councils;	As per answer 9 - the current level of representation is not equal for all citizens	
566	Local resident	Springfield / Broomfield / Chelmsford town centre	A new council should be created	local areas should have a greater say in how council rax generated in that area is spent	There is not enough representation	We should review the number of councillors ;We should consider creating wards within these parish/town council areas;We should consider alternatives to parish/town councils;	reduce councillors at a higher level and have more at local area.	
577	Local resident	Chelmsford and Great Baddow	I don't think any boundary changes are needed			We should consider alternatives to parish/town councils;	Parish Council's should be abolished. They are an out dated arrangement that does not have any strategic thinking. The same level of service / community facilities should be provided across the Borough and shouldn't be left to a small number of local individuals to make decisions. I.E. Community facilities, inc Bus Shelters, Benches, Play Grounds, Community Centres should be provided evenly and strategically by the City Council, this would be a much farer system. Living in an area currently not covered by a Parish Council, but living close to the boundary of the Great Baddow Parish area, I am not impressed as to the level of services / facilities provided in this area and I do not want to pay an increase in Council Tax for not seeing an improved service. Great Baddow Parish Councillors did nothing to along with Chelmsford City Councillors did nothing to challenge Essex County Council to provide a replacement to the 51 bus route that has been substantially withdrawn by First and leaves large areas of the Parish with no useful bus service. I would much rather see a more strategic central thinking / planning and allocation of resources.	None.
592	Local resident	Central Chelmsford and greater area	The existing parishes should be kept, but the boundaries redrawn	I would like to see more equal representation by population concentration. The central area is very large, and would be better split up.	The current arrangements could be improved	We should review the number of councillors ;We should consider creating wards within these parish/town council areas;	Communities in and around Chelmsford have distinct identities and interests; they should be represented more clearly by the administration.	

ID	Respondent type	What areas are you referring to?	What changes do you think should be made to the current boundaries?	Please give more details about your suggestions for boundary changes	Why do you think these changes are needed?	What changes should we make to other community governance arrangements?	Please detail what you think should change and why	Any other comments or feedback
627	Local resident	Broomfield, Chignal, Roxwell	The existing parishes should be kept, but the boundaries redrawn	Areas have become larger more densely populated. This requires a redrawn on areas.	There is a new housing development	We should review the number of councillors ;	Diversity is key to any decisions	
641	Local resident	Chignal, Writtle	I don't think any boundary changes are needed			We should review the number of councillors ;	Too many councillors	
668	Countryside Zest (Beaulieu Park) LLP	The Beaulieu Neighbourhood, Channels and the proposed Garden Community	A new council should be created	Please see letter attached to email sent to [electoral services] on 10/03/2021. Subject title 'Community Governance Review Consultation - 18 January to 18 March 2021'	There is a new housing development	We should consider alternatives to parish/town councils;	Please see letter attached to email sent to [electoral services] on 10/03/2021. Subject title 'Community Governance Review Consultation - 18 January to 18 March 2021'	Please see letter attached to email sent to [electoral services] on 10/03/2021. Subject title 'Community Governance Review Consultation - 18 January to 18 March 2021'
797	Local resident	All parishes.	A new council should be created	Get rid of parishes altogether. Unparished areas work well enough. There are already County and City councillors. Why have another tier of bureaucracy? Have Area/Community Forums or Community Associations.	The current arrangements could be improved	We should review the number of councillors ;We should consider alternatives to parish/town councils;	See response to question 9	
838	Local Councillor	All parishes Covered in the ECC Division of Broomfield & Writtle i.e Broomfield, Gt Waltham, Lt Waltham, Gt& Lt Leighs, Chignal ,Pleshey, Highwood, Roxwell, GoodEaster Mashbury and Writtle.	I don't think any boundary changes are needed			We should review the number of councillors ;	Town Councils should be created if there is a sufficient response in terms of numbers that feel it would be beneficial. However, Most of Chelmsford's urban areas already feel they are more than well served by the City Council and feel any change to being unparished would be detrimental and add to the council tax burden.	<p>The questions do not allow for variations. For example some parish could be expanded to cover wider areas and or lose certain small areas on the extremities of their borders. However, there is a need to draw a clear distinction between rural and urban areas that have different aspirations and agendas (e.g.street lighting)</p> <p>The manuscript document circulated to all homes makes no allowance for any nuancing and for many who may wish to comment they cannot do so as they do not have internet access</p> <p>Lastly the questionnaire cannot be copied which means that comments made cannot be recorded.</p> <p>Any decision based on this public response would be misleading and insufficient to make major changes</p>

ID	Respondent type	What areas are you referring to?	What changes do you think should be made to the current boundaries?	Please give more details about your suggestions for boundary changes	Why do you think these changes are needed?	What changes should we make to other community governance arrangements?	Please detail what you think should change and why	Any other comments or feedback
840	Local resident	The urban as well as the rural areas of Chelmsford.	I don't think any boundary changes are needed			We should review the number of councillors ;	The existing rural boundaries and therefore their Parish Councils should be retained as there is much local knowledge and experience of the particular localities, to the benefit of those living within those areas, that has been accumulated over many years. However, where there are developments planned, the membership of those councils should be increased to draw their new residents in to take advantage of this, for they have chosen the area to live in for its access to an existing rural community. For the town area, it would be good to see a new tier of representation to give more immediate local urban views, but there would need to be boundaries within the town to group like areas together to make that representation more meaningful and localised to its residents.	I find this a poorly drawn up questionnaire. I cannot find a question that easily allows me to express a view that separates the town issues from the rural parishes as this questionnaire keeps linking the two in an unhelpful way. Thus the tick box exercise in 8 & 9 does not work for me and for 10 I would have appreciated the option for shouldn't change as well as should. I believe it a good idea to see representation for the different areas of the town so that there is localised input to City and County Councils, but NOT at the expense of the existing Parish Councils where each have an identity unique to their immediate areas, defined within the existing boundaries, such that those moving into the new developments will wish to take advantage of and can participate in by joining their local experienced Parish Council.
870	Local resident	Parish and town areas.	I don't think any boundary changes are needed			We should consider grouping parish councils;	if the Parish councils are very small, with little local support, then they should be able to group together.	I don't think we need any more local Councils, Town areas have their Ward Councillors, so do not need another unnecessary layer.
881	Local resident	unparished, Springfield & Broomfield	The existing parishes should be kept, but the boundaries redrawn	There needs to be a rethink of boundaries of the city & Broomfield & Springfield where new housing & roads have made existing boundaries illogical. Springfield where I used to live over 40 years ago is now very large & should be split into several parishes - Springfield including original parish area, Chelmer Village & Beaulieu. the Channels development which is partly in Broomfield & Lt Waltham as well could be either a new parish or be part of Lt Waltham. The proposed development north of Woodhouse Lane, Broomfield is mainly in Lt Waltham so either it should remain split & clearly marked on the ground or the whole site should be in Lt Waltham. The unparished areas of Chelmsford should be parished as at the moment section 106 or CIL developer money is either given to the parishes or the city council & having a parish will enable local people to have more say about developments in their area.	The area has changed since the last review	We should change the names of these councils;	There might be a case for changing parish councils to either village or community councils as many people seem to confuse civil parish councils with church parish or parochial councils. probably the fault of the TV series Vicar of Dibley.	I wanted to pick more than 1 option for some questions but the layout won't allow for that.
894	Local Councillor	Writtle (as Writtle South Parish Councillor) and Waterhouse Farm	The existing parishes should be kept, but the boundaries redrawn	Writtle needs to be made bigger in order to include Warren Farm development. Waterhouse Farm has no Parish council and one should be created.	There is a new housing development	We should review the number of councillors ;	Writtle Parish council needs more councillors to cover Warren Farm and other future developments. Waterhouse Farm needs a Parish Council to run it to take the pressure and work load off the City Council.	More information should be provided regarding Parish Councils everywhere, so residents can get involved and be proactive in their community and the local decisions that are being made.

In my opinion we should come under Chelmsford as they are planning to build 800 houses on Beddells End Warren Farm, which will be extension to Chignal Est. In not to botherd either way at [redacted] but it would be nice to call the new estate Beddells End, Est where Marconi's wireless telegraph were based 70 years ago than include that and cutelus into Whittle as Marconi has connections

(If necessary, please continue answers on an additional sheet of paper) NIK WHITTLE

2. Unparished only

Do you think you would benefit from having more local representation²? (please tick)

☐ Yes ☐ No ☐ I don't know

If yes, what style of Community Governance do you think would work well?

- | | |
|--|---|
| <input type="checkbox"/> A parish/community council tier of local government | <input type="checkbox"/> Community forums |
| <input type="checkbox"/> Area committees | <input type="checkbox"/> Other |
| <input type="checkbox"/> Community associations | <input type="checkbox"/> I don't know |
| <input type="checkbox"/> Residents/tenants associations | |

¹we need this to make sure we are receiving engagement from all areas across Chelmsford.

²e.g. Parish Council, Community Council, Neighbourhood Council, Town Council, Village Council.

3. Unparished area

Do you have any suggestions as to how the boundaries of the new areas could be drawn? e.g. based on city wards

4. Explain

If applicable, please explain in more detail what you think should change and why. (This review cannot cover the operations of existing parish councils. Comments about individuals will be disregarded.)

I think that Parish Councils would benefit from forming a group with neighbouring P.C.s and Neighbourhood Community Groups as much of the recent & future building developments are often across parish boundaries. The increase in households & infrastructure require supervision by Parish Councils and thus there is a need for more parish councillors.

[If necessary, please continue answers on an additional sheet of paper]

Responses from members of the public will be published as part of the review, but your personal information will only be used for internal purposes. Where a response has been submitted by an organisation, the name of the organisation will be public. You can view our privacy policy at chelmsford.gov.uk/your-council/about-our-website

What happens next?

CCC will consider the results of the consultation and a report will be put before the Council's Full Council in July 2021, to decide upon the next stage of the review process.

All completed responses must be received no later than Thursday 18 March 2021.

4. Explain

If applicable, please explain in more detail what you think should change and why. (This review cannot cover the operations of existing parish councils. Comments about individuals will be disregarded.)

I believe the boundaries should change so that Hayes Park which is an ever expanding site, should have there taxes payed into South Woodham Area (Town) as more investment than wasted in our local parish of Rettendon.

4. Explain

If applicable, please explain in more detail what you think should change and why. (This review cannot cover the operations of existing parish councils. Comments about individuals will be disregarded.)

Why change something that works well and is in touch with those it serves no change necessary. To lump our small village into a larger community would destroy our identity. A small village with a number of elderly residents require a different set of priorities from a council with a young active residents. The needs of a minority group could be lost to the greater requirements of the majority.

Under CCC as we are - congratulations to the Parks section for the their efforts in the Parks. Also we would like to thank the work of the recycling that we are appreciative of. Comparison of other areas CCC wins hands down.

That's the good side of CCC but oh dear what about the state of the roads and footpaths - Not sure what section or 'money pot' is responsible for this but the state of the footpaths in our area is bordering on dangerous (I personally have been a victim of these!)

What area of Chelmsford are you providing
feedback on? e.g. parish council /city centre

PARISH COUNCIL

1. Parished only

Do you think there should be any changes? You can find out more
about these options in this leaflet or on our website (select all that apply):

- | | | |
|---|---|---|
| <input type="checkbox"/> Yes – we should change
the boundaries | <input type="checkbox"/> Yes – we should change
the number of councillors | <input type="checkbox"/> Yes – we should
consider alternatives
to parish/town
councils |
| <input type="checkbox"/> Yes – we should create
a new area out of part
of my parish | <input type="checkbox"/> Yes – we should consider
splitting the council into
wards/changing the
existing wards | <input checked="" type="checkbox"/> No – the existing
arrangements are fine |
| <input type="checkbox"/> Yes – we should change
the name | <input type="checkbox"/> Yes – we should consider
forming a group with a
neighbouring council | <input type="checkbox"/> I don't know |

2. Unparished only

Do you think you would benefit from having
more local representation²? (please tick)

☐ Yes ☐ No ☐ I don't know

If yes, what style of Community Governance
do you think would work well?

- | | |
|---|---|
| <input type="checkbox"/> A parish/community council tier
of local government | <input type="checkbox"/> Community forums |
| <input type="checkbox"/> Area committees | <input type="checkbox"/> Other |
| <input type="checkbox"/> Community associations | <input type="checkbox"/> I don't know |
| <input type="checkbox"/> Residents/tenants associations | |

¹ we need this to make sure we are receiving engagement from all areas across Chelmsford.

² e.g. Parish Council, Community Council, Neighbourhood Council, Town Council, Village Council.

3. Unparished area

Do you have any suggestions as to how the boundaries of the new areas could be drawn? e.g. based on city wards

4. Explain

If applicable, please explain in more detail what you think should change and why. (This review cannot cover the operations of existing parish councils. Comments about individuals will be disregarded.)

[If necessary, please continue answers on an additional sheet of paper]

Responses from members of the public will be published as part of the review, but your personal information will only be used for internal purposes. Where a response has been submitted by an organisation, the name of the organisation will be public. You can view our privacy policy at chelmsford.gov.uk/your-council/about-our-website

What happens next?

CCC will consider the results of the consultation and a report will be put before the Council's Full Council in July 2021, to decide upon the next stage of the review process.

All completed responses must be received no later than Thursday 18 March 2021.

2. Unparished only

Do you think you would benefit from having
more local representation²? (please tick)

☒ Yes ☐ No ☐ I don't know

If yes, what style of Community Governance
do you think would work well?

- | | |
|--|---|
| <input type="checkbox"/> A parish/community council tier
of local government | <input type="checkbox"/> Community forums |
| <input checked="" type="checkbox"/> Area committees <i>OR NEIGHBOURHOOD
COMMITTEES</i> | <input type="checkbox"/> Other |
| <input type="checkbox"/> Community associations | <input type="checkbox"/> I don't know |
| <input type="checkbox"/> Residents/tenants associations | |

¹ we need this to make sure we are receiving engagement from all areas across Chelmsford.

² e.g. Parish Council, Community Council, Neighbourhood Council, Town Council, Village Council.

3. Unparished area

Do you have any suggestions as to how the boundaries of the new areas could be drawn? e.g. based on city wards

ALL THE CONTIGUOUS URBAN AREAS SHOULD BE COMBINED AS 'THE CITY' WITH COMMITTEES FOR EACH AREA/NEIGHBOURHOOD TO RESOLVE/DISCUSS LOCAL ISSUES.

4. Explain

If applicable, please explain in more detail what you think should change and why. (This review cannot cover the operations of existing parish councils. Comments about individuals will be disregarded.)

A DISTINCTION NEEDS TO BE MADE BETWEEN THE URBAN AREAS (THE CITY) AND THE RURAL AREAS (THE DISTRICT) TO AVOID URBAN SPRAWL. THE NEEDS + ISSUES OF THE URBAN AREAS ARE NOT NECESSARILY THE SAME AS THOSE FACING THE RURAL AREAS THEREFORE PARISH COUNCILS WOULD NOT BE APPROPRIATE FOR THESE URBAN AREAS. THE CITY SHOULD INCLUDE THE CURRENT URBAN AREAS THE PARISHES OF SPRINGFIELD, BROMFIELD, GREAT BADDOW, GALLEYWOOD AND ALL OR PART OF THE PARISHES OF LITTLE WALTHAM + BURNHAM (DEPENDING ON THE EVENTUAL SIZE OF THE BEANLIE DEVELOPMENT).

(If necessary, please continue answers on an additional sheet of paper)

Responses from members of the public will be published as part of the review, but your personal information will only be used for internal purposes. ² e.g. Parish Council, Community Council, Neighbourhood Council, Town Council, Village Council.

3. Unparished area

Do you have any suggestions as to how the boundaries of the new areas could be drawn? e.g. based on city wards

4. Explain

If applicable, please explain in more detail what you think should change and why. (This review cannot cover the operations of existing parish councils. Comments about individuals will be disregarded.)

[If necessary, please continue answers on an additional sheet of paper]

Responses from members of the public will be published as part of the review, but your personal information will only be used for internal purposes. Where a response has been submitted by an organisation, the name of the organisation will be public. You can view our privacy policy at chelmsford.gov.uk/your-council/about-our-website

What happens next?

CCC will consider the results of the consultation and a report will be put before the Council's Full Council in July 2021, to decide upon the next stage of the review process.

All completed responses must be received no later than Thursday 18 March 2021.

If applicable, please explain in more detail what you think should change and why. (This review cannot cover the operations of existing parish councils. Comments about individuals will be disregarded.)

Any Community Governance review must ensure that the legal status of Parish Councils is maintained and consultation maintained at least to current levels. Essential that Parish Council role in the future is at least at current levels but enhanced.
All delegation of functions must have appropriate resources included.

(If necessary, please continue answers on an additional sheet of paper)

Do you have any suggestions as to how the boundaries of the new areas could be drawn? e.g. based on city wards

4. Explain

If applicable, please explain in more detail what you think should change and why. (This review cannot cover the operations of existing parish councils. Comments about individuals will be disregarded.)

Parish Councils are fine but must be balanced.

They all need more funding, as Double Taxation is taking place because you are ~~not~~ taking services away and not passing on the funding for services already paid for in Council Tax causing PC to keep increasing the CT, forcing people to pay higher bills & this is not fair as many of the residents in Parishes are elderly living on dwindling pensions.

(If necessary, please continue answers on an additional sheet of paper)

Responses from members of the public will be published as part of the review, but your personal information will only be used for internal purposes. Where a response has been submitted by an organisation, the name of the organisation will be public. You can view our privacy policy at chelmsford.gov.uk/your-council/about-our-website

What happens next?

CCC will consider the results of the consultation and a report will be put before the Council's Full Council in July 2021, to decide upon the next stage of the review process.

All completed responses must be received no later than Thursday 18 March 2021.

Wickford should become one local council.

4. Explain

If applicable, please explain in more detail what you think should change and why. (This review cannot cover the operations of existing parish councils. Comments about individuals will be disregarded.)

Because Wickford is a growing town & should now have greater representation of all its growing, diverse groups at County level.

ST LUKES PARK IN RUNWELL HAS
NO REPRESENTATION ON THE PARISH
COUNCIL.
THERE IS NO VOTE FOR COUNCILLORS,
IT'S DECIDED BY THE COMMITTEE.
AND OUR PART OF RUNWELL COMES
UNDER CHELMSFORD AND BASILDON

Existing boundary is fine but if Chignal Road becomes parished AND Warren Farm is built out this could become a new parish + come out of Wittle. This would happen after all payment to Wittle Parish Council and would require formal amendment to Wittle Neighbourhood Plan that would be adopted by then.

(If necessary, please continue answers on an additional sheet of paper)

3. Unparished area

Do you have any suggestions as to how the boundaries of the new areas could be drawn? e.g. based on city wards

Communities on the boundary of Little Wymondley are more like small towns, & I don't think that 'Parish' is either a good description or appropriate for them. I don't believe we would be good for them and vice versa.

4. Explain

If applicable, please explain in more detail what you think should change and why. (This review cannot cover the operations of existing parish councils. Comments about individuals will be disregarded.)

I think it's a good idea for communities/parishes that neighbour each other to communicate and collaborate. I also think that individual parishes have the best interests of local people at heart. They are more in touch with these issues than people from outside. This is an important part of 'belonging' in a community.

[If necessary, please continue answers on an additional sheet of paper]

² e.g. Parish Council, Community Council, Neighbourhood Council, Town Council, Village Council.

3. Unparished area

Do you have any suggestions as to how the boundaries of the new areas could be drawn? e.g. based on city wards

4. Explain

If applicable, please explain in more detail what you think should change and why. (This review cannot cover the operations of existing parish councils. Comments about individuals will be disregarded.)

In a post Covid world we should combine resources, become more efficient and cut costs. I believe the Parish Council of Bucknare & Woodham Ferrers should be combined with that of Danbury. In the post 1990s Council Tax for B&W F has increased by 24% whereas the Precept has risen by 48%!! By combining we would get a direct financial benefit and stop the unacceptable duplication of resources. The number of Parish Councillors would be drastically reduced with no negative drawbacks.

Post Covid tax payers are under threat and we must do everything possible to reduce the burden of tax imposed by councils whatever persuasion.

¹ we need this to make sure we are receiving engagement from all areas across Chelmsford.

² e.g. Parish Council, Community Council, Neighbourhood Council, Town Council, Village Council.

3. Unparished area

Do you have any suggestions as to how the boundaries of the new areas could be drawn? e.g. based on city wards

The area of old Moulsham formed by triangle of Prince's Road, London Road, Parkway

4. Explain

If applicable, please explain in more detail what you think should change and why. (This review cannot cover the operations of existing parish councils. Comments about individuals will be disregarded.)

I think having a Parish for old Moulsham would create an opportunity to look at issues around planting more trees, use of local facilities, street furniture and road improvements.

What area of Chelmsford are you providing feedback on? e.g. Parish council/city centre

1. Parished only

Do you think there should be any changes? You can find out more about these options in this leaflet or on our website (select all that apply):

- | | | |
|---|--|--|
| <input type="checkbox"/> Yes – we should change the boundaries | <input type="checkbox"/> Yes – we should change the number of councillors | <input type="checkbox"/> Yes – we should consider alternatives to parish/town councils |
| <input type="checkbox"/> Yes – we should create a new area out of part of my parish | <input type="checkbox"/> Yes – we should consider splitting the council into wards/changing the existing wards | <input checked="" type="checkbox"/> No – the existing arrangements are fine |
| <input type="checkbox"/> Yes – we should change the name | <input type="checkbox"/> Yes – we should consider forming a group with a neighbouring council | <input type="checkbox"/> I don't know |

2. Unparished only

Do you think you would benefit from having more local representation²? (please tick)

☐ Yes ☐ No ☐ I don't know

If yes, what style of Community Governance do you think would work well?

- | | |
|--|---|
| <input type="checkbox"/> A parish/community council tier of local government | <input type="checkbox"/> Community forums |
| <input type="checkbox"/> Area committees | <input type="checkbox"/> Other |
| <input type="checkbox"/> Community associations | <input type="checkbox"/> I don't know |
| <input type="checkbox"/> Residents/tenants associations | |

¹ we need this to make sure we are receiving engagement from all areas across Chelmsford.

² e.g. Parish Council, Community Council, Neighbourhood Council, Town Council, Village Council.

3. Unparished area

Do you have any suggestions as to how the boundaries of the new areas could be drawn? e.g. based on city wards

4. Explain

If applicable, please explain in more detail what you think should change and why. (This review cannot cover the operations of existing parish councils. Comments about individuals will be disregarded.)

(If necessary, please continue answers on an additional sheet of paper)

Responses from members of the public will be published as part of the review, but your personal information will only be used for internal purposes. Where a response has been submitted by an organisation, the name of the organisation will be public. You can view our privacy policy at chelmsford.gov.uk/your-council/about-our-website

What happens next?

CCC will consider the results of the consultation and a report will be put before the Council's Full Council in July 2021, to decide upon the next stage of the review process.

All completed responses must be received no later than Thursday 18 March 2021.

4. Explain

It would seem far more beneficial to reduce the number of Parishes so that problems could be identified to cover a larger area, enabling results. The number of councillors could be reduced to benefit the expenses budget, therefore increasing budgets that would benefit areas where more resources are needed, i.e. the increasing litter problem which is not being identified as urgent, the disgraceful state of the footpaths (especially Moulsham Street alongside Oaklands Park for one), dog fouling which has increased as we take daily walks. Who currently is responsible for these issues along with many other issues where we need more investigation. A merger of parishes surely would improve things instead of the current NIMBY which seems to be the problem now.

Chelmsford Community Governance Review

The city council is responsible for a large area and must, I imagine, devote a large part of its time in trying to decide where its financial resources can go. There is scope for bodies below city level to identify needs and formulate potential responses.

Whatever form these bodies take, they should be answerable to the population they represent, and should be elected.

To recognise that the existing local electoral system attracts little interest does not invalidate the principle of electoral accountability. The alternative is that bodies can become self-perpetuating and highly vulnerable to capture by private interests.

Whilst I would like to see better financing and better-defined reserved powers at all levels of local government, I hope, specifically on this consultation, that no one is going to suggest that elections involve expense that we can no longer afford.

All completed responses must be received no later than Thursday 18 March 2021.

COMMUNITY GOVERNANCE REVIEW MY: COMMENTS

Springfield with a population of 20,000 does not include much of what many people would regard as SPRINGFIELD i.e. All Saints' Church and surrounds. Instead it is included in the non Parished area with the City Centre.

Would it not be possible to bring some of the old Springfield into our Parish? This would result in a considerable increase in the number of residents so, it maybe appropriate to consider splitting the Parish North/South i.e. North Springfield and Chelmer Village.

Now thinking about the new development at Beaulieu to the north of Springfield, it seems a new Parish would be in order.

Chelmsford's Community Governance Review

[REDACTED] During this period, whilst the majority of the Epping Forest District Council area had parish or town councils, the areas of Buckhurst Hill, Loughton and Chigwell had no representation of their own at the lowest level council administration. With the possibility of Epping Forest DC and Harlow DC being amalgamated into a unitary authority the three areas without representation at the local level saw that they would be missing out. [REDACTED]

[REDACTED] to form three new councils in Buckhurst Hill, Loughton and Chigwell. It has therefore meant that the whole of the Epping Forest DC is now represented at a local level and the three councils have been very successful.

[REDACTED] Chelmsford Borough Council were also looking into the possibility of parishing the central Chelmsford area [REDACTED]

[REDACTED] Unfortunately no further action was taken and the centre of Chelmsford has remained without representation at a local area.

In my opinion the centre of Chelmsford should be split into a number of areas and those areas given responsibility for various areas of administration in the same way as the parishes of Broomfield, Writtle, Great Baddow and Springfield.

Not long ago a resident in Park Avenue started a local group known as the Admirals Park Association. It did not have any powers or any legal authority and has since faded away. If the area represented had been larger and did have some statutory powers it could have succeeded and been of assistance in the administration of affairs in this area.

[If necessary, please continue answers on an additional sheet of paper]

Responses from members of the public will be published as part of the review, but your personal information will only be used for internal purposes. Where a response has been submitted by an organisation, the name of the organisation will be public. You can view our privacy policy at chelmsford.gov.uk/your-council/about-our-website

What happens next?

CCC will consider the results of the consultation and a report will be put before the Council's Full Council in July 2021, to decide upon the next stage of the review process.

All completed responses must be received no later than Thursday 18 March 2021.

Community Governance Review - Survey

Your name (optional)

Contact details (optional)

Postcode (essential¹)

What area of Chelmsford are you providing
feedback on? e.g. parish council /city centre

RETTEWENDON.

1. Parished only

Do you think there should be any changes? You can find out more
about these options in this leaflet or on our website (select all that apply):

- | | | |
|--|---|---|
| <input type="checkbox"/> Yes – we should change
the boundaries | <input type="checkbox"/> Yes – we should change
the number of councillors | <input type="checkbox"/> Yes – we should
consider alternatives
to parish/town
councils |
| <input checked="" type="checkbox"/> Yes – we should create
a new area out of part
of my parish | <input type="checkbox"/> Yes – we should consider
splitting the council into
wards/changing the
existing wards | <input type="checkbox"/> No – the existing
arrangements are fine |
| <input type="checkbox"/> Yes – we should change
the name | <input checked="" type="checkbox"/> Yes – we should consider
forming a group with a
neighbouring council | <input type="checkbox"/> I don't know |

2. Unparished only

Do you think you would benefit from having
more local representation²? (please tick)

☐ Yes ☐ No ☐ I don't know

If yes, what style of Community Governance
do you think would work well?

- | | |
|---|---|
| <input type="checkbox"/> A parish/community council tier
of local government | <input type="checkbox"/> Community forums |
| <input type="checkbox"/> Area committees | <input type="checkbox"/> Other |
| <input type="checkbox"/> Community associations | <input type="checkbox"/> I don't know |
| <input type="checkbox"/> Residents/tenants associations | |

¹ we need this to make sure we are receiving engagement from all areas across Chelmsford.

² e.g. Parish Council, Community Council, Neighbourhood Council, Town Council, Village Council.

3. Unparished area

Do you have any suggestions as to how the boundaries of the new areas could be drawn? e.g. based on city wards

4. Explain

If applicable, please explain in more detail what you think should change and why. (This review cannot cover the operations of existing parish councils. Comments about individuals will be disregarded.)

There should be more control of the Parish councils budgets to stop spending on in fighting and resorting to legal fees. Parish councils should deal with essential matters and have assistance or good governance from the City C. on local more controversial issues.

(If necessary, please continue answers on an additional sheet of paper)

Responses from members of the public will be published as part of the review, but your personal information will only be used for internal purposes. 4. Explain

If applicable, please explain in more detail what you think should change and why. (This review cannot cover the operations of existing parish councils. Comments about individuals will be disregarded.)

We do not need more parish councils - another unnecessary layer of government. Local Authority powers already diminished. The number of councils should be cut & no allowances - just expenses.

[If necessary, please continue answers on an additional sheet of paper]

4. Explain

If applicable, please explain in more detail what you think should change and why. (This review cannot cover the operations of existing parish councils. Comments about individuals will be disregarded.)

PLANNING FOR SWF NORTH IS UNDERWAY - WHEN THIS IS STARTED, WE SHOULD HAVE A NORTH & SOUTH COUNCIL WHICH WORK TOGETHER UNDER SWF TOWN COUNCIL UMBRELLA. THIS WILL INITIATE A NEW NAME, AND REQUIRE MORE COUNCILLORS. ON THIS NOTE WE NEED A MORE DIVERSE TOWN COUNCIL. MOST OF OUR COUNCILLORS ARE OF A SIMILAR AGE & BACKGROUND. THE COUNCIL (CURRENT TOWN COUNCIL) NEED TO DO MORE FOR THE TOWN AND HAVE A LARGER PRESENCE WITHIN THE TOWN. I AM ONLY AWARE OF ONE, AND THAT'S THANKS TO FACEBOOK. THE TOWN IS BECOMING INCREASINGLY POPULAR WITH YOUNG FAMILIES AND THE COUNCILLORS (AND THEIR ROLE WITHIN THE COMMUNITY) SHOULD REFLECT THIS.

What area of Chelmsford are you providing
feedback on? e.g. parish council /city centre

BOREHAM

1. Parished only

Do you think there should be any changes? You can find out more
about these options in this leaflet or on our website (select all that apply):

- | | | |
|---|--|--|
| <input type="checkbox"/> Yes – we should change the boundaries | <input type="checkbox"/> Yes – we should change the number of councillors | <input type="checkbox"/> Yes – we should consider alternatives to parish/town councils |
| <input type="checkbox"/> Yes – we should create a new area out of part of my parish | <input type="checkbox"/> Yes – we should consider splitting the council into wards/changing the existing wards | <input checked="" type="checkbox"/> No – the existing arrangements are fine |
| <input type="checkbox"/> Yes – we should change the name | <input type="checkbox"/> Yes – we should consider forming a group with a neighbouring council | <input type="checkbox"/> I don't know |

2. Unparished only

Do you think you would benefit from having
more local representation?? (please tick)

☐ Yes ☐ No ☐ I don't know

If yes, what style of Community Governance
do you think would work well?

- | | |
|--|---|
| <input type="checkbox"/> A parish/community council tier of local government | <input type="checkbox"/> Community forums |
| <input type="checkbox"/> Area committees | <input type="checkbox"/> Other |
| <input type="checkbox"/> Community associations | <input type="checkbox"/> I don't know |
| <input type="checkbox"/> Residents/tenants associations | |

¹ we need this to make sure we are receiving engagement from all areas across Chelmsford.

² e.g. Parish Council, Community Council, Neighbourhood Council, Town Council, Village Council.

3. Unparished area

Do you have any suggestions as to how the boundaries of the new areas could be drawn? e.g. based on city wards

4. Explain

If applicable, please explain in more detail what you think should change and why. (This review cannot cover the operations of existing parish councils. Comments about individuals will be disregarded.)

[If necessary, please continue answers on an additional sheet of paper]

Responses from members of the public will be published as part of the review, but your personal information will only be used for internal purposes. Where a response has been submitted by an organisation, the name of the organisation will be public. You can view our privacy policy at chelmsford.gov.uk/your-council/about-our-website

What happens next?

CCC will consider the results of the consultation and a report will be put before the Council's Full Council in July 2021, to decide upon the next stage of the review process.

All completed responses must be received no later than Thursday 18 March 2021.

3. Unparished area

Do you have any suggestions as to how the boundaries of the new areas could be drawn? e.g. based on city wards

4. Explain

If applicable, please explain in more detail what you think should change and why. (This review cannot cover the operations of existing parish councils. Comments about individuals will be disregarded.)

Since property development is the single issue which massively impacts on local communities, Parish Councils should have the power to reject Planning Applications. The Watten Farm development is a good example of how the quality of life for thousands is set to be devastated for ever by mindless use of Power vested in the City Council.

4. Explain

If applicable, please explain in more detail what you think should change and why. (This review cannot cover the operations of existing parish councils. Comments about individuals will be disregarded.)

There is a lack of support in the City Centre for community & grass root organisations:

- ① These areas should have more input & more support.
- ② The City Centre also has a critical role in supporting community & grass root organisations in the City Centre who support the whole/wider city. Any new governance must also take this into account.

(If necessary, please continue answers on an additional sheet of paper)

²e.g. Parish Council, Community Council, Neighbourhood Council, Town Council, Village Council.

3. Unparished area

Do you have any suggestions as to how the boundaries of the new areas could be drawn? e.g. based on city wards

4. Explain

If applicable, please explain in more detail what you think should change and why. (This review cannot cover the operations of existing parish councils. Comments about individuals will be disregarded.)

[If necessary, please continue answers on an additional sheet of paper]

Responses from members of the public will be published as part of the review, but your personal information will only be used for internal purposes. Where a response has been submitted by an organisation, the name of the organisation will be public. You can view our privacy policy at chelmsford.gov.uk/your-council/about-our-website

What happens next?

CCC will consider the results of the consultation and a report will be put before the Council's Full Council in July 2021, to decide upon the next stage of the review process.

All completed responses must be received no later than Thursday 18 March 2021.

What area of Chelmsford are you providing feedback on? e.g. parish council / ~~city centre~~

1. Parished only

Do you think there should be any changes? You can find out more about these options in this leaflet or on our website (select all that apply):

- | | | |
|---|--|---|
| <input type="checkbox"/> Yes – we should change the boundaries | <input type="checkbox"/> Yes – we should change the number of councillors | <input checked="" type="checkbox"/> Yes – we should consider alternatives to parish/town councils |
| <input type="checkbox"/> Yes – we should create a new area out of part of my parish | <input type="checkbox"/> Yes – we should consider splitting the council into wards/changing the existing wards | <input type="checkbox"/> No – the existing arrangements are fine |
| <input type="checkbox"/> Yes – we should change the name | <input type="checkbox"/> Yes – we should consider forming a group with a neighbouring council | <input type="checkbox"/> I don't know |

2. Unparished only

Do you think you would benefit from having more local representation²? (please tick)

- ☒ Yes ☐ No ☐ I don't know

If yes, what style of Community Governance do you think would work well?

- | | |
|--|---|
| <input type="checkbox"/> A parish/community council tier of local government | <input type="checkbox"/> Community forums |
| <input type="checkbox"/> Area committees | <input type="checkbox"/> Other |
| <input type="checkbox"/> Community associations | <input type="checkbox"/> I don't know |
| <input checked="" type="checkbox"/> Residents/tenants associations | |

¹ we need this to make sure we are receiving engagement from all areas across Chelmsford.

² e.g. Parish Council, Community Council, Neighbourhood Council, Town Council, Village Council.

3. Unparished area

Do you have any suggestions as to how the boundaries of the new areas could be drawn? e.g. based on city wards

We need an identity.
Based on voting area for instance.

4. Explain

If applicable, please explain in more detail what you think should change and why. (This review cannot cover the operations of existing parish councils. Comments about individuals will be disregarded.)

The area I live in, as a
No Parish status.

There are many issues, i.e.
speed limits, rubbish,

pavements

lighting

Etc.

There is not anybody to bring
these issues to, in order to
resolve

[If necessary, please continue answers on an additional sheet of paper]

² e.g. Parish Council, Community Council, Neighbourhood Council, Town Council, Village Council.

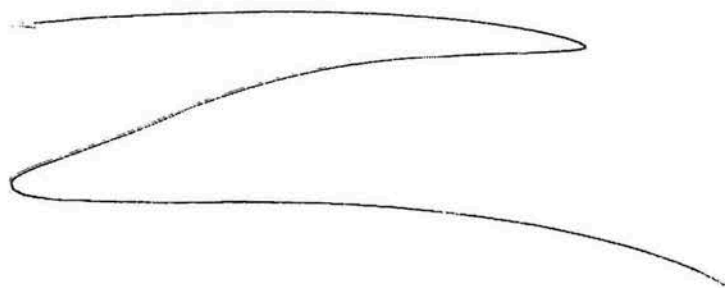

3. Unparished area

Do you have any suggestions as to how the boundaries of the new areas could be drawn? e.g. based on city wards

Suggest a ward for Chelmer Village as now such a large area.

4. Explain

If applicable, please explain in more detail what you think should change and why. (This review cannot cover the operations of existing parish councils. Comments about individuals will be disregarded.)

Reason being we were presently under Springfield Parish, which is also a very large area, both North & South. A Chelmer village parish may provide for better localised services, C/Village is based around a plethora of alleyways, a local parish may ensure they are regularly cleaned & maintained.

Do you have any suggestions as to how the boundaries of the new areas could be drawn? e.g. based on city wards

SEE ATTACHED

4. Explain

If applicable, please explain in more detail what you think should change and why. (This review cannot cover the operations of existing parish councils. Comments about individuals will be disregarded.)

SEE ATTACHED

[If necessary, please continue answers on an additional sheet of paper]

Responses from members of the public will be published as part of the review, but your personal information will only be used for internal purposes. Where a response has been submitted by an organisation, the name of the organisation will be public. You can view our privacy policy at chelmsford.gov.uk/your-council/about-our-website

What happens next?

CCC will consider the results of the consultation and a report will be put before the Council's Full Council in July 2021, to decide upon the next stage of the review process.

All completed responses must be received no later than Thursday 18 March 2021.

Community governance Review Survey

Statement

02.03.21

I live in Old Moulsham, which has no centre point or park to promote community. Moulsham Street has improved with the paving changes, but the number of restaurants and take aways has increased and their customers have nowhere to park except the side streets. The changes of use from offices to apartments adds to this.

The current ~~current~~ situation, with the need to exercise locally, has highlighted to me and my neighbours the appalling state of the sidewalks here, ~~which~~ clearly defined at St Johns Road, south west of which there is a huge improvement in the surfaces. Is this because of a ward change? Do people living in that area have more of a voice? It would have been helpful to have had ward maps, both city and county, in your information. The high density of residential property in Old Moulsham produces a lot of council tax and that should be reflected in our services and our representation.

I hope you have the patience to read this, [REDACTED]

[REDACTED]

[REDACTED]

Freepost Democratic Services

I am in receipt of the Chelmsford City Council Community Governance Review. I am taking the opportunity to respond.

Question 1: On the issue of Parish Councils I do not believe Chelmer Village or Springfield should be Parish. We already have six city councillors to represent local residents. However, if Chelmer Village is to remain a parish it should stand alone and separated from Springfield.

Question 2: It is unnecessary to create more Parish Councils especially those Wards in the City Centre area with additional council tax costs for residents. If my memory is correct there are at least four City Council Wards in the centre of the city, therefore these Wards would have up to twelve City Councillors. However, if they were parished you would create an additional twenty or thirty parish councillors, and how long will it take before we see a campaign to pay parish councillors for the time spent attending meetings.

Question 3: This is a good question. We now have 57 City Councillors and in my view is too many. I am assuming we have one councillor for 3,000 residents. I would increase that number to 5,000 residents for each member thereby reducing the number of councillors from 57 to below 36. Reducing the number of members would, at a stroke, save £172,000 and over the course of a year would save almost £700,000. If you add councillor's special allowances and expenses that figure would increase dramatically. There would also be additional savings as you would not need so many staff.

It should not be difficult to create or introduce new boundaries if you reduce the number of Wards. For example, Beaulieu Park and the new development at Beaulieu Heath plus the development at Channels Golf Club could, in my view, join up with Boreham creating a new Ward.

You may think these suggestions are revolutionary, however, they are long overdue. As for the alternatives 1 - 6 in your community review I do not think they are necessary although they may be useful in villages or hamlets.

Question 4: I have already explained what the City Council should do in question 3, i.e. do not increase the number of Parish Councils and reduce the number of City Councillors and Wards. Some councillors are totally irrelevant whether they be City or Parish and leaders of the political parties can readily identify them. I understand there are approximately 244 District Councils throughout England and Wales and if my proposals were adopted not only would councils be more efficient the savings in monetary terms would be substantial.

The Coronavirus Pandemic encourage the City Council to make changes after life gets back to normal. As the Council now meets remotely, according to my information, there is a 100% attendance whereas when meetings have taken place before the pandemic in the Council Chamber the level of attendance falls below that figure. Therefore, Chelmsford City Council should recognize the urgent need for change instead of increasing the number of Parish Councils.

What area of Chelmsford are you providing
feedback on? e.g. parish council / city centre

PARISH ED

1. Parished only

Do you think there should be any changes? You can find out more
about these options in this leaflet or on our website (select all that apply):

☐ Yes - we should change
the boundaries

☐ Yes - we should create
a new area out of part
of my parish

☐ Yes - we should change
the name

☐ Yes - we should change
the number of councillors

☐ Yes - we should consider
splitting the council into
wards/changing the
existing wards

☐ Yes - we should consider
forming a group with a
neighbouring council

☐ Yes - we should
consider alternatives
to parish/town
councils

☒ No - the existing
arrangements are fine

☐ I don't know

2. Unparished only

Do you think you would benefit from having
more local representation?² (please tick)

☐ Yes ☐ No ☐ I don't know

If yes, what style of Community Governance
do you think would work well?

☐ A parish/community council tier
of local government

☐ Area committees

☐ Community associations

☐ Residents/tenants associations

☐ Community forums

☐ Other

☐ I don't know

Paper Responses

¹ we need this to make sure we are receiving engagement from all areas across Chelmsford,
e.g. Parish Council, Community Council, Neighbourhood Council, Town Council, Village Council.

3. Unparished area

Do you have any suggestions as to how the boundaries of the new areas could be drawn? e.g. based on city wards

4. Explain

1. Chelmsford City Council has no powers to interfere with the structure or operation of Parish Councils, which are legally established third tier of local government.
2. Parish Councils are legally subject to an elective 4 year term of office, and are subject to the community whom they represent by means of the local government election process every 4 years.
3. Your document ignores the fact that a Parish Council has virtually un-restricted legal power to raise finance by means of the Council Tax and other sources such as the Public Works Loans Board for expenditure on matters which are clearly identifiable as of benefit to the community which it serves.
4. The implied proposition of the need to create local Quasi-governmental organisations is irrelevant. Such organisations can be and are already created spontaneously by the local community as and when they are required without reference to any other tier of local authority.
5. This community government review survey is thus entirely irrelevant in respect of the parished areas of the Chelmsford district.

No

4. Explain

If applicable, please explain in more detail what you think should change and why. (This review cannot cover the operations of existing parish councils. Comments about individuals will be disregarded.)

Having considered that Moulsham warrants own Parish Council, as an urban area. the newly formed PC would create high funding. Hence I have now decided that what we need is a focal point/ specific email address to make suggestions, ideas, potholes, bins, complaints. eg. the subway under Parkway | New Pond Road is urgently in need of surfacing in some parts

[If necessary, please continue answers on an additional sheet of paper]

Responses from members of the public will be published as part of the review, but your personal information will only be used for internal purposes. All completed responses must be received no later than Thursday 18 March 2021.

COMMUNITY GOVERNANCE REVIEW (CGR)
RESPONSE BY BROOMFIELD PARISH COUNCIL ('the Council')

MARCH 2021

This response follows the format of the CGR online form from Q.7 onwards.

7. Would you like to keep a parish/town council in your area?

Yes.

8. Some of our boundaries are old and do not take into account new housing developments and community identities. Do you think we should make any changes to the current boundaries?

Yes. The following changes should be considered. Please see the map attached where these changes are all indicated.

a) Broomfield Parish east of the A130.

This area has now been developed. The northern section is part of the Channels development and the southern section is part of 'Greater Beaulieu Park'. The current boundaries between Broomfield, Little Waltham, Springfield and Boreham make no sense as they split up real communities 'on the ground' according to historic boundaries. We support the creation of a new parish or parishes (Channels, Beaulieu Park) to strengthen and build upon the actual communities that are emerging.

b) Springfield Parish, north-west of the A130/A1016

This area contains few dwellings, as it falls within the Chelmer Green Wedge and flood plain. We believe it would be more logical now for the boundary between Broomfield and Springfield to follow the major roads (A130 and A1016) rather than the River Chelmer. In terms of landscape character, this area belongs to the Chelmer Valley. Most of adjacent parts are within Broomfield Parish, so we believe this section of Springfield should be added to Broomfield.

We stress that this suggestion is purely to create a more coherent and logical arrangement on the ground. There is no financial incentive for Broomfield to 'acquire' this piece of the Chelmer Valley, as development and consequent CIL receipts are ruled out by the Green Wedge policy.

For the same reasons, the tiny extreme south-east corner of Broomfield should be transferred to Springfield, so that the boundary follows the A1016, rather than the previous course of the River Chelmer (we think the river was diverted slightly when the current A1016 was built).

c) North of Copperfield Road

Most of this NCAAP development lies in Chignal Parish. If a new parish were to be set up based on the Newlands Spring neighbourhood centre, the Council would be sympathetic to this section of Broomfield Parish being detached to join the new parish. However, this would also require the agreement of Chignal Parish Council. There would be no point in putting the Broomfield part of 'north of Copperfield Road' into a new parish without the Chignal part doing the same.

d) 'North of Broomfield' (Bloor Homes) development SGS8 and 'North of Hospital Approach'

'North of Hospital Approach' is a NCAAP development that is almost complete – most of the dwellings being in Broomfield Parish. 'North of Broomfield' is a Local Plan site, which is masterplanned and currently the subject of an outline planning application. Based on the masterplan, it's likely that most of the dwellings will be in Broomfield, as a large part of the Little Waltham portion has been designated as green space.

The Council believes that both developments should be in Broomfield, for the following reasons:

- Both form part of a continuous settlement area with Broomfield. There is a clear settlement gap between these developments and Little Waltham village
- Both developments are focused around Broomfield Hospital, which lies within Broomfield Parish
- Topographically, these developments lie on the gravel terrace between the Chelmer Valley and the Pleshey Farmland Plateau, as does the rest of Broomfield. Little Waltham village falls within the Chelmer River Valley landscape area
- Day to day service delivery will be provided by both Broomfield and Little Waltham villages. Primary school places will be provided by both village schools; secondary school places will be entirely provided within Broomfield (at Chelmer Valley High School), except where parents specifically choose otherwise. Day to day retail services will likely be provided mostly by facilities within the Broomfield Hospital campus. On balance, this suggests a greater affinity with Broomfield
- The direction of travel for residents of these developments will be southwards, as evidenced by the TTHC Transport Report commissioned by local parish councils in connection with the Local Plan, and subsequently updated by the Council (update attached) in connection with the current Bloor Homes planning application. In particular, para.s 18 – 35 describe the impact of traffic from the new development on Broomfield Parish.
- Therefore, the provision of new travel infrastructure for these homes will need to be funded by, or at the instigation of, Broomfield Parish Council – particularly the provision of new cycle routes into the City Centre as part of the Broomfield Neighbourhood Plan. CIL receipts from the developments will be needed to part fund this infrastructure
- By contrast, where residents of the new developments do access services in Little Waltham, such services are not particularly related to the parish share of CIL. This is because the services are generally either private sector (e.g. pubs, shops) or non-parish public sector (e.g. primary school, health services). These new developments may positively affect the sustainability of local services in Little Waltham, which is to be welcomed, but there is little reason why Little Waltham Parish Council would need additional CIL receipts for this purpose. In contrast, there is a pressing need for Broomfield Parish Council to contribute to investment in transport infrastructure along the 'Broomfield Road corridor'.

The Council therefore believes that the parish boundary should be moved northwards to follow the edge of the Bloor development to the north and the B1008 to the east.

The Council would be willing for the parish boundary north of Woodhouse Lane to remain as it is for a trial period of 10-15 years, until the next review. This would enable further study of service delivery, transport and wider community patterns once the Bloor Homes development has been built out. However, the Council is strongly opposed to the boundary being moved southwards as part of the current Review, for the reasons stated above.

9. Do you think we should change the name of your parish council?

If the eastern part of the Parish (east of the A130) is detached and made part of a new parish(es) of Channels and Beaulieu Park, Broomfield Parish would be much more focused on the Village itself.

In this case, we would consider the case for renaming the Council to 'Village Council' or 'Community Council'. However, we have no definite view at the moment and would want to consult residents before reaching a view.

Also, this question would only arise if the boundaries were to change, focusing the Parish more clearly on the Village. If the Parish boundaries remain largely as they are now, we would want it to remain as 'Broomfield Parish Council', to emphasise that the Parish is more than just the Village.

10. Do you think we should change the number of councillors on the parish council?

No. The Council is currently 13 strong and has no vacancies. It rarely has more than a couple at any one time. We need a reasonable number of councillors to carry the burden of work in this large parish with an expanding population, without the Council becoming too large and unwieldy.

11. Do you think we should make changes to the warding arrangements within the parish?

No. We have no wards at present and do not need them. Having ward arrangements could make it more difficult to achieve a full quorum of councillors.

12. Do you think we should make any changes to the grouping status of the parish/town councils?

Not in relation to Broomfield.

13. Other comments/feedback

When we began our neighbourhood plan (NP) in 2016, we were advised by the City Council to include the whole parish in the neighbourhood area, even though we could foresee the possibility of the eastern section (east of the A130) being detached in 2023.

Our draft NP is nearing completion and we expect it to be adopted in 2022. If parts of the parish/neighbourhood area are detached in 2023, will the NP continue to apply to those areas or not?

Broomfield Parish Council

M21003 LAND NORTH OF WOODHOUSE LANE, BROOMFIELD

TRANSPORT REVIEW NOTE

JANUARY 2021

Introduction

1. TTHC Ltd have prepared this Technical Note on behalf of Broomfield Parish Council, in relation to the “Land North of Woodhouse Lane” planning application (Chelmsford City Council ref 20/02064/OUT). The site is at the north end of Broomfield, and immediately north of Broomfield Hospital.
2. Broomfield Hospital includes an A&E department and serves an extensive area to the north of Chelmsford, including Braintree and the surrounding villages.
3. TTHC previously carried out an independent review of this allocation during the Chelmsford Local Plan consultation. In the 2020 adopted Local Plan, the site is now allocated as *Strategic Growth Site Policy 8*, to provide 450 dwellings.
4. The application includes a Transport Assessment (TA) by Mayer Brown, which in turn forms Volume 3 of the Environmental Statement (ES) by Barton Willmore.

Changes from the Allocation

5. The allocation is for 450 dwellings, but the live application is for 550 dwellings. This will result in additional vehicle movements compared to the Local Plan assessed position.
6. The adopted Local Plan lists the following principles under “Movement and Access”:
 - *Main vehicular access to the site will be from Blasford Hill (B1008)*
 - *Provide a new vehicular access road to serve the development and provide access to Broomfield Hospital and Farleigh Hospice*
 - *Provide pedestrian and cycle connections*
 - *Provide a well-connected internal road layout which allows for bus priority*
7. And in relation to Broomfield Hospital:

7.292 The development will provide a new vehicular access road into Broomfield Hospital campus. This will help serve Broomfield Hospital, Farleigh Hospice and King

Edward VI Grammar School playing fields. In addition, the new link road will facilitate a reduction of traffic on the rural lane network with a view to downgrading Woodhouse Lane and North Court Road to routes for local access only. It will also help to ease wider congestion on the Main Road, Broomfield corridor. The delivery of the new access road into Broomfield Hospital is a strategic objective of the Local Plan. Site developers should work in partnership with the Mid-Essex Hospital Trust to facilitate this proposed new vehicular access road to the Hospital.

8. Modelling for the Local Plan assumed that the access road into Broomfield Hospital from the north would be 'multipurpose' and thus open to all motor traffic, including hospital patients. However, the TA (para 1.6) states that the link road would be restricted to hospital staff, deliveries, buses and ambulances.
9. The adopted Local Plan also lists under "Site infrastructure requirements":
 - *Appropriate improvements to the local and strategic road network as required by the Local Highways Authority*
 - *Appropriate measures to promote and enhance sustainable modes of transport*
 - *New and enhanced cycle routes, footpaths, Public Rights of Way and bridleways where appropriate [...]*
 - *Financial contributions to delivery of the Chelmsford North East Bypass*

Review of Transport Assessment

10. For consistency with previous work, TTHC have used vehicle trip rates from the industry standard TRICS database, rather the Local Plan generic rates which were used for urban and rural sites across the City of Chelmsford.
11. The TA Appendices are provided as low-resolution scans and so it was not possible to validate the trip distribution data.
12. TTHC's previous assessment showed that the proposed development would increase traffic on the B1008 through Broomfield village by **8-10%**, relative to 2036 Base traffic flows.

13. The application includes 22% more dwellings than the allocation and so the traffic increase on the B1008 would now be **10-12%**. These trips are shown on the local road network in **Appendix A**.

Hospital Approach and Link Road

14. As set out in the Local Plan, the link road would allow some Hospital traffic to/from the north to divert through the application site, and avoid the B1008/Hospital Approach roundabout. With the proposed restrictions to usage of the link road, it is unlikely that more than one third of the Hospital traffic would divert in this manner. This diversion is also shown in the attached diagrams.
15. If the proposed restriction is a physical gate, at peak times there would be a queue of idling vehicles through the application site to enter the Hospital and vice versa, with adverse noise and air quality impacts locally.
16. A more sophisticated system would use 'free flow' camera technology, as used at other hospitals. This would allow patients from the north of Chelmsford to use the new access route, reducing congestion at the B1008/Hospital Approach roundabout. Patients could provide vehicle registration details within the Hospital buildings, and enforcement action could be taken against non-permitted use.
17. Although the Local Plan identified a committed improvement scheme for the B1008 / Hospital Approach roundabout, this has not been delivered so far. If the link road allowed a wider range of users, the need for this improvement scheme could be re-examined.

Broomfield Village

18. Regardless of the final form of the link road, there would still be a net increase on the B1008 corridor through Broomfield, between Hospital Approach and the city centre.
19. As shown in **Appendix A**, the majority of development traffic will route to and from the south on the B1008 corridor through Broomfield. The B1008 (Main Road) through Broomfield is a key bus corridor, with around 10 buses per hour in each direction. It is

also the emergency vehicle route between central Chelmsford and Broomfield Hospital.

20. At the B1008 Main Road/School Lane junction, the impact of the development has not been tested adequately in the TA (para 7.5). The TA refers to the capacity assessment from the Local Plan, which only tested the impact of 450 dwellings, and found that the junction would be above capacity in 2036.
21. By failing to include this assessment, the application fails to **“address the potential impacts of development on transport networks”** as required in the National Planning Policy Framework (NPPF para 102).
22. The TA (para 7.28) does not propose capacity improvement, but instead proposes ‘Smarter Choices’ measures to encourage modal shift. While this is welcome and aligns with the Local Plan allocation, the TA assumptions may be too ambitious.
23. **Appendix B** presents Census data for *Chelmsford 001 MSOA* which covers the application site. This shows that 72% of people currently travel to work by car, and 15% travel by public transport. These levels reflect the site’s location on the edge of the Chelmsford urban area.
24. The TA claims that vehicle trips could be reduced by 7-8% by encouraging modal shift, but does not provide any evidence for this claim beyond a vague reference to ‘DfT pilot studies’.
25. The B1008 corridor will therefore remain over capacity with the development in place. This is of particular concern as the B1008 forms the emergency route between central Chelmsford and Broomfield Hospital.
26. Returning to the potential for modal shift, there are no physical measures proposed along the B1008 corridor by the applicant (or any other body) which would improve general traffic capacity, or bus journey time reliability.
27. There is scope to introduce traffic light signals at the B1008 Main Road / School Lane junction, including a short flare on for vehicles turning right into School Lane. The pedestrian crossing further south could be relocated into this junction.

28. Although a signals arrangement would require a small amount of land from the village green to the west, this could be mitigated by stopping up the 'slip road' alongside Madelayne Court, and incorporating that land into a larger village green. As this is a registered village green, this would require the consent of the Parish Council and may need to follow a legal process.
29. The applicant should explore this option further. It would both reduce the forecast congestion at this junction, and improve bus journey times between the site and central Chelmsford.
30. The applicant could also contribute towards the scheme of cycle routes proposed by Broomfield Parish Council via the Neighbourhood Plan process. These routes would enable easier cycling between Broomfield and central Chelmsford. Although routes exist between central Chelmsford and the Valley Bridge area, there is no cycle path, nor a funded proposal for one between Valley Bridge and Broomfield.
31. It should also be noted that the Local Plan relies heavily on completion of the Chelmsford North Eastern Bypass. However, there is still uncertainty over the delivery of this scheme. In any case, the Bypass would not affect the local distribution of the development traffic on the B1008 corridor through Broomfield.

Recommendations

32. The proposed link road to Broomfield Hospital would be most beneficial as a multipurpose route. However, if this is not possible, the access to the Hospital site should at least allow patients from north of Chelmsford to access the Hospital, with suitable access control.
33. The application should include an updated capacity assessment for the B1008 Main Road / School Lane priority junction. It should also investigate fully whether capacity mitigation can be provided at this junction, which would benefit bus and cycle movements as well as general traffic.
34. Additionally, the applicant could contribute towards the cycle routes proposed in the Broomfield Neighbourhood Plan.

35. These changes would provide more effective mitigation for the impacts of the development, as identified by the criteria for the Chelmsford Local Plan allocation, and as the National Planning Policy Framework requires.

Dear Sir or Madam,

RE: COMMUNITY GOVERNANCE REVIEW CONSULTATION

We act on behalf of Countryside Zest (Beaulieu Park) LLP ('CZ') the landowners and developers of the Beaulieu new Neighbourhood in North-East Chelmsford. We write with regard to the current Consultation being carried out on the 'Community Governance Review' section of the Chelmsford City Council (CCC) website and provide the following comments (website link: <https://www.chelmsford.gov.uk/voting-and-elections/community-governance-review/>). CZ have also filled out the online survey, however due to limited response options this letter provides a more detailed response.

It is noted from the outset that whilst this letter has numerous references to the Channels development in Chelmsford, no consultation with the Channels developers or the public has been undertaken at this stage.

Context

The Beaulieu Neighbourhood was granted Outline Planning Permission (Ref. 09/01314/EIA) for up to 3,600 homes as well as employment floorspace, education, health and community facilities in March 2014. The neighbourhood is currently under construction and already has thriving community with a New Neighbourhood Centre at Beaulieu Square including a Community Centre, schools, shops and nursery. The Beaulieu neighbourhood currently sits across three different Parishes (Broomfield, Boreham and Springfield).

Adjacent to the north-west of Beaulieu is the largely constructed Channels development which comprises up to 750 homes (Planning Ref. 10/01976/OUT). The neighbourhood currently sits across two different Parishes (Broomfield and Little Waltham). Both Channels and the Beaulieu Neighbourhood were planned together as part of the 'North East Chelmsford' location for future development growth within Part 3 of the North Chelmsford Area Action Plan DPD (July 2011) (NCAAP).

Further to the north of Both Beaulieu and Channels is land allocated within the Local Plan as 'Strategic Growth Site – North East Chelmsford' (Policy 6). This land is allocated for a new sustainable 'Garden Community' that will provide a significant amount of new housing (around 3,000 with a further 2,500 potentially in a later phase as part of a Local Plan review) and employment development (45,000 sqm). The proposed neighbourhood currently sits across three different Parishes (Little Waltham, Boreham and Springfield).

Together all three applications will form part of the 'Chelmsford Garden Community', as shown in the redline on the Chelmsford Garden Community 'Headline Information' sheet prepared by CCC (see enclosed document). This community will in total provide around 10,000 new homes, 46 hectares of employment space, 19.5 hectares of retail and commercial space, 5 new schools, 5 new healthcare / community facilities and 7 new district / local centres.

Proposed Tier 1 Area

As identified within the Chelmsford Consultation, *"many villages and housing developments have grown. Many of these have crossed parish boundaries or have created new communities with their own local identity."* It is considered that Beaulieu and Channels meet these criteria and have a unique identity as new build communities planned together through the NCAAP, separate from the parishes in which they overlap. This new identity and parish overlap will also be the case for the proposed Chelmsford Garden Village.

It is therefore considered by CZ that these new neighbourhoods, forming the Chelmsford Garden Community, would significantly benefit from an overarching and independent Tier 1 governance structure such as a new parish council. This would enable locals who live within the community to take a more active role in the governance of their area.

The holistic approach already being taken by the Council on these developments is clear on the Council's 'Chelmsford Garden Village' website which gives regard to the wider 10,000 home 'community' and opposed to each individual area (available: <https://www.chelmsford.gov.uk/planning-and-building-control/developments-and-improvements-in-chelmsford/chelmsford-garden-village/>).

Housing and Infrastructure

Whilst the geographical area of the current Beaulieu and Channels development is relatively small, the total population is already significant and will grow rapidly in the coming years.

Based on the 'Parish Profiles' section of the Chelmsford website, the nearby local parishes have households numbers of 8,093 (Springfield), 1,850 (Broomfield), 918 (Great Waltham), 539 (Little Waltham) and 1,487 (Boreham). If Beaulieu alone, at 3,600 households, were to become an independent parish council it would become the second biggest parish in the immediate locality. Further to this, the Chelmsford Garden Community (alongside Beaulieu and Channels) would cumulatively have up to 10,000 homes and would be considered one of the larger parishes within Chelmsford.

Regarding other infrastructure, the Beaulieu neighbourhood has a community hall which acts as the heart of the development and facilitates numerous local group meetings. The hall is run by the Community Trust which is formed of representatives from Beaulieu Church, Springfield Parish Council and local residents. This, alongside other features within Channels and the future neighbourhood to the north, will provide a foundation for a community governance structure to establish and grow.

The Land Trust

Critical to the success of Beaulieu has been the involvement of the 'Land Trust'. This is a charitable organisation which manages and maintains the parks and open spaces that are provided across the scheme. As the development progresses, Beaulieu's variety of green open spaces will be managed and maintained by Beaulieu Estate Management Ltd, a wholly owned subsidiary of the Land Trust. They

are funded by service charge fees and will take care of the estate parkland indefinitely on behalf of, and in partnership with, the Beaulieu residents and wider local community.

Given the significant role that the Land Trust play in the Beaulieu Area, CZ would propose that further proposals for a Parish Council could follow a similar model for community engagement and stewardship. Such proposals could involve a partnership between Countryside Zest, the new Parish Council and an organisation such as The Land Trust.

Summary

CZ support the amendments that the Council are proposing through this consultation and consider that the re-organisation of the Tier 1 Governance boundaries to encompass the Chelmsford Garden Community would further support the development and success of the new area of the City.

CZ wish to be actively involved in this process and ask that, as a significant landowner, they are involved in dialogue wherever possible on the potential for a new Tier 1 structure for Beaulieu, Channels and the Land North East of Chelmsford.

Yours faithfully,

Barry Murphy

Dear Sir or Madam,

RE: COMMUNITY GOVERNANCE REVIEW CONSULTATION

We write in our role as Promoter and Managing Agent of the Channels development and as a member of the development Consortium bringing forward the emerging Chelmsford Garden Community. We write with regard to the current Consultation being carried out on the 'Community Governance Review' section of the Chelmsford City Council (CCC) website and provide the following comments (website link: <https://www.chelmsford.gov.uk/voting-and-elections/community-governance-review/>). Ptarmigan has also filled out the online survey, however due to limited response options this letter provides a more detailed response.

Background & Context

The Channels development was granted Outline Planning Permission (Ref. 10/01976/OUT) for up to 750 homes as well as substantial open space and the first section of the Radial Distributor Road from Essex Regiment Way in October 2012. The neighbourhood is currently under construction with a number of phases either built and fully occupied, partially occupied or under construction. The Channels land currently sits across two different Parishes of Broomfield and Little Waltham and on its eastern boundary is directly adjacent to Springfield.

To the south of Channels is the Beaulieu Park development which will eventually see delivery of 3,600 new homes that are currently being built out by Countryside and other developer partners. Both Channels and the Beaulieu Neighbourhood were planned together as part of the 'North East Chelmsford' location for future development growth within Part 3 of the North Chelmsford Area Action Plan DPD (July 2011) (NCAAP). Ptarmigan has liaised with Countryside Zest regarding these representations to ensure a broad consistency of message from both parties.

Further to the north of both Beaulieu and Channels is land allocated within the current Local Plan as 'Strategic Growth Site – North East Chelmsford' (Policy 6)'. This land is allocated for a new sustainable 'Garden Community' that will provide a significant amount of new housing (around 3,000 with a further 2,500 potentially in a later phase as part of a Local Plan review) and employment development (45,000 sqm). The proposed neighbourhood currently sits across three different Parishes (Little Waltham, Boreham and Springfield).

Together all three areas will form part of the 'Chelmsford Garden Community', that will in total provide around 10,000 new homes, 46 hectares of employment space, 19.5 hectares of retail and commercial space, 5 new schools, 5 new healthcare / community facilities and 7 new district / local centres.

Proposed Tier 1 Area

As identified within the Chelmsford Consultation, “many villages and housing developments have grown. Many of these have crossed parish boundaries or have created new communities with their own local identity.” It is considered that Channels and Beaulieu meet these criteria and have a unique identity as new build communities planned together through the NCAAP, separate from the parishes in which they overlap. This new identity and parish overlap will also be the case for the further extension to the Chelmsford Garden Community allocated within the current Chelmsford Local Plan.

It is therefore considered by Ptarmigan that these new neighbourhoods, forming the Chelmsford Garden Community, would significantly benefit from an overarching and independent Tier 1 governance structure such as a new parish council. This would enable locals who live within the community to take a more active role in the governance of their area.

The holistic approach already being taken by the Council on these developments is clear on the Council’s ‘Chelmsford Garden Village’ website which gives regard to the wider 10,000 home ‘community’ as opposed to each individual area (available: <https://www.chelmsford.gov.uk/planning-and-building-control/developments-and-improvements-in-chelmsford/chelmsford-garden-village/>)

Housing and Infrastructure

Whilst the geographical area of the current Beaulieu and Channels development is relatively small, the total population is already significant and will grow rapidly in the coming years. Based on the ‘Parish Profiles’ section of the Chelmsford website, the nearby local parishes have household numbers of 8,093 (Springfield), 1,850 (Broomfield), 918 (Great Waltham), 539 (Little Waltham) and 1,487 (Boreham). If Beaulieu and Channels alone, at 4,350 households, were to become an independent parish council it would become the second biggest parish in the immediate locality. Further to this, the Chelmsford Garden Community (alongside Beaulieu and Channels) would cumulatively have up to 10,000 homes and would be considered one of the larger parishes within Chelmsford and may even warrant the badge of a Town Council such will be its size.

Across the existing and future developments there will be a range of community hubs being delivered including facilities such as community halls. The existing community hall at Beaulieu is run by the Community Trust which is formed of representatives from Beaulieu Church, Springfield Parish Council and local residents and is very successful. This, alongside other features within Channels and the future neighbourhood to the north, will provide a foundation for a community governance structure to establish and grow.

Critical to the success of any future governance is ensuring there is a framework in place to ensure the highest quality management of parks and open spaces across the new developments in the area. At Channels the Council are aware of the initial problems relating to appointment of individual management companies who did not perform to the level required by the landowners. As a result, Ptarmigan has stepped in and assumed the role as manager of the site wide public open space areas and have recently applied to convert the Channels Management Company Ltd into a Community Interest Company (“CIC”). The CIC is designed to give all residents greater ownership and involvement in the management of open space and community facilities as each individual homeowner is entitled to become a member of the company.

The primary purpose of the CIC is to ensure that the communal facilities are managed and maintained to an agreed standard and are funded by those who benefit. CIC’s are designed as a ‘not-for-profit’ enterprise; that is, they want to use their assets and any resulting profits for the members benefit and combine the pursuit of a social purpose with commercial activities so are well suited to the growth of large new communities. Importantly, under the CIC route, the communal facilities, both existing and emerging, can be transferred into the CIC in phases as they are completed and will continue to be funded by service charge fees.

**PTARMIGAN**

Membership is open to all resident homeowners with those who are in rented or shared ownership homes also able to attend meetings and have a voice. The services that will be delivered under the CIC will be undertaken by a managing agent, which for now is Ptarmigan, but in the future may change following consultation and agreement by members. As the CIC moves forward, regular meetings of members and stakeholders in the CIC will take place for decision making purposes and to review ongoing performance, projects and initiatives and also discuss budgeting and accounts.

We believe the CIC model allows for excellent community engagement and involvement and such models should be encouraged by the Council as part of their proposals for future community governance across the Chelmsford area.

Summary

Ptarmigan support the amendments that the Council are proposing through this consultation and consider that the re-organisation of the Tier 1 Governance boundaries to encompass the Chelmsford Garden Community and therefore establish a new Parish/Town Council would further support the development and success of the new area of the City.

Ptarmigan wish to be actively involved in this process and ask that, as a significant partner acting on behalf of landowners that we are involved in dialogue wherever possible on the potential for a new Tier 1 structure for Beaulieu, Channels and the Land at North East Chelmsford.

Yours sincerely,

Olly Buck
Director
For and on behalf of The Ptarmigan Group

Part of the Little Waltham Parish Council representation on the CGR is missing from the report at Item 6 on the agenda owing to formatting problems. The full response is as follows:

Little Waltham PC – Community Governance Review - initial consultation response

"Belstead Farm Lane was the original Parish boundary in that area however, that road has been replaced by Channels Drive which follows a slightly different route, which has led to anomalies which do need to be rectified. It acts as a divide between areas of the Channels development. The Parish Council takes the view that Parish boundaries should encompass communities as opposed to dividing them. The section of the new development known as 'Channels' has been built as a self-contained area and many of the residents have expressed to the Parish Council a wish that Channels should be wholly within the Parish of Little Waltham. The Parish Council thus considers that the boundary is amended so that the Channels development is within the Parish of Little Waltham.

In relation to the prospective new Garden community which would predominantly be within the Parish of Little Waltham, it is noted that this would be a substantial development, and also that the ethos of Garden Communities is that assets are owned by the Community as a whole. In the circumstances the Parish Council takes the view that the most feasible way forward would be for a new Parish Council to be set up to encompass that Garden Community rather than becoming part of an existing Parish.

At Blasford Hill Bloor Homes has submitted a planning application to develop an area of land and a masterplan has been approved for that area. About 60% of the land is currently within the Parish of Little Waltham with the remaining land within the Parish of Broomfield. The Parish Council takes the view that Parish boundary lines should encompass communities and as the majority of the impact of the new development will be upon the residents of Little Waltham (the developers refer to the local school, GP surgery and village facilities to serve the development) the Parish Council consider that the Parish boundary line should be moved so that all of the new houses are within the Parish of Little Waltham."

Chelmsford City Council

22 September 2021

Authorised Absence of Councillor Shepherd

Report by: Leader of the Council

Officer contacts: Brian Mayfield, Democratic Services Manager. Tel: 01245 606923.
Email: brian.mayfield@chelmsford.gov.uk

Purpose

To authorise the absence of Councillor R Shepherd under Section 85(1) of the Local Government Act 1972.

Recommendations:

That the absence of Councillor R Shepherd be authorised under Section 85(1) of the Local Government Act 1972.

Non-attendance at meetings for a period of six months automatically results in a member's seat becoming vacant unless the Council approves such absence before the six-month period expires. Such approval may be given under Section 85(1) of the Local Government Act 1972.

Councillor Bob Shepherd has suffered a number of medical problems lately but hopes to resume his Council duties in due course. However, there is no certainty that he will be able to do so before 13 October, when it will be six months since he last attended a meeting.

This is the last meeting of the Council before December at which his absence can be authorised, hence the need for its urgent consideration.

It is therefore proposed that Councillor Shepherd's continued absence until the Council meeting on 23 February 2022 be approved under Section 85(1) of the Local Government Act 1972.
