Complaints to the Local Government and Social Care Ombudsman – Annual Review

Report by:

Director of Connected Chelmsford

Officer Contact:

Daniel Bird, Democracy Team Manager, Daniel.bird@chelmsford.gov.uk, 01245 606523

Purpose

This report provides information on complaints dealt with by the Local Government and Social Care Ombudsman about the City Council in 2021-2022 and the Annual Letter from the Commission dated 20 July 2022.

Recommendations

Subject to any comments members might have, the report be noted.

1. Introduction

1.1 The Local Government and Social Care Ombudsman (LGO) investigates complaints about councils and certain other bodies. The LGO's aims are to promote good service delivery and customer care. It investigates complaints about most council matters including and in particular, as far as this Council is concerned, housing and planning functions.

1.2 The service it provides is independent, impartial and free. The LGO looks at the process of decision making, rather than the decision itself and cannot investigate complaints where there are other means of obtaining redress such as via planning appeals or through the courts. The process requires people to use a council's complaints procedures first before complaining to the LGO if they are dissatisfied with the response.

1.3 The duty of the LGO is to establish whether there has been maladministration or fault and, if so, whether it led to injustice. Maladministration means that a matter was not dealt with properly, for example because procedures were not correctly followed. Injustice means that the maladministration led to the complainant being unfairly treated.

1.4 A significant proportion of complaints to the LGO are not formally investigated as they are referred to local authorities to deal with through their local complaint arrangements if those have not been followed. Similarly, many complaints are not formally determined by the LGO because the complaint is settled during the course of the investigation ('local settlements') by being referred back to the local authority. The LGO encourages such local settlements whenever possible.

1.5 Each year, the LGO writes to each authority to summarise the work of the Commission in relation to that authority and its performance generally in comparison with other authorities. The letter and the information on complaints against the Council is submitted to this Committee for its consideration and comments. The letter for 2021-2022 is at **Appendix 1** to this report.

2. Complaints Received in 2021-22

2.1 Year on year the number of enquiries and complaints fluctuates and, in 2021-22, 15 enquiries and complaints relating to this Council were received by the Commission, much higher than the six received in 2020-21 but on a par with the 13 in 2018-19. The number of complaints received does not necessarily tally with the number of complaints decided as the receipt and investigation of complaints can cover two annual periods.

2.2 In comparison with previous years, the number of complaints received last year reflected a general downward trend over the past few years. Whilst the Ombudsman continued to receive and investigate reports during the Covid-19 crisis, it is likely that the significant reduction in the number of complaints nationally in 2020-21 can be attributed in part to pandemic.

<u>2015/16</u>	<u>2016/17</u>	<u>2017/18</u>	<u>2018/19</u>	<u>2019/20</u>	<u>2020/21</u>	<u>2021/22</u>
16	11	18	13	13	6	14

2.3 During 2021-22, the Commission made decisions on five complaints about the Council.

- Two were about matters the Ombudsman could not investigate (one was the subject of court proceedings and another about a member of staff)
- Seven were adjudged not to be warranted and closed after initial enquiries
- Five were regarded as premature and advice was given to pursue the complaint first with the Council rather than go directly to the Ombudsman

2.4 The data provided by the Ombudsman is based in information held by that office and will not necessarily match that held by the Council. For example, the Ombudsman's numbers include enquiries from people signposted back to the Council after contacting the LGO, some of whom may never subsequently contact the Council.

2.5 A summary of those cases on which decisions were made and about which the Council is aware is set out in **Appendix 2**. It is pleasing that no complaints were upheld. Had any been upheld, they would have been the subject of detailed reports to the Governance Committee.

2.6 Seen in the context of complaints against other councils, Chelmsford is neither better nor worse than other authorities of a similar size and with similar responsibilities. Comparative information can be seen by following the link entitled Your Council's Performance on page 2 of the Annual Letter.

3. Conclusion

3.1 The Ombudsman's Annual Letter reveals a year-on increase in the number of complaints against the Council in 2021-22 but that none were upheld. The increase is probably a reflection of the return to normal numbers of complaints after the unusually low number made during the first year of the pandemic. The Ombudsman has expressed no concerns about the way in which the Council handles complaints or about its internal processes in general.

Risk Management:

A failure to be aware of or to address complaints could result in unsafe or inadequate services being delivered to the detriment of those receiving them. The Council's reputation could also be damaged

Equality and Diversity:

(For new or revised policies or procedures has an equalities impact assessment been carried out? If not, explain why)

Complaints are monitored by equalities representatives in each service to ensure that there is no disproportionate dissatisfaction by the different equality target groups. This data is considered as part of the assessment process to ensure that there is no discrimination in service delivery.

Mr Eveleigh
Chief Executive
Chelmsford City Council

Dear Mr Eveleigh

Annual Review letter 2022

I write to you with your annual summary of complaint statistics from the Local Government and Social Care Ombudsman for the year ending 31 March 2022. The information offers valuable insight about your organisation's approach to complaints. As such, I have sought to share this letter with the Leader of your Council and Chair of the appropriate Scrutiny Committee, to encourage effective ownership and oversight of complaint outcomes, which offer such valuable opportunities to learn and improve.

Complaint statistics

Our statistics focus on three key areas that help to assess your organisation's commitment to putting things right when they go wrong:

Complaints upheld - We uphold complaints when we find fault in an organisation's actions, including where the organisation accepted fault before we investigated. We include the total number of investigations completed to provide important context for the statistic.

Compliance with recommendations - We recommend ways for organisations to put things right when faults have caused injustice and monitor their compliance with our recommendations. Failure to comply is rare and a compliance rate below 100% is a cause for concern.

Satisfactory remedy provided by the authority - In these cases, the organisation upheld the complaint and we agreed with how it offered to put things right. We encourage the early resolution of complaints and credit organisations that accept fault and find appropriate ways to put things right.

Finally, we compare the three key annual statistics for your organisation with similar authorities to provide an average marker of performance. We do this for County Councils, District Councils, Metropolitan Boroughs, Unitary Councils, and London Boroughs.

Your annual data, and a copy of this letter, will be uploaded to our interactive map, [Your council's performance](#), on 27 July 2022. This useful tool places all our data and information about councils in one place. You can find the detail of the decisions we have made about your Council, read the public reports we have issued, and view the service improvements your Council has agreed to make as a result of our investigations, as well as previous annual review letters.

Supporting complaint and service improvement

I know your organisation, like ours, will have been through a period of adaptation as the restrictions imposed by the pandemic lifted. While some pre-pandemic practices returned, many new ways of working are here to stay. It is my continued view that complaint functions have been under-resourced in recent years, a trend only exacerbated by the challenges of the pandemic. Through the lens of this recent upheaval and adjustment, I urge you to consider how your organisation prioritises complaints, particularly in terms of capacity and visibility. Properly resourced complaint functions that are well-connected and valued by service areas, management teams and elected members are capable of providing valuable insight about an organisation's performance, detecting early warning signs of problems and offering opportunities to improve service delivery.

I want to support your organisation to harness the value of complaints and we continue to develop our programme of support. Significantly, we are working in partnership with the Housing Ombudsman Service to develop a joint complaint handling code. We are aiming to consolidate our approaches and therefore simplify guidance to enable organisations to provide an effective, quality response to each and every complaint. We will keep you informed as this work develops, and expect that, once launched, we will assess your compliance with the code during our investigations and report your performance via this letter.

An already established tool we have for supporting improvements in local complaint handling is our successful training programme. We adapted our courses during the Covid-19 pandemic to an online format and successfully delivered 122 online workshops during the year, reaching more than 1,600 people. Yours sincerely,

Michael King
Local Government and Social Care Ombudsman

Appendix 2

Complaints decided by the Ombudsman in 2021-22 of which the Council is aware

Complaint reference

20014409

Category

Environmental Services & Public Protection & Regulation

Summary of decision

The Ombudsman could not investigate this complaint about how the Council dealt with matters relating to a fixed penalty notice that the complainant received for an alleged littering offence. This is because the matter had been considered in court and the law prevents the Ombudsman from investigating matters which have been subject to court proceedings.

Summary of decision

The Ombudsman decided not to investigate Mr X's complaint about the Council's decision not to take enforcement action regarding his neighbour's new windows, or request the neighbour to submit a retrospective planning application for the works. There was not enough evidence of Council fault in its decision-making process to warrant an investigation.
